JEWELERS FOR UNIFORM PRICE

State Convention Begins Its Sessions at the Paxton.

COMBS IS FOR MORE SYSTEM

Mayor Dahlmann Welcomes the Visitors—Commercial Club to Entertain Them Wednesday on Sightseeing Tour.

More than 100 jewelers from all over Nebraska were present at the Paxton hotel Tuesday morning, when, after a few clear-cut remarks, T. L. Combs, president of the Nebraska Retail Jewellers' association, introduced Mayor Dahlmann to the sixth annual convention of the association.

In his usual happy fashion Mayor Dahlmann extended the keys of the city to the visitors. Response to the address of welcome was made by Richard O'Neil of Lincoln.

Among other felicitating remarks, Mr. O'Neil urged that a strong resolution be adopted by the convention boosting T. L. Combs, now first vice president of the national association, for president. He said Nebraska was entitled to this great office because it had a man who could admirably fill the place. The appointment of committees was deferred until all visitors should arrive.

President Combs, reading his report, said: "Mighty power and influence are now actively at work in the city in various departments of our business looking to the establishment and observance of uniform prices upon the enduring staples of our lines that will afford consistent living profits and eliminate the unjustifiable and harmful cutting of prices and wars of concision, which cause melancholy, auctions, extensions, disgraceful failures and even suicides. I regret to advise you that many jewelers over the country are hindering this movement by refusing to join, asserting it to be an interference with their business, arguing they are capable of conducting their own affairs."

"I hope that every jeweler in Nebraska will readily subscribe to the various dignified efforts towards price restrictions, quality and certification and the eradication of trade warfare. Let it never be said that a Nebraska jeweler was ever a barrier to honest trade reforms."

Mr. Combs called attention to two bills pending before the legislature—the stamping law bill, requiring gold and silver jewelry to be stamped, and the jewelers' lien bill, providing a lien on all repairs made by jewelers. After some discussion the convention adopted a resolution indorsing both of these bills.

E. B. Fiske of Pierre told of his visit to the Detroit convention.

Mail Clerks Secure New Rest Quarters

Take Exception to the Statement that Their Rooms Were Not Kept Up.

Clerks in the railway mail service traveling out of Omaha take exception to the statement emanating from the Treasury department at Washington that the quarters of the clerks in the federal building at Omaha were kept in an unsanitary condition. F. L. Anderson, secretary of the dormitory committee states the committee has had a janitor employed since the rest rooms were established and that the rooms were kept in an absolute sanitary condition. Mr. Anderson says that he makes out the monthly statements to the men and with that statement has monthly asked that any complaints should be filed, but that no complaints have ever been registered.

"The conditions there are so satisfactory to the clerks," said Mr. Anderson, "that at present ninety-two have signed an agreement to continue the same arrangements in another building, using the same janitor."

The new quarters are located at 1618 South Tenth street.

Debate on Price of Drink Causes Row

Customers Hold Discussion, but the Lusty Bartender Proves Real Arbitrator.

Now, honestly, is 15 cents too much for a whiskey? But whatever the answer is, there is danger in it. Two men got whipped in a Fifteenth street saloon for expressing their opinion.

"It's a 10 cent drink," said Herbert Rodell, a railroad worker, to T. C. Bell, a carpenter.

Bell started the drink, "You're right," he replied.

"You're wrong both of ye," retorted Barney Sambo, bartender, as he vaulted the bar and waded in. His foot work was fast and his punch a wonder.

The trio went to jail for disturbing the peace. Sambo wasn't hurt.

For soreness of the muscles, whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

Births and Deaths.

Births—Sam and Ida Herrman, 2617 North Eighteenth street, girl; Adolph and Hilda Meyer, of Harney street, girl; Ralph and Leona White, 440 North Twenty-eighth avenue, boy; Eugene and Elizabeth Meyer, 117 South Twenty-eighth, boy; Edna, Lavinia and Lulu Eck, 312 North Thirteenth street, boy.

Mrs. W. B. Millard Asks for Divorce, Charging Desertion

Child Saving Institute Installed in New Building.

LITTLE ONES GET AUTO RIDE

Youngsters Arrive Safely, Full of Glee and Milk—Their New Home is All but Completed Now.

Dr. A. W. Clark and staff and all the inmates of the Child Saving Institute moved this morning to the new home at Forty-second and Jackson streets. Friends of the institution sent their automobiles to carry the children and the nurses from the old location at Eighteenth and Ohio streets.

First of the children to enter the new building were the infants in arms. Each nurse handled two of the little ones, all but two or three under a month old, and the babies behaved in good style—with a bottle to draw on for optimistic inspiration.

With a baby in each arm, of course, the nurses couldn't manage to prevent the breaking of some of the bottles when alighting from the autos at the new building, but all the nipples were saved.

Mrs. Emma C. Johnson, in charge in the new home, was on hand to receive her charges when they arrived, while Dr. Clark and Mrs. Ida M. Baum, the matron, directed the removal from the old place. It

Fifteen Youngsters Held for Stealing

Taken to the Detention Home to Await Action of the Juvenile Court.

Fifteen youngsters ranging from 9 to 15 years old, were rounded up by the probation officers Tuesday morning for frequenting railroad yards and appropriating coal belonging to the railroad companies.

Of the number three were girls. The squad was taken to the office in the city hall, where Mogy Bernstein, chief probation officer, decided to send them to the Detention home.

The children made a raid on the Union Pacific yards Monday afternoon. On complaint of the officials the youngsters were taken in tow at the school buildings Tuesday morning.

They admitted taking coal from the yards and four of them told Mogy that they had done so because their parents had ordered them to do it.

The squad was sent to the Detention home, where the lads and lassies will be held until the latter part of the week. Then they will be taken before the juvenile judge.

Many in the list are old offenders, though they are young in years, declares Mogy. Bernstein says he has repeatedly warned them, but that it does no good. So he is going to try the Detention home.

"If this does not stop the pilfering, we will have the parents arrested," said Mogy.

Teacher Survives Terrible Explosion

Miss Ethel Evans, Former Drawing Instructor, Visits Her Sister, Mrs. Z. T. Lindsey.

Restored almost as if by miracle Miss Ethel Evans, formerly supervisor of drawing in the Omaha public schools, who was a victim of the terrible gas explosion in the New York Central subway, is visiting her sister, Mrs. Z. T. Lindsey, at her home near the Country club. Miss Evans was in the street car that was shattered by the explosion, being terribly cut by broken glass, and was for weeks in a hospital because of her injuries. She appears to have recovered her health completely with the exception of the loss of one eye, and is wearing glasses to strengthen her sight. She came on at this time because of the illness of her mother, who resides in Council Bluffs.

LEFT WAITING FOR THE DAWN

Reader Scheduled to Give "The Dawn of Tomorrow" at Y. W. C. A. Fails to Appear.

"The Dawn of Tomorrow" was scheduled to be the attraction at the Young Women's Christian association Monday evening, but it wasn't. The members who were interested in the dawn were there and waited in the auditorium to be enlightened. The secretary in charge waited anxiously and telephoned all about, but could not locate the reader, who was to give "The Dawn of Tomorrow" as part of the membership entertainment course. Miss Alice Howell of the University of Nebraska, from some misunderstanding, did not appear to fill her engagement, but arrangements will be made for the reader later.

In her absence Miss Julia Newcomb entertained the audience with several readings. Announcement was made of the standing of the teams in the membership contest: Lavender, 180; Pink, 142; Light Green, 121; Forget-me-not, 101; Red, White and Blue, 71; Red, 54; Purple, 41; Orange, 32; Old House, 24; Yellow, 24; Dark Green, 14. The contest closes April 4.

How to Make Better Cough Syrup than You Can Buy A Family Supply, Saving \$3 and Fully Guaranteed. A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for whooping cough, sore lungs, asthma, hoarseness and other throat troubles. Mix 1 pint of granulated sugar with 1/2 pint of warm water and stir for 3 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle; then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Rowley white pine extract, rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this formula. The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equalled. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not send to The Pinex Co., Ft. Wayne, Ind.
