Lincoln Man Shot by One of Two Robbers Dies Following Removal of Bullet from Abdomen.

### DRAGNET OUT FOR MURDERERS

Smaller of Two Bandits Said by Victim and Eye-Witnesses to Have Fired the Fatal Shot.

### DESCRIPTIONS GIVEN TO POLICE

C. D. Campbell, aged 50 years, a drainage contractor, who was held up and shot at Tenth and Farnam streets Friday night, died at noon at St. Joseph's hospital.

After being shot by one of the highwaymen, the authorities were immediately notified, and the wounded man was hurried to the hospital. A steel-jacketed bullet was removed by surgeons from the abdomen. According to detectives it was fired from a small caliber automatic revolver.

The body will be taken to Lincoln by two of Campbell's brothers, who are in Omaha. Campbell's wife and five children are frantic with grief.

Authorities in surrounding towns and cities, train dispatchers, train crews and every person who may assist in the apprehension of the holdup men, have been notified by Campbell immediately after the shooting and substantiated by V. S. Hankins, a jitney driver, 1112 South Eleventh street, who witnessed the crime. Hankins appeared at police headquarters to look over twelve men arrested on suspicion, but failed to identify any of them.

**Smaller Holdup Murderer.**  
"The smaller fellow of the two shot Campbell and didn't give him any sort of a chance. It looked deliberate," said Hankins. He asserted that they ran to Eleventh street and went south on that thoroughfare after Campbell dropped. E. Earnes and Joe Schwartz of San Antonio, Tex., have been held until they give an account of their whereabouts at the time of the shooting.

Charles Wagner and Frank Miller, who had previously to the Campbell shooting held up and robbed H. R. Baiter, 933 South Thirtieth street, and Roy Simpson, Spring Garden, Mo., waived preliminary hearing in police court and were bound over to the district court on a charge of highway robbery, with bonds fixed at \$1,000. The two men were arrested less than five minutes after they robbed Roy Simpson by Officers Baria and ...

## SUNDAY TO ATTACK BOOZE IN TORONTO

Canadian Drys Think Evangelist May Bring About Triumph for Prohibition.

### FOUR THOUSAND TRAIL HITTERS

SYRACUSE, N. Y., Nov. 20.—(Special Telegram.)—"Billy" Sunday was more than ordinarily busy tonight. He was loading his gatling guns with shot for his coming attack on the "booze" citadels of Toronto, Canada. If the present plans are carried out, the Canadian town's liquor ramparts will be cannonaded all day Monday by the American evangelist and his aides across the border.

The first crash will come in the morning at Toronto university, when "Billy" will speak to thousands of students. The real battle, however, will start in Monday afternoon at the Arena, when the evangelist will open with a broadside on "The Trail of the Serpent," before more than 10,000 persons, including the premier of the dominion and other government officials. To carry on the fight Sunday has cleared the way, hundreds of "key-men," from towns in the province of Ontario will attend the meetings, to receive their orders for the battle.

The feelings of the people of Ontario and of Canada will be tested and the temperance workers claim that Ontario is the heart of Canada, and if "Billy" Sunday can swing it to prohibition, it will mean the triumph of the temperance cause throughout the dominion.

Sunday goes to Toronto through the efforts of Newton Wylie, general chairman of a Canadian committee of 100. What is believed to be Mr. Sunday's greatest sermon against the liquor traffic, "Fighting With Booze," will be delivered at the arena at 7:30 o'clock Monday evening.

### Premier to Meet Party.

In the Sunday party at Toronto will be Mr. and Mrs. Sunday, Mrs. Miller, Mrs. William Asher and Homer Role-heaver. The party will leave here Monday morning, arriving in Toronto at 9:30 o'clock. The visitors will be met at the station by the premier and other officials and conveyed to Toronto university, where Sunday will deliver his first sermon on foreign soil.

The evangelist returns here Tuesday evening. That afternoon Rev. Isaac Ward of Philadelphia, Penn., will speak in Sunday's place at the local tabernacle.

### Four Thousand Converts.

The present week has seen hundreds of trail hitters, ranging from the college and high school students to Indians and down-and-outers added to Sunday's roll, until the total is 4,000. It is estimated that 333,000 have attended the revivals to date as compared with 234,700 for the same period at Omaha. Excursions from nearby cities and towns brought crowds this week.

## SUBSEA PURSUES STEAMSHIP VERONA

Wireless Message Says Sister Ship of Ancona is Being Followed by Large Submarine.

### SHIP IS WEST OF SARDINIA

BULLETIN.  
MADRID, Nov. 20.—(Via London.)—A later wireless message from the Verona states that it eluded the submarine in the fog.

MADRID, Nov. 20.—(Via London.)—A telegram received here today gives a wireless message said to have been sent out by the Italian steamship Verona stating that it was being pursued by a large submarine with two periscopes.

According to this telegram the submarine is accompanied by a steamer. The position of the Verona was given as latitude 40, longitude 8, off Capobaldo.

The telegram was received from the town of Solier, on the Majorca island, in the Mediterranean, off the Spanish coast, 110 miles south of Barcelona.

The Verona was scheduled to sail from Genoa, November 9, touching at Naples, November 10, and Palermo, November 11, on its way to New York. No word of its sailing, however, has been received.

Latitude 40, longitude 8, is a point in the western Mediterranean, about 110 miles west of Sardinia.

The Verona is owned by the Italia Societa Di Navigazione, a company which also owned the Ancona, sunk recently by a submarine in the Mediterranean.

It has been engaged for several years in passenger service between New York and Italian ports. It was 8,121 tons gross, 682 feet long, and was built in Belfast in 1908.

## Body of Hobo Taken South by a Morbid Young Woman Buried

CHICAGO, Nov. 20.—The body of the unidentified hobo which served for a time as the hero of an Atlanta girl's morbid fancy, was buried with ceremony here today.

Over the body a sermon preaching charity to the unfortunates of the world was preached at the Cathedral of St. Peter and St. Paul.

From the casket the name of "Dr. A. I. Hensley" bestowed on her phantom lover by Miss Julia Crumley of Atlanta had been erased and there was no other name to take its place.

## FIERCE BATTLE FOR MONTE SAN MICHELE

Italians Take Position on Slopes for Second Time and Repulse Seven Counter Attacks.

### FIGHT FOR GORIZIA STILL ON

ROME, Nov. 19.—(Via Paris, Nov. 20.)—The Italian bombardment of Austrian positions in and around Gorizia continues with unabated vigor, according to the official statement issued today at the headquarters of the general staff. The text of the communication follows:

"All along the front the artillery duel continues. Our guns dispersed enemy marching columns in the Astico zone and in the upper Cordevole. It destroyed shelters on Mitaszkofal (Gall), it bombarded barracks at Gorizia and also swept numerous enemy barracks posted on heights to the east of the city and others hidden in orchards and gardens near the city. Finally it shelled a column of troops which retreated hastily into Gorizia.

"On the Carso plateau our infantry renewed its attack yesterday with success and especially in the Monte San Michele zone, where the Perugia brigade succeeded in conquering all the ground which slopes from the summit of the mountain to the lazzo between Pessano and Roschini. Aftward, driven from that position by a violent counter attack, it counter attacked in its turn and reconquered the lost trenches. Throughout the night the enemy renewed furious assaults, succeeding seven times in reaching our lines. He was mowed down seven times by the accurate fire of our artillery and rifle fire and was hurled back in disorder with enormous losses. The worn-out, but indomitable, brave fighters of the 129th regiment, their feet swathed in sandbags, burst into the enemy trenches in the darkness, completely dispersing the defenders and taking 115 prisoners besides abundant war material.

"Enemy aeroplanes yesterday threw bombs on Verona, where four citizens were wounded, and on Grado, where there were neither victims nor damage. Another enemy squadron threw fifteen bombs on Udine, killing twelve persons and wounding nineteen civilians and eight soldiers. The material damage done was unimportant.

## Cat Farms and Fur Shops in New York Will Be Examined

NEW YORK, Nov. 20.—Inspectors of the state bureau of industrial hygiene today began an examination of 200 fur-making shops, most of them in the lower East side of this city, as a precaution against anthrax. The inquiry results from the death of Miss Sofia Rosen, who is believed to have been infected with anthrax germs from a neck piece made of cat's fur. Cat farms on Long Island and other sections nearby will be examined and any infected animal will be killed.

## Girls Have Their Gas Supply Shut Off and Now Lose the Ice

"Oh, fudge!"  
"Oh, I think it's just too mean!"  
"The stinky old government!"  
That's what the girls at the postoffice are saying about the latest order from headquarters still further curtailing the privileges and appurtenances of their lunch room.

Six months ago Custodian Taylor, under orders from Washington, deprived them of the use of gas in their gas stove. Saturday Custodian McCune notified them that, starting December 1, the government will cut off the supply of ice for their ice box, at least until the robin nest again, that is to say, until the weather gets warm.

Boone Kelly, assistant custodian and generalissimo of janitors, broke the news to the girls. He expressed sympathy, but advised bowing to the inevitable.

Custodian McCune stated decidedly that it's "all foolishness" to have ice in the winter time. The girls, said he, can set their salads and milk and cream on the window ledge. Why spend good money for ice when all the outside world's an ice box?

Mr. McCune is even having the ice cooler removed from his office for the winter as well as from at least two other offices in the building.

## MANN SAYS WILSON CAN'T CALL HIM TO THE WHITE HOUSE

Republican Leader Asserts President Not Going to Summon Him to Receive Orders Like Democrat.

### IS INVITED TO SEE EXECUTIVE

Illinoisan Declares He Is Willing to Confer on the Subject of Defense.

### WANTS FACTS ON PROGRAM

WASHINGTON, Nov. 20.—President Wilson today asked Senator Gollinger and Representative Mann, republican leaders of the senate and house, respectively, to confer with him before the opening of congress on legislation for national defense. The time of the conference will be arranged to suit the two leaders.

The president sent the invitations in accordance with his announced plan of making the fight for military preparedness along nonpartisan lines.

Will Hold Conferences.  
Just before the opening of congress the president will confer with republican members of the senate and house military and naval committees.

While it was being made known at the White House that the republican leaders had been invited to a conference, Representative Mann, who was at the State department asking for protection of American planters who have been driven out of Mexico, made a statement on the president's proposal.

"The president may give orders to the democrats in congress," he said, "but he certainly cannot call me to the White House to give orders.

"I am perfectly willing to consult with him, but not to go up there to be told to do what he has decided upon. Everybody is for preparedness, of course, but I am not willing to say what attitude the republicans in the house will take toward the administration's defense program until I know just what it is from the documents, not from the newspapers."

Mr. Mann said he had heard that the president had written a letter to him; but that he would not discuss it until after he had seen it.

Postmasters are advised that clerks and carriers may be required to work overtime during the holiday season, although not to the extent of working a hardship on them.

## LAY CORNERSTONE MEMORIAL AT NILES

Impressive Ceremonies Reminiscent of Former President McKinley Held at Birthplace.

### HERRICK AND DYER SPEAK

NILES, O., Nov. 20.—The cornerstone of the National McKinley Birthplace Memorial was laid here at noon today with ceremonies reminiscent of the former president's life. "Lead Kindly Light," the hymn which clung to the murdered president in his dying moments, and the Strauss waltz, "On the Beautiful Blue Danube," a favorite of Mrs. McKinley, were played by the United States Marine band, and James H. Hoyt, an intimate friend of the former president, recited personal reminiscences.

President Wilson was forced to decline an invitation to lay the cornerstone, but he sent a representative of the national administration and promised to be present at the dedication of the building later. Other guests of the day included Senators Allen Pomeroy and Warren G. Harding of Ohio, Representatives William A. Ashbrook of Johnston, O.; J. G. Schmidlap of Cincinnati, one of the trustees of the memorial fund; Governor Frank Willis of Ohio, Myron T. Herrick of Cleveland, former ambassador to France, and L. C. Dyer of St. Louis, a member of Ohio's congress and commander of the United States War Veterans; Governor Willis, Mr. Herrick and Congressman Dyer being the principal speakers.

Troops and Veterans Parade.  
The day's program began with a parade in which state troops, veteran organizations, Masons and other organizations in which McKinley was interested took part. Camps of Spanish war veterans and posts of the Grand Army of the Republic from Cleveland, Alliance, Canton and Akron, O., and Pittsburgh, Sharon and New Castle, Pa., were in the line of marchers. Half a dozen bands made music for the parade.

After the Masonic part of the program a tablet was affixed to the stone bearing this inscription:

ERECTED 1915  
To perpetuate the name and achievements of William McKinley, twenty-third president of the United States of America.  
Born January 29, 1842.  
Died September 14, 1901.

Description of Building.  
The building itself, when complete, will be a two-story structure of severe colonial design, flanked by one-story wings of almost equal length with the main structure. The main portico is to be supported by six ionic columns and the facade of each wing will carry as many similar supports in sectional form. The cornice will be plain and rectangular. The doors and windows will emphasize the straight lines of the design.

## Stanton Stockman Brands Cattle by Tattooing on Ears

CHEYENNE, Wyo., Nov. 20.—(Special.)—State Veterinarian A. W. French and his force are awaiting with interest the arrival here of the first consignment of tattooed live stock ever shipped into Wyoming. Its coming is heralded by a stock of health certificates which have been received at the veterinarian's office and which relate that each of twenty bulls shipped by S. Peterson of Stanton, Neb., to Thomas Shaw of Woodstock, Wyo., is tattooed on the ears. The use of tattooing of live stock as a means of identification is a new wrinkle to Wyoming, which produces as many cattle as any other state.

## The Day's War News

IMPORTANT PROGRESS for the Teutonic forces invading Serbia is reported from Berlin today. The Serbian line of retreat was further narrowed by the taking of Miletica, while further east Field Marshal Von Mackensen's forces occupied Raska, thirty-seven miles from the Montenegrin border.

LONDON NEWS AGENCY correspondence at Bern telegraphed that it is understood in diplomatic circles that a declaration of war on Germany by Italy is imminent.

RUSSIA AND PERSIA have settled their differences and Russian troops therefore will not advance to Teheran, nor will the shah leave the city, advices from Teheran and Petrograd state.

SITUATION WITH Serbian army is less serious than most reports have indicated, according to persons recently at the front, a London news agency dispatch from Athens states.

A DESPERATE BATTLE on the Carso plateau, in which the Italians succeeded in capturing an Austrian position and retaining possession of it, although once driven out and afterward violently attacked, is reported by Rome.

COMPARATIVE QUIET prevails on the western battle front as indicated by the Paris report today which mentions only artillery exchanges and grenade fighting.

WIRELESS MESSAGE said to have been sent by the Italian steamer Verona in the Mediterranean reported the steamer was being pursued by a large submarine, a dispatch from Madrid states.

ITALIAN OFFICIAL REPORT states that the Austrian air raid on Udine resulted in the death of twelve persons and the wounding of twenty-seven others.

AN ATHENS DISPATCH to London filed yesterday casts some doubt on the unofficial reports that Bulgaria is in the hands of the Serbians. The dispatch reported a Serbian advance at Mostar and added that the intentions toward Mostar of the Bulgarians who had occupied Preleze were unknown. London, however, accepts the report of Mostar's fall as probably authentic.

## ENTENTE ALLIES ARRIVE TOO LATE TO HELP SERBIA

Impression Prevails in London that the Situation is Rapidly Going from Bad to Worse with Kingdom.

### SERBS ARE SLOWLY GIVING WAY

Anglo-French Troops Based on Saloniki Are Only Able to Maintain Their Positions.

### WEATHER A FACTOR IN RUSSIA

LONDON, Nov. 20.—Although no official confirmation has been received of the report that the Bulgarians have captured Mostar, in southwestern Serbia, little hope is felt in England that the announcement is premature. Accepting it as true, the impression is growing that the entente allies arrived too late to give any service to the Serbians.

The only thing certain in regard to the plight of Serbia is that its military situation is going from bad to worse. In the north the main Serbian armies are giving way slowly before the battering Austro-German forces, which probably would move more rapidly if weather conditions were better. It is established that the Bulgarians are in Prilep and at least have made Mostar untenable. The Anglo-French armies, based on Saloniki, seem to do no better than hold their positions.

Optimistic feeling in regard to the diplomatic situation in Greece still persists in England. The reasons for this optimism, however, continue to be obscure.

The weather seems to have intervened again in Russia. Little activity is reported except in the retirement of the Russians to the east bank of the Dnieper, in Galicia. In Courland bad weather in the swampy district evidently has brought both sides to a standstill.

On the other fronts there are few changes. Desperate fighting continues between the Austrians and Italians. In Mesopotamia, General Nixon is reported to be in sight of Bagdad.

Announcement Capture of Serbians.  
BERLIN, Nov. 20.—(By Wireless to Sayville.)—Announcement was made by the war office today of the capture of 2,800 more Serbians.

The occupation of Novarona and Sienica in western Serbia, near the Montenegrin border, is reported. Toward the center of the Teutonic advance the town of Raska, about twelve miles northeast of Novipazar, has been reached.

Today's statement also reports a bombardment of Woodstock, England, by hostile monitors, which withdrew as reported by the German batteries on the coast.

## Persia and Russia Make Agreement; Shah Will Remain

TEHERAN, Persia, Nov. 19.—(Via London, Nov. 20.)—A proclamation issued by the government today confirmed the unofficial announcement that the shah has decided not to leave Teheran, owing to the adjustment of questions raised between Russia and Persia.

PETROGRAD, Nov. 20.—(Via London.)—The foreign office received from Teheran today a telegram saying the Persian government had adopted measures to put an end to the agitation said to have been carried on in Persia by German agents, and to disarm bands of irregulars. In consequence of this action the Russian troops, which have been advancing toward Teheran will refrain from entering the city.
