DELAWARE RAILROAD SYSTEM TIED UP BY STRIKE OF TRAINMEN

(Continued from Page One.)

and carriers of anthracite coal in the country. Its coal lands have been estimated to contain 42,000,000 tons of mineable coal. L. F. Loree is president of the company.

Convention in Passenger Traffic. WILKES-BARRE, Pa., Jan. 19.—The Delaware and Hudson strike in the Wilkes-Barre territory is complete, the last men going out being the telegraphers. Mail destined to New York state is still at the station here. The Lehigh Valley and Pennsylvania railroads are transferring passengers for points in New York state over the electric line to Scranton, where they are again transferred to Delaware, Lackawanna railroad, ferried to Delaware, Lackawanna & Western railroad.

The Delaware and Hudson runs daily 40 cars from the Pennsylvania railroad at this point for cities in New York, Canada and New England states. It is said the Pennsylvania company will route all the traffic it can for the north over the Northern Central railway from Williamsport, Pa.

A serious effect of the strike is the tie-up of coal traffic, coming at a time when there is an extra demand for anthracite.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. Druggists refund money if it fails to cure. E. W. Groves' signature on each box. 25c.—Advertisement.

CHURCHMEN CRITICIZE NEW DANCING STEPS

NEW YORK, Jan. 19.—A number of letters from heads of church denominations in the United States expressing opinions on the new dance steps are published here today. They include the views of one Catholic archbishop, eleven Catholic and Episcopal bishops, two Methodist Episcopal bishops and the stated clerk of the Presbyterian general assembly and of the Reformed church.

Two of the letters voice more or less approval of the new dance; four assail

the innovation directly, six criticize the modern dances, but explain that the hostile opinions are based on hearsay rather than personal knowledge.

The letters of the two Methodist bishops and of the stated clerks of the Presbyterian and Reformed churches, condemn all dancing, whether old or new.

Third Typhus Ship Reaches New York

NEW YORK, Jan. 19.—Another typhus ship, the third within two weeks, was detained at Quarantine today by Dr. Joseph J. O'Connell, health officer of the port. The vessel is the Kaiser Franz Joseph I of the Austro-American line, a sister ship of the Belvedere, from which a case of typhus fever was removed on Saturday. The Kaiser Franz Joseph I came from Adriatic ports.

A patient was removed from the vessel to Swinburne island, where the case was diagnosed as typhus. One hundred and forty-nine steerage passengers were detained at Hoffman island for observation. The typhus port affecting the Mediterranean authorities is, in the opinion of Dr. O'Connell, the Greek port of Patras. The Belvedere took two passengers on at Patras and the Kaiser Franz Joseph I touched there. Typhus patient is a former Montenegrin soldier. He boarded the vessel at Trieste.

MURDERER GOES SMILINGLY TO THE ELECTRIC CHAIR

OSHSING, N. Y., Jan. 19.—Frank Muehfeld, alias "The Kid," went smilingly to his death in the electric chair at Sing Sing prison today, the second man to die in the chair for the murder of Patrick Burns in New York City two years ago. "Big Bill" Lingley, Muehfeld's accomplice, was executed on May 8. Both Lingley and Muehfeld left statements absolving Raph Furcolo of any connection with the crime. Furcolo is serving a twenty-year sentence. Burns was robbed and shot down in his saloon on February 11, 1911.

Colds to Be Taken Seriously.

Intelligent people realize that common colds should be treated promptly. If there is sneezing, with chilliness and hoarseness, tickling throat and coughing, the latter especially annoying at bed-time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. Remember the name, Foley's Honey and Tar Compound and avoid substitutes. For sale by all dealers everywhere.—Advertisement.

Nature's Remedy For Constipation

Nature has provided an ideal Laxative Water that will purify your blood, keep your stomach and intestines clear and promptly relieve Constipation. Don't take a drastic Purgative water which drains you and makes you feel weak and listless. Take a mild, gentle and pleasant natural laxative which gently stimulates and effectively operates without bad effects.

Hunyadi Janos Water

is a NATURAL Remedy which acts within an hour or so after taking on an empty stomach—1/2 a glass plus your Liver to work and clear the bowels in a natural and gentle manner. No reminders that you have taken anything—it is SURE and SAFE. Do not be persuaded to accept a drastic water which is harmful. Hunyadi Janos Water is prescribed by physicians all over the World.

KEEP BUSINESS MAN IN JAIL

Auto Speeder Fares Poorly in Des Moines Bastille.

RESULT OF ROW AMONG POLICE

Controversy Over Bonds Causes Trouble for Rich Man When He Is Brought to Station by Policeman.

(From a Staff Correspondent.)
DES MOINES, Ia., Jan. 19.—(Special Telegram.)—As a result of new orders in the police department by which the department will keep every man in jail when arrested until he is arraigned in court, John C. Hecker, a prominent business man and two years ago a candidate for councilman, was held in jail today several hours pending his arraignment for violating the automobile ordinance.

UNKNOWN MAN KILLS NICKELL

(Continued from Page One.)

none of the four men. Nickell, however, she had seen in her house before, but did not know his name. Following a recital of the robbery and killing, as it has been published, she described the holdup men, particularly the one known as "Blondy," who relieved her of her valuables and whom she remembered as having frequented her place. Four rings, a watch and \$5 in cash, all totalling a value of \$400, was the estimate she placed on her personal loss. A brief description of the resort to the effect that, beside the dance hall, it contained nine rooms, seven of which were bedrooms, closed her testimony. A girl by the name of Irene, with another occupant, was in one of these rooms at the time of the shooting and remained there throughout the entire episode.

Was an Old Resort.

Before closing she stated to the effect that for a year back both girls and men have frequented her place openly and that four years previous to her establishment as proprietress of the resort she had lived there as an inmate. At that time Grace Roberts occupied the flat. Before last March 6, Miss McVey professed to know nothing of the establishment beyond the fact that she believed it had been in operation. Albert S. Ritchie, attorney for the woman, did not question her.

Dr. S. McClintock, coroner's physician, was next called, and testified to the effect that the bullet entered below the left breast and passed through the heart of Henry Nickell. He removed the lead at a point of the back slightly to the right, and higher than that of its entrance. The wound was practically on a straight line through the body and indicated that the bullet had been fired at close range, for powder marks were on the flesh.

William N. Davis, barber, third to be called, told that he had met Nickell and two other men whose names he did not know in Maurer's buffet Thursday evening about 9 o'clock. From there they had gone to Louis Aik's cafe on Douglas street for supper, and then directly to the McVey house.

The McVey house, upon their arrival, contained a number of girls and two men. After the murder Davis was forced to collect the valuables thrown at a hat in the center of the floor, which he placed there at the murderer's dictation. After the robbers had gone he and another man left the house. Davis asserted that he visited the place for the first time six weeks previous to the tragedy.

Corroborates Davis.

Another Anderson, automobile salesman, corroborated Davis' account. He asserted that Nickell was the only man of the four whom he knew very well and that he had known him for a number of years. Two years previous to his work as automobile salesman he had been a bank clerk and had met Nickell frequently. Anderson described the murderer to be about 34 years of age, of sallow complexion, neat appearance and close to five feet, six inches in height. No effort was made by the robbers to go through the pockets of the men in the room, although the stockings of the women were searched for money and valuables.

Vera Orizale, next on the stand, merely agreed with the previous testimony and told nothing new, aside from the fact that the murderer wanted to tear the diamond earrings from the McVey woman's ears, while Blondy prevailed upon him to let her remove them. Vera lost a pair of pearl earrings and a diamond ring.

Vera Ehoff disclosed new evidence to the effect that "Blondy" had told her that his name was Williams on his visit to the house during carnival week, when she happened to be there. On Thursday night, just before the robbery, she noticed that he wore a new hat, and from the fact that the hatting threads and the tags were still sticking to the coat. This created a laugh among members of the crowd.

Woman Chairman of State Committee

Mrs. Gertrude A. Lee, who has become chairman of the Democratic state committee of Colorado through the resignation of the elected chairman, George T. Bradley, says that she is a machine politician. According to her view a machine

impregnable and unassailable alone can assure party success. She asserts that she plans to build in Colorado what she expects to be one of the greatest political machines of the age. Mr. Bradley resigned to become state railroad commissioner.

Steel Buyers Say Competition Exists in Some Products

ST. LOUIS, Mo., Jan. 19.—Competition between the smaller steel manufacturers was unusually active in 1913, according to the testimony of Arch McGregor of Springfield, Mo., who testified today at the hearing in the government suit to dissolve the United States steel corporation.

Mr. McGregor said 2,000 tons of various steel goods which he bought last year, 10 per cent came from the American Steel and Wire company, a subsidiary of the United States steel corporation. The American Steel and Wire company, he said, at times reduced its price to meet competition.

Thomas J. Frier, purchasing agent of the Wabash railroad, said he bought rails and other supplies on competitive quotations. Quotations varied, he said, and the firm making the lowest bid got the business. Bids on locomotive pipes, he testified, were "rather uniform."

Thomas R. Akin, president of the Laclede Steel company of St. Louis, testified that his company was in no combination to control prices. Prices charged by the National Steel company, a subsidiary of the United States Steel corporation, generally were higher than prices charged by competing firms, according to Alexander B. Pierce, vice president of a manufacturing company.

Women's and Misses coats and suits will be on sale Tuesday at sacrifice prices. Julius Orkin, 1519 Douglas St.

Train Hits Headcar, Four Dead. KANSAS CITY, Mo., Jan. 19.—A. Anderson, foreman of a section crew on the Wabash railroad; vester Rushing and two Mexican laborers were killed and two other laborers were injured, probably fatally, when a Wabash train struck a headcar on which seven men were riding near here today.

Feel Out of Sorts?

It's a good Idea to look for the cause!

One common, but often unsuspected cause is coffee-drinking. Yet some persons seem able to get along with coffee—at least for a time. But when headachy, bilious days come; breakfast or some other meal doesn't taste good; and the day's work goes wrong. (Ever feel that way?)—then it's time to find out for sure if coffee is causing the trouble in your case.

There's a subtle, poisonous drug, "caffeine," in coffee that interferes with the normal functions of body, brain and nerves, and has a lot to do with one's comfort and progress.

Suppose for a test you try the simple expedient of quitting coffee and using well-made

POSTUM

—a pure food-drink made of choice wheat. It has a delightful, Java-like flavour but is absolutely free from caffeine or any other drug.

After ten days or two weeks you will be able to decide whether to go back to coffee troubles, or stick to Postum and peace and comfort.

Postum comes in two forms.

Regular Postum—must be boiled.

Instant Postum—doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in an ordinary cup of hot water and adding cream and sugar to taste.

Grocers everywhere sell both kinds.

"There's a Reason for POSTUM"

BULL BREAKS INTO BANK

Savage Animal Gores Horse and Rider at Sioux City.

RUNS AMUCK IN BUSY STREET

Finally Becomes Caught in Revolving Door of First National Bank, Where He Is Overpowered by Police and Firemen.

SIoux CITY, Ia., Jan. 19.—(Special Telegram.)—A ferocious bull which H. Flat, a farmer, was driving in the stock yards slaughter, broke away this morning as he mounted the viaduct and caught the first view of the packing houses. He gored Flat and his horse, severely injuring both, and bellowing and snorting in his fury, rushed through Fourth street, Sioux City's principal business highway, chasing pedestrians to cover and spreading terror on all sides, winding up his mad rampage by breaking into the First National bank, Fifth and Pierce streets, causing panic among officials and clerks. Fortunately, he struck the revolving door, where he pawed and kicked in desperation, evidently determined to clean out the money temple. The fire department was called out to aid the police. The animal was lassoed and bound after an hour's maneuvering in the presence of an excited and howling mob, which would have done credit to a Mexican bull fight.

Clark is Flirting With the Federals

NEW YORK, Jan. 19.—Thomas Clark, catcher for the Cincinnati National league baseball team, today received a telegram asking him to come to Buffalo to talk terms with Manager Schaffly of the Federal league team of that city. Six thousand dollars for the season was the salary offered. Clark refused to sign with Cincinnati thus far because the Reds had not met his demand for \$5,000 salary, he said. Clark said he was in no hurry to sign with anyone.

CINCINNATI, Jan. 19.—President August Herrmann of the Cincinnati National league club said he had received no demand from Thomas Clark for \$5,000 for the coming season.

CHICAGO, Jan. 19.—Henry Zimmerman, the Chicago National's third baseman, today signed a contract to play with the Cubs during the seasons of 1915, 1916 and 1917. His present contract continues over the 1914 season. No announcement was made to terms.

Pitcher Camnitz of Philadelphia was among the callers at the Federal league headquarters, but no announcement was made concerning the signing of additional players.

Kling is Released by Cincinnati

CINCINNATI, Jan. 19.—August Herrmann, president of the Cincinnati baseball club, announced today that John Kling, the catcher who was with the local team last season, had been given his unconditional release. Kling had an agreement with the Cincinnati club to this effect.

FREMONT ATTORNEYS ANSWER IN MINE CASE

FREMONT, Neb., Jan. 19.—W. S. Cook and J. C. Cook, attorneys who promoted the sale of the True Pinnacle gold mine stock, filed answer today in a suit brought by Chris Mathis and other stockholders who alleged fraud and "sawed" mine, seeking recovery of money invested.

The two Cooks say they were duped as badly as the rest and lost their own money and shift the blame to George Ziegler, a wealthy Washington county farmer, and Dr. J. E. Devries of Fremont.

The Cooks City Ziegler brought stock in the mine before they did and personally investigated it, reporting favorably. Dr. Davries, charged with similarly visiting the mine, reported it better than all previous reports. They say Dr. Davries headed off their effort to send John May, a mine engineer, to investigate, and allege a counter conspiracy to damage defendants.

Adams Resigns from State Bank

SUPERIOR, Neb., Jan. 19.—(Special Telegram.)—C. E. Adams and daughter Ila have handed in their resignations from the board of directors of the State Savings bank, which is in the same building as the closed First National bank. Examiner Seybolt has notified all holders of the bank's notes to notify him of the same. So far nothing of a serious nature has developed. He hopes to have a report by the end of this week so the committee may be able to act on a re-organization of the bank. A receiver is needed badly to cope with local business conditions.

Norris Introduces Farm Loan Measure

WASHINGTON, Jan. 19.—Senator Norris introduced a bill today for a bureau in the Department of Agriculture to lend money on farm land at 4 per cent for a period of five years, to be repaid at the rate of one-fifth each year. Money would be loaned for the purchase of land to pay debts or for farm buildings. The bureau would get its funds by issuing 3 1/2 per cent bonds of the United States.
