

HOUSE REJECTS NORTON GAG RULE

Members Refuse to Let One Committee Do All Legislating for the Body.

NO PROVISION FOR THE CENSUS

(From a Staff Correspondent.) LINCOLN, April 12.—(Special.)—Opposition to the plan forced upon the house Friday, whereby one committee was to take all appropriation bills coming from the senate and act on them without the house members being given a chance to consider them, resulted today in an overthrow of the plan on the floor of the house and the adoption of the senate amendments to several bills without the aid of the conference committee.

It was evident when the members began to arrive this morning that Norton's gag rule was unpopular, and a red hot tilt between several of the democrats was the result before the house was called to order.

Representative Hoffmeister served notice on the members that everything that had been done since Thursday was illegal and that the legislature would surely be called back in thirty days to fix up what it had done illegally during the last few days. He said the constitution said the legislature at this session shall provide for taking the census and it had made no such provision, and that no census could be taken unless a special session was called. It is said that the attorney general has so ruled. The constitution on this point reads, in section 2 of article III:

The legislature shall provide by law for an enumeration of the inhabitants of the state in the year 1915 and every ten years thereafter, and at its first regular session after each enumeration, and also after each enumeration made by the authority of the United States, but at no other time, the legislature shall apportion the senators and representatives according to the number of inhabitants, excluding Indians not taxed, and soldiers and officers of the United States army.

Notes from Chadron. CHADRON, Neb., April 12.—(Special.)—Two of Chadron's boys have signed contracts to "pitch" ball the year in the State League of Nebraska. Pete Wilson goes to Fairbury as a pitcher and Orin Weymouth to Norfolk as catcher.

Farm Demonstrator C. S. Hawk is making a great canvass among the schools of the county, arousing the interest of the youth in trying to raise crops this season.

With every street and house numbered, Chadron expects the delivery of mails after July 1. Receipts of the postoffice are greatly over \$10,000.

Horse Deals at Table Rock. TABLE ROCK, Neb., April 12.—(Special.)—Six car loads of horses were unloaded at the barn of a firm of local shippers last week. One each from Minn. Cambridge, Middlebridge, Arapahoe, Blue Hill and Wymore, and one day it delivered to a St. Louis company three car loads of horses for the war, the shipment totaling a value of \$11,136.

New Type of Beggar Now Seeking Alms on Streets of London

(Correspondence of the Associated Press.) LONDON, April 12.—Grinders of wheeny organs, plastic-necked cornetists and other beggars using music as a means of an excuse for passing the hat are rapidly being driven out of business in London, for the war has brought a new and superior type of street musician to the front. Professionals, who used to support themselves by teaching and orchestral work, have now been reduced to playing for pennies. But they give the public really good music for its money, and are not paid to move away.

Meet of these artists come from Belgium. Usually they push around a piano on wheels, either to be played in solo or to accompany voices or the violin. Their programs are as good as ordinarily heard in the best theaters, but they are graded according to the part of the city. In Soho, London's Latin quarter, the music is of the gayest sort, in the ordinary middle class neighborhoods the selections run to the popular and sentimental, but in the cultivated West End to the classical. Many of the singers come from the opera and concert stage. Sometimes, to conceal his identity, the impoverished artist wears a domino across the face.

The new type of street musicians are not badly rewarded, for they are recognized as respectable people who have fallen victims to war conditions.

To Darken Hair Apply Sage Tea

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and thickness. Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, and move every bit of dandruff, along scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wynth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

AMERICAN SHIP FAST ON ROCKS

Steamship Minnesota is Aground at Entrance to Inland Sea Off the Coast of Japan.

ITS PASSENGERS ARE TAKEN OFF

KOBE, Japan, April 12.—The American steamer Minnesota, plying between Japanese ports and Seattle, struck a rock at 9:30 o'clock last night off Iwajima, near the southwestern entrance to the Inland sea. In a wireless message Captain Garlick has asked for a salvage steamer. He says all passengers and crew are safe.

The Minnesota sailed from Nagasaki, bound for Kobe, Yokohama and Seattle. It passed through the straits of Shimonoseki and was in the Inland sea when the accident occurred.

It is believed the Minnesota can be floated, but beyond the fact that one of its holds was pierced by the rock, the amount of damage is not known.

Wireless telegraphy was employed by the Minnesota in calling for help. A steamer, the name of which is not yet known, responded promptly. This probably is the vessel which took off the passengers and mail and conveyed them to Shimonoseki. The number of passengers on board the ship is not known here. They had just finished dinner when the crash came.

A salvage steamer, with a tender and divers, has been sent from Moji and will reach the scene of the wreck tomorrow morning.

The Minnesota on its outward trip left Seattle, February 8, for Yokohama, where it arrived February 22. It was at Nagasaki on March 9; Hong Kong on March 11 and it sailed from Manila on its return trip April 4. The Minnesota has run around in Japanese waters on two other occasions, but was refloated without serious damage.

Powder Smuggled Into Turkey Through Diplomatic Mails

PARIS, April 12.—The charge that explosives and spare parts of guns are being carried into Turkey through Roumania by German and Austrian diplomatic couriers, is made in a dispatch to the Journal from Bucharest. It is said that the size and increasing number of parcels carried by these couriers recently has attracted the attention of Roumania customs officials.

These embassy "pouches," which are exempt from customs examinations, the dispatch says, sometimes weigh as much as 5,000 pounds and never less than 5,000 pounds. The number of couriers is also considerably larger than usual. A discreet inquiry is reported to have revealed the nature of the "pouches" contents. It is believed that through this method a considerable quantity of ammunition and material has been smuggled into Turkey in the last few weeks. The severest measures have been taken by the Roumanian government to put an end to the practice.

WOMEN PLAINTIFFS AND DEFENDANTS IN SUIT

WEST UNION, Ia., April 12.—(Special.)—Women plaintiffs and defendants in criminal proceedings are not frequent. A case of this kind is called for the present term of court. RUSSIANS MARCH INTO HUNGARY

Descend Southern Slopes of Carpathians and Force Austrians to Retreat.

MANY KILLED AND WOUNDED

LEMBERG, Galicia, Sunday, April 11.—(Via Petrograd, April 12.)—The Russian armies, according to dependable information reaching Lemberg, have made successful advances along the wide front from Bartfeld to Uszok, the greatest gain being in the direction of Gumneno.

Heavy Losses.

At this point the Russians descended the southern slope of the Carpathians, forcing the Austrians back with heavy losses to the line between Mesolaboros and Smolnik. At the same time the Russians advanced along the line between Kukia and Svednika, where the Austrians, unable to make a serious defense, abandoned their stores and transport in their retreat.

A CLEAR COMPLEXION Ruddy Cheeks—Sparkling Eyes—Most Women Can Have. Says Dr. Edwards, a Well-Known Ohio Physician. Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 50c per box, all druggists. The Olive Tablet Company, Columbus, O.

A Remedy For All Pain. "The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often applies to us for, i. e. something to relieve his pain. If we can arrest this promptly, the patient is in a better condition in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kamnia Tablets are also excellent for the headaches from improper digestion; also for headaches of a neuralgic origin, and especially for women's headaches at certain times. Two Anti-kamnia Tablets give prompt relief, and in a short time the patient is able to go about as usual. These tablets may be obtained at all druggists. Ask for A. K. Tablets. They are guaranteed successful for headaches, neuralgia and all pains.
