Dannebrog lodge, No. 216, will put on the third degree work next Friday night. The report of the general relief committee for the term ending July 1, 1914, was read in all of the Omaha lodges last week. Cole secretary-treasurer.

Instead of leaving Omaha on a special train over the Milwaukee Sunday evening, July 26, their train will leave Monday morning at 8 o'clock, arriving at the lake at 4:30 in the afternoon, thus getting a daylight ride. Returning, the train will leave Okoboji at 8 o'clock Saturday morning, August 1, arriving in Omaha at 5 o'clock the same evening.

CORSE VISITS HIS OLD FRIENDS IN THIS CITY

George W. Corse, a clerk in Union Pacific headquarters in Omaha from 1881 to 1885, but now residing in Yokohama, Japan, where he represents the Union Pacific system, the Southern Pacific, the Pacific Mail steamers, the Northwestern, Milwaukee and Santa Fe as general passenger agent for Japan, eastern Siberia, Manchuria, Java, India, Ceylon, Siam and the Philippines, is in the city.

Mr. Corse is of the opinion that the travel from the orient will be heavy next year, many of the wealthy people coming to the Panama exposition. His idea is that after seeing the exposition, large numbers of them will journey east, many stopping off in Nebraska and Omaha.

OZARK IS DOUBLE-SCREENED. First, at the mines where all of the too-small pieces are taken out, leaving only the proper size for furnace; Second, at our yards where we hand-screen out all of the CRUMBLE-DUST before loading into the big yell-o wagons.

Here is the best Coke bargain ever offered in Omaha. Coke quality depends upon the coal from which it is made.

OUR CARBON COKE is made from high grade Colorado Coal. This alone insures better coke quality than Omaha has seen before.

NO MORE COKE TROUBLES: Some cokes burn with oily, greasy smell all thru the house.

Some are unsubstantial and have but little heat producing qualities.

Some are too hard, requiring heavy draught. Such coke fires are used for smelting and it's no wonder the grates and fire pot burn out.

Some fail to hold fire when the draughts are shut. All of these disagreeable, expensive things are avoided if you will burn

63,000 Boxes of Luscious Elberta Peaches for the Omaha Market

Gilinsky Fruit Co. Makes Mammoth Purchase

This mammoth peach deal by an Omaha concern overtops for size any order ever recorded in this country. The contract called for 63,000 boxes—two solid trainloads of 25 cars each. During the last two weeks Mr. Gilinsky has been solicited by Eastern Agents, and

Offered a Big Bonus For Their Contract

These offers have been turned down, however, and the entire shipment will be distributed in Nebraska and Western Iowa at positively the lowest prices ever quoted at retail for CLASS "A" ELBERTAS.

Sixty-three thousand boxes! Oh me, oh my! Figure out, if you can, the number of craving palates that these toothsome, juicy morsels will satisfy during the coming winter months. Every prudent housekeeper will be astir this week to get her share of these big, bouncing Elbertas, as full of meat as the proverbial coconut. Peaches that were nursed and raised in the dry, red soil of Placer County. No irrigation there. Just God's own sunlight and moisture and the unseen something that gives such a delicious flavor to the celebrated Placer county products.

It took keen foresight, ready cash and lots of "sand" to go into the California market two months ago, and contract for two solid trainloads of peaches. At that time bumper crops were anticipated, and Mr. Gilinsky bought at the lowest prices ever quoted for Placer County Elbertas. Since that time the peach output has met with mishaps—crops have been cut off—and the result is that prices today are starting to soar.

However, for publicity purposes, the Gilinsky Fruit company is going to give the public the benefit of their lucky purchase, and the first section of the shipment will be placed on sale tomorrow by the local retail stores at a LOWER price than the Wholesale Commission Merchant can buy them today in California. Ask your Grocer tomorrow!

These Will Be the Best Peaches of the Year

And Prices Will Reach the Lowest Level—"Put Up" Peaches This Week

CUT THIS OUT for your information

One of the following list of names will be found on the end of each box containing the Elberta Peaches that are included in the Gilinsky shipment. Look for them. It means better quality and lower prices to you.
Earl Fruit Co.,
Geo. D. Kellogg & Son,
Newcastle Fruit Co.,
Perry Fruit Co.,
Pioneer Fruit Co.,
Producers' Fruit Co.,
Schubel Bros. Co.,
Silva Bergholdt Co.,
Vacaville Fruit Co.

Styles don't change in peaches, but the size of crops do. In former years it was deemed wise to wait until late in August to get the lowest prices. It's different this year. Late frost in Idaho and Oregon cut off thousands and thousands of boxes from the usual crops. The prices quoted on this Gilinsky shipment will positively be the lowest prices of the year on California Placer county Elbertas. If you wait, you're going to be disappointed. We will stake our reputation on this statement. Don your "canning" clothes! This is Elberta Week!

Consumers! Please Read This Important Notice for Your Own Protection!

When you buy peaches tomorrow, request some of the mammoth "Gilinsky Shipment." If your dealer hasn't got them, phone us and we'll tell you the name of the nearest dealer to your home who is supplied. No other peach offered for sale can be as good—and no other peach will be sold at so low a price. Remember, these are the genuine Placer County, Cal. Elbertas—and should not be confused with the large pit Southern California peaches generally thrown on the market at this time.
