

BOSSSES SCORED IN THEIR OWN REPORT

Representatives of Employers on Walsh Body Charge Bribery, Coercion, Conspiracy.

FINDINGS OF THREE SIZZLING

KANSAS CITY, Aug. 21.—The report to congress of three commissioners, appointed to represent the employers of the United States on the Federal Industrial Relations commission will contain admissions of bribery of courts and legislatures, conspiracy, exploitation of women and children, employment of gunmen, suppression of free speech and commission of other social crimes against labor, according to a statement given out tonight by Frank P. Walsh, chairman of the Industrial Relations commission. Harris Wainstock, Richard H. Ashton and S. Thurston Ballard are the commissioners who signed the report.

The commission's reports to congress, of which there are three, were signed in Chicago recently by the dissenting groups of commissioners, three each of whom were appointed to represent the public, the employees and the employers.

Will Come as Shock. "The revelations in the Wainstock report," Mr. Walsh's statement said, "will come as a shock to that employing class, which has been denouncing the advance summary of the main report of the commission, signed by myself and three other members of the commission as a pro-labor finding."

The charges against employers, made by the employers' representatives on the commission according to Mr. Walsh include the following:

That they have resorted to questionable methods to prevent their workers from organizing, attempted to defeat democracy by controlling courts and legislatures, exploited women and children and unorganized workers, employed gunmen, who assaulted innocent people, paid lower wages than competitive conditions warranted, worked their employees long hours under unsanitary and dangerous conditions, exploited prison labor at the expense of free labor, broken contracts with labor, attempted, through the authorities to suppress free speech and the right of peaceful assembly and bribed representatives of labor.

Would Be Unionists. In addition to these charges against the employers, the employers' representatives in their report, according to Walsh, say: "We say frankly that if we were wage earners we would be unionists and as unionists we would feel the same responsibility of giving the same attention to our trade union duties as to our civic duties."

Money Set Aside for South Omaha Expense Account

The city commissioners yesterday afternoon agreed upon the apportionment of \$75,124.98, the amount which was figured as necessary for maintaining the South Omaha portion of Greater Omaha for the last five months of this year.

The total amount has been included in the new levy and will be available the first of next year, and until the money shall be received, warrants will be issued to carry the debt.

Funds of Omaha proper will be used for Greater Omaha purposes until exhausted and then warrants will be issued to the extent mentioned.

Division of the Money. The following was the division agreed on by the commissioners, the amounts being practically what would have been spent in South Omaha had consolidation failed:

Miss Neva Turner, Head of Domestic Science School, Dies

Miss Neva W. Turner died last evening at 8 o'clock at her home, 297 Poppleton avenue, following a complete nervous breakdown and a serious illness of several weeks duration. She had been for two weeks at a sanitarium at Twenty-second and St. Mary's avenue and was removed to her home less than a week ago, where she remained in care of a nurse. It is said that she had been very dependent since her nervous attack and that fears were entertained by her friends that because of her condition, she might not long survive.

Her aged mother lives at present with two sisters in a Pacific coast city. They have been notified of her sudden death. Miss Turner was 38 years of age. She recently returned from a vacation trip when her illness developed.

Miss Turner had charge of the domestic science department at Central High school since that feature of the school was established seven years ago. She took more than an academic interest in the young women of her department. She was regarded in high esteem by Superintendent Graff and by members of the Board of Education.

A year ago Miss Turner assumed charge of the lunch room department at the high school. It is said that many young housewives in Omaha today owe much of their culinary ability to Miss Turner.

"HANDS OFF," SAYS GEORGIA GOVERNOR

Executive Asserts People of State Resent Outside Criticism or Interference.

THEY WILL CONDUCT INQUIRY

ATLANTA, Ga., Aug. 21.—Governor Harris let it be known today that the people of Georgia would resent outside interference or advice in dealing with conditions growing out of the lynching of Leo M. Frank. He said:

"If the members of the mob are brought to justice it will be through the efforts of Georgia officials and courts, supported by the sentiment of the citizens of the state and not through the newspaper editorials and resolutions of indignation and offers of rewards coming from other states."

"I am afraid these things will only serve to aggravate a situation that already is deeply humiliating to our people and if they continue will eventuate in a great deal more harm than good."

Announces Conference. So far as the public is advised, the only forward step taken in connection with the lynching today was the announcement that the governor soon would ask the prosecuting officials of Baldwin and Cobb counties to confer with him on what future action shall be taken.

The state prison farm is in Baldwin county and Frank's hanging is far as known, took place in Cobb county.

Apparently the only tangible investigation of the lynching actually under way is that being conducted by Coroner Booth of Cobb county, who empaneled a jury soon after he cut down Frank's body last Thursday morning, but postponed the sitting for a week.

Coroner Booth said today that he had discovered only two witnesses who had seen the lynching party in automobiles. One of these witnesses is William Frey, but neither was able to fix the identity of any member of the party. Frank was recognized, they say, because of his only partly clad figure. The lynchers wore heavy automobile goggles which effectively served the purpose of masks.

Tree is Covered. MARIETTA, Ga., Aug. 21.—The trunk of the tree to which Leo M. Frank was hanged was covered today with cotton baggins. Mr. Frey, owner of the tree, said this was done to protect the bark from souvenir hunters. Men from the nearby cotton gin guard the tree day and night.

The owner said today he had been offered as high as \$50 for the tree, but had refused to sell. "I don't need the money," said he, "and, besides, Mary Phagan's folks don't want that tree cut down. Some of her people came out here today. They hugged and patted the trunk of that old tree for a long time."

Mrs. Frank Collapses. NEW YORK, Aug. 21.—Mrs. Lucille Frank, wife of Leo M. Frank, who was lynched at Marietta, Ga., collapsed today after the burial of her husband. She remained calm and restrained until the service had been concluded.

The automobile hearse and the cars carrying relatives of the dead raced at high speed from the Frank home to the cemetery in a vain effort to elude newspaper men and photographers. Curious crowds gathered at the home and the grave.

Ordinance for New City Charter Commission Soon

The initiative committee of the Greater Omaha charter committee at the city hall last evening reported that within a short time there will be introduced at a city council meeting an ordinance providing for calling an election of a charter commission of fifteen members.

W. W. Simnet, chairman of this special committee, explained that J. J. Brown and City Attorney Rine have agreed that the present laws on the subject do not provide for election machinery for this commission, hence the proposed ordinance.

It is proposed to hold but one election, making filings of candidates equivalent to nominations and thus save the expense of a primary election.

Secretary Greedy was directed to advise the commissioners that the Greater Omaha charter committee intends to file an initiative petition for the calling of the election in question should the council fail to pass the ordinance mentioned.

Germans Hold Over Two Million Captives

BERLIN, Aug. 21.—(Via Wireless to Sayville).—The Frankfurter Zeitung estimates that the Germans and Austrians are now holding more than 2,000,000 prisoners of war, of whom 1,654,000 are Russians.

COUNTERFEIT OF OMAHA BANK NOTE IN THE EAST

CINCINNATI, O., Aug. 21.—(Special Telegram).—United States Postal Department officials and postoffice inspectors here, were today notified to be on the lookout for counterfeit bank notes of the First National bank of Omaha, as clues to indicate the presence of members of a gang of counterfeiters of the five dollar note of that bank, bearing a portrait of ex-President Benjamin Harrison and check "A," have been noticed in southern Ohio, and arrests are declared likely within the next few days. The counterfeit being floated in this section, is said to be an imitation of a United States treasury paper, obtained by pasting two thin papers together with silk threads between them and is said to be a remarkably successful counterfeit. At different times during the last thirty days, the counterfeit in question has made its appearance in towns in southern Illinois and Indiana, gradually coming eastward and parties are now declared to be under surveillance in this city.

COMO, Italy (Via Paris), Aug. 21.—The trial of Porter Charlton, the American, for the murder of his wife, who was drowned in Lake Como, will begin here October 5 in the court of assizes.

Refer Pan-American Pleas to Carranza

WASHINGTON, Aug. 21.—Negatives to the Pan-American appeal to Mexico were received today from three Carranza commanders, General Aguilar, governor general of Vera Cruz; General Elizondo, governor of Michoacan, and Benoit, commander at Nuevo Laredo. General Aguilar referred the Pan-American conference to General Carranza. The other two replies were not made public, but are believed to be similar.

Carranza, it is understood, is preparing to move his capital to Mexico City. It is stated he will reject the appeal of the Pan-American conference and urge recognition of his government.

EL PASO, Aug. 20.—A general acceptance of the principles set forth in the appeal of the Pan-American conference to Mexican leaders was transmitted to the State department by General Tomas Ornelas, Villa military chief of the border today.

Oakland One to Good on Dodge. OAKLAND, Neb., Aug. 21.—(Special Telegram).—Oakland won from Dodge on the Rock in grounds this afternoon, 3 to 2. The game was hotly contested for ten innings. Oakland got seven hits off An-

drews' delivery, while Brown and Egger, who relieved Brown in the ninth, allowed Dodge five hits. Joe Stecher and his brother, Anton, played with Dodge. Score: Oakland 3 0 0 0 2 0 1 0 1 0 3 Dodge 0 0 0 0 2 0 0 0 0 0 3
