WABASH CHIEF IN OMAHA

President Kearney Says New Train to Run Between Stanberry, Mo., and This City.

SEES BUSINESS IMPROVEMENT

"Business conditions throughout the country are decidedly better than they were a few months ago and indications are that all lines are going to keep on improving," said D. F. Kearney, president of the Wabash Railroad company, who spent an hour in Omaha last night.

President Kearney, accompanied by General Traffic Manager Maxwell, Chief Engineer Cunningham, General Passenger Agent McNamara and General Superintendent Cotton, arrived on a special train shortly after 5 o'clock and in automobiles took a short drive about the city, returning to their train and soon after 6 left for Moberley, Mo., from whence they will go over the Iowa lines.

Speaking of the Wabash and its future, President Kearney said: "I have been with the company a little more than a month and consequently it is a little too soon to say just what will be done. However, I feel certain that we will have the road out of the hands of the receivers before the end of the year and probably within a few months. It is a good property, and after making an inspection of the eastern and Missouri lines I have no hesitancy in saying that things look pretty good. We run through as good an agricultural country as there is in the United States, and with the return of business confidence and prosperity we will get our share of the traffic."

"Right now we have no cause for complaint. We are doing a fairly good business and I can see that there has been a substantial increase in the traffic since I became the head of the system, and this improvement is going to keep right on. The improvement is not due to anything that I have done, but it is because of the better business conditions throughout the country."

New Train to Omaha

Asked if the Wabash has anything in sight for Omaha, President Kearney asserted that a new train is to be put on by the first of next month. Relative to this he said:

"Not later than May 1 we will put on a local train between Stanberry, Mo., and Omaha. This service will be daily, the train leaving Stanberry in the morning and reaching Omaha early in the day. Returning, it will leave Omaha in the afternoon and land Stanberry passengers at their homes early in the evening. This train will serve a large territory, enabling people to come to Omaha, do their shopping and return the same day."

President Kearney is no stranger to Omaha. For several years he was connected with the operating department of the Missouri Pacific, coming here frequently. Subsequently he went to the Texas-Pacific, remaining with that road until the reorganization of the Gould lines, some six weeks ago, when he resigned to accept the presidency of the Wabash.

BEATRICE HAS THIRTY-SEVEN PLAYERS SIGNED

BEATRICE, Neb., April 9.—(Special.)—John Filmon, manager of the Beatrice Milkshakes, arrived in the city Thursday evening from his home at Joplin, Mo., to assume his duties for the coming season.

"Beatrice looks better to me than on my former trip last winter, and I am anxious to meet with the directors of the ball team and discuss our plans for this year," he said. "We have about thirty-seven players signed, and it will be necessary to weed out the poor ones before spring practice begins." He added: "The new plot said that experienced pitchers were lacking in the lineup. Although nineteen slab artists have affixed their signatures to contracts most of them have had no league experience."

Nebraska Family of Eight and Two Dogs Quarantined

CHEYENNE, Wyo., April 8.—(Special.)—William Bruce, wife, six daughters and two dogs, all from Wood River, Neb., are in the Cheyenne detention hospital, quarantined for smallpox. The mother and three of the daughters have the disease, the father and the other three daughters are expected to develop it and the dogs are held to prevent them from spreading it.

The Bruces were taken into custody here while en route to Greeley, Colo., where they will reside. As they sat in the Union Pacific depot between trains the condition of the mother and three daughters was observed and an investigation resulted in their being hastily moved to the detention hospital. The waiting room in which they had sat was locked and while police kept persons from approaching it was thoroughly disinfected by the city health authorities.

DEATH RECORD.

H. Lee Oldham. PLATTSMOUTH, Neb., April 8.—(Special.)—H. Lee Oldham, one of the oldest and most highly esteemed citizens of Cass county, passed away at his home in Murray yesterday, where he has resided since 1906. He was born in Brunswick, Mo., on December 7, 1836, and is survived by his widow and two daughters, Misses Pauline and Fay Oldham, and two sisters, Mrs. Cassale Baker and Mrs. Dora Moore, and one brother, George Oldham, of this city. The funeral services were held this afternoon.

Mrs. Ellen Mosley. WEEPING WATER, Neb., April 9.—(Special.)—Mrs. Ellen Mosley died Wednesday night at the age of 80. Mrs. Mosley was one of the foremost pioneer women of the vicinity. The immediate relatives who survive her are four daughters—Mrs. John Philpot of South Omaha, Mrs. R. F. Lettler of east of this place, Mrs. E. A. Coffer of Bethany, Neb., and Mrs. Z. A. Costman of south of town. The funeral was held today.

Mrs. Alta Singleton. GENEVA, Neb., April 9.—(Special.)—The body of Mrs. Alta Singleton was brought from Denver, Colo., yesterday for interment in the Geneva cemetery. She was the daughter of Mr. and Mrs. Charles Allen and leaves a husband, two little children, two sisters, a brother, father, and mother. She was an invalid for the last three years. One year of that time she spent here with her parents.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 2-cent bottle of Danderrin at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.—Advertisement.

Railroads Protest Furnishing the Data Asked by Shippers

CHICAGO, April 9.—Protest was entered today by counsel for the forty-one western railroad freight rate advances from the Interstate Commerce commission against furnishing the numerous interrogatories touching railroad financing which were proposed yesterday by Clifford Thomas of Iowa. Mr. Thomas is head of the opposition by sixteen state commissions to the advances.

Lorimer Must Face Trial on Charge of Bank Conspiracy

CHICAGO, April 9.—William Lorimer, former United States senator, and other officials of the defunct LaSalle Street Trust and Savings bank must stand trial on state charges of conspiring to wreck the institution. This was the effect of a decision in criminal court today by which a motion to quash the indictment was overruled and twenty-four of the twenty-five counts in the document were sustained.

C. B. Munday, former senior vice president of the bank, obtained leave to file an application seeking a change of venue from Cook county. The petition set forth the troubles of William Lorimer for five years back. As one of the reasons why Mr. Munday believes he cannot get a fair trial in Cook county, the petition cited speeches by Robert M. Sweitzer, defeated candidate for the mayoralty, in which Sweitzer referred to William Hale Thompson, mayor-elect, as the "twin brother of Mr. Lorimer. These remarks said the petition" reflected upon Mr. Munday because of his association with the former senator.

Carpenters' Board Sanctions Strike of the Chicago Unions

CHICAGO, April 9.—Sanction of a strike of 16,000 carpenters in Chicago because demands for increased wages have been refused was granted by the executive board of the International Brotherhood of Carpenters and Joiners at Indianapolis, according to word brought back today by John A. Metz and Daniel Galvin, officers of the union's local district council.

Ede Wrote Brother that Submersible F-4 Was Defective

LOS ANGELES, Cal., April 9.—"I expect the whole thing to go up in smoke any time," said Lieutenant Alfred Ede of the United States submarine F-4, in a letter written to his brother here with reference to his vessel just two days before it was lost in deep water off Honolulu harbor. The brother, Allison Ede, a city employe, gave out today a portion of the

ent hearing and that they were presented too late and that they were unnecessary, as all books and original records have been open to the shippers all through the hearing.

Mr. Wright stated that similar questions had been put to the carriers in the eastern rate cases and that, he said, were not used despite great expense in compiling and long delay to the hearing. Mr. Wright contended that while the eastern case was a general investigation in which such interrogatories might have been permissible, no such conditions existed in this case.

Among the questions was a request for a record of expenditures for railroad improvements, additions and extensions which have been changed to operating expenses since 1901. Another asked information regarding "payments for influencing legislation or assisting political

campaigns from 1907 to 1914."

The objections were filed and the shippers then offered testimony in opposition to proposed increases in freight on broom corn and hay.

letter which he received only a day or two ago. The letter says the vessel had leaked on a previous submersion trip. It refutes a previous report that the motors, which had suffered in an accident, were still in use. New motors, Lieutenant Ede wrote, had been installed.

An excerpt from the letter says: "Just came back from Pearl Harbor, where we were for ten days having a new motor installed. Previous to that we had a blowout. Talk little things like that down fifty feet and no bottom below and water trickling in—I expect the whole thing to go up in smoke at any time."
