PETERS TRAINING FOR MARTINSEN GO

Omaha Wrestler Works Out Every Day with Half a Dozen Wrestlers and is Showing Class.

FANS TAKE INTEREST IN MIX

Charley Peters, who is carded to grapple with Paul Martinson of Chicago at the Auditorium Friday night, has settled down to hard training so as to be in the best of condition for the go.

Peters realizes that Martinson is a tough customer. The Chicagoan has locked horns with Joe Stecher half a dozen times and that is pretty good experience.

Arthur Smith, Martinson's representative, has arrived from Chicago and is making plans for training quarters where the Chicago man gets here.

Smith declares Martinson is one of the best wrestlers in the country and outside of Joe Stecher he asserts there isn't a man in the ring game who has anything on Paul.

Johnny Sudenberg Hikes for St. Paul

Johnny Sudenberg, former special delivery carrier in Omaha and now a promising young middleweight pugilist, has gone to St. Paul with his manager, Dan Avery of New York.

"Everybody around Omaha was afraid to tackle Johnny," declared Paul Murray, his instructor. "He tried to get several matches, but they all fell through. That is why he went to St. Paul where he expects to hook up with some top-notchers."

Fultz Says It Is Only Right Player Be on Commission

NEW YORK, Jan. 31.—President David L. Fultz of the Base Ball Players' Fraternity, has expressed his appreciation of the proposition to include a player among the members of the national commission when that body is reorganized early in 1917.

On this point President Fultz disagrees with the former governor of Pennsylvania and present leader of the senior league. Fultz rises to ask how a player, who did not represent anything except players in the abstract, could hope to cope with the other members of the commission, all of whom would represent established organizations with both money and prestige at their back.

PRINCE BACK FOR THE PULL

Signs Up Scots, Who Will Pull Against the Danes or the Germans.

LOCAL TEAMS MEET SATURDAY

Jack Prince, decorated with a seven color rosette pinned on his expansive chest at a Bobby Burns birthday banquet in Chicago, Friday night, has arrived in Omaha with a contract calling for the appearance of the Clan MacDuff tug-of-war team, champions of America, to pull at the Auditorium here next Sunday night.

The Scots are to meet the winning team of the match between the Germans and Danes scheduled for Saturday night. The match will be a finish pull to the flag which is the same to the pugilistic sport.

Prince was so enthusiastic over the Scots that he had forgotten all about his allegiance to the local teams and was press-agenting the Highland boys.

These kilted lads are champions in every sense of the word. "The men are all huge fellows, none weighing less than 225 pounds and their anchor man looked like the rock of Gibraltar to me. But he only weighs something under 400 pounds in his pulling days."

Prince's tournament staged at the Auditorium a few weeks ago evidently stirred up things in the pulling sport, for an international tournament has been announced to open at New York's Madison Square garden, a week from next Sunday night.

AGED MAN GIVEN TEN YEARS IN PENITENTIARY

NORTH PLATTE, Neb., Jan. 31.—(Special.)—Charles E. James, convicted in the district court last week in district court of assaulting his 15-year-old granddaughter, was sentenced to ten years in the penitentiary at hard labor by Judge Westover, James, who up to this time had seemed indifferent regarding his case, apparently for the first time realized his position and the face of the prisoner turned pale when the judge pronounced the words that deprived him of his liberty for ten years and probably the balance of his life.

REJECT BIDS FOR FIRE APPARATUS

Commissioners Jardine and Butler Will Recommend that City Re-advertise for New Bids.

COMPANIES BOOST THE PRICES

The city commissioners will readvertise for bids for motor fire apparatus. Formal action has not been taken, but Commissioners Jardine and Butler will recommend rejection of bids received and new bids solicited.

Since the city council opened bids ten days ago there has been more or less of a stir over the matter. Eight concerns offered bids, whereas Kansas City received eighteen bids a few weeks ago.

One of the bidders for the Omaha business last week asked for a hearing in Commissioner Withnell's office, which request was granted, the other bidders not being notified.

Charge Bids Are High

O. G. Van Slyke, western sales agent for the White company, contends he can show the council that a rival company bid less per car at Beatrice a few weeks ago than they bid in Omaha, and also less in several other nearby cities.

American Athlete Receives Ninety Wounds in Battle

LONDON, Jan. 31.—Emile Goldsworthy of Monterey, Cal., well known as a track athlete and tennis player, who received a medal for distinguished conduct in carrying dispatches under fire at Ypres, has been wounded so badly he probably will be invalided from the army.

Goldsworthy, who was working in Canada at the outbreak of the war, enlisted with the Princess Patricia regiment and won a medal by carrying orders to the Canadians who were nearly wiped out at Ypres. Recently, while leading a party of nine bomb throwers he received eighty wounds from a German grenade which killed all the other members of his squad.

Mexican Children Go Clothesless

EL PASO, Tex., Jan. 31.—The starvation and distress reported among the native population of the Mexican state of Sonora can hardly equal the conditions that prevail in the states of Chihuahua, Coahuila and Durango, according to J. W. Newcome, a British doctor and journalist, who until recently served in a semi-official capacity for the Carranza government in northern Mexico.

"In Chihuahua state particularly," says Newcome, "I saw children, girls and boys as young as 12 and 14 years, stark naked in the cold temperatures of the highlands. Many of the women were hardly better off as regards clothing."

"Robust Mexican peons," continued Newcome, "who easily can eat sixteen to eighteen tortillas at a sitting, now have to subsist on two or three cakes a day. The women and children get less. There are no crops now and the small corn supply is rapidly dwindling. Starvation will be rampant throughout northern Mexico before the year is many months older."

"What little corn there is, sells for 30 cents Mexican, per litre, which is more than Mexican workmen can earn even under fairly normal conditions, and there is practically no work to be had now."

Newcome added that the few European physicians left in northern Mexico report widespread epidemics of pneumonia and typhoid among the lower classes, while the death rate from tuberculosis is rapidly increasing. Typhus fever, he said, was not generally prevalent in northern states. Newcome also declared that he personally saw many victims of leprosy roaming at will.
