SILLIMAN IS IN VERA CRUZ

Consul Refuses to Talk Until He Reports to Washington.

WIFE IS STILL IN SALTILLO

Consul General Hanna Reports Normal Conditions at Monterey and that Railroad to Saltillo is Open.

VERA CRUZ, May 26.—John R. Silliman, American vice consul at Saltillo, arrived here today from Mexico City. He declined to discuss his experiences during his imprisonment until after he had made his official report to Washington.

Mrs. John R. Silliman, wife of the vice consul at Saltillo, was left of her husband's safe arrival in Vera Cruz through the State department and Consul General Hanna. A message from Mrs. Silliman received here today tells of the arrest of her husband on May 12, his three weeks' imprisonment and departure for Mexico City.

Rebels Force Loan to Pay Troops. MAZATLAN, Mexico, May 26.—(Via Wireless to San Diego, May 26.)—General Buesina, who was appointed governor of the state of Tepic after the constitutionalist occupation of the city of Tepic, has forced financiers there to lend \$6,000 pesos to the Carranza government for the payment of the troops and other military expenses.

The Japanese cruiser Idzumo, which was at anchor in Mazatlan harbor for several days, departed today for Manzanillo, because of the expected arrival of a Japanese merchantman at that port May 29.

Word has arrived from Tepic that Theodore Jones, an American held in prison there by the federales on a perfunctory charge of murder, has been released by order of General Buelna.

Evidence of strong constitutionalist sympathy among the citizens of Mazatlan is being shown. Officers of the American fleet, while ashore today, were stopped in the street by Mexicans who begged that the American launches be allowed to transport them to the constitutionalist lines. They seemed disappointed when it was explained that the rules of strict neutrality prevented this.

Mr. Silliman intimated that the tales of facing a firing squad and of other indignities he was reported to have suffered were much exaggerated. He said he felt it was his duty to report fully at Washington before making public a detailed account of his arrest and his release through the activity of the British vice consul at Saltillo.

The trip to Mexico City from Saltillo was interrupted several times by skirmishes between small detachments of constitutionalists and federal garrisons at points along the route. The train on which the consul traveled was preceded by a troop train which was fired on repeatedly and which was delayed by torn up sections of the track.

Mrs. Silliman is still in Saltillo under the protection of the British consulate. Her husband apparently feels no anxiety regarding her safety.

Suffragettes Who Slashed Pictures Given Six Months

LONDON, May 26.—Suffragettes who slashed pictures in the National Gallery and Royal Academy, together with a number of window smashers, were convicted and sentenced today. Six months imprisonment was ordered for each of the picture destroyers, while the window smashers in all cases were condemned to terms of four months.

Several women refused to give their names and were identified by numbers. One frail girl collapsed in court as the result of a hunger strike and it was necessary to give her a restorative. She was carried into court by women wardens.

Freda Graham, the suffragette who slashed several valuable paintings in the national gallery on May 23, harangued the jury, declaring she had attacked the pictures "as a protest against King George's illegal and unconstitutional action in refusing to receive a legal deputation of women."

She added: "What are five pictures compared with 9,000 pictures by the greatest artist of all, which are being shamefully defaced, damaged and degraded by men each night?"

Mary Spencer, who damaged a picture at the royal academy on May 22, told the judge the only way left for women to express their views was to damage property, as they respected human life too much to destroy it.

Extraordinary precautions have been taken at the Epsom race course to prevent any repetition of last year's tragic interference with the running of the Derby, when Emily Wilding Davidson met her death by jumping on the course. A force of 2,000 police will be on duty during the race meeting. The arrangements to prevent King George and Queen Mary being subjected to annoyance by suffragettes have been made as perfect as possible.

Falls City Woman Murdered in Home

FALLS CITY, Neb., May 26.—Mrs. E. F. Cook, between 35 and 36 years old, wife of a fireman in the city light plant, was murdered in her home early today.

The body was discovered by her husband when he returned from his night work this morning. Physicians who were called said life was extinct two or three hours before the discovery was made. They said the woman had been strangled.

A little girl, one of the two children of the home, said a strange man had frightened her mother by appearing in the house some time during the night. The child is too young to give a connected story.

Preacher Bitten by Dog. TABOR, Ia., May 26.—(Special.)—Rev. George C. Jewell, a retired Presbyterian minister, was severely bitten here Saturday afternoon during a dog fight that started soon after he entered the State bank with his big dog. A bulldog that was kept next door was a party to the fray and in trying to hold his own dog Mr. Jewell's left hand slipped through and was twisted into the brute's collar so that the collar had to be cut off, but not before his hands and arms were badly bitten by the infuriated beast. It took the combined strength of two men to pull off the bulldog. Rev. Jewell was pulled down onto the bank floor before being extricated from the maul. A physician cauterized his wounds and it is hoped no serious consequences will follow, though he is confined to his home at present.

REPUBLICANS TO COME BACK

Senator Borah Predicts Party Will Return to Power.

MAKES ADDRESS AT DETROIT

He Says Party Will Organize Common Sense, Common Honesty and Common Courage into Militant Force for Justice.

DETROIT, Mich., May 26.—A glowing picture of the future of the republican party reunited, with the progressive element, which left it in 1912 was painted here today by Senator William E. Borah of Idaho, speaking at a state-wide "conference" of republicans.

"The republican party," said the senator, "is coming back into power. The proof of it is on every hand. The trend is unmistakable. I said a year ago that the amalgamation which would take place would be an amalgamation of the voters, not the assumed leaders. I said, furthermore, that that was the only amalgamation that was worth while. The men who voted the third party ticket to the number of 4,000,000 for reason entirely satisfactory to them can neither be questioned as to their integrity of purpose or their patriotism. But that it was a protest and not a manifestation of purpose to permanently leave the party is now established by facts and figures which cannot be doubted.

unmistakable purpose of those who voted the third party ticket to ally themselves with the republican party, in view of the determination to support its principles and its policies, what is the task before us? It is unquestionably to make our party equal to the tremendous problems which now concern us. It is to build up this country, out of the traditions, the achievements and prestige of the past, the duties and obligations of the present, and the hopes and aspirations of the future, an organization efficient, militant and progressive—worthy of its old days and equal to the obligations which now rest upon us. It is our duty, in other words, in unmistakable terms to make it clear that the republican party is to be as it was in its best days, a thoroughly progressive party.
