GERMAN INVENTS NEW SOAP

AMSTERDAM, Aug. 22.—A new  
process to make soap out of paraf-  
fine is announced by a Dr. Bergman  
at Leipzig. By the introduction of  
air, the paraffine is oxidized while  
heated to about 120 degrees in an  
iron boiler, when the result is a sort  
of brown cement-like substance,  
which, when treated with alkali,  
produces a good leathery soap.

The inventor announces he has in  
the course of his investigations, dis-  
covered two hitherto unknown acids,  
related to palmitic and stearic  
acids. The discovery is regarded in  
Germany as important.

HIGH GASOLINE  
BRINGING BACK  
ENGLISH HORSE

LONDON, Aug. 22.—In England  
the war has relegated the automobile  
to the garage and brought the horse  
back into its own. Owing to gaso-  
line restrictions, taxicabs are becom-  
ing extremely scarce in London and  
the hansom cabs of the old days have  
been restored to popularity.

Dealers in dog carts, gigs, traps,  
carriages and all other kinds of horse  
drawn conveyances are reaping a  
big profit. For six months prices  
have been going up steadily until  
vehicles which were for disposal at  
firewood prices owing to the vogue of  
the motor car are now fetching more  
than they cost when they were new.

Members of the royal family use  
horse drawn conveyances, and the  
munition millionaire denied a motor  
except for war work, is investing in a  
carriage and pair.

UNCLE SAM MAY  
TAKE OVER BIG  
POWER PLANTS

WASHINGTON, Aug. 22.—To  
meet the urgent need for electric  
power in war industries, a bill ap-  
proved by the war industries board  
has been introduced by Representa-  
tive Sims of Tennessee authorizing  
the president to construct power  
plants.

The bill also would authorize the  
president to take over privately owned  
power plants, to increase their capac-  
ity or to require the owners to place  
all or part of their power at the  
disposal of the government.

An appropriation of \$200,000,000  
for construction, acquisition, main-  
tenance and operation is proposed.

It is because our people should be informed, that  
I have consented that this photoplay should be made.

EVERYTHING IS  
STANDARDIZED  
FOR HOLLANDER

THE HAGUE, July, 30.—(Corre-  
spondence of the Associated Press)  
Standardized food is becoming the  
rule in Holland and standardized  
clothing may be next.

The scarcity of meat has called in-  
to being the standard sausage, a  
mixture of beef and veal, produced  
under government control and sold  
at the fixed price of 0.22 per lb.

The shortage of leather is respon-  
sible for the introduction of standard  
shoes in three grades and prices; and  
standard sack suits in six varieties  
of sober tints, are promised for the  
near future.

Standardization in women's  
clothes is urged in some quarters;  
but few venturesome spirits hazard  
any concrete suggestions on this  
thorny problem.

The latest is the standard cigar.  
Tobacco prices are soaring and cigars

now cost twice or three times as  
much as they did a year ago. The  
government article will be made of  
the remaining stocks of Java tobacco  
in the country, and provided with a  
woolen mouthpiece, enabling the  
smoker to finish the weed to the  
bitter end, which is expected to result  
in a saving of 15 per cent. This cigar  
will retail at 5 Dutch cents and  
pickers up of cigar stubs will have  
to look for another trade.

LADIES DARKEN  
YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND  
SULPHUR RECIPE AND NO-  
BODY WILL KNOW

The use of Sage and Sulphur for  
restoring faded, gray hair to its nat-  
ural color dates back to grandmoth-  
er's 'me. She used it to keep her  
hair beautifully dark, glossy and at-  
tractive. Whenever her hair took on  
that dull, faded or straggled appear-  
ance, this simple mixture was ap-  
plied with wonderful effect.

But broing at home is messy and  
'out-of-date.' Nowadays, by asking at  
any drug store for a 50 cent bottle of  
'Wyeth's Sage and Sulphur Com-  
pound,' you will get this famous old  
preparation, improved by the addi-  
tion of other ingredients, which can  
be depended upon to restore natural  
color and beauty to the hair.

A well known downtown druggist  
says it darkens the hair so natural-  
ly and evenly that nobody can tell it  
has been applied. You simply damp-  
en a sponge or soft brush with it,  
and draw this through your hair, tak-  
ing one strand at a time. By morn-  
ing the gray hair disappears, and af-  
ter another application or two, it be-  
comes beautifully dark and glossy.  
Wyeth's Sage and Sulphur Compound  
is a delightful toilet requisite for  
those who desire a more youthful ap-  
pearance. It is not intended for the  
ure, mitigation or prevention of dis-  
ease.—Adv.
