

FOSTER PROVIDES SEWER DIGGERS

Hand Out Quite an Array of Fines to Those Who Need Guidance in Their Work.

IS TO DRINK ONLY CHASERS

The following wis emanated from the court room of Police Magistrate Foster Saturday morning as the result of seventy-five vagrants being given a chance to deny the allegation. C. Jones, whose first name is probably Casey, told the magistrate that he was a railroad engineer and that he had been drinking.

"Five days," concluded Foster, who considers it highly improper for railway engineers to imbibe. "Casey" smiled at the decision and in a beautiful lyric soprano warbled, "When the Midnight Choo Choo Leaves for Alabama—I'll Be There."

Foster hastily swallowed a mouthful of digestive tablets, which he keeps in a can beneath his desk, and added, "Ten more" to the original package.

Adolph Huns of Council Bluffs got out of a sick bed to secure liquor for his ailing brother-in-law, Adolph, procured a pint at the first emporium across the bridge, and a few moments later was pinched. "How about your brother-in-law?" asked the city prosecutor when he learned that Adolph had consumed the result of his trip. "What do I care for a few brother-in-laws," quoth Adolph, still possessed of a luxuriant hangover. He will remain in Nebraska five days.

In Bad Company.

Henry Jones, white, was taken with a cluster of colored gentlemen. "I can't work, judge, and am badly in need of surgical treatment," he pleaded. Henry looked as if his booze should have been cut out long ago, and received ten days. "If you had disagreed with that bunch you were arrested with," continued the judge, "you probably would have got all the surgical treatment necessary."

L. R. Duckner, colored, "plays the piano" in a house with chronically closed shutters. "Buck," decided the judge, "your technic is bad, try a spade for the next five days."

Tom Lewis, also colored, announced that he sleeps at the water works and had just come down town for a drink. "Don't they have any drink at the water works?" asked the magistrate, with sarcasm.

"They sho' do, judge, but das all chasars," Tom will drink nothing but chasers during his ten days' sojourn in the workhouse.

S. E. DuBois was getting along fine until he was asked to pronounce his name. Failing, he was given five days.

Tom Lewis asserted: "I live in Sioux City, judge, and I just got a job in Tekamah. If you'll turn me loose I'll walk right straight to Cahoon."

"You cover too much territory, Lewis," decided Foster. "Settle here for ten days." "Are all these fellows from the lower part of town?" asked Foster of an on-looker.

"No, judge; they hang right around near the station," came the reply.

Business Men Talk Over the Morris Plan for Bank

About forty business men at a specially called meeting at the Commercial club rooms Saturday noon discussed the proposed establishment of a Morris Plan bank in Omaha.

No definite conclusion was reached and the committee calling the meeting said no announcement could be made as to the present status of the project.

Fred Linder and Clarence West, representing the Morris people, are in the city and appeared before the committee to present the plan. The plans contemplate the organization of a bank in loan money to persons of moderate means without placing them under chattel mortgage obligations; or, in other words, it seeks to make loans possible to persons who are now in the chuthees of the loan sharks.

Wolf Finds Owner For Money He Found

"People throughout the Dakotas and western Nebraska will be get the impression that it is safe for them to come to Omaha and scatter their money broadcast on the streets, with all the assurance in the world that it will be picked up and held for them."

This was the sentiment expressed by Mrs. Edwin M. Starcher, wife of the registrar of the government land office at Gregory, S. D. When in Omaha, Harry A. Wolf, real estate dealer, returned to her a purse containing \$60 which she lost on the street several weeks ago.

Several weeks ago Mr. Wolf announced that he had found a purse containing a sum of money. He announced he was ready to turn it over to the owner if the purse and contents were identified.

Attorney J. J. Sullivan of Omaha sent the clipping from The Bee to Mrs. Starcher at Gregory, with the result that she came and claimed the money. It developed that she had been in Omaha at that time on business in connection with some litigation in which Attorney J. J. Sullivan represented her. After she had lost her purse Mr. Sullivan advanced her money to get home.

TROOPS AT FORT MEADE ORDERED TO BE READY

STURGIS, S. D., March 11.—(Special Telegram.)—Telegraphic orders were received last night at Fort Meade for the third squadron, Troops I, K, L, M, Twelfth cavalry, stationed at that post, to pack and prepare to leave on a moment's notice for the Mexican border.

Help Your Liver—It Pays. When your liver gets torpid and stomach acts queer take Dr. King's New Life Pills. You will feel better. Only 25c. At all drug stores.—Advertisement.

STATE UNIVERSITY NEWS

The executive committee of the annual association held its first meeting of the year Saturday afternoon and planned for the annual Alumni day that is to be celebrated June 5 this year. One of the features of the year, heretofore given, will be an automobile ride around Lincoln that will include both university campuses and will be shown the work that has been accomplished on the university buildings by that time.

The money for the second annual pageant, "The Gate City," has arrived and the work of selecting the cast and arranging the details of the production will commence soon. The pageant this year will be symbolic of the founding of the state. The pageant will be depicted the early days in Lincoln. One of the scenes of the pageant will be "The Vision of the Founders," a picturesque scene of the early Spanish explorers that was conceived by Ralph Northrup, '15, who died last year.

When definite assurances were received from Fremont last week that that city would contract for the second annual "University Week" production, the list of five towns that will comprise the itinerary for the trip was completed. North Platte, Kearney, Nelso, and Fremont are the other towns that will be visited week after next. The university this year will feature a number of special events which will clash on the preparedness question, the band, the glee club, the athletic players, all Dr. Hoover's Xantippe, and Prof. C. E. Persinger, who will deliver an illustrated lecture on South America.

The opening of the night classes in mechanical engineering for the Lincoln industrial workers, who wish to broaden their technical training, resulted in the enrollment of fifty men in the different classes last week, the first week of the course. Most of these men came from the Cushman Motor works or the Havelock shops and they eagerly took up the night work. One of the most popular courses is the laboratory course in power plant, the maximum enrollment being reached the first night. Each course consists of ten lessons, and a nominal enrollment fee of \$2 is charged to cover the cost of lecture notes and mimeographed material.

Doane College.

President Allen addressed the pupils of the Crete High school Monday on "Value of a College Education."

The dual debate with Wesleyan university has been called off by Wesleyan because of basket ball at University Place.

President Allen and Prof. Burrage were judges of the debate between Beatrice and Table Rock High schools Wednesday night.

Prof. Taylor is busy with the debaters every evening. The subject is "Preparedness," and they will meet Cotner university and Bellevue college in a triangular debate March 17.

The Young Men's Christian association held a jubilee meeting last week, celebrating the fiftieth anniversary of the national society. The meeting was conducted by the president, Miss Alma Grosshans.

The Doane College Men's Glee club will be accompanied by Miss Jessie Wilkins, violinist, and Miss Rose Scott, reader, on its spring concert trip after the eleven-day western tour, they will give concerts in Omaha and Council Bluffs, Ia.

A O fraternity held its annual mid-winter banquet at the Metropolitan hotel Saturday evening. After the banquet they attended the basket ball game between Lincoln and Crete High and finished the evening with a musical program and refreshments at the conservatory building.

The Franklin academy basket ball team stopped in Crete Tuesday to visit friends and to get some practice on the larger floor of the Doane gymnasium before getting into the tournament at Lincoln. While here they played a practice game with the freshman team. The halves were short and the victory was with the freshmen. Prof. Rice, who accompanies them, is an old Doane man.

Grand Island College.

Superintendent Dorothea Koils visited the college a few days ago, and spoke to the students at the chapel hour. She spent the whole day at the institution and visited many classes.

Inspector of schools, Superintendent R. M. Campbell, has sent word that he may visit the college at any time to interview the prospective teachers, who are expecting state certificates the coming commencement.

Prof. L. W. Noel has moved to the Battle Creek college, trustee, J. B. Leisher is hibernating in Florida, and trustee L. C. Gilbert has been for several days absent on a business enterprise.

G. E. Bergeman, a 1915 graduate, has been chosen assistant to Dr. George Sutherland, the chairman of the campaign committee. This arrangement will enable Dr. Sutherland to be absent from his classes on occasions.

Miss Edith Jewell, a 1915 graduate, has been visiting her former friends in Grand Island since graduation. Miss Jewell has taught school, proved up in a \$2,500 claim, and now proposes to take graduate work at the University of Chicago.

The college basket ball team has recently been defeated by Hastings college and the Perry Normal. The Hastings score was 24 to 20; the Perry score was 27 to 18. On account of sickness and quarantine, the Grand Island team was not able to keep regular practice.

Seven of the seniors are writing their graduating theses, while six of them are preparing graduating orations. Twelve of the senior academics are preparing their declamations in competition for the Patterson prizes. Earl Everett will deliver the valedictory. Rev. R. R. Coon will assist the senior orators.

Fremont College.

The ladies quartet consisting of Misses Eickelberg, Peterson, Meyers and Johnson, furnished some splendid music in chapel Monday morning.

The church class gave a pretty demonstration, March 8, at chapel hour. The class is large and enthusiastic under their sponsor, Prof. J. I. Ray. Miss Johnson of Florence, Neb., is class president.

Prof. Newton W. Galins gave his lecture "New Wine in New Bottles," in the college auditorium Thursday evening. The lecture was given for the Alumni association which netted something like \$25.

Mrs. Ines Silverta of Sitka, Alaska, made an interesting display of pictures showing scenery, Alaska, and comparing it with Scottish views that were shown in the literature class in the study of "Lady of the Lake."

Prof. Swihart was the recipient of a very handsome picture of the San Francisco Symphony orchestra, of which Mr. Edward Perigo is a prominent member. Mr. Perigo graduated from the violin department a few years ago.

A company of citizens, consisting of Messrs. George Wolf, Charles Dodge, Mayor Peterson, and William Fowler, were visitors at chapel Tuesday morning, each of whom were obliged to respond to their sponsor, Prof. J. I. Ray.

Students were greatly interested in the historical incidents relating to the founding of the college. One of the incidents was then in the midst of a flourishing corn field, and Mr. Fowler was leader of the band and Mayor Merrill played the tuba.

York College.

By defeating Omaha on Friday evening and Perry Normal on Wednesday evening, York college may rightfully lay claim to second place among the colleges of the state.

Miss Adella Dodge, territorial secretary of the Young Women's Christian association visited the college this week, meeting the officers and cabinet members of the local association.

Gulford Saunders is the new president of the Young Men's Christian association. He is much interested in making the association a more active and helpful force among the men of the college.

An event of unusual interest to friends of York college was the purchase of the York Business college by President McLaughlin. This college has been conducted by the Buckley Bros. for the last ten years and has become a successful institution.

OUTSIDE CITIES ASK ABOUT THE ANTI-SPIT CAMPAIGN. Cities all over the anti-spit campaign and are written to Mrs. H. C. Sumner, president of the Anti-Spit association, and asking for information.

BUILDERS EXCHANGE TO TALK NEW DEPOT

President Ray Gould Will Bring Matter Up for Discussion at Meeting Tuesday.

MANY ENDORSE PROJECT

The Omaha Builders' exchange is to take up the matter of the need of a new union station for Omaha at its next regular meeting which is to be held Tuesday evening of this week.

President Ray Gould has indicated that he expects to bring the matter before the exchange at that time in order to get an expression of opinion from the members.

"I don't believe I will say anything about the need of a new station now until I bring it before the exchange," said President Gould. "I'd rather wait until I speak officially for the exchange. I will bring it before them at the next meeting, which will be Tuesday evening."

Since the Associated Retailers of Omaha endorsed the movement for a new union station, and called upon other commercial and civic organizations to co-operate in the movement, several organizations are planning to take it up as soon as possible.

Ad Club to Consider.

Another organization that expects to consider the matter soon is the Ad club. President R. B. Wallace said he would bring the matter up at the next meeting of the executive committee of the club at the Commercial club rooms next Thursday.

Mr. Wallace had no hesitancy, however, in expressing his personal interest, and in an advertising man's standpoint, he said, "there is nothing that strikes a stranger more strongly than his first impression of a city, and that impression as gained from our railway stations in Omaha is not flattering. There is no greater asset to a city than the first impression a stranger gets when he strikes that city. Omaha should have a great union depot for that, if for no other reason. I expect to bring the matter up before the executive committee at the meeting Thursday."

Charles R. Sherman, head of the Sherman-McConnell drug interests, and former president of the Associated Retailers of Omaha, said: "What more earnest can we have than the fine Union Pacific headquarters building in Omaha that the railroads will give us what we want? I believe the railroads mean well by us. Every time I look at the Union Pacific headquarters building I feel that the Union Pacific built that fine structure there when it certainly could have built it elsewhere, and it did it, mind you, when Omaha was not booming by any means."

LABORER SUFFERING WITH SCARLET FEVER

Clarence Undenhah, a laborer, who gives his address as the Oxford hotel, walked into Dr. Kulakofsky's office about 7:45 yesterday evening and stated that he wished medical attention. The doctor found the man was suffering from a well-developed case of scarlet fever. Undenhah was taken immediately to the Emergency hospital, where his case will be treated.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and hear of, the most important to the expectant mother, is a splendid external remedy called "Mother's Friend."

This is applied over the navel of the stomach, and is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it always pains incident to stretching of cords, sense of calm, peaceful nights, a freedom of those distressing peculiarities to the period of expectancy, relief from morning sickness, so many of these apprehensions which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Regulator Co., 403 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.

Signments and muscles. Ed Lee Wroth and Billy Watson Make Noise at Gayety

Neither the wildest carnival that ever popped from the stimulated brain of the young genius who first devised carnivals in the Ed Lee Wroth-Sliding Bill Watson musical carnival, now in possession of the Gayety. Noise, spelled in capital letters and emphasized in every possible manner and action is the keynote of the new production.

Of course, there's lots of clever comedy and pretty girls and flashy settings, but from the opening overture the show that cut loose last night is as fast and peppery as a string of Chinese firecrackers touched off by a Fourth of July youngster.

Ed Lee Wroth does not need an introduction, being an Omaha product, and Sliding Billy, for that matter, is equally familiar. For professional reasons Wroth, in a sketch, "Janitor Higgins at the Races," occupies the first act, and Watson, in a burlesque called "The Flying Dutchman," uses up the second. Watson does not work in Wroth's act, nor does Wroth appear in the second.

though the chorus and other principals are not so finicky. Estelle Colbert, Maudie Harris and Hazel Woodbury carry off the feminine honors, especially Miss Colbert.

The song numbers in the show are whistleable and popular. The best ones are: "Are you from Dixie" and "My Own Home Town in Ireland."

Key to the Situation—See Want Ads.

TO CELEBRATE GOLDEN WEDDING ON TUESDAY

Mr. and Mrs. G. L. Burdick, 215 Capitol avenue, Iowa pioneers, will celebrate their golden anniversary Tuesday. Mr. Burdick is a civil war veteran and was a business man for twenty-seven years in Knoxville, Ia., prior to a twenty-year residence in Des Moines, where they have many friends.

Mr. and Mrs. Burdick came to Omaha a year ago. They have three children, Mrs. A. C. Parker, C. L. Burdick of this city, and Mrs. E. E. Faulkner of Topeka, Kan., also five grandchildren and three great grandchildren.

The occasion will be quietly observed at the Parker residence, 811 Worthington Place, on Tuesday.

study rooms in the warm hall, and their sleeping rooms in Hamilton.

This arrangement will probably be only temporary, for when warmer weather comes the majority of the men will prefer to move back into their own quarters at Hamilton.

Rank Foolishness. You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbes that cause colds flourish in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.—Advertisement.

Wornout Boiler Puts Young Bellevue Men To a Lot of Trouble

The young men of Hamilton hall, Bellevue college, enjoyed a merry ray Saturday last Tuesday night the steam boiler which heats the building burst its side. The section might have been replaced had not the firm who made the boiler gone out of business. The other Alternatives was to purchase a new boiler, but since a central heating plant is to be installed this summer to replace the four plants connected with seven buildings which exist now, a new boiler for Hamilton would be a needless expense. When a new boiler began to seem a necessity, however, Vice-President Baskerville suddenly thought of Philadelphia, the old academy boys' dormitory, which has been closed. The result was that since Wednesday Philadelphia has been completely overhauled and made habitable.

The novelty of changing to the old hall has appealed to the young men and Saturday many of their effects were there. Some are planning to have only their

Harries to Address Uni Club Next Week

Major General George H. Harries, United States army, retired, will be the guest-of-honor at a noonday luncheon at the University club Tuesday noon. He will speak on "How We Warred With Ourselves in 1904."

"No use competing." they say, when David K. Bell shows pears—or sheep. He has taken first prize for pears at his State Fair nearly every time he has shown. He is acknowledged the leading pear grower in his district. And he grows sheep, too—the prize-winning kind, for export to Australia and South Africa. A visit to Mr. Bell's farm would be a pleasure and an education for every farmer who grows fruit or sheep. A man made him a visit. Mr. Bell told the man a lot about his soil, his trees, his flock and his methods. What he told has been made into an article—A Fruitman-Shepherd—and it appears in the March 18th issue of The Country Gentleman. Every farmer who has an orchard will be interested in The Country Gentleman because The Country Gentleman is interested in every farmer's orchard. It encourages practical fruit growers to write their experiences, ideas and suggestions, and prints what they write in a regular department called COMMERCIAL FRUIT GROWING. In like manner, The Country Gentleman interests itself in every phase of farm life, work and thought—in the farmer, his wife, his family and his community. In addition to the special articles each week, there are other regular departments covering field methods, livestock, dairying, poultry, farm buildings, market gardening, schools, outings, care of children, cooking, sewing, etc. Send the coupon to-day and get The Country Gentleman for
