GIVING MELADY BOOST FOR OFFICE

Suggestion Made by Some of His Friends at Lincoln that He Run for Governor.

DEMOS ARE LOOKING FOR MAN

From a Staff Correspondent. LINCOLN, Nov. 23.—(Special.)—Will Gene Melady be a candidate for the democratic nomination for governor. This is being discussed in Lincoln today.

It is a well known fact the democrats are badly up in the air when it comes to finding a man popular enough to go up against the anti-democratic sentiment which has been growing for some time.

When the matter was put up to him the colonel said, "I am not in politics, nor do I care to run for office."

Colonel Melady is mighty popular with the people of Lincoln just now.

Brother Charley Finds it Difficult To Run City Machine

From a Staff Correspondent. LINCOLN, Nov. 23.—(Special.)—Like Brother Bill, Mayor Charles Bryan of Lincoln is finding it much easier to tell what ought to be done when out of office than it is to do it when in, and the manner in which his political machine was bumped into yesterday by the majority of the city commission has left it looking as if it had been struck by a locomotive.

The commission form of government for cities was one of his pet issues, which if adopted would make a cheaper form of government and would give the commission power to handle all of the difficulties which came up.

His welfare commission idea does not meet the approval of the other four members of the city commission, and in the red-hot argument which nearly tore the roof off of the city hall yesterday it was shown that his very close supporters of the past were against him.

Charges were made that the Bryan principle of "letting the people rule" had been forgotten by the mayor, or he would be willing to have the matter of a welfare commission put up to the people of Lincoln and let them vote upon it, and let them select the members of that commission.

Today some of the mayor's former supporters were in favor of giving the mayor a little taste of his own political medicine and inaugurating the recall in his case. Just how far this will proceed will probably come out when the council next meets.

INFECTIOUS PNEUMONIA FOUND AMONG THE STOCK

From a Staff Correspondent. LINCOLN, Nov. 23.—(Special.)—When it is not one thing it appears to be another the State Live Stock commission confronts in the way of stock diseases. This time infectious pneumonia has appeared in several places.

Assistant State Veterinarian McKim returned this morning from a trip to Falls City, where he examined a herd of sixty calves belonging to Henry Brecht, near that city. Two of the calves have died since the bunch was shipped in from Omaha two weeks ago and four more are very sick.

Last week the disease was discovered in a herd of 150 at Wymore, shipped in from Kansas City. Eight have died and about one-third of the remainder are sick. The disease has also showed itself around Ashland and Malcolm.

The name of the owner of the car was not learned, but Mr. Wiebe secured the number, and as soon as he learns the driver's name he will sue upon him to pay him damages.

AURORA PASTOR INSURGENT

Dr. Buckner of Methodist Church Denounces Methods and Language of Evangelist.

DEFENDS HIGH SCHOOL TEACHER

AURORA, Neb., Nov. 23.—(Special.)—Dr. J. D. M. Buckner, pastor of the Methodist church of this city, today gave out a signed statement relative to Rev. Sam Kirkland, the evangelist, who has been conducting meetings here, in which he protested against and denounced the words and methods of the latter. All of the churches of the city have been united in this meeting and Dr. Buckner now becomes an open insurgent.

In his state ment Dr. Buckner declares that the language of the evangelist is "profane, vulgar and coarse." He protests against the language and the spirit of the evangelist.

The ruction started in church circles here when Miss Kathleen G. Hearn, principal of the high school, wrote a letter to the ministerial association and asked the ministers to "send the man out of the town."

Extracts from Statement.

Dr. Buckner in his statement says: "I protest against Mr. Kirkland's attack upon Miss Kathleen G. Hearn. Miss Hearn has been teaching in our public schools for seventeen years. I have known and have admired her during my pastorate here for something over four years. I have recognized and have appreciated her lovely Christian character and ideals. In my judgment no person in Aurora has done more than Miss Hearn to bring the Christ spirit into the lives of our students. For the sake of our youth Miss Hearn requested the Ministerial association to send the evangelist out of Aurora because of his foul language. I consider his language profane, vulgar and coarse, therefore, I am forced to agree with Miss Hearn that Mr. Kirkland should have been sent out of town and another evangelist secured."

"I protest against his statement that the pastors of Aurora sent for him to do their dirty work, which they themselves were afraid to do; that the Ministerial association had sent for him to slander our town and its officers, to abuse its church members, to call the Young Men's Christian association a 'hell hole' (in which he refused to hold a meeting), to 'damn our church buildings' and to tell us our 'children are going to hell.' Not a word was ever said in the Ministerial association meetings about getting him for these purposes, and as far as I know these are willful misrepresentations of the pastors of this city. At least there is no pastor who says all that he thinks ought to be said—hence this article."

Abuse and Slander Depreciated.

"I protest against Mr. Kirkland's belittling the pastors of Aurora; abusing and misrepresenting the churches, slandering the town officers and business men who do not host for himself, declaring the town is 'rotten' and 'is going to hell'; also that there are more liars in Aurora than in any other town he has ever seen. I protest against all these indictments made in the name of my Christ and His kingdom. Why should a minister criticize teachers, doctors, editors, merchants and all who do not agree with him, and not only criticize them, but also assign them to hell? When, on the other hand, he demands immunity from criticism and declares that his critics are indeed opposing the very Christ."

Still another statement has been given out taking the side of Dr. Kirkland signed by these pastors. J. H. Salisbury, Presbyterian church; C. C. Dobbs, Christian church; A. S. Deahore, United Brethren church; R. S. Welsh, United Evangelical church; J. W. Ferner, Congregational church; George Donner, Mennonite church.

"The petition which alleges that Dr. Kirkland referred to the principal in a 'manner reflecting upon her character,' instead of having been signed so ungraciously as your correspondent would have it appear, contained just thirty-three names. Some of these have never been inside of the tabernacle, several never more than once or twice, and so far as I have been acquainted only one who has attended with any regularity. And here again we deny unqualifiedly that any remarks were made which by the most remote connection could be said to involve the character of the lady in question. We all esteem Miss Hearn's character most highly and people who are acquainted with such religious movements can readily understand just how such 'impets in teapots' are originated. Furthermore, Dr. Kirkland did not have the contents of the principal's letter before him until it appeared in the local papers last week. He understood that there was some sort of a letter from some source containing some sort of a criticism and asked to see it, but was refused by members of the association. Also, in order to avoid just such type of criticism as has been circulating he specifically stated that conditions were very much the same wherever one went, having merely focal locations, and that he used the same to persons who never heard of him and that in any instance should his utterances be taken personally. He reiterated this more than once. As to whether such 'criticism is general throughout the town' or not may be determined when it is known that Dr. Kirkland is speaking rightly to from 800 to 1,500 people; that there have been 275 reconsecrations and over 300 conversions, thirty-two, nearly all adults, came out last night, one of these being a man 74 years old."

Refer to the Thanks Offering. "Referring once more to the petition, some of those who signed the petition, which was drawn at considerable length, say they did not read it, but took the word of the individual who circulated it, that it was to vindicate Miss Hearn and that they attached their signatures after this mere statement, when in fact her character has never been in question. It is also true that while this petition with its

thirty-three signers was filed with the secretary of the Ministerial association that there was another petition in his possession signed by forty-five different business houses agreeing to close from 2:30 until 4 on 'Mother's day' in the interest of the evangelistic campaign.

"On Sunday, November 21, a thank offering was taken for Dr. Kirkland, amounting to \$111 and participated in by over 300 persons. One local church, the Swedish Mission, giving \$30, one individual giving \$25 and the remainder in \$10 gifts and under. This ought to be sufficient to indicate whether the working church people in Aurora esteem Evangelist Kirkland or not. He preaches the fundamentals of the Christian religion fearlessly and backs them up with the Word of God most mightily. He believes in and preaches the Bible in a manner altogether unique and convicting."

AUTOMOBILE THIEF CAUGHT AND IS IN JAIL AT WAHOO

ASHLAND, Neb., Nov. 23.—(Special Telegram.)—An attempt to steal another automobile here was frustrated by quick work last night. James H. Chamberlain, a farmer north of town, had left his car on the street about 8:30, and while he was absent a few minutes the car was taken.

Roy O. Brown was immediately telephoned about the Platte river wagon bridge just before the car reached there. When the thief reached the bridge he had no money for toll and claimed he lived on the Sarpy county side and that his father would settle for it. While the tollkeeper went to take the car number the thief escaped. He was caught at Yutan by Marshal Herman J. Eggers. The ad gave his name as Gould, aged 15 years and his home at Red Oak, Ia. He was identified this afternoon by Hoy Brown and taken by Marshal Eggers and J. H. Chamberlain to the county jail at Wahoo.

The selling plan includes the use of trading coupons, which have been excluded from many cities.

Save Your Hair! 25 Cent Bottle Stops Dandruff

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is a sure evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after its first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; and what will please you most will be after a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.

Applying This Paste Actually Removes Hairs

(Beauty Index.) Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after about 2 minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatone.—Advertisement.

POOL DECIDES PRIMARY DATE

Secretary of State Will Order Same Held on Eighteenth of Next April.

FIXED BY CODE COMMISSION

From a Staff Correspondent. LINCOLN, Nov. 23.—(Special Telegram.)—Unless some interested party calls upon the courts to intervene, the date for holding the presidential primaries will be the third Tuesday in April, which falls on the 18th of the month.

This is the ruling of Secretary of State Pool after his attention was called to the act of the 1911 legislature, which set the date forty-five days before the first Monday in June. That would bring the 1915 primary on Friday, April 21.

Since that time the legislature has made no specific act governing the date, but the commission appointed to codify the laws of the state changed the date to the third Tuesday in April.

The legislature made all acts of the commission legal and this covers the change in the holding of the primary, according to the opinion of the secretary of state who will call it on that date if nobody interferes.

Both funerals will be at the same time. The elder Mr. Campbell formerly lived here, but left with his wife about two years ago to live with another son at Oklahoma City.
