

ELECTRIC TRAIN AND AUTO IN COLLISION

5 KILLED OUTRIGHT

OUT OF A PARTY OF SIX ONLY ONE SURVIVES, AND SHE IS MUTILATED IN A TERRIBLE MANNER BY INJURIES

LOS ANGELES, May 29.—Hazel Kaufman, aged six years, is the sole survivor of an auto party of six, whose machine was run down near Whittier by a Los Angeles-Pacific electric car. She has a chance to recover, despite the fact that she is suffering from a compound fracture of the skull, her eye is torn from the socket, and both arms are broken.

The five killed instantly were Jos. Kaufman, his wife and son Harry, aged 9 years, and Harold Hollingsworth and his wife.

The force of the impact was most terrific, and the dead were all instantly killed. The machine was smashed to fragments.

The Kaufmans came here from Cedar Edge, Colo., and the Hollingsworths were from Denver a fortnight ago.

Motorman Linda, who had charge of the electric car, has been arrested. An inquest will be held Thursday.

Martin No. 10 Here

Alex Martin Sr. arrived in the city Saturday evening from his home in Oakland, Calif., looking as hale and hearty as ever. It is over two years since Mr. Martin has been able to visit Klamath Falls, and he was hardly prepared for the great change which has taken place in the city during his absence. Mr. Martin will visit here for several weeks. Yesterday he took a ride around the city with his son, Alex Martin Jr., in the latter's automobile, to note the growth which has taken place in the past two years. Mr. Martin has no objections to the auto, but he is just as much a lover of a good horse as ever.

Returns From California

Harry L. Pitzer, lessee of the Baldwin cafe, arrived in this city last night from San Francisco, accompanied by Mrs. Pitzer, who is much improved in health since she went to California several months ago for medical treatment. Mr. Pitzer will at once assume charge of the cafe, and conduct it along first class lines.

BIG IMPROVEMENT IN CEMETERY'S APPEARANCE

Under the energetic management of O. A. Stearns a vast change in the appearance of things has been wrought in the cemetery during Saturday and today. Quantities of brush have been cleared away and consigned to the fire and many of the graves and lots have been cleaned of weeds and rubbish.

It is a known fact that eight of the old veterans have been buried there, but, strange as it may seem, only four of them have been identified. These are marked with flags, so that they can be becomingly decorated tomorrow. The graves of the following named deceased comrades have been designated and will be duly decorated: Frederick A. Cogswell, J. W. Hamaker, Charles H. Humphrey and

It is believed that other dead will be found. The recovered bodies are those of adults, but are so badly charred that nothing can be determined regarding them.

Of the bodies recovered one has been identified as John Bietinger, a chauffeur.

The police say the blaze was incendiary. The fire is said to have started in four places simultaneously. No arrests have been made as yet.

Attention Pioneers

All pioneers of the Klamath Basin and sons and daughters of pioneers who wish to take part in the Decoration Day parade tomorrow are requested to meet at the Library hall at 9 o'clock, or as soon thereafter as possible, so as to be in time for the march, which is to begin at 10 o'clock sharp. Those who wish to fall in with the procession farther on can do so. Sergeant at Arms Breitenstein will have charge of the pioneer division. We sincerely hope that we shall have a good turnout of old timers and their descendants in the parade.

Are Here to Invest

Otto Kuttouc and his brother Fred are in Klamath Falls with a view to investing. They come from Humboldt, Neb. The former is a prominent banker, and has achieved considerable notoriety as the baby member of the Nebraska State House of Representatives, from Bryan's home country. He was one of the leaders in the fight which beat Mr. Bryan in his entrenched position on the county option movement, which is another name for prohibition. They are being entertained here by Dr. Cooper.

WIDOW TO GIVE BIG UNIVERSITY

RAILROAD MAGNATE'S MILLIONS WILL BE FREELY SPENT ON INSTITUTION—CALIFORNIA LIKELY LOCATION.

NEW YORK, May 29.—Mrs. E. H. Harriman, America's richest woman, is to be the founder of a great university in the West as a glorious monument to the memory of her husband.

It became known that Mrs. Harriman, casting about for some means of disbursing her great fortune in a way that would be of benefit to the people of the country, had decided upon the establishment of an institution of learning as affording the best medium for such disbursement. Her plans are not fully developed, but in a tentative way she has decided to found a university that will be second to none in the country in the point of curriculum and endowment.

Millions as needed will be supplied from the Harriman estate to make this the greatest educational enterprise in the world.

The institution will be called the Edward H. Harriman University. Speculation as to the exact location of the Harriman University favors Southern California. Mrs. Harriman has not divulged her plans in this respect, except to say that the institution will be on the Pacific Coast.

It has been assumed that either Nevada or California would stand the best chance of securing the great foundation, but this is only conjecture.

THE KILLING OF MADERO FOILED

TRIED TO STIR UP REVOLUTION AGAINST REBEL CHIEF, AND SUGGESTED ASSASSINATION—AMERICAN IN PLOT

United Press Service.

EL PASO, May 29.—Following the arrest of Daniel De Villars, a Boer, and W. F. Dunn, an American, for a plot to kill Madero, General Viljoen made the following statement to the United Press:

"I knew De Villars in the Transvaal where he was a member of a rich Boer family. Recently he wired me from Mexico City, telling me he had a scheme to make big money. When he came here he suggested that we head a revolution against Madero, and asked me to tell him what train Madero would take to the capital, so an assassin could enter it and kill him.

"When I told Madero of this he said, 'Lead him on.' So we dined and autode De Villars. He finally gave me \$200 and Orocco \$200. We were not able to get him into Mexico, so had him arrested here. He does not know that it was I who trapped him."

Dunn, his accomplice, was captured at Monterey by a detective.

COME IN FROM THE BRUSH ALL YE LOYAL ELKS

To All Elks of Klamath Falls and Vicinity—

Application has been made for dispensation to organize a subordinate lodge of the B. P. O. Elks in the city of Klamath Falls. The petition has already been forwarded to the Grand Exalted Ruler. The waiver of Ashland Lodge in whose jurisdiction we are at present, has been secured, and there is nothing in the way at the present time which will delay the matter.

It is expected that the Grand Exalted Ruler will act on the petition this week, and the time has now come when an organization of the Elks of Klamath Falls and vicinity must be formed.

The members of the Antlers Club have willingly offered the club quarters for the meetings, and it is now the desire of those working for the formation of the lodge to get down to business at once.

The co-operation of each and every Elk in the vicinity is absolutely necessary, for many committees are to be appointed and much work is to be done. If we are to be organized before the meeting of the Grand Lodge in Atlantic City on July 7th it is important that we organize our work at once.

A meeting of all the Elks of Klamath Falls and vicinity will therefore be held at the rooms of the Antlers Club this Monday evening, May 29, 1911, at 8 o'clock, and each and every Elk in the vicinity is expected to be present and assist in perfecting the necessary organization.

CHARLES J. FERGUSON, Chairman.

ORDER OF PARADE IS ARRANGED FOR TOMORROW

All persons who are to take part in the Decoration Day parade, should meet at 9:30 a. m., Tuesday, April 30th, near the court house. At ten a. m. sharp, the procession will march on Main street, as nearly as practicable, in the following order.

At the cemetery gate the procession will open ranks and enter in inverse order.

The line of march will be east on Main street to 10th, up 10th, and by usual route to cemetery, where the ceremonies of the Grand Army will take place. These ceremonies will be observed at mound representing the graves of the unknown dead. While the people are generally dispersed through the cemetery, decorating the graves the band will play a dirge.

When the exercises are concluded, the column will form and return until halted on Main street, where the band will play a national air and the parade will be dismissed.

At 2 p. m. the afternoon exercises will promptly begin in the court house yard or in the opera house if weather is inclement. The foregoing is subject to modification since we have not heard from all the orders that may possibly participate, but certainly is correct in the main. The outlook is for almost an ideal observance of the day.

Immediately thereafter the ladies of the Relief Corps, with invited guests, including members of the Grand Army will proceed to the bridge over Link River, where the

ceremony of scattering flowers over the waters of the river, in honor of those lost at sea during the civil war will be carried out, in accordance with their ritual. To this solemn service the public is also invited.

OLIVE E. SEITZ.

All the school children who wish to march in the parade will take their pieces following the floral brigade, conducted by their teachers.

PLOT TO BLOW UP LOST WIFE

MAN PLACES DYNAMITE TRAP IN HOUSE, AND EVICTION OFFICERS ARE INJURED BY EXPLOSION INTENDED FOR HER

United Press Service

OAKLAND, May 29.—When the constables this morning went to evict Charles Picards from the home awarded to his wife in her recent successful suit for a divorce, an explosion of dynamite hurled the officers into the street. Constable Kiha was severely injured. Two other explosions followed, and the home was demolished.

An investigation showed that the explosion was caused by packages of shotgun shells and slugs of dynamite. Revolvers were so placed as to fire into the packages. The revolvers were attached to the doors by wires, so when the officers entered it caused the explosion.

Constable Kiha, who was the first to attempt to enter, received the full force of the first explosion. He was hurled backward, his clothing flaming and his shoulders filled with small shot from the cartridges. Deputy McDonald's teeth were so loosened by the force of the explosion, that several of them fell out. Fellow officers dragged the men back.

Three other explosions followed, believed to be the result of the concussion of the first. Neighbors say the home has been closed for three days. Picards was last seen there about a week ago.

WASHINGTON, May 29.—The government wins the tobacco case. This is the decision of the United States supreme court, although the case was reversed and remanded to the lower court to secure modifications in the decision.

When Chief Justice White read the decision Justice Harlan was the only one who dissented.

In summing up the case Chief Justice White said:

"Under the circumstances, and taking into mind the complexity of the situation in all its aspects, giving weight to the many sided considerations which must control our judgment, we think, so far as permanent relief is to be awarded, is conceded, we should decree as follows:

"First, that this combination in and of itself as well as each and all elements composing it, whether corporate or individual, whether considered collectively or separately, be decreed to be in restraint of trade.

"Second, that the court below, in order to give effective force to our decree in this regard, be directed to hear the parties, by evidence or otherwise, as may be deemed proper, for the purpose of ascertaining and determining upon some plan or method of dissolving these combinations and of recreating out of the elements now composing it, a new combination which shall be honestly in harmony without being repugnant to the law."

Brother Bills Are Joyful--The Elks Lodge For This City Assured

It's all settled now. Klamath Falls gets an Elks Lodge.

F. H. Mills, the man delegated by the Antlers Club to journey to Portland to interview Exalted Ruler Hermann regarding a dispensation, was successful in his efforts, and returned home joyful last night. Mr. Mills and Dr. Smith of Salem, the Deputy Grand Exalted Ruler for this district, waited upon Hermann, told him of the desires of the local Elks, and showed him a special enumeration of over 5,000 names, approved by the mayor and city council. As a result, Mr. Hermann granted the dispensation, subject to the protest of the Ashland Lodge, in whose district the local territory is located.

On his way south from Portland, Mr. Mills stopped off in Ashland Saturday night, and attended a meeting of the antlered herd there. At this

meeting the Ashland Lodge waived its right to protest, so the only obstacle was removed. No time was lost in telegraphing this news to Hermann, so the dispensation will in all probability be here by the last of the week.

Members of the order met Mr. Mills at the train last night, and escorted him into the club rooms, where he reported his work. Following this report the members got right down to facts, and plans for the installation of a lodge here were discussed. The members hope to have the local lodge started within three weeks, and grand plans are to be made for the entertainment of the hundreds of Elks and their wives, who will be here in attendance from all parts of Oregon and many California points. Another meeting will be held this evening, and every Elk in Klamath Falls and vicinity is urgently requested to be present.
