

Which Milk?

First, you want a milk that is absolutely clean. Alamito Milk contains no sediment. Call for a free sample at any time to prove this assertion.

Second, you want a milk that is rich and uniform. There is a nice, rich, creamy cream line on every bottle of our milk. Enough cream can be poured from a quart bottle of our milk for the table use of a small family.

Last, but not least you want a milk that is absolutely safe. There is no longer any question among authorities as to what constitutes a safe milk—good, clean milk in the first place—properly pasteurized.

We believe you will agree with us that, for the above reasons, and many more we could give, you should use Alamito Pasteurized Milk.

All leading grocers handle it or call Douglas 411 for our wagons.

The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers should apply to any case of similar nature. Those wishing further advice, free, may address the doctor at the following address: Dr. Lewis Baker, 1000 Broadway, New York, N. Y. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any drug store. Any druggist can order of wholesaler.

helps at all. I am also bothered with constipation.

Answer: You should not neglect indigestion and constipation, as it leads to more serious trouble; very frequently appendicitis is caused by this neglect. Begin at once and take tablets triptopine. They are packed in sealed cartons with full directions for taking.

"Laura R." writes: "I am so tired and nervous all the time that I can scarcely drag one foot after the other. It is very hard for me, as I have to work. My appetite is also very poor."

Answer: What you need is a good tonic prescribed below and you should soon be strong and healthy and will not have that tired feeling. Your work will become a pleasure to you: Syrup of hypophosphites comp., 5 cc.; tincture cadomene, 1 cc.; mix, and take a teaspoonful before each meal. This should be continued for several weeks until you feel perfectly strong.

"Mrs. W. W. C." asks: "Can I take off 40 pounds of fat? I weigh 130 pounds; too much for my height."

Answer: Yes, you should by taking as per the directions, which accompany 5-grain arbutone tablets, put in sealed tubes and sold by well-stocked druggists. They are very good for any fleshy person to take.

"Anna R." writes: "I have taken medicine several doctors for liver and kidney trouble and constipation, but it does not seem to help me at all. My skin is yellow. I have constant headaches and dizzy spells. What shall I do?"

Answer: The best remedy that I know for your trouble is 5-grain sulphur tablets (not sulphur tablets). These are packed in sealed tubes with full directions. Most of the remedies only aggravate, but if you take the sulphur tablets regularly for a few weeks you should be well. This will purify the blood and your skin will lose that yellow look.

"Busy Mother"—Bedwetting can be easily controlled in children by giving them the following: Tincture cubeba, 1 dram; tincture rhubarb, 2 drams; and comp. fluid balsam, 1 oz. Give from 1/2 to 1 drop in water an hour before each meal.

"Doctor, I have a very bad case of catarrh of the head and my stomach, bowels and blood are affected. I suffer greatly and would like relief."

A. G.—Local treatment should be used as follows: Get 2 ozs. of antiseptic soap, tincture rhubarb, 2 drams, and comp. fluid balsam, 1 oz. Give from 1/2 to 1 drop in water an hour before each meal.

"Doctor: What can I take for a bad case of indigestion? I have suffered with it for many years and nothing I take

MRS. LIND SAVES TWO MEN BRIAN GETS HIS PAY FROM AUDITOR HOWARD

Wife of Envoy Hides Refugees in Her Stateroom.

"JUST HAD TO DO SOMETHING"

Boat Held at Vera Cruz While Officers Seek Eight Members of the Legislature—Six Are Arrested.

NEW YORK, Nov. 1.—The steamer that arrived tonight from Vera Cruz with Mrs. John Lind, wife of President Wilson's special envoy, brought also two Mexican legislators who owe their liberty; if not their lives, to her quick wit and generosity. To save the two Mexicans from arrest at Vera Cruz, Mrs. Lind hid them in her stateroom and sat up all night on deck until the boat left port and the officers of the Huerta government had gone ashore.

A week ago the cables brought word that the Ward liner, Morro Castle, had been detained at Vera Cruz, while President Huerta's agents searched for eight rebellious members of the legislature of the state of Vera Cruz. Until the Morro Castle arrived here tonight only those aboard knew that two of the eight "deputies" had escaped arrest. These two, Adolfo Dominguez and Miguel A. Cordera, say they will stay in New York until Mexico becomes a safer home for the opponents of General Huerta.

Mrs. Lind said that her husband, the special envoy, had expected to come home after the Mexican election. Now she did not know when he would come. "We expected that the Morro Castle would sail from Vera Cruz," said Mrs. Lind, "at 4 o'clock on the afternoon of October 24."

Real Reason for Detention.

"Then Captain Huff was subpoenaed to testify regarding the flight of Dr. Francisco Vasquez Gomez, who had sailed on the ship Morro Castle five months before. Later we learned that the real reason our detention was that the government wished to search the ship for eight state legislators from Jalapa. They arrested six of these men, but they did not find the others; and I'll tell why.

"While the search was going on, the friends of these two men learned that I was aboard and they came with tears in their eyes begging me to help them. I said: 'Here is the key to my stateroom. Take it!'

"That was all they needed. I spent the night on deck and the two men hid in my room until the detectives gave up the search and went ashore. The ship was released and we sailed at 5 o'clock the next morning."

The wife of the special envoy is a housewife little woman with quiet manners and a low voice; but her eyes flashed as she asserted:

"I couldn't bear to think of those men being taken ashore and hanged. I just had to do something for them."

The six deputies taken off the steamer at Vera Cruz were held on summons from the district judge charging rebellion, but no such summons had been issued for Dominguez and Cordera and by insisting upon their rights they gained time to hide in Mrs. Lind's stateroom.

These men insisted that while conditions in Mexico were chaotic, interference by the United States would only make matters worse. They believed the quickest way to restore peace in Mexico would be for the government to grant amnesty to all rebels and hold a free election.

Mrs. Lind said that she and her husband had received courteous treatment everywhere.

SOUTH DAKOTA STUDENTS ARE OUT TILL JANUARY

VERMILLION, S. D., Nov. 1.—By a decision of the Board of Regents late this afternoon, Grover Potts, Z. M. Laird, Frank McCormick, G. H. Harvey and Roy Lambert, the five students who were suspended by the faculty for the rest of the year for hazing Henry Miller, a freshman, will be reinstated January 5 if they care to be recognized at that time. Dean Lommine announced this decision of the regents tonight. As a result of this action, the students are not in good humor. The football game with North Dakota at Watertown, which was to have been played tomorrow, has been cancelled. It is doubtful if any of the regulars will again appear in uniform this season.

This will probably annul the remainder of the season's football schedule for South Dakota and it so will, as it is feared, definitely prevent the Creighton-South Dakota game for Thanksgiving unless a new team is organized by the Coyotes.

STATE NORMAL TEACHERS GET CHOICE OF VACATION

(From a Staff Correspondent.)
LINCOLN, Nov. 1.—(Special.)—At a meeting of the State Normal board, or a few of its members, yesterday, it was decided to give the students of the four normal schools a choice as to the time of taking their Thanksgiving vacation. They may elect to take it the week of the state teachers meeting at Omaha if they so desire.

Culls from the Wire

John Magill, employed in the Lovington mine, near Decatur, Ill., yesterday unearched what appeared to be a petrified human foot. It was imbedded in the rock 1,000 feet below the surface of the earth.

Employees of the street railway and traction companies of Indianapolis went on strike at 11 o'clock last night. A half hour later practically every car had been returned to the barns and deserted by the strikers.

Six thousand dollars for retired missionaries was raised in less than fifteen minutes at Topeka, Kan., yesterday at the national meeting of the Women's Foreign Missionary society of the Methodist Episcopal church.

While waiting in his sleep, Curtis Vartell, of Waterbury, Conn., a 14-year-old student at the Taft school at Waterbury, Conn., fell from the fourth story of the dormitory in which he was lodged, a flagged pavement below. His skull is fractured and he probably will die.

An annual meeting of the board of trustees of the Brown university faculty who has had his position as trustee for five years. The rules of the new pension system made public, provide that anyone eligible may retire voluntarily at the age of 65 and shall be retired automatically by the university at 70.

The argument on the appeal of thirty of the labor union officers convicted at Indianapolis last December of conspiracy and complicity in the McNamara dynamite explosion is nearing its close before the United States circuit court of appeals at Chicago. The court took the petition under advisement and will render a decision probably within sixty days.

After adopting a denominational policy by an unanimous vote, the first national convention of Methodist ministers, which has been in session at Indianapolis since Tuesday, adjourned last night after the large audience had spent an hour in prayer for the success of the new movement. The convention was the largest semi-official Methodist meeting held in America since it was declared by officers of the church.

(From a Staff Correspondent.)
LINCOLN, Neb., Nov. 1.—(Special.)—Lawson G. Brian, who is filling the position of insurance commissioner under the new law, can now live off of the fat of the land as deputy auditor minor, acting under instructions of Auditor Howard and a peremptory writ of mandamus, has drawn the warrant for Mr. Brian's salary for the last three months. Mr. Brian says that he would like to frame the warrants, but he can hardly afford so expensive a picture, having been without a salary for so long.

HUERTA NEARLY GOES BROKE

Rumored He Will Levy 15 Per Cent Tax on All Bank Deposits.

MANY WITHDRAW THEIR FUNDS

Government Unable to Meet Payrolls for Last Ten Days, Men in Some Departments Receiving No Money at All.

MEXICO CITY, Nov. 1.—The government encounters some difficulty in meeting the payrolls for the ten days ending today. In some of the departments only partial payment was made, with the promise to the men that the remainder would be forthcoming tomorrow. In other departments payment had to be deferred entirely. Later, however, the government secured funds and tonight began giving the men in all departments their money. The paymasters had instructions to continue at work all night if necessary.

Rumors of the inability of the administration to meet its financial obligations spread over the city with another persistently circulated rumor that President Huerta proposed to levy a tax of 15 per cent on all bank deposits. The latter report spread to such an extent that many depositors withdrew their funds from various banks. Apparently there was basis for the report.

Many leading bankers said they knew nothing here of it other than the talk was going on in the city. The withdrawal did not reach the proportions of runs on the banks, but bankers appeared apprehensive that this might be the result should the excitement continue. The manager of one of the leading banks expressed the opinion that President Huerta, who thus far has confined his financial efforts to legal bounds, would not attempt to adopt such a measure as levying a 15 per cent tax on deposits.

There is a distinctly high tension of expectation here and on all sides the belief is freely expressed, both by Mexicans and foreigners, that the administration is facing a financial crisis. It is said that the banks and business houses have been reluctant to pay up for shares in the 5,000,000 peso loan to which they recently subscribed. Many persons are alleged to have subscribed to the loan under pressure.

ONE MORE LETTER CARRIER IS ALLOWED IN OMAHA

WASHINGTON, Nov. 1.—(Special Telegram.)—The postmaster at Omaha has been allowed one additional letter carrier, effective November 1.

Caught in the Act

and arrested by Dr. King's New Life Pills, bilious headache quite and liver, stomach and bowels act right. Only 25c. For sale by your druggist.—Advertisement.

Iowa News Notes.

LOGAN—A session of the Business Men's club, composed of merchants and farmers of Logan and its vicinity, will be held here next Tuesday evening to arrange for the coming short course.

MISSOURI VALLEY—Miss Edith Amen has been the guest of honor at a number of functions held here in the sandhills. She was the guest of honor at a Missouri Valley-Omaha kenning held in Omaha.

LOGAN—Two dogs rushed a 25-pound pig through the plate glass window of the Cole & Hunsbaw drug store at Plagah. Until the porker was discovered its whereabouts was a mystery.

WOODBINE—Rally day will be held at Woodbine, Ia., here next Sunday at which time there will be an all-day service with dinner at noon, a sermon by Rev. Mr. Nicol, the new pastor from Red Oak, and in the afternoon a sermon by Charles Tupper, a student of Drake university.

LOGAN—According to information received here, the long-delayed material for the Independent Order of Odd Fellows' and Seabury garage and implement building is being shipped to Logan. The foundation has been laid and the work will be pushed to completion at an estimated cost of \$10,000.

DENISON—The daughters of Rebekah lodges of the Twenty-fourth district of Iowa held their ninth annual convention here today. A fine dinner was given visitors at noon and a banquet at night. The next convention is at Low City and the new officers are from that place.

MISSOURI VALLEY—A Halloween party was given here at the home of Mrs. Guy Smith, where the spooks appeared and took the entire party by a roundabout way to the dinner table, where they were served with delightful refreshments, and then back to the Smith home, where more refreshments were served. Much merriment and ghost stories told. Mr. Schiagenhauff and Mr. Reed won honors for being the best jesters.

DENISON—Judge Hutchinson will open district court at this city on Monday next. The session promises to be a busy one. The case of the State of Iowa vs. County will be tried for the third time.

EX-ATTORNEY General Byers has been appointed receiver of the Northwestern county for damages on account of the falling of a bridge over which he was hauling grain from his farm to Manning. He has received a verdict three times and the Iowa supreme court has set it aside each time.

LOGAN—D. Stuart of Magnolia reports the corn crop near his town almost normal, notwithstanding rumors to the contrary. Many of the farmers are fencing their fields as a fire central school in the hogs. Where the farmers are cribbing the yield is proving an agreeable surprise.

WILLIAMS—Bills of the living of Magnolia, reports the upland corn running at an average of fifty-five bushels to the acre. The lowlands will average a net of 100 bushels to the acre. A successful farmer, reports his own running from forty to fifty bushels to the acre.

DENISON—A fight for better school facilities is being made by the people of Kirou, Ia., a town on the Mandamin-Wall Lake branch of the Northwestern. For years the nearest school building has been one mile west of the town. Citizens of the place cannot maintain a school without help from the owners of farm land nearby and this has not been obtained so far because of the high taxes to pay. The state superintendent, Prof. Doyle, and the county superintendent, Prof. Orr, have given much attention to the case.

With the Home Builders

TIMELY REAL ESTATE GOSSIP

Sandhills May Possibly Profit in Sweet Clover.

SEED YIELDS GREAT RETURNS

Dorsey Leybold, Live Wire at Hershey, Neb., Harvests \$10,000 Worth Along the Highways and Ditches.

The great valley of the North Platte river, just northwest of North Platte, Neb., produced no crop during the last summer that no man planted. It was a crop that no man cultivated. It was a crop that no man tended. More than this, it was a crop that most of the farmers thought to be a nuisance. Yet it yielded \$5,000.

For years farmers and ranchers have regarded sweet clover as a nuisance worse than Russian thistles. Not that it contained any bribe, but it was considered absolutely good for nothing except to take up good ground room where alfalfa should have been growing. It got into the fields with the alfalfa seed in various places and was very hard to drive out. Recently the experiment stations throughout the country have discovered that it actually has even greater feed value than alfalfa if cut at the proper time when it is young and quite tender.

So, while farmers in the Platte valley were still wishing they could rid their farms of this pest, Dorsey Leybold of Hershey, Neb., a good roads booster and general live wire, got out into the country and volunteered to cut the stuff away from the ditches. At the same time as a good roads man he made it a point to cut the stuff off the roads, where it was growing to be a nuisance. He found that since the experiment stations have made their reports on the feed value of the sweet clover a big demand has been created for the seed. So, he hauled the stuff together and had it threshed. Soon he began to ship the seed to eastern markets at good healthy prices, receiving over \$5 a bushel for it.

In all he is said to have sold some \$10,000 worth of the seed which he shipped out of the North Platte valley. A few other live wires in the neighborhood took up the work and out some of their own. So, in all, there was \$25,000 worth of sweet clover seed shipped out of there. It was not all clear profit, as there was considerable expense to driving mules in a low gear of the hay which had to be brought back to the threshing machine or alfalfa huller to be threshed. But at that there was a healthy profit, for it cost nothing but the harvesting.

Land owners in that locality are now very enthusiastic over the prospects of sweet clover. As it grows readily in the poorest soils, as well as in the best of soils, many in that locality are talking of introducing it in the sandhills. There is some talk of trying to start it in the hills on the forest reserve, where the government has just given away some 40 farms in a land lottery. It is believed that if this could be made to do well in the sandhills it would not only make these hills valuable as producers of rough feed for cattle, but that it would fertilize the sand in such a way as to make it productive of other crops in a few years. The fertilizing value of sweet clover, according to the reports of the experiment stations, is greater than that of alfalfa or clover.

F. A. Higgins is to start very soon in the building of his new fifteen-room home at Thirty-ninth and Harney streets. The contract has been let to William Steiner. It is to be built of stone and brick.

The Jerome Commission company is planning to build its own cold storage plant, probably next year. F. E. Ellison, C. A. Swanson and John P. Jerpe of the Paxton estate between Davenport and Chicago streets on Tenth, they have indicated that they may build next year.

Rapp Brothers Real Estate company made three good transfers during the week, ranging from \$2,750 to \$4,500. They
