### NOVEL SCHEME TO BUY GROCERIES WHOLESALE

When the announcement was made that the Klamath Cash Grocery was going to sell its groceries at wholesale, plus transportation, it was thought that there was a good sized colored man in the wood pile, but when it was looked into it was soon found that it was a safe, sane, business proposition.

All there is to it is that a person will pay \$2.25 a month for the privilege. If 500 associate themselves it will be possible to make it a go, and the indications are that this number will be greatly exceeded. Belonging to this organization will enable people to effect a saving of at least 25 per cent of their grocery bill, so it will readily be seen that the charge of \$2.25 is a very

small fee for getting one's groceries at cost. Mr. Holmes is kept busy explaining the project and taking applications for what promises to revolutionize the grocery business in this county. All the money is held in trust by the First State and Savings bank until the 500 members are secured, when it is turned over to the Klamath Cash store. Full information may be secured at the Klamath

Cash store, 717 Main street. 2-11
