ELLIS IS GUILTY OF MURDER

Chicagoan Convicted of Slaying His Wife Last October.

GIVEN FIFTEEN YEARS IN PEN

Plea of Psychic Epilepsy or Transitory Insanity Does Not Induce the Jury to Free Him.

CHICAGO, March 5.—William Cheney Ellis was today found guilty of murdering his wife, Mrs. Eleanor Hoesa Ellis, last October in a Chicago hotel. Punishment was fixed at imprisonment in the state penitentiary for fifteen years. Ellis killed his wife, Mrs. Hoesa Ellis here October 18, 1912, the night after they had celebrated their ninth wedding anniversary with a dinner and a theater party.

Mrs. Ellis had come here several days ahead of her husband and had made the trip against his wishes. At the trial Ellis defended himself by testifying that he had reason to suspect that his wife was here to meet Fred Caldwell, a young dry goods merchant they had met while on a vacation in Canada. He said that the thought drove him to frenzy and expert witnesses set up the plea of psychic epilepsy or transitory insanity.

Ellis was a well-known dealer in leather goods in Cincinnati and was supposed to be wealthy. He is 41 years old. Mrs. Ellis was a beautiful woman and the mother of two little daughters, Eleanor and Violet, 8 and 2 years old, respectively.

THREATEN FURTHER RIOTING

(Continued from Page One.)

It is not the men who are on trial, but the Mitchell administration and the churches.

Jane Rouillon, secretary of the mixed locals of the Industrial Workers of the World, said she was ready to furnish \$1,000 bail for Tannenbaum if the authorities would reduce his bond to that amount. Mrs. Rouillon came here several years ago from San Francisco.

The most vocal of the prisoners was Hyman Finkelstein, who, when arrested in the church last night, had \$700 in his possession. Finkelstein said he had no idea of the nature of the demonstration in which he was participating. "I was watching the meeting in Rutgers square," he said "when somebody said, 'Come on, we're all going to eat.' No I followed the crowd."

Finkelstein refused to give his address, for fear, he said, that he would be robbed after he returned home.

Ordered to Leave Church. The arrest of Tannenbaum and the greater part of his army, organized under the auspices of the Industrial Workers of the World, was made in St. Alphonsus' Roman Catholic church, in West Broadway, where Father John Q. Schneider refused the demand for food and ordered the invaders to leave if they had not come to worship.

When Father Schneider repeated his orders for all to leave "who don't belong here," there were cries: "Don't go out. Stay here. Make them throw us out, and we will have food."

At this outbreak two detectives seized Tannenbaum and two other leaders, while outside the church policemen sent in calls for reserve from several downtown stations.

Douglas I. McKay, police commissioner, ordered the arrests on his own initiative. He said he would brook no repetition of rioting in churches.

Miss Jane Est, one of the two women exhorters, weakened when told she probably would be sent to prison for six months. She begged to be allowed to go and slipped through the crowd when released by a detective, Guale Miller, however, insisted that she be arrested.

After the army had been led from the church the police declared that black-jacks, knives, razors and pieces of iron were found in the vacated pews.

Socialists Are for Auditorium Bonds

The central committee of the socialists at its meeting last night unanimously endorsed the voting of \$250,000 in city bonds, the proceeds to be used in buying and finishing the Auditorium. No opposition whatever was manifested by it to the proposition after the plans of the city with respect to the building were explained by E. V. Parrish, manager of the publicity bureau of the Commercial club.

Bryan Will Pay Visit to Chile in September

WASHINGTON, March 5.—Secretary Bryan today informed the governing board of the Pan-American union, composed of the representatives here from all the American republics, that he had accepted the invitation of Chile and would visit Santiago, Chile, next September, at the time of the meeting there of the fifth Pan-American conference. Senator Suarez, minister from Chile, extended the invitation to Secretary Bryan. "President Wilson has approved the plan and the secretary plans to leave about the middle of August. He expects to proceed down the west coast of South America, stopping at Peru, and to return by the east coast, making visits in Argentina, Uruguay and Brazil."

Policeman Commits Burglary in Station

EUGENE, Ore., March 5.—While committing burglary in the police station, it is charged, Policeman F. E. McCune was arrested here early today. His alleged "haul" consisted of two bottles of prune brandy, which had been confiscated in a raid on an illicit still.

It was discovered yesterday that some of the liquor stored at police headquarters had been removed, and last night the store room was watched. McCune was arrested, according to the police, as he was in the act of slipping two bottles into his pockets. A warrant was sworn out, charging him with burglary.

The commission will endeavor to ascertain whether the arrest and conviction of Benton was made according to due form of law and justice. It is not expected that an examination will be made of Benton's body.

An attempt will be made by the Mexican commissioners to learn whether Bauch was executed or whether he is still alive. The Anglo-American commission was still awaiting instructions from Washington.

British Press Comment. LONDON, March 5.—The policy of the United States toward Mexico occupied a leading place in the editorial columns of the English newspapers again today.

The Evening Standard discloses "a marked change in the whole trend of American foreign policy. Instead of 'haughty isolation' based on the strict letter of the Monroe doctrine, the United States is now becoming anxious to stand well with the European powers.

The government at Washington is apprehensive lest if become involved in intervention in Mexico, Japan might seize the occasion to carry its ambitious designs on the Philippines and Hawaii into effect and believes that Europe if so disposed could lay an embargo on Japan's ambitions."

Cause of Death of Mrs. Billings is Still a Mystery

A coroner's jury Wednesday afternoon found that Mrs. Alice N. Billings, 4219 North Twenty-fifth avenue, came to her death February 19 from some sort of poison, the nature of which and the manner of taking it being unknown to the jury.

Mrs. Billings was found by her husband, F. C. Billings, Tuesday noon, February 19, sitting upright in a kitchen chair, dead, with her 3-year-old son, Leroy, in an unconscious condition at her feet and her 19-year-old boy, Clarence Shuman, unconscious on the parlor floor.

Testimony at the inquest revealed nothing new to aid in solving the case, which is a mystery.

REVOLT STARTS IN BRAZIL

State of Siege is Reported Proclaimed in Rio Janeiro.

SEVERAL STATES ARE AFFECTED

Negro Fanatics Are Said to Be Marching on the Capital—Strict Censorship is Imposed on All Dispatches.

RIO JANEIRO, Brazil, March 5.—The Brazilian government authorities today declared a state of siege in the cities of Rio Janeiro, Niteroi and Petropolis. This is to remain in force until March 21. The government's action is taken as a preventive measure against any possible trouble.

Disturbances were feared from some elements of the population as a result of recent insurrection in the province of Ceara, where the situation is reported worst.

Managing editors of three of the principal newspapers, Apoca, Correio da Noite and O Imparcial, were placed under arrest today, while Generals Thaumaturgo, Azevedo and Feliciano Mondes de Moraes, two colonels and some other officers of the army were also made prisoners.

A strict censorship was established by the government on telegraphic communications and all troops were confined to barracks in readiness for any possible allies. There were no disorders in the federal district.

Race Troubles Are Feared. BUENOS AIRES, Argentina, March 5.—A state of siege was proclaimed in Rio Janeiro, Brazil, today, according to dispatches reaching here from that city. It is understood here that a strict censorship has been imposed on dispatches from Brazil.

Reports have been current for some time that a revolutionary movement was in existence in the Brazilian states of Pernambuco, Ceara and Para, and that fighting was in progress between the local forces and the government authorities.

The causes of the disaffection were said to have been racial differences. In the last week of February a body of fanatics was reported to be marching on Rio Janeiro. The situation in the various states was reported as becoming worse, especially in Ceara.

Business was said to be virtually suspended in several states, chiefly those where the negro population is very numerous.

The state of Ceara at the last census had a population of about 500,000, Para 400,000 and Pernambuco 1,500,000.

Marital Law Proclaimed. LONDON, March 5.—Confirmation of a report that a state of siege had been proclaimed in Rio Janeiro was received here from that city today.

Marital law has been proclaimed in Niteroi, five miles east of the capital, and in Petropolis, capital of the state of Rio Janeiro.

Ambassador Receives Dispatch. WASHINGTON, March 5.—Senator de Gama, the ambassador from Brazil, received a brief dispatch from his government today directing him to assure legations and consular officers in this country "not to feel any uneasiness because of rumors." There were no advices to his city information of what the dispatch related to was contained in the news catches telling of a state of siege at Rio Janeiro and other troubles in some of the Brazilian states.

News that Rio Janeiro was under siege and reports of an uprising in the northern states of Para, Pernambuco and Ceara, perplexed State department officials, as the interests of the northern provinces and the southern districts, including Rio Janeiro, are considered.

The southern provinces are considered the more progressive, contain much of the railroads and are the center of very extensive coffee interests.

In the northern provinces, such as those from which the latest outbreak is reported, the negro population predominates. Nothing has been recently received at the State department concerning racial disturbances in any of these provinces, and it was said that nothing has been heard of any disturbances in Brazil for several weeks.

Early in the present year messengers reached the department of hostilities, then said to be confined to Pernambuco and the neighboring state of Ceara, but the cause of the uprising was not stated.

Keokuk Bridge Bill is Passed by Senate

WASHINGTON, March 5.—The senate today passed a bill granting rights to construct a railway bridge across the Mississippi river at Keokuk, Ia., to the Intercity Bridge company.

MORE NAMES FOR PETITIONS BEING SOUGHT IN OMAHA

Additional petitions for the submission of the question of whether the University of Nebraska shall be built up entirely on the state farm, or whether its colleges shall be continued separately on the farm and city campuses, are now being circulated in Omaha. Signatures of voters are fast being secured by a corps of workers. The extra names are being affixed to the petitions, in order that there may be no controversy later whether enough names were secured to insure the question being voted upon at the fall election.

Ann Raymond, a graduate of the university who is now practicing law in Omaha, is in charge of the workers who are circulating the petitions. Both re-movalists and anti-re-movalists may sign, as the petitions only ask that the question be placed before the people for a referendum vote. The necessary names are expected to be all in within a week.

KILIAN AND KENDALL PASS "EXAMS" FOR THE NAVY

BALTIMORE, March 5.—(Special Telegram.)—The results of the mental examination of the naval academy in Annapolis were announced here today, and contained more disappointment than anything else. Each year the mental standard for admission to the school of future admirals has been higher, with the result that the percentage of failures has increased every year. This year the record has been reached.

From Nebraska, C. W. Kilian and H. M. Kendall were the only ones who passed and there were no alternates.

From Idaho, E. H. Hill and W. M. Pfeiffer passed with exceptionally high honors.

WILSON PERSONALLY ASKS CONGRESS TO REPEAL TOLLS ACT

(Continued from Page One.)

Just because we have power enough to give us leave to read them as we please. The large thing to do is the only thing we can afford to do, a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation.

"I ask this of you in support of the foreign policy of the administration. I shall not know how to deal with other matters of even greater delicacy and heavier consequence if you do not grant it to me in ungrudging measure."

All Galleries Packed. The house chamber and galleries were packed, as usual, to hear the president read his address. The French and German ambassadors and other members of the diplomatic corps were in spaces reserved for them. No official of the British embassy was present. The Misses Wilson had places in the executive gallery and Mrs. Wilson for the first time was absent. She was not yet recovered from the shock of a fall in the White House a day or two ago.

President Wilson reached the capitol ten minutes before the time for the reading and waited in Speaker Clark's room until 12:30 o'clock. When he was escorted into the chamber and promptly began reading his brief address as soon as a burst of applause had died away.

Mr. Wilson's message was so brief that he had finished reading almost before the surprised galleries realized he had begun. It took less than five minutes and as another burst of applause greeted its close the president hurried out of the chamber and drove back to the White House. The joint session dissolved at once and the two houses resumed their work.

Not a sound had interrupted the president as he read his message and as he finished the assemblage was all smiles, the demonstration being regarded as a tribute to his first year in office and the first year of democratic supremacy in the government.

Dispute Lasts for Two Years. The Panama tolls question has been a subject of dispute for nearly two years. Diplomatic correspondence between Great Britain and the United States found the question unsettled when President Taft left office. Except for an assurance to James Bryce, then British ambassador, which he left the United States a year ago, that the question would be taken up in the regular session of congress, President Wilson has never directed any official communication to England on the tolls question. The president recently told callers he had never discussed the matter formally or informally with the British ambassador here, Sir Cecil Spring-Rice, because he believed the obligation on the part of the United States to repeal the tolls was one which the government itself should realize without outside influence or pressure.

Administration leaders in both houses and senate have assured the president that with the delivery of a message by him showing that international circumstances had arisen since the measure was last debated, the president's suggestion for repeal would be met with prompt action.

Chairman Adams Pleaded. Speaker Clark ordered the address referred to the Interstate commerce committee. Chairman Adams, who will have charge of the repeal legislation, declared the address fitted his ideas exactly.

"The president's address pleases me," he said, "because it means honesty at home and justice abroad. It is not true that we are surrendering to Great Britain if we repeal the tolls clause. Myself and other democrats took a position against this piece of rascality before England ever heard of it."

Democratic Leader Underwood declined to discuss the president's address. Senator Chilton introduced a bill to add the following section to the Panama canal law:

"The president, notwithstanding anything herein contained, is hereby authorized and empowered by proclamation to make, suspend, alter, change or abolish any tolls contemplated or provided for in this act, and may preserve tolls to be charged in any case in which the tolls are prohibited herein."

YOSEMITE, Cal., March 5.—The time consumed in the run from El Portal, the railroad terminus, to Yosemite valley, in three years, will be cut in half this year. The automobile has done it, and the picturesque horse-drawn stages by which tourists have reached the valley heretofore will become matters of tradition.

Money Saved by Making Your Cough Syrup at Home

Take But a Few Moments, and Stop a Bad Cough in a Hurry.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and fill up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly, and it is just as effective as any other syrup you ever used—even in whooping cough. You can feel it take hold—usually compound of Norway white pine extract, rich in quaiacil and other healing pine elements. No other preparation will work in this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more homes than any other cough remedy. The plan has often been imitated but never successfully.

A quantity of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
