

101 MILLIONS FOR NATIONAL DEFENSES

House Passes Army Appropriation Measure Carrying Huge Sum Without Roll Call.

HARDNER WANTS MORE YET

WASHINGTON, Jan. 22.—After two days of debate on the general state of the national defenses, the house last night passed without a roll call the army appropriation bill, carrying \$101,000,000.

Advocates of immediate strengthening of the national defenses fought to the last for additional appropriations, but met with no encouragement. The last roll call, in motion of Representative Gardner of Massachusetts, to commit the bill with instructions to report back an amendment carrying \$1,000,000 for aviation, was defeated, 232 to 241. The bill, which carries funds for all branches of the army during the coming year, includes \$300,000 for the purpose of twenty-five airplanes and \$50,000 for an armored motor car. The appropriation for the purchase of field artillery material was increased from \$25,000 to \$170,000.

American Cook Army Will Invade Europe

CHICAGO, Jan. 22.—Invasion of Europe by an army of American cooks to introduce corn bread, corn cakes and fried chicken to a continent, now familiar with buckwheat bread, is the plan advocated today at the sixth annual meeting of the Council of Grain Exchanges, as a means of avoiding a wheat shortage in the United States.

U. S. Fourth Instead of Third Naval Nation

WASHINGTON, Jan. 22.—The United States will drop from third to fourth place among the world's sea powers with the completion of all ships under construction up to July 1, 1916, according to calculations in the navy year book issued today by the senate naval committee. France will move from fourth to third place, according to the official table.

SCIENCE HAS TYPHOID WHIPPED IN THIS WAR

LONDON, Jan. 22.—Sir Frederick Frazer, the widely known surgeon, in speaking before the Royal Society of Arts tonight, said the results achieved by inoculation against typhoid fever in the British expeditionary force have been "positively astounding." He said that since the war began there had been only 12 cases, of which 11 were persons who had not been inoculated. There had been only twenty-two deaths and none of those who died had been inoculated. Not a single death from typhoid had occurred among those inoculated.

Three Hundred for Wife's Affection FORT DODGE, Ia., Jan. 22.—(Special.)—M. E. Cox, who sued C. O. Anderson for \$5,000 for alleged alienation of Mrs. Cox's affections, was given a verdict for \$300 in district court. The case was one of the most valuations ever tried in this county.

Help Your Stomach

DEADLIEST ORDNANCE OF FRENCH ARTILLERY—This photograph shows a 75-millimeter and an ammunition wagon of the French artillery at Ypres. This type of ordnance has proved to be the most effective used by the French artillery, both in length of range and in accuracy.

IOWA RETIRES CURRENCY

More Than Three-Quarters Million Emergency Money Called in by the Banks.

CONDITIONS GROWING BETTER

(From a Staff Correspondent.)
DES MOINES, Jan. 22.—(Special Telegram.)—More than \$750,000 of emergency currency issued to Iowa banks had been retired since January 1, according to records in the office of the secretary of the Iowa Bankers' association. Local banks assert that the retirement of the emergency currency can mean only one thing: "Constantly better business conditions in all lines in Iowa, and the consequent payment of debts and easier money."

Children Case Reversed.

The supreme court today reversed the decision in the case of W. C. Children, applicant, against Frank Smith, from Pottawattamie county, involving an action for libel in publishing an article about the plaintiff during a campaign. The court holds the case should have gone to the jury to decide whether the matter was libelous.

Plan to Raise Iowa Rates.

A plan of the railroads to raise passenger rates in the state has been devised. The first step will be to ask the legislature for a change in the law authorizing charging 2 1/2 cents fare for passengers instead of 2 cents on first class roads. The legislature will refuse this. Then the Interstate Commerce commission is to be asked to make an order to remove the discrimination caused by the interstate rate being lower than the intrastate rate. Under the recent decision of the supreme court the commission has the power to do this despite the state rates may be fixed by law. The railroads have started in to make a determined fight for this increase in rates and will engage in an extensive campaign of publicity.

Change the Primary Law.

An important change is contemplated by the members in the presidential preference primary law. As at present made it contemplates that a preference shall be expressed by the voters of the various parties for president and vice president in the primary election of next year. It is intended to eliminate the preference for vice president as it is recognized by all that at the time of this special primary it is not likely there will be any well defined opinion as to who ought to be nominated for vice president.

Separate Index.

It has been decided that there will be printed and bound separately from the code and the code supplement the index thereto on which the code commission has been laboring for some time. The index will cover both the code and the supplement and it will make a book nearly as large as either one of the two. It has not yet been finished. Because of the desire to have it completed as the first real index made to an Iowa code the lawyers of the legislature will favor a bill to have it printed separately.

Legislative Proceedings.

The expected bill to repeal the law regarding a millage tax to pay for the purchase of ground around the capitol, appeared today. It was presented by Senator Whitmore who represents Ottumwa in the senate. It is very short and merely repeals everything relating to it. This would leave the holders of the certificates with which the ground was bought without recourse and the account repudiated entirely. It would also prevent any improvement of any part of the capitol grounds extension and leave it for all time in its present condition.

The senate received a joint resolution by Senator Ross looking to have made a classified index of the bills and have it kept up during the session. In the house there was a proposal made by Jamison of Des Moines to amend the constitution to have sessions of the legislature only once in six years.

Completed Reform Committee.

Speaker Atkinson announced appointment of Knapp and Miller to be democratic members of the reorganization and reform committee. This completes the committee as President Harding had named Schrup and Voorhees on the committee. This committee is now ready to consider the bills which are being prepared for the revolutionizing of the government of the state.

New Senate Bills.

Whitmore, to repeal all the laws for the millage tax to pay for capitol grounds. Francis, to make telephone lines common carriers and give the railroad commission authority over them. Jackson, requiring pharmacists to keep the original prescriptions on file. Ream, to permit trout lines clear across a river instead of only half way. White, to impose a tax on dogs for benefit of all live stock. Chase, to settle certain claims on account of school land sales. Fockett, to give George E. Shaw \$5,000 for injuries received at Clarinda hospital. Francis, to provide for lien on the pro-

Great Corporations Are Dangerous to Workers, Says Louis D. Brandeis

NEW YORK, Jan. 22.—Louis D. Brandeis of Boston and Charles F. Neill, former United States commissioner of labor, were the witnesses called today to testify in the inquiry being conducted here by the federal commission on industrial relations into the causes of industrial unrest.

Mr. Brandeis is expected to advocate the minimum wage as a cure for industrial unrest, the theory and practice of which he explained yesterday to the New York state factory investigating commission.

Louis D. Brandeis of Boston was the first witness. He did not believe the directors of large corporations had knowledge of facts sufficient to permit them to improve effectively the condition of employees.

Great corporations were dangerous to the workers, Mr. Brandeis asserted, because they had endeavored to develop an absolutism, benevolent, but an absolutism nevertheless. He believed a certain amount of unrest was desirable. Industrial democracy, he thought, should be attained.

Mr. Brandeis believed the absentee owner of corporations should be held absolutely responsible for conditions among his employees.

"There is no such thing as an innocent stockholder," he said.

He said he doubted if much could be accomplished for the worker by legislation unless it was to regulate unions.

Philanthropic foundations, Mr. Brandeis thought, were formed with an honest plan of aiding humanity. He said he had grave apprehensions as to what would happen when the foundations should pass from the control of the men who at present are directing them.

White of Benton, to increase the exemptions on live stock. Francis, pension to Abbie Gardner Sharp.

New House Bills. Gracon, to provide for teachers' pensions and a millage tax in support thereof. Bauman, fixing maximum speed limit of automobiles in country at twenty-five miles. Horchem, for a permanent code editor at \$5,000 a year.

Court Decisions. In re-estate of John Peterson, Plymouth county, Judge Hutchinson; inheritance tax case; affirmed, opinion by Deemer. Merchants Transfer and Storage com-

pany, appellant, against Chicago, Rock Island & Pacific railway, Polk county, Judge DeGraff; action for damages to property, reversed, opinion by Gaynor. Commercial National bank of Council Bluffs against Pottawattamie County Board of Supervisors, appellants, Judge Arthur; action to collect tax; affirmed, opinion by Ladd.

John Salmon against Farm Property Mutual Insurance Association of Iowa, appellant, Fremont county, Judge Thornell; action to recover on fire loss; reversed, opinion by Deemer. John Irvine against city of Oklawaha, appellant, Fayette county, Judge Hobson; action for damages on account of nuisance; reversed, opinion by Deemer. Nellie H. Hannan against W. J. Messenger, appellant, Osceola superior court, Judge O'Conor; on transfer on calendar; reversed, opinion by Gaynor.

Headlight Case is Continued. PORT DODGE, Ia., Jan. 22.—(Special.)—The trial of the case of the state against the Illinois Central for violation of the state law requiring electric headlights on locomotives, has been continued to the March term of district court. The case was to have been tried next week. The indictment was returned by the January grand jury. C. A. Robbins, assistant attorney general, assisted in the investigation here.

GERMAN ARMEN ATTACK DUNKIRK

Six Persons Are Killed and Twenty Injured by Bombs Dropped Into French City.

BRITISH SHELL BRUGES DOCKS

PARIS, Jan. 22.—A semi-official note issued tonight says that a number of German aviators attacked Dunkirk today, throwing eighty bombs. The victims numbered twenty, six of whom are dead. A large warehouse was set afire by one of the bombs.

French and English aviators, who chased the German aeroplanes, brought down one at Bray-Dunes on the Belgian frontier. Its two occupants were made prisoners.

German Aeroplane Brought Down. LONDON, Jan. 22.—The correspondent of the Daily Mail at Hare in his report on the aeroplane attack on Dunkirk yesterday, says:

"Several German aeroplanes dropped bombs on Dunkirk Friday afternoon. One of them was brought down at Great Dunes, between Dunkirk and Furnes, and the two German flyers, this machine containing two pilots, were killed. Ten unexploded bombs were still attached to the aeroplane."

British Drop Bombs on Bruges. AMSTERDAM, Jan. 22.—A British airman today dropped bombs on the important Bruges, Belgium, docks, according to news which has reached here. The result of the attack is not yet known. The aviator escaped unhurt, although he was attacked by the Germans.

Zeppelin Seen in Ostend. DOVER, Jan. 22.—(Via London.)—It was reported tonight that a Zeppelin was seen over Ostend today.

Dispatches from Cromer, Eng., Friday night contained reports that aircraft had passed over that place and that preparations had been made to resist an aerial attack. Preparations were made in the surrounding towns, but no attack developed, so that it appeared that the reports about the invading aircraft were baseless.

Wootan Is Resigning; Black Joins Bee Force

James B. Wootan has resigned from The Bee after thirteen years in different capacities as a member of the editorial staff. "Please say for me, that I intend to remain a resident of Omaha, and for a few months will devote my time to certain literary pursuits, which will involve considerable travel in western states," says Mr. Wootan. With Mr. Wootan's withdrawal, Edward Black, with many years' experience on various Omaha dailies, is resuming a place on The Bee.

Peruna the Remedy for Nasal Catarrh.

Mr. Louis Pfau
Manager
Central
Trust Co.
Chicago
Had an
Experience
With Nasal
Catarrh.
How He
Got Rid
of It.

I Had a
Severe Case
Of Nasal
Catarrh
I Wrote
Peruna Co.
For Advice.
By Using
Peruna
My Symptoms
Entirely
Disappeared.

Nasal Catarrh, No. 1
"I have been using Peruna for catarrh, so bad that it clogged the nasal organs." So says Mrs. Victoria M. Pickett, No. 130 E. Mount St., Columbus, Ohio. "I have been using Peruna for catarrh, having had a very aggravated case, so bad that it clogged the nasal organs. When I did get the nasal organs opened, the mucus would drop into my throat and make me very sick. A friend advised me to take Peruna, and after using four bottles I was cured. I have no trouble now, and am happy to say that I am enjoying the best of health and attending to my lodge duties, being a member of the Rebecca Lodge of Odd Fellows. I would recommend Peruna to those suffering with the same trouble."

Nasal Catarrh, No. 2
"I have been taking Peruna for nasal catarrh. Often I could not breathe through my nose, and had pains on both sides of it." So says Mrs. Jaschob, 1621 Palmwood Ave., Toledo, O. "When I wrote you for advice I had been sick for three years, and had been treated by three doctors, but did not get well. I was very nervous, and had trouble with my throat. Often I could not breathe through my nose, and had pains on both sides of it. I also had pains in the chest, and a short cough. I had palpitation of the heart and internal catarrh. My appetite was poor. I was always cold and had gurgling in the bowels. I took Peruna according to directions, and now feel that I am cured. Peruna has cured me. I have never been as fleshy as I am now, and I do all my work. The pain in the shoulder and chest is all gone. The medicine has done me much good. I shall always keep it in the house."

Nasal Catarrh, No. 3
"When I began Peruna my nose was stopped up half of the time. It was sore and scabby." So writes Mr. Arthur Thompson, R. R. 2, Leeburg, Ind. "When I began your treatment my eyes were inflamed, nose was stopped up half of the time, and was sore and scabby. I could not rest at night on account of continual hawking and spitting. I had tried several remedies and was about to give up, but thought I would try Peruna. After I had taken about one-third of a bottle I noticed a difference. I am now completely cured, after suffering with catarrh for eighteen years. I think if those who are afflicted with catarrh would try Peruna they would never regret it."

Nasal Catarrh, No. 4
"Peruna cured me of nasal catarrh. I had lost the sense of smell. My nose and head were continually filled so that I had to breathe through my mouth." So says Mrs. William Mann, No. 1311 N. Fifth St., Niles, Mich. "After having been troubled with catarrh all my life, Peruna cured me. I was so bad that I had lost the sense of smell when I was about fifteen years old. My nose and head were continually filled, so that I had to breathe through my mouth. There was a constant dripping in my throat. My general health was miserable. I felt tired all the time. About two years ago I began to take Peruna, and I feel like a different person. Now I can breathe through my nose without any trouble, and the soreness in my throat is all gone. Peruna has done many wonders for me. It also cured my daughter of bronchitis."
