

The Society Bee-Hive

By MELLIFLOIA. Thursday, June 19, 1913.

TO TANGO or not to Tango is still a question at the Omaha Field club. The directors made a slight concession Wednesday evening and the following bulletin was prominent: Sixth dance, "Ostende"; eighth dance, "Tango"; tenth dance, "Rye Waltz"; twelfth dance, "Aviation." The dancers read and re-read the poster and early in the evening partners were engaged for the Tango, which proved the most popular dance of the evening, the dancers insisting on two or more encores.

The censor, however, insists on the dancers holding their partners exactly the same as in the waltz or two-step, and a number of people were cautioned last evening.

Several of the best Tango dancers belong to the Field club, and it is hoped that it will be only a short time before all of the new dances will become popular with the management.

At the Country Club.

Mrs. E. W. Nash entertained delightfully at a children's dancing party at the Country club this afternoon in honor of her grandchildren, Catherine Carton, who has recently returned from Germany, and for Henry and Nash Cartan of San Francisco, who are spending the week here. Three other grandchildren, Edward, Ludovic and Virginia Crofoot, who leave next week with their parents to spend the summer in Maine, were also honor guests. The children arrived at the club at 4:30 o'clock and after spending the afternoon dancing, supper will be served at 6:30 o'clock. For supper the young guests were seated at small tables decorated with flowers. Seventy-five children were present.

Weds in Kearney.

One of the largest June weddings in Kearney was that of Florence Wolfe to H. F. Janssen of Omaha, which was celebrated at the Presbyterian church of this city Wednesday afternoon, Rev. L. C. McEwen officiating. The church was decorated with daisies and the altar was banked with palms and ferns.

Miss Lucille Wolfe, sister of the bride, Miss Alice Miller and Miss Martha Janssen, sister of the groom, were bridesmaids. Flower girls scattered daisies in the path of the bride on her way to the altar. R. M. Janssen, brother of the groom, was best man.

Preceding the ceremony Mrs. Sidney Morrison sang, "I Love You Truly" and "Oh, Promise Me." Mrs. Strong presided at the organ, playing Lohengrin's Wedding March. SELLING ADULTERATED OIL

State Food Inspector Kemble Forces Atlas Company Into Court.

TO FIGHT THE CASE TO A FINISH

Defendants Will Endeavor to Show that They Have Been Selling a Compound Legally Prepared and Labeled.

E. C. Kemble of Lincoln, state food inspector, forced the Atlas Oil company into court Thursday morning, charging the firm with improper labeling of the compound which they sell as linned oil.

The linned product put out by the Atlas company according to Kemble and State Chemist Redfern, is adulteration with crude oil and in selling it as linned oil, the concern is permitting a misrepresentation.

W. A. Eddy, who represented the Atlas people before Judge Foster, declared no misrepresentation had been made and that in leaving the word pure from the label, the public should be perfectly aware that the article was adulterated.

The Atlas representatives do not deny that they are selling a compound and assert that in addition to leaving off the word pure, they label each receptacle holding linned oil, that the contents is not intended for food or medicinal purposes.

"This is practically a repetition of the fight we made a few years ago with the manufacturers of the so-called maple syrup, who would send out cans of sweetened material that contained scarcely a vestige of the maple product and which in several instances were highly injurious. We won the fight as we intend to do in this matter, because we are in the right. When a firm or corporation intends selling an article to the public, the pure food laws provide that they state in per cent the ingredients of the same, and we intend to force the Atlas people to comply with the law," declared Kemble.

Hummel Demands Water Ditch Be Filled

At the instance of Park Commissioner Joe B. Hummel the city commissioners notified the Water board and the Union Bonding and Surety company that unless the board proceeded to put Miller park in condition similar to that in which they found it when a ditch was excavated through it for a water main, the council would proceed to do the work and charge it to the board. The Water board gave a \$1,000 bond to put the driveway, gravel paths and tennis courts in a state of restoration. After sixty days, Hummel says, no move has been made to repair the damage done.

MIKE LEE HAS HIS PAY AND POSITION INCREASED

Mike Lee, who became the water inspector right after the legislature adjourned, has been rewarded for his loyalty and subservency to the Water board boss. He has been made chief inspector and his salary has been increased \$10 a month. He now gets \$25 a month. Senator Charles L. Saunders is drawing \$200 a month as office manager for the water commissioner.

GOES TO SUPREME COURT FOR POSSESSION OF CHILD

Frank Pinney, Omaha Cycle company, has carried the suit for possession of his 7-year-old daughter into the supreme court. After the death of Mrs. Pinney the little girl was left with Mrs. Pinney's sister, who was to board her until the father could return from his ranch in South Dakota. While he was away the sister-in-law died and her husband, Theodore Sulzer of Lawrence, Kan., then claimed the child under the pretense that he wished to adopt her. The district court of Douglas county, Kansas, has found in favor of Sulzer maintaining the child.

Special Session of Legislature May Be Called by Morehead

A special session of the state legislature is likely to be called by Governor Morehead to pass an insurance bill if the insurance code, passed at the last session should be declared unconstitutional when it gets into the courts. This information has come to Senator John M. Macfarland semi-officially. He says that he has it from good authority that the governor is ready to call a special session the moment the law shall be declared unconstitutional, if the fight against the code is won.

The code provides, among other things, that there shall be an insurance commission made up of the governor, secretary of state and state auditor. It provides that this board shall choose the insurance commissioner. It makes other important changes in the insurance laws of the state that have brought down the fire of the insurance people upon the bill. They are seeking to test the constitutionality of the bill in the supreme court.

HIGGINS BUYS A HOME AND FRIENDS ARE SUSPICIOUS

Horace E. Higgins, clerk in the ticket office of the Union Pacific passenger department, has bought the home of Dr. F. E. Coulter at the northwest corner of Forty-first and Davenport streets. He paid \$10,000 for the property and will move into it as a home. The McGague investment company handled the deal. Friends of Higgins are viewing his actions with considerable suspicion. He has been looked upon as a confirmed bachelor, but there is an opinion that he is about to marry. Higgins is not saying a word.

Death from Blood Poison was prevented by Dr. W. Cloyd Plunk, Mo., who healed his dangerous wound with Bucklen's Arnica Salve. Only \$2. For sale by Repton Drug Co.—Advertisement.
