DOUGLAS VOTERS MIX MATTERS AT THE POLLS

Discriminating in Their Preferences and Let in Every Candidate Seeking Re-Election.

MOREHEAD BEATS HOWELL 3,643

Returns, Almost Complete, Leave No Doubt on the Main Men.

LOBECK LOSES T. W. BLACKBURN

Lynch Again County Commissioner by a Very Snug Margin.

MAGNEY SNOWS BROME UNDER

Vote on Legislature Close, but Democrats Have Better of It.

TEN IN HOUSE, THREE IN SENATE

County Goes Against Woman's Suffrage, but for Most of the Other Proposed Amendments on the List.

Returns from all of Douglas county except seven precincts, four in the country and three in Omaha, and a plurality over Howell of 3,643, which is 600 more than some of the democratic leaders predicted. The returns show very discriminative voting. Every county official seeking re-election won out. While the democratic governor ran this far ahead, no other democrat on the state ticket got a plurality larger than 200 except Pool and only three won out at all.

This discrimination extends on down the line. Congressman Lobeck defeating Blackburn, his republican opponent, by 6,065, on the face of these nearly complete returns. On into the legislature, according to these returns, Bedford and Quinby, democrats; Dodge, republicans; Howell, democrat, and Saunders, republican, are elected to the state senate in the order named. Of state representatives the vote is close and the tide has shifted more than once since the returns began to come in. Up to this last accounting, however, ten democrats and two republicans, Lundgren and Palmer, seem to be elected.

Officers Re-Elected.
William G. Ure is re-elected county treasurer; Felix McShane, Jr., is re-elected sheriff; George A. Magney is re-elected county attorney; John C. Lynch, Henry McDonald and Thomas O'Connell are re-elected to the Board of County Commissioners; Bryce Crawford is re-elected county judge; Willis C. Crosby is re-elected coroner; Louis Adams is re-elected county surveyor; Frank Dewey is re-elected county clerk; Harry Pearce will have the distinction of being the only new face in the court house, having been elected to the bench.

Son of Grant Parsons is Fatally Hurt by a Fall at Davenport

DAVENPORT, Ia., Nov. 4.—(Special Telegram.)—Neal Parsons, 24 years old, son of Grant Parsons of the Parsons Construction company of Omaha, was internally injured here this morning when the scaffolding in the elevator shaft of the building under course of construction broke and he dropped over 100 feet to the basement. He fell on his head and is still unconscious. Young Parsons was employed by his father as labor foreman. Harry Thomas, a laborer, on the scaffolding at the time, was also fatally hurt.

War Summary

London was silent yesterday regarding the naval engagement off the Chilean coasts Sunday. The American minister at San Francisco reports that a German submarine was sunk off the coast of Chile in which five German vessels were sunk or put out of action three British warships. Until the British admiral has spoken, the extent of their losses cannot be known. According to German reports, the British cruiser Monmouth was sunk, the cruiser Goodhope put to flight when apparently in a sinking condition and the Glasgow driven into a neutral port. The German ships are said to have been undamaged and the loss of life on board is said to have been comparatively insignificant. If two British cruisers went down it is possible that some 1,500 men were lost. Early reports spoke of the cruiser Dresden as one of the German squadron. Today's advices from Chile mention the Bremen, but do not speak of the Dresden. It is impossible to determine which one of the warships was engaged, or whether both were.

CANADIANS ARE FRIGHTENED

Presence of Five German Warships in Pacific Dominion.

NEW ASPECT ON SEA SITUATION

Victory of Tonton Squadron Off Chile, Definitely Shifts Command of Southern Waters to the Kaiser.

SAN FRANCISCO, Nov. 4.—The brilliant victory of the German squadron over the British off the coast of Chile places a new aspect on the naval situation in the Pacific. For the present, at least, it definitely shifts command of southern waters to the Germans, and until there has been a readjustment of forces will make itself felt in the movement of all cargoes between the Pacific coast and Europe. Which way the Germans will elect to turn next is pure speculation, but they are free to move northward to the mouth of the Panama canal, or to continue southward toward the passage through the straits of Magellan and the route around the Horn. At the same time the trade lanes between San Francisco, Puget sound and the Orient, already heavily policed by Japanese and British, are now cleared of menace, and the allied patrols can move against the enemy with a definite objective. The engagement accounts for all German warships at large in the Pacific and east of Suez, except the Emden, whose repeated raids on British commerce in the Indian ocean have been so costly.

Canadians Are Scared

OTTAWA, Ont., Nov. 4.—The presence of five German warships in the Pacific off the coast of Chile, and the probability that two more, the Dresden and the Emden, are on their way to join them, created considerable apprehension here for the safety of Canadian cities on the Pacific coast. To meet the situation the naval authorities at Ottawa were in conference all forenoon. Measures of some sort, it is said, will likely be taken, though what they are has not been determined. The fact that the German warships had been gathered into one fleet was taken here as a clear indication that Germany had perfected arrangements for coaling the fleet, and it was felt that little could be done to round up this fleet until British and Japanese warships now at Tientsin are relieved.

It is feared that the German fleet may steam north and under threat of long-distance bombardment attempt to levy tribute on the city of Victoria. The only danger to which the fleet would be subjected in carrying out such an enterprise, it is pointed out, would be an attack from the two submarines which Canada brought from Chile at the opening of the war, and which are stationed in the waters about Van Courve island.

FIGHT FOR HOUSE

LOSE ON FACE OF PRESENT RETURNS

Battle for Control of Next Lower Body of Congress Less Decisive Than Estimated.

REPUBLICANS ELECT 172 MEN

Democrats Name 189, Bull Moosers Two, Independents One, Socialists One, Missing One.

G. O. P. GAIN OF FORTY-THREE

Of Those Not Yet Heard from, Burtons Must Secure Twenty-Nine.

THAT NECESSARY TO MAJORITY

Eleven Governors to Credit of Elephant and Ten to Donkey as Result of Tuesday's Elections.

WASHINGTON, Nov. 4.—On the face of incomplete returns late today the fight for control of the house of representatives of the next congress is close—possibly closer than democratic leaders have estimated.

With sixty-nine congressional districts unreported, the elections stood this way: Democrats elected, 189; republicans elected, 172; progressives elected, 3; independent, 1; socialist, 1; missing, 68.

Total membership of the house 431. The returns thus far showed republican gains of forty-three seats. Of the sixty-nine missing, the democrats must have twenty-nine to get 218, a bare majority. Democratic leaders predicted they would have more than enough. Postmaster General Burleson predicted, after a conference with President Wilson, a majority ranging from twenty-nine to forty-five.

Demos Hold Senate

The varying reports of the senate contests in Nevada, California, Kansas and Colorado gave no promise of reducing the democratic majority of eight. Reports to the national democratic committee were said to indicate the election of James D. Phelan of California to succeed Senator Perkins, a republican, and the re-election of Senators Nevada and Thomas in Nevada and Colorado. In Kansas a close contest for the seat of Senator Bristol seemed to be between Representative Murdock, progressive, and former Senator Curtis, republican, leaving Representative Neely, the democratic candidate, behind.

Republicans Elected

NEW YORK, Nov. 4.—Incomplete returns from the twenty-nine states where gubernatorial elections were held showed today that eleven democrats and ten republicans had been elected and that in seven states the result was apparently undetermined. In these seven states the republican candidates were leading in five and the democrats in two. California, apparently, had re-elected Governor Hiram Johnson, progressive. Of these twenty-nine states, sixteen at the present time have democratic governors, eleven republican governors and two progressive governors.

States electing democratic governors were Alabama, Arizona, Georgia, Massachusetts, Minnesota, Michigan, Nebraska, Oklahoma, South Carolina, Tennessee and Texas.

Republican governors were elected in Connecticut, Iowa, New Hampshire, New York, North Dakota, Ohio, Pennsylvania, Rhode Island, Vermont and Wisconsin. In Colorado, Kansas, Nevada, Oregon and South Dakota the republican candidates were leading in early returns. In Idaho the democratic candidate was leading and in Wyoming the democratic and progressive candidates.

New York, New Hampshire, Connecticut, Colorado and Ohio elected republicans to succeed democrats; Minnesota and Tennessee chose democrats to succeed republicans.

American Warship Arrives at Beirut

LONDON, Nov. 4.—According to the Athens correspondent of the Star an American warship has arrived at Beirut, Syria, for the protection of the Christian population.

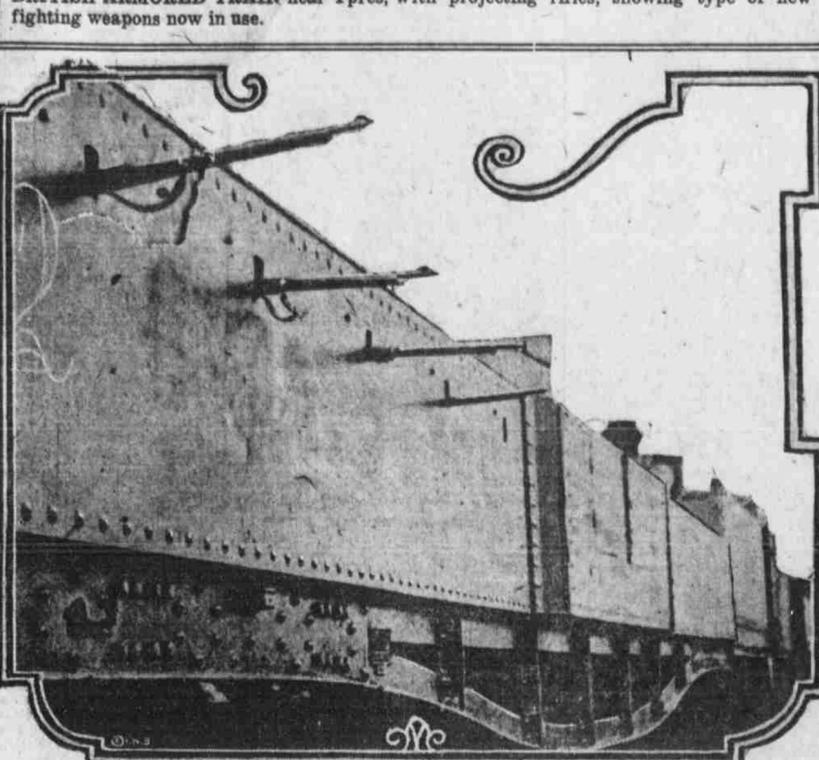

Republican Wins in Wilson's District

TRENTON, N. J., Nov. 4.—President Wilson's home congressional district, the Fourth of New Jersey, has elected Elijah C. Hutchinson, a republican, to succeed Congressman Allan B. Walsh, a democrat, by about 1,000 plurality.

MOREHEAD TO BE GOVERNOR AGAIN

Returns from the State Show Him to Be Safely in the Lead of Howell.

INCREASES HIS PLURALITY

Vote So Far Returned Indicates a Gain for the Governor in the Entire State Over Two Years Ago.

Enough of the state has been heard from to make certain the fact that Governor Morehead has been re-elected by an increased plurality. Returns from fifty-seven counties have been received and tabulated on the governor and show: Morehead, 52,909; Howell, 43,184. These totals are both heavier than the vote for Morehead and Aldrich two years ago.

Trend is Against Suffrage as More Returns Come In

After having led in the first meager reports until yesterday afternoon, woman suffrage began to fall somewhere behind in the afternoon. Counting Douglas county, the thirty-one counties from which incomplete returns have been heard from, give suffrage 19,266, and against suffrage 21,667. This gives the anti in these incomplete returns, a majority of 1,701.

The thirty counties outside of Douglas, with mostly incomplete returns, also give the anti a majority of 766. Douglas county voted: For, 7,698; against, 5,638.

The vote as it had struggled in by Wednesday evening stood, outside of Douglas county, as follows:

F. Augustus Heinze, Copper Magnate, Dies

SARATOGA, N. Y., Nov. 4.—Augustus Heinze, owner of immense copper interests in the west, died suddenly here tonight. Mr. Heinze had made his home in Saratoga for the last six months, and his son, F. Augustus Heinze, Jr., was the only relative he had here. Mrs. Heinze died about a year ago. A sister of Mr. Heinze, Mrs. William K. Flettman, and two brothers, Arthur P. and Otto Heinze, of New York, are on their way here. No funeral arrangements will be made until they arrive. Mr. Heinze seldom spent months in a few days at a time here, living in New York.

GERMAN FLEET LEAVES ITS BASE NEAR HELGOLAND

Another Report from Dunkirk Says Four Battleships and Four Cruisers Have Left Keil.

German Warships Gather Off Aland Islands Opposite Entrance to Gulf of Finland.

DARING RAID TOWARD ENGLAND

Cruiser Halcyon Succeeds in Escaping from Tight Corner Practically Uninjured.

BATTLE FOUGHT OFF YARMOUTH

Shells Drop Within Few Hundred Yards of Naval Station.

DARDANELLES IS BOMBARDED

Combined Fleet of Allies Opens Fire on Turkish Forts at Mouth of the Strait from Long Distance.

BULLETIN. COPENHAGEN, Nov. 4.—(Via London)

A fleet of German warships has gathered off the Aland islands, in the Baltic sea, northeast of Stockholm and opposite the entrance to the Gulf of Finland. They evidently were proceeding north and have stopped to await orders.

BULLETIN. DOVER, Nov. 4.—(Via London)

The report is being circulated that the German fleet has come out from its base. It is also reported from Dunkirk that four battleships and four cruisers have put to sea from Kiel.

LONDON, Nov. 4.—With pressure on the France-Belgian sea coast relieved, interest in London again has been diverted from land operations to naval movements.

The daring dash of a German squadron to within ten miles of the northeast coast of England indicates that the prolonged inactivity of the larger units of the German fleet has been broken by a raid on the coast of England, but much satisfaction is expressed that the cruiser Halcyon, by the clever seamanship of its commander, escaped from a tight corner practically uninjured. The retiring German squadron dropped floating mines in its track and this delayed pursuit.

Dardanelles BombarDED.

Another interesting naval development was the long distance bombardment of the Dardanelles by a combined allied fleet. Athens reports that seventy shots were fired at the Turkish forts by a raid on the coast of England, but much satisfaction is expressed that the cruiser Halcyon, by the clever seamanship of its commander, escaped from a tight corner practically uninjured. The retiring German squadron dropped floating mines in its track and this delayed pursuit.

The official reports from Belgian headquarters are becoming more positive in their assertions that the enemy is preparing to withdraw from his hard won position on the southwest coast of Belgium. Nieuport has been evacuated, but not before the city had become an untenable ruin. The battle of the Sand Dunes may now be said to be history, as in London it is considered as hardly likely that the Germans again will attempt to move in that direction, as the flooding of the country has made it practically worthless as a battleground.

Elsewhere along the western battlefield the usual attacks and counter attacks are reported without any indication as to the exact point where the invaders may be (Continued on Page Two, Column Four.)

Who's Got the Money?

Answer: The Western farmer. Farms in the West that are being developed scientifically along with natural fertility and accessibility to markets, are making their owners wealthy.

Farmers in western states are worth today \$750,000,000 more than they would have been if there had been no war. This is the INCREASE only in value of their crops, and is itself only 25% less than our national debt.

Just think for a moment of the unlimited possibilities in a good farm and the Missouri Valley is the best in the country. See if there is not a good farm for sale in The Bee's "Farm and Ranch Lands" column.

If those offered today do not appeal to you, keep in touch with this column every day from now on and you will soon be able to pick up a big bargain.
