UNIVERSITY NOTES.

University of Oregon, Eugene, Dec. 5, 1908.—Engineering Hall, the new University building ordered erected by the board of regents, has been completed and will be occupied by the department of Civil Engineering during the Christmas holidays. The building is large and commodious and is situated directly across from Mechanical Hall on the east side of University avenue. It contains about a dozen large rooms, two of which are drafting and computing rooms, 30x40 feet in size, and is built on most approved plans for the purposes desired. The addition of these rooms will relieve in a measure the crowded condition of the other buildings.

It has been definitely decided that some time during the spring the University will celebrate "Commonwealth Day." Thousands of invitations will be sent to all parts of the state and the most prominent speakers of Oregon will be on the program. It is hoped to make this an annual day for the state. A committee is already working on the program and the plans for the day. "Commonwealth Day" will be held at a time when the University is in session in order to give a large number of people a chance to see the University as it actually is.

The faculty of the University has passed a strong resolution against playing the annual Oregon-O. A. C. football game any place else than on the campuses of the two institutions.

AT SETH'S SERENADE.

When Seth got married we had a bee,
And went up to his house for a shivaree.
Some took drums, and some took pans,
And some took whistles, and some tin cans
With strings in the bottom and rosum to rub,
And they yowled like wildcats at every scrub.
And the darndest noise that ever was made
Was the whoopedow at Seth's serenade.

But we carried something beside the noise
To that little home, we girls and boys,
And after the bang, and fun, and din,
Seth gave us an invite and we went in,
And under each arm was a bundle hid—
We loaded them down, that's what we did!
Founds of this and pounds of that—
Bundles were big and bags were fat.
And then the squire a speech he made
For the rest of the crowd at Seth's serenade.

"We're here to wish ye long life," said he,
"And a way that is smooth and as straight
as can be."
Start every day as ye're startin' now
With a smile on your face and a care-free brow.
So I bring ye to-night— friends Seth and May—
A can of the cheer that starts my day.
Then he crowned the heap—he's a knowin' man—
With a Chase & Sanborn coffee can.
And before we left we had coffee made—
'Twas the best of the treat at Seth's serenade.
