Endeavorers to Denver—En route to Denver, the Rock Island hauled through Omaha Friday night a special train loaded with Christian Endeavorers. There were about 25 in the party. Part of State West—From Fremont, west and northwest for a distance of more than 120 miles, high rains were general last night. The precipitation as a rule ranged from one-fourth to one-half inch, but at Abia there was an inch. Minister's Home Looted—Burglars gained entrance through a pantry window to the home of Rev. F. W. Botta, pastor of Zion Baptist church, 222 Grant street, and after removing the stripping from the pantry door, which was locked, ransacked the house, getting away with \$2. The family was attending the fourth annual picnic of the church at Miller park, when the robbery took place. Burglars Steal Silverware—J. N. Rose, 642 Evans street, Beason, has reported to the Omaha police that on the evening of July 4, while the family were away, his home was entered by burglars who secured silverware and small articles of jewelry to the amount of \$150. The house was in great confusion when the family returned, with the contents of bureau drawers and other receptacles strewn all over. Investigate His Sanity—J. P. Stauffacker, 377 Hamilton street, was brought before Judge Foster charged with threatening to kill his family. Testimony was offered to the effect that Stauffacker was confined in an asylum a short time ago and his wife and children think the heat has affected him. His sanity will be looked into. Keeping All Money The Same—Ill fortune seems to follow the L. J. Parmalee family, 109 Miami street, with untiring persistence. The Parmalee home was destroyed by the Easter tornado and all of the worldly possessions of the family went with the big wind. Last Thursday Mrs. Parmalee had occasion to go to the Union station and while there she lost two purses, one of which contained \$5 and the other \$1, which was all the money she possessed. Inquired for Joseph Simpson—A stranger stepped into the tornado relief station Friday and inquired about a Joseph Simpson, who had not been heard of since the tornado of Easter Sunday. He said he was making the inquiry by request of A. J. Simpson of Chicago, who asked him to make inquiry here about his brother. No further details were given and the inquirer hurried away. The new directory reveals no such name as Joseph Simpson. The old directory, however, gave the name of a Joseph W. Simpson, rooming at 708 South Seventeenth street.

Better Service Urged; Lower Fares Opposed

Extension of street car lines rather than reduction of fares is desired by the Federation of Improvement Clubs of Omaha and a copy of a resolution to this effect adopted yesterday by the organization has been sent to the street railway company. Vigorous opposition to reduction of fares and especially to the "seven for a quarter ordinance" is expressed. Following is the resolution: "Whereas, a portion of the city represented by subordinate clubs in this federation is much in need of street car service; therefore, be it Resolved, By the Federation of Improvement Clubs of Omaha, that we earnestly urge and request the Omaha & Council Bluffs Street Railway company to proceed without delay to build the extensions of its lines heretofore announced for the present year. Resolved, That we favor the extension of street car lines and the improvement of service, and oppose vigorously the reduction of street car fares, and that we pledge the help of the federated improvement clubs of this city and such subordinate improvement clubs as are herein represented, to defeat the proposed "seven for a quarter ordinance" if the same should be submitted to a referendum vote of the citizens of Omaha, providing that the Omaha & Council Bluffs Street Railway company will proceed without delay to build the extension of its lines as agreed. Resolved, That a copy of these resolutions be sent to the officers of the Omaha & Council Bluffs Street Railway company, for their consideration."

APPAIRS AT SOUTH OMAHA

Possibility New School Board Will Deadlock on Secretary. CHIEF BRIGGS HAS SMASHUP New Motorcycle Repairs in Repair Shop After Official Has Collision with John Mushash on Highway. When the school board organizes tomorrow night it looks as if the new organization would begin its reign with a deadlock on the secretaryship. E. R. Leigh, it is said, will be re-elected president of the board if he wishes the place. The main fight is to be made upon the secretaryship now held by James P. Sullivan, Democrat. For the position there are three candidates, including Fred Mower, republican; Frank Dvorak, republican; and James Sullivan, Democrat. According to those who are figuring out the vote, Sullivan will have the support of President E. R. Leigh and W. B. Fitzgerald, while the Dvorak men claim Yeichout and Horacek for Dvorak. Richardson on the first ballot, at least, will be for Mower. It is planned to make an effort to get together on the secretaryship in a common meeting tomorrow, but little hope is held out that the deadlock can be broken at once. It was said yesterday that friends of former City Treasurer John Gillin were making a fight on Sullivan, although he is a democrat. It is understood from good and reliable sources that the new democratic member, Fitzgerald, was urged to vote against Sullivan by a committee. Fitzgerald, however, refused to play politics with the committee whose alleged instigator was left in his usual state of disappointment. It is claimed by the friends of Gillin that Sullivan fought him at the last election. Fred Mower and Frank Dvorak are both republicans. Dvorak was defeated for the fire and police board in the recent elections. Each candidate is hoping that when the deadlock is broken he will be the lucky man and is governing himself accordingly. Father's Struggle—A smashup after two days' service for the new police motorcycle in the shop for repairs the result of a collision last evening at 177 South Twenty-fourth street. Chief of Police John Briggs was running down a speeder when the accident occurred. Between the chief and his quarry John Mushash of 177 South Twenty-fourth street was playing ball with a companion. As the chief neared the speeding auto, he turned out behind a wagon and crashed into the machine. The machine was badly bent and twisted. Mushash was thrown into the air and the chief was injured. Sheriff Grant Chase spent most of yesterday afternoon in South Omaha running down a crowd of young men whom the sheriff says terrorized Papillon Friday night and seriously wounded Marshal Jack Doolittle. The sheriff says that the celebration at Papillon was broken up when the South Omaha crowd arrived. Free-for-all fights began and when the marshal interfered he was laid low by the handy crack of a beer bottle on the head. The fact that the assault was made on an officer aroused the Barry county authorities and they say they mean to punish the offenders. Late in the evening Max Feeney of South Omaha was arrested by Officer Joe Potach and held for Sheriff Chase of Barry. Officer Tom Quinn, who went to arrest Feeney, was fired upon, the bullet narrowly missing his neck. The shooting is said to have been done by Bill Feeney, a brother of Max. Max Feeney was returned to the South Omaha jail yesterday evening for safe keeping, bond being refused. The police are looking for his brother, Bill Feeney, and several others said to have been implicated in the Papillon affair. Quick thought on the part of councilman John Cavanaugh of the First ward probably saved little 4-year-old Pat Murphy from the serious effects of a Fourth of July accident. The little tot was running about the streets Friday evening when some thoughtless person dropped a lighted fire cracker in the child's pocket, which contained a live fire cracker. In the explosion the little Murphy was seriously burned with powder and flame. Without waiting for the arrival of a doctor Councilman Cavanaugh, who was near, grabbed the child, who was in a daze, and ran to a store, where anti-toxin was injected. Dr. E. J. Shanahan was called and approved the treatment. The little lad is the son of Mr. and Mrs. Pat Murphy. Will Perfect Cash Bonds. Hereafter cash bonds put up by prisoners in South Omaha will be declared forfeit if the persons depositing the same do not appear for trial next day. It is understood that the present practice of cash bonds often fall to materialize the next morning. They are given time, it is said, and their money, officials say, is returned. Yesterday a number of cash bonds were forfeited. The police court officials declared that the bonds would hereafter be forfeited. Attorneys say that according to the laws of Nebraska no magistrate can accept cash bonds. For this reason it is claimed that the bonds cannot legally be forfeited if obtained illegally. Feeders Are Scarce. If the scarcity of feeder cattle is any indication of what may be expected on the market next year, the price of meat will soar. Official reports on the handling of feeder stock show that for the month just closed, the shipments of feeder stock from this market was the lowest output in recent years. In 112 the shipments were reduced, but the present year ran lower still. Nebraska Lodge, No. 27, Ancient Order of United Workmen, installed three officers Thursday evening at the McCann hall. If you have formed the habit of eating rapidly you are most likely suffering from indigestion, a condition which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Young Woman Suffers For Half Hour with Fingers in Wringer

Hurrying her preparations for a vacation trip, Grace Harte, 4321 Capitol avenue, seized the time while other members of the family were absent yesterday to make a few last finishing touches with the electric wringer installed in the basement of her home. Her fingers were caught between the rolls and it was half an hour before help could be called sufficiently skillful to extricate her hand. The young woman, 18 years of age, though suffering intense pain from the crushed hand, never once fainted and may recover sufficiently so as to display the expected trip which the family was to begin today. Miss Harte had no one with her but her 4-year-old sister. The child could not aid her older sister when the rolls caught her hand and the young woman could not reverse or loosen the machine in any way to afford relief and screams remained unheeded. Finally the little girl went to a neighbor and called them. They were unable to release the hand or give Miss Harte a particle of relief and help had to be summoned from a store two blocks away. It was found necessary then to take the wringer apart and half an hour elapsed before this could be accomplished. Miss Harte is the daughter of H. G. Harte, manager of the Stryker Shoe company. Her injuries are not serious, but bones being broken, but the hand is badly crushed and lacerated.

"Be it enacted by the people of the state of Nebraska: That section 1 of article VII of the constitution of the state of Nebraska, relating to the rights of suffrage, be and is hereby amended to read as follows: "Every person of the age of 21 years or upwards, belonging to either of the following classes, who shall have resided in the state six months, and in the county, precinct, or ward, for the term provided by law, shall be an elector: First, citizens of the United States; second, persons of foreign birth, who shall have declared their intention to become citizens conformably to the laws of the United States on the subject of naturalization, at least thirty days prior to an election."

FOURTH OF JULY VICTIM DRINKS CARBOLIC SOLUTION

Joe Lovely, 1021 South Twentieth street, whose hand was lacerated Thursday evening by exploding fireworks, was ordered by his physician to bandage the member in a carbolic acid solution. The liquid was left in a glass on a stand near his bed. Late in the evening, desiring a drink of water, he picked up the glass and drank its contents after filling it with water. The acid burned his mouth and throat, but the solution was too weak to cause serious injury.

Doctors' Opinions About POSTUM Are best expressed in their own words. Writing under date of May 13, 1913, one physician says: "From past experience I have become a strong friend of Postum. I am now advising its use over that of coffee altogether, and find that most of those who give Postum a trial become users of it. It is, however, sometimes very hard or impossible to get folks to purchase something when they don't know anything about it and don't want to throw away money on a chance of liking it. "Now, it occurs to me these people are not to be criticized for such feelings, but at the same time I am sure many of them would become friends of Postum if they could but have a sample of it placed in their hands. "If you think this is a good suggestion, and will send me samples from time to time, I will see that they are placed among my patients whom they will do the most good, for I believe it fits to their interest to drink Postum rather than coffee. Postum is used in our home, but buying it of our grocer and we expect to keep right on doing so." Thousands of coffee drinkers are victims of headache, nervousness, biliousness, heart trouble and indigestion, without knowing the cause. More and more physicians are naming coffee as a common cause of these ills. Not every physician, however, finds time to send a sample following his prescription of INSTANT POSTUM. If your physician recommends that you "stop coffee," or your own distress suggests a change, send your name and address with 20 stamps (for postage), to Postum Cereal Co., Ltd., Battle Creek, Mich., and a 5-cup tin of the new food-drink—Instant Postum—will be mailed immediately. Nothing is so convincing as the happy results of personal experience. "There's a Reason" for POSTUM
