### EDGERTON WILL TAKE PART

Assistant Attorney General Saw Spots in Grip in Rogers Case.

### MAKES AFFIDVIT ABOUT THEM

Called Attention of Attorneys in Fremont to Fact Which Led to Charge Exhibit Had Been Tampered With.

(From a Staff Correspondent.)

LINCOLN, Neb., Nov. 21.—(Special.)—Assistant Attorney General Frank E. Edgerton will contribute an affidavit in the infant case against Louis Rogers of Dodge county to support the theory of the state that a handgrip belonging to the mother of the dead baby has been tampered with since the trial, resulting in Rogers' conviction.

At the trial at Fremont the defense claimed that the child had been born in Omaha and had been carried by the mother to Fremont in the grip. At the trial the prosecution asserted the child had been killed by Rogers and placed in a box car, where it was found.

The assistant attorney general's affidavit set out that when the grip was brought to the supreme court in July he was impressed by the opinion that the blood stains upon it were fresh and that he wrote this to County Attorney Cook of Dodge county and received an answer that at the time of the trial there were no such stains on the grip.

County Attorney Cook declares that the grip was without stains at the time of the trial and he alleges that they were smeared on afterward. The supreme court will shortly listen to a motion made by the county attorney asking for an inquiry in this matter.

### Manuel Refused Place.

That Governor Aldrich refused to appoint C. B. Manuel, now superintendent of the industrial school at Kearney, to the new State Board of Control of state institutions at a conference they had last week was reported at the state house today.

The Manuel family has been on the payroll of the Kearney institution for a total of \$3,000 per year, including board and lodging, for several years. While there

### "Thank Heaven, That Itching Is Gone!"

"One Touch of ZEMO—and the Relief Is Sublime. Try It, Folks!"

"O my, O my, what a blessed relief. Here I've been suffering the most excruciating itching for months, and tried things galore. ZEMO is magic. The

first time I applied it, all itching stopped. Now I can sleep nights, and life is worth living."

ZEMO is a new wonder—A liquid, that is guaranteed to stop itching. Away go eczema, eczema pains and sores. It stops dandruff in a hurry. It is unequalled for prickly heat, irritated and inflamed skin, skin blotches, sores, bites, stings and pimples. You can't find anything like it, simply because there's nothing like ZEMO known or sold today.

ZEMO will be a surprise to you just as it has been a surprise to thousands who have already tried it.

Don't miss it for 25 cents. When you have proven the remarkable ZEMO is to your own satisfaction, then you can buy a \$1 bottle, which contains six times as much as the 25-cent bottle.

ZEMO is sold at drug stores, in 25-cent and \$1 bottles, or sent direct on receipt of price, by E. W. Ross Medicine Co., St. Louis, Mo.

Zemo is sold and guaranteed by drug-stores everywhere and in Omaha by Sherman & McConnell Drug Co., Cor. 15th and Dodge Sts., 15th and Harvey Harvey Sts., 24th and Farnam Sts., Loyal Pharmacy, 202 North 18th St.

is no legal reason why members of his family should not have been appointed to subordinate positions, the fact has caused no little comment at the state house.

During his call at the state house Manuel was asked by Land Commissioner Cowles to make good the sum of \$225 paid for a horse which, it is alleged, was used exclusively by Miss Beasie Manuel, the superintendent's daughter, who held the position of stenographer and "noting steward" at the institution. It is said in Mr. Cowles' office that the salary claims from the institution for the months of November and December may be held up until a settlement is reached.

To Probe Phone Conditions. An investigating committee of the Nebraska League of Municipalities will probe telephone conditions in this state and will report back to the organization at the next meeting to be held early in January.

This was decided upon by resolution shortly before the adjournment of the annual convention of the league here yesterday. President George Wolz of Fremont, mayor of that city, was empowered to appoint the committee which will consist of five members.

The afternoon session of the convention was given over to a cross-examination of State Railway Commissioners W. Mett and Clarke and Chief Engineer Hurd of the commission.

Fear Rise in Rates. Several representatives of various Nebraska towns feared that the ultimate result of the consolidation of the independent and Bell telephone companies will be a raise in rates. The question of physical examination and valuation of telephone properties was taken up and Engineer Hurd attempted to explain the many difficulties lying in the path of such a valuation and its relation to rates.

C. C. Gairford of Wymore asked Mr. Clarke if it is not a fact that the railway commission amendment gave the commission entirely too much power. Mr. Clarke replied if the people believe that this statement is true they may easily secure a curtailment at the next meeting of the legislature.

Would Keep Money at Home. Secretary W. R. Mellor of the state fair board is against the proposition of appropriating \$5,000 for a Nebraska exhibit at the Panama-Pacific world's fair at San Francisco. He believes that the Nebraska state fair offers a better, more effective and more permanent advertising medium for the state than the big coast show.

The same amount of money expended on the state fair grounds here would bring far greater results than the same amount spent at the San Francisco fair," he said. "We should take care of our home affairs first. If the state will spend this amount of money on the state fair grounds here, more people will see it than if it was spent at the fair and those who see it will be more impressed."

Big Verdict for Wright. John Wright, indicted in an elevator in the First National bank building here, was awarded the largest money verdict in years in the district court here today, when the jury returned a verdict for \$11,000.

The verdict was against the construction company, under whose direction the building was being constructed at the time. The First National bank, although a party to the suit, was not included in the verdict.

To Inspect Nursery Stock. Action toward securing a law, whereby nursery stock shipped into Nebraska from other states and from foreign countries, will be required to pass inspection, was taken Wednesday evening at a meeting of the board of directors of the State Horticultural society. A committee consisting of C. H. Barnard of Tabbs Rock, Peter Younger of Geneva and G. A. Marshall of Arlington, was appointed to draft the bill.

The system of inspection proposed will be optional with the nurseryman shipping out of Nebraska. Inasmuch as other states have a similar law, it is thought that Nebraska nursery men will prefer to have their stock approved here before it crosses the state line.

### State-Wide Crusade Against Cigarette Sales to Boys Begun

HASTINGS, Neb., Nov. 21.—(Special.)—Prosecutions begun here against local tobacco dealers are announced by Men's Forward Movement workers, to be the forerunner of a statewide crusade against the illegal sale of cigarettes and of tobacco to boys under 18 years of age.

Four suits were stated in the county court and two have been disposed of, the defendants pleading guilty and paying fines of \$50 and \$150. The other two cases were continued. All four were based on charges of illegal sale of cigarettes to detectives employed by a sub-committee of the Men's Forward movement. Other prosecutions are threatened.

"The tobacco laws have been generally disregarded over the state," said U. S. Rohrer, who assisted in getting the evidence here. "The local committee considered the advisability of asking for a grand jury to investigate the tobacco traffic, but we finally concluded to get our own evidence. Until we started the suits to enforce the anti-cigarette law we found it impossible to get evidence of the sale of tobacco to boys under 18 years of age, but now that these cases are under way a number of boys have offered to give evidence of violation of the other law."

### TOM SLOAN IS CANDIDATE FOR INDIAN COMMISSIONER

(From a Staff Correspondent.) LINCOLN, Nov. 21.—(Special.)—Thomas L. Sloan, an attorney of Pender, is a candidate for appointment under the democratic national administration to the commissioner of Indian affairs. This office has been vacant since the resignation of Commissioner Valentine, following his joining the bull moose party.

Fred H. Abbott, the assistant commissioner, a Nebraska man, was talked for the appointment under the Taft regime. Mr. Sloan has been active in Indian affairs in this state for many years. He always has been a strong Bryan man.

### Certainly Ends Stomach Misery

"Pape's Diapespin" Cures Heartburn, Gas, Sourness and Indigestion in Five Minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia: when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapespin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Diapespin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapespin. There will not be any distress—eat without fear. It's because Pape's Diapespin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapespin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.—Advertisement.

### Workmen Officers Like Their Investment

MITCHELL, Neb., Nov. 21.—(Special Telegram.)—Grand Master A. M. Walling of David City and Judge Joseph Oberfelder of Sidney are in the city today in the interest of the Ancient Order of United Workmen of Nebraska. This fraternal beneficiary society has loans in the irrigated section of Nebraska aggregating \$50,000, invested from the reserve fund. They find the securities in good shape and are well pleased with the prosperous outlook of the North Platte valley. They have traversed the Platte river from Bridgeport to Morrill. The Scott's Bluff sugar factory employs over 600 people with a monthly payroll of over \$20,000. The towns of Bridgeport, Bayard, Minstare, Scott's Bluff, Gering and Mitchell vie with one another in the architectural beauty of their business blocks and every evidence of prosperity is seen.

### HENRY THRUN ELECTROCUTED AT SNYDER LIGHTING PLANT

SNYDER, Neb., Nov. 21.—(Special.)—Henry J. Thrun was electrocuted by receiving the 2,200 volt current of the local electric light plant through his body at this place last evening. Mr. Thrun, the head miller in the roller mills and temporarily in charge of the electric light plant, the two being operated from the same source of power, was instructing

Louis Harringer, an engineer and electrician who had just arrived from Valley to take charge of the plant, and in showing him the position of the street light plugs accidentally took hold of these in such a manner that the thumb and forefinger of each hand extended over the insulated handles and came in contact with the metal, thus short circuiting the current through his body. Mr. Harringer sprang to the assistance of the unfortunate man and at the risk of his own life seized him and pulled him away from the connection. Mr. Thrun was about 30 years of age and leaves a widow and three small children.

### Goose Near Lincoln Pick Up Gold Nugget

(From a Staff Correspondent.) LINCOLN, Nov. 21.—(Special.)—The story of the man who killed the goose that laid the golden egg was acted in real life here yesterday when C. C. Dunston, rural route No. 7, Bethany post-office, near here, killed a goose for dinner to find, in its craw a gold nugget worth 96 cents.

Dunston, who is an employe of the Burlington, raised four geese last summer, and after the birds had attained the proper degree of plumpness decided to have a goose for dinner. He killed the goose, and while Mrs. Dunston was preparing it for dinner he discovered the nugget, which an expert pronounced to be pure gold. It is supposed that the nugget was washed down a hillside into a ravine in which the geese were cooped and that this bird ate it as food. Old-timers remember when a copper was dug in the same vicinity the earth gave evidence of a slight gold deposit.

Mr. Button insists upon the same. As the case was examined by a number of parties here during the trial their affidavits will probably be introduced in evidence on the hearing. Mr. Dolezal says that he referred to the stains on the inside of the case during his closing argument to the jury.

### MUNDY AND DOLEZAL DENY TAMPERING WITH EXHIBITS

FREMONT, Neb., Nov. 21.—(Special.)—The charges made yesterday in the supreme court against Attorneys Frank Dolezal and F. W. Button of this city of tampering with a suit case, an exhibit in the Rodgers murder case, now in that court on appeal, created quite a sensation when they appeared in the metropolitan dailies. Luke Mundy, clerk of the district court, who had charge of the exhibits from the close of the trial until they were forwarded to the supreme court, went to Lincoln yesterday to examine the suit case. Mr. Mundy denies that it was taken to Lincoln by Mr. Button and says that he himself forwarded it. Mr. Cook, county attorney, insists that he can show that there are splashes of a substance looking like blood on the inside that were not there when the trial closed.

Mr. Dolezal, who has been practicing law here for nearly thirty years, says that the case is in the same shape as when it was produced by the state on the application of the defense during the trial and at the close of the trial and

A peculiar feature of the case is that Mr. Cook was formerly a partner of each of the attorneys now called upon to explain their connection with the exhibit.

### BSHOP BEECHER LEAVES FOR TRIP THROUGH EAST

KEARNEY, Neb., Nov. 21.—(Special.)—Bishop George A. Beecher of the missionary diocese of western Nebraska left last night for a three weeks' solicitation trip in Baltimore, Pittsburgh, Philadelphia and Boston for furthering all of the interests of his church.

He hopes to secure sufficient funds while on this trip to start his long-dreamed-of farm for homeless boys and those who have faced juvenile officers for the first time or two in cities. Such a farm home will not only give the wards a good elementary education and a trade, but a half day spent in the open will form a part of the course. The Kearney Military academy and other institutions, including St. Luke's hospital in Kearney and a possible maternity hospital in the western part of the state will be benefited by his trip.

# When You Purchase a Piano

You are buying something that you suppose will last a lifetime. Be sure you get that kind of a piano. To be certain of this

## You Should Buy Where They Sell Only the Very Best

of the many different grades, and are willing to give you a guarantee that will be a protection.

We can and will save you at the very least 33 1/3% on your Piano purchase. We can and will do this, because we can do it and still make a fair profit. We do not claim to make any less profit in our Piano Department than other dealers—but we do know that we pay less for Pianos of High Grade than others are obliged to pay. Why we get this advantage is easily understood. We buy in larger quantities—we pay spot cash—we receive a close price by buying in carload lots and we get a larger discount on every piano purchase because we pay spot cash.

### As We Pay Less For High Grade Pianos, We Can Afford to Sell High Grade Pianos to You for Less Than Others Can Afford to

## Investigate This Truth!

All Pianos that were ordered for our Christmas Exposition are now on our floor. Our assortments are much larger, the styles of casing are more beautiful and diversified, our qualities are much higher, our prices are much lower than can be obtained in any other store in the west.

We can prove these statements to your entire satisfaction if you will but call at our store, after you have investigated the offerings of every other piano dealer in Nebraska.

In regard to the TERMS, we will be willing to make terms so easy as to meet the wants and wishes of any and all purchasers.

### Read Over These Prices. These Bargains Cannot Be Duplicated Anywhere in Nebraska.
