

MEXICAN SOLDIERS ATTACK U. S. CAMP

Twenty Infantrymen Charged by Gang of Outlaws Open Fire on Them from Trenches.

CARRANZA MEN KILL FIFTEEN

BROWNSVILLE, Tex., Oct. 30.—A new attack by Mexican bandits on a patrol camp of United States soldiers and the reported killing of fifteen Carranza soldiers, acting under orders of first chief Venustiano Carranza to clear the border of outlaws, were developments today in the border situation.

Details of the reported fight on Mexican soil, which was said to have occurred fifty-five miles west of Matamoros, still were lacking tonight, but color was added to the story by the dispatch of 200 soldiers up the Rio Grande by General Eugenio Lopez, commander of the garrison at Matamoros. It was understood they were to aid in prosecuting the search for outlaws who have been harrying the Texas border counties by incursions from their hiding places across the Rio Grande.

First reports of the fight between the bandits and the Mexican soldiers came from Reynosa, which repeatedly has been a source of reliable news concerning bandit activities.

The Mexican bandits who attacked a patrol of twenty United States infantrymen at Capote ranch early today charged the camp from three directions. The soldiers were in trenches and opened fire on the Mexicans at fifty yards. The firing continued for perhaps ten minutes when the Mexicans retreated in the direction of the Rio Grande, three miles away, and escaped.

The infantry were parts of Companies E and H, Twenty-eighth regiment, in command of Lieutenant M. R. Walner.

"No Safety for Americans." DOUGLAS, Ariz., Oct. 30.—At least fifty and perhaps 100 Americans still in that part of the state of Sonora controlled by Villa partisans were placed in grave danger today by the posting at Cananea of printed copies of the protest which Carlos Randall, acting Villa governor, sent to the state department at Washington.

This protest declared that unless permission given General Carranza to transport troops over American territory to Agua Prieta was immediately revoked "there would be no safety for American citizens in Sonora, much less for their property."

At Cananea alone American mining interests have property valued at millions of dollars. The document posted there was signed by J. M. Acosta, a Yaqui chief, in the form of a notice to the Cananea prefect that the governor had sent a protest to Washington.

Seven Americans already are in the hands of Villa troops, according to information received tonight. James Carr, Sr.; James Carr, Jr.; Lawrence Carr and William Doran are held at Esqueda, and three others are held at Esqueda, and two others named Nelson and Greene, are prisoners at Frontera.

It was at first believed that these men were kept from coming to the border to prevent information leaking out of the movement of Villa troops, but friends showed much anxiety after learning of the Randall threat.

Representations to Carranza. Representations have been made to General Carranza by the United States embassy for positive orders to military authorities in the vicinity of Matamoros to pursue and arrest Mexicans raiding in American territory. It is understood that such orders have already been issued.

The state department received today the protest of Acting Governor Randall of the Villa government in Sonora, against the transportation of Carranza troops through American territory en route to Agua Prieta. There will be no response to Randall, but as the communication is understood to have conveyed the information that General Villa is a consequence of the movement of troops through American territory would not hold himself responsible for the protection of Americans, the consul at Nogales probably will be instructed to inform Villa officials that the recognition of the de facto government will not relieve them of personal responsibility for injury to citizens of the United States.

No Interference in Affairs of China

WASHINGTON, Oct. 30.—The United States has declined to express any opinion as to whether it approves the proposed change in China from a republic to a monarchy.

It became known today that some of the interested powers in seeking to sound the Washington government informally had learned that the latter would take no step that might be construed as an interference in the internal concerns of another sovereign state.

Interest in the far eastern situation, which has for months been overshadowed by the controversy of the European war, was revived in official quarters by a dispatch announcing the resignation of the Chinese premier, Hau-Shih-Chang. This development was regarded as significant, because a few weeks ago the premier made a public statement saying that as a former official of the Manchu dynasty he would not serve under another emperor.

CHURCH SHOULD BRING YOUTH IN

Greatest Need of Present Day is to Draw Young People Into the Ranks.

PRISON METHODS ARE DISCUSSED

"The chasm between the church and the young people of today is the result of the old belief that piety and pleasure cannot be compatible," remarked Rev. J. A. Schaad of St. Paul at a mass meeting of the Episcopal synod held at Gardner Memorial hall last night.

Rev. Mr. Schaad was introduced by Bishop Beecher and spoke on "Community Service and Parish House Problems."

"It is my belief," he continued, "that the church should be a community center, particularly for the social and recreational life of the young people. Legitimate pleasures and pastimes should not only be sanctioned by the church, but promoted as well."

Time for Recreation. "It is the leisure hours, not the working hours, of the young people that are more important to the state and church. The time in their lives between school days and that period when they establish homes of their own is when the church should see that recreation is wholesome and good. The forces of evil are ever alert when the whistle blows to lay off work, and the church should be more so and see that youths and maids go where pleasure is of the right sort. The community center—part of the church, is the answer. Keep them in their own community, for when people stray into other communities than their own they lose that sense of responsibility that is the guiding mark. This notwithstanding the fact that the foreign community may be just as wholesome as their own.

"The church must make it as easy to go in the straight path as it is in the crooked one, and can do so by more attention to the recreational form of community service."

Work in and out of Prisons. Rev. F. L. Palmer of Stillwater, Minn., gave a very interesting talk on modern methods employed in the handling of criminals in the big institution in that city and was followed by Deacon H. F. Parshall of the diocese of Duluth, who spoke of the work being done with the offender after his release from prison.

The mass meeting was well attended by laymen, as well as members of the clergy, and all the talks were received with much enthusiasm. The closing session of the synod will be held this afternoon at 2 o'clock in the crypt of Trinity cathedral.

MAN SLAYS WIFE, FOUR RELATIVES

Defendant in Divorce Suit Turns Gun on Himself After Killing Five Members of Family.

BABY DAUGHTER AMONG VICTIMS

BOISE, Ida., Oct. 30.—William Cameron, mail carrier between Picabo and Carey, Ida., shot and killed his wife's parents, Mr. and Mrs. John Adamson, his little daughter, aged 18 months, and his wife, and finished his work by shooting himself in the head at Carey tonight. Cameron was still alive at last reports, but there were no hopes for his recovery. All of his victims were shot in the head, and with the exception of James Adamson, all died instantly.

Cameron, whose wife was suing him for a divorce, came to the Adamson home in search of her. He entered the kitchen door with a revolver in his hand. Adamson, Sr., who had the baby girl in his arms, started to disarm him and was shot in the head and instantly killed. Cameron then pursued the others and shot them all down with the exception of Adamson's unmarried daughter, Edith, and Cameron's three other children, who escaped.

Shoots Self Brings Wife's Body. The body of Mrs. Cameron was found shortly before midnight in an outhouse. She, like Cameron's other victims, had been shot through the head and instantly killed. Beside her lay Cameron, himself, with a bullet in the head and probably fatally wounded. The three elder children of the Camerons and Edith Adamson, all of whom fled with Mrs. Cameron when the shooting began, were found uninjured.

Cameron was recently arrested for an assault on his wife and given a jail sentence. Through the influence of friends he was released in a short time and had been brooding over his domestic troubles since.
