NUMBER OF NEW INSTRUCTORS ARRIVE - RECORD REGISTRATION OF FRESHMEN IS EXPECTED - 500 TO 1,000 STUDENTS

EUGENE, Ore., Sept. 11.—Many of the new instructors at the University of Oregon are in Eugene preparatory to taking up this year's work, and the buildings and the campus now present a busy scene.

Registration of students will begin Tuesday, September 14, and it is predicted that the number of Freshmen to register during the year will be pretty close to the estimate Dr. John Straub made at the end of last college year, that there would be 500 in that class this year.

A. R. Tiffany, registrar, in speaking of the prospects for attendance, said: "It looks as though Dr. Straub's prediction will be nearly fulfilled. The registration of first year students will come close to his estimate, if not up to it. I look for a total registration of between 500 and 1,000 students this year."

The attendance last year was over 500 in the departments at Eugene.

President P. L. Campbell has selected as his secretary to succeed Dr. W. M. Smith, N. R. Grimes, recently of the University of Illinois. In addition to his duties of secretary to the president, Mr. Grimes will work in mathematics. He has done work in the University of Michigan and the University of Wisconsin in addition to that which he has done at the University of Illinois. He is expected to arrive in Eugene this week.

Miss Mabel Cummings, who succeeds Miss Bertha Stuart as physical director for the women of the university, has arrived to take up her duties. She is from Normal university at Bloomington, Ill. Other instructors who have arrived are the following:

E. S. Bates, head of the department of rhetoric; D. W. Morton, of the school of commerce; B. W. DeBusk of the school of education; E. C. Robbins, of the economics department; W. W. Merritt of the law department; H. A. Clark professor of Latin; Robert P. Reeder, of the law department, and R. H. Wheeler, professor of psychology.

Turns Auto Loose

San Francisco, Sept. 11.—A small boy released the brakes on a heavy seven-passenger automobile standing on the top of a hill yesterday to see what would happen. He saw this:

Miss Dorris Winters run over and seriously injured, two lamp posts uprooted, a police call box demolished, a candy store front smashed in, another automobile wrecked and a final collision with a cable car three blocks down the hill. The automobile was ruined.

Thirty-Seven Killed in Air Raids

LONDON, Sept. 11.—It is announced that thirty-seven persons were killed Tuesday and Wednesday in the air raids. Four of those wounded Tuesday died. The three missing persons of Tuesday were found in the debris of buildings.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membranes, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid. (Paid Advertisement)

OUR WEEKLY SERMON

"The Fall of Jericho"

(Chas. T. Hurd, Pastor of First Presbyterian Church.)

(Extracts from the sermon preached in the First Presbyterian church last Sunday morning by the pastor, Rev. Charles T. Hurd.)

"By faith the walls of Jericho fell down after they had been compassed about for seven days."—Heb. 11:30.

There is abroad in the world of today a subtle fallacy in human philosophy. It is this: Men say "It doesn't make any difference what a man believes just so his life is sincere," when at a matter of fact it does matter and everything depends upon what a man chooses to believe. A man approached Mr. Moody with the same philosophy and said to him: "The doctrine you preach is absurd; you say men have only to believe to change the whole cause of life," and Mr. Moody answered him in this way: "Let's see, suppose a man should put his head in at the door and say that the house was on fire, what would you do? If you believed it, you would get out by the window or some other ready exit."

This is but a simple illustration of a universal truth. Belief is the foundation of all society—of everything. So the Bible claims and contends at all times. "By faith" is written on all its pages and in all its teachings. Men in those days, as in these, got results because they believed something and believed it definitely.

"When that people known as the children of Israel arrived in that country which was the termination of their wanderings they found themselves confronted by a high walled city filled with warlike enemies. This must be taken. It could not be passed by. It was the gateway of a province, and the key to western Palestine. It was all important that they gain this point.

though how to do it was the mystery. There are times and places which in our personal lives present just such important issues. There are crisis points and must be met and conquered, if we are to win.

"There was no retreat possible. It was victory or death and just in the extreme moment of their need the plan was revealed to them by a stranger, whose aid he was the 'captain of the Lord's host,' and who told them what to do. Read the story in the sixth chapter of Joshua.

"It was a strange plan, but it was the plan of God and God's plan will always win. It involved the united effort of all the people. The result achieved was the cumulative effect of a combined faith and effort on the part of all the great company that lay outside the city. The same thing is as true today as then. Community betterment becomes a reality only by the combined sentiment and effort of the individual members in that community. Social uplift is possible for each only as all desire it and work for it. Religious results are possible only as there is a unity of desire and effort to place the religious conception of life in its rightful place in the lives of men.

"The consummation of this strange plan was the sudden result of unseen forces. The most powerful forces of the universe are unseen; see electricity, gravitation, chemical forces, etc. So the fall of Jericho was accomplished, then the unseen, but mighty power of God. It remains for men today to realize the value of such an unseen, but real and felt power. Religion is no myth and no magic and when given a chance in the life of a man will get results as mighty and as convincing as have ever been recorded or known."

MULE MOTHER OF HORSE COLT

ONE OF FEW INSTANCES ON RECORD FOUND NORTH OF WEED. OWNER REFUSES \$1,000 FOR THE PAIR

WEED, Cal., Sept. 11.—One of the freaks of nature, a mule that is not barren, is possessed by Dan Sullivan, a farmer who resides five miles north of Weed, in Shastai county, this mule having given birth to a colt during the month of May.

It is said that the offspring would be taken for a horse colt, which is not surprising, as it is three-quarters horse. Its ears are no larger than those of an ordinary colt, the mule in it showing in the hairy condition of the inside of the ears and in the pointed hoofs.

The mule that gave birth to this colt was raised by Sullivan on his own ranch, and bred to a horse that he owns. She is four years old. Sullivan has been offered \$1,000 for the mare and colt, but has refused this sum. There are but very few cases on record where a mule has given birth to a colt. Some years ago a farmer in Texas possessed such an animal, and many years ago a New Yorker owned such a mule, for which he refused a large sum of money.

GIBBONS AND PACKY TONIGHT

(Continued from page 1)

right along, and boxing critics consider him now at the zenith of a successful career.

The record books show that McFarland has engaged in over a hundred fights since he broke into the game. He has won practically all of these—barring the no-decision bouts. He won over Freddie Welsh in Milwaukee in 1908, knocked out Jimmy Britt the same year, and later fought Welsh a twenty-five round draw. Ray Bronson of Indianapolis held him to a twenty round draw—and there was a lot of kicking on the decision—in New Orleans. Those who saw the bout favored the Hooker.

Gibbons hasn't fought that many, but has been equally successful. His record shows knockouts of Young Ahern, Bob McAllister, Wildcat Ferris, other lesser lights, and a whole raft of no-decision affairs.
