SCRIBES ARE CAMPING OUT
Many Are in Attendance Upon State Press Convention.

PROGRAM WILL OPEN TODAY
Governor and Mrs. Morehead to Keep Open House Tuesday Afternoon—Warming Up for Ball Game.

(From Staff Correspondent.)
LINCOLN, June 18.—(Special.)—Editors with large families, editors with small families and editors with no partners at all began arriving in Lincoln this morning for a week's outing at Epworth Lake park, where the forty-second annual session of the Nebraska Press association is to be held beginning today and lasting until Wednesday evening of next week.

Tomorrow the real work of the association will begin when President Charles Pool of Tecumseh calls the meeting to order at 10 o'clock and Governor Morehead bids the editors welcome. The governor will tell about the big bass he caught last week up in the sand hills and defy any editor to beat it if he can. Mayor Frank Zehrung of Lincoln will also tell the editors how glad Lincoln people are to greet them again and President Pool and Vice President H. A. Brainerd will respond.

Fireworks Start Today.
Other parts of the program will be a round table discussion in charge of A. L. Davis of the Greeley Independent and in the afternoon if Doc Hixby gets back from his junketing trip he will deliver the annual poem "Jim Tanner" of the South Omaha Democrat, who is some poet himself will endeavor to respond with one of his poetic effusions and some more of the boys will pull off oratorical stunts.

A little later in the afternoon the first of the ball games will be played or rather worked. The two teams will be made up of republicans on one side and democrats on the other. Just why the bull moose herd should have been left off in this sport is not given out, but Frank Harrison is pulling off the sport stunt and if anybody don't like it talk to Frank.

The first round for the editorial tennis championship will be played right after the ball game and in the evening there will be a camp fire, which later may be turned into a smudge to keep off the mosquitoes, should they be roaming about in search of editorial blood.

Association Notes.
A number of typewriters at headquarters tent have been provided for editors, who are to write copy and edit their papers at long distance. A feature of the sessions will be the publication of a "day" on which the Lincoln base ball club and will be taken to "Tigers Roost," where they will witness a game between Lincoln and the Wichita club.

Mrs. H. Gordon Cross of St. Edward will entertain the association at numerous times during the session with solos, both instrumental and vocal. It is expected that Mr. and Mrs. Cross will be here the full week.

Ed Whitcomb, one of the oldest members of the profession, who has been counting on having a good time camping out with the boys, has a word that he cannot come, and his health is such that his physician feels that he ought not to take the chance of taking cold.

Monday evening there will be a reception at the Commercial club room. This is in conflict with the Omaha meeting of the republicans of the state to which many of the editors are invited, and it is possible that an effort may be made to change the time to some other night.

Governor and Mrs. Morehead will hold open house to the editors at their family between 4 and 5 o'clock Tuesday afternoon. This will take place while the visitors are going taken about the city in automobiles. The stop will be made long enough to enable each one to pay their respects to the governor and his lady.

FIRE PRECAUTIONS URGED UPON FOURTH OF JULY

LINCOLN, June 18.—(Special.)—In an effort again to impress upon the public that great care should be taken to prevent fires on the Fourth of July, Fire Commissioner W. S. Ridgell has issued a proclamation calling attention to the matter and urging the public to take extra precaution along the lines of fire prevention and accidents. He more particularly urges the people to be careful in the handling of explosives and shows that in the last ten years 28,500 have been killed by Fourth of July explosives.

He calls upon city and village officials to prohibit the use of all explosives and to cut out the use of the balloon, which though pretty for a time, is apt to fall upon the roofs of houses or in places where fires are easily started.

POISONOUS FIERY RED PIMPLES

For Three Years. Itched and Burned Intensely. Spread Across Forehead. Cuticura Soap and Ointment Ended Trouble. 1107 N. Winchester Ave., Chicago, Ill.—"I was seriously affected with poisonous fiery red pimples in the middle of my cheeks for three or more years, and I could never get rid of them. At times it seemed as if they had vanished, but later would become large with yellow pus in them. They itched and burned intensely so that I was tempted to scratch and irritate them. Later they spread across my forehead and down toward the chin. The pimples caused disfigurement. On reading a few of the wonderful cures of Cuticura Soap and Ointment I thought I had better try them. In the evening before retiring and also in the morning when I arose I thoroughly cleaned my face with hot water and Cuticura Soap and after drying I applied the Cuticura Ointment. I only used two cakes of Cuticura Soap and half a box of Cuticura Ointment and within six months my trouble was completely ended." (Signed) Miss Clara E. Strelow, Oct. 3, 1913.

TO REMOVE DANDRUFF Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair, frequent washings with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford a most effective and economical treatment. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Farm Home is Burned

BROKEN BOW, Neb., June 18.—(Special.)—The residence of Mr. and Mrs. David Coulter, ten miles north of the city was completely destroyed by fire Tuesday morning. Mrs. Coulter was alone with her three small children at the time and did not know the residence was burning until her 6-year-old boy, who saw it from the field, ran in and told her. The flames by this time had gained such headway that it was impossible to save a thing except the telephone box, which Mrs. Coulter wrenched from the wall as she ran out of the door. This came in useful later on, for upon Mr. Coulter's return from a distant neighbor's the box was placed in a shed and telephone communication established, which soon brought assistance. It is not known how the fire originated. The building is a total loss.

Oconto Liquor Case to Be Appealed.
BROKEN BOW, Neb., June 18.—(Special.)—The Oconto liquor case, heard before Judge Hostetter in district court this week, has attracted considerable attention, it being in the shape of a remonstrance from Rev. Frank Major against the granting of a saloon license to Dan Buckley of Oconto by the village board. The judge held that the evidence showed no moral turpitude on the part of Buckley when he opened up for a few hours on May 1, before the license was technically granted, because he at once closed his place when proper objection was made to him. He therefore affirmed the granting of the license by the village board. The case will be appealed to the supreme court.
