Deadly Duel Over a Horse Race. ALMA, N. M., March 5.-At a horse race in this town last Tuesday, Dick Blain and Jack Pattman, both miners and well known in this section, got into a dispute, during which Pattman called the other a liar, and Blain challenged Pattman to a duel with revolvers at thirty yards. Firing took place yesterday at a spot in the outskirts of town, where several similar encounters have occurred. At the word, the two men fired almost simultaneously and both fell dead. Blain was struck just above the right eye and Pattman near the end of the nose. The bullet probably went out through the back of the head.

Artistic Excellence. Cherrington, the photographer has completed a fine, large photograph of the Willamette University building, faculty and students taken by him Wednesday morning. Although there are fully 150 persons in the picture the likeness of each is as plain and recognizable as if they had been taken separately in a studio. Cherrington makes a specialty of this kind of work and he is better prepared to do it than any artist on the coast. He is also introducing the new glaze photos which are the latest and most popular "fad" in the east. A call at his studio in the new bank block will well repay any lover of artistic work.

THE O. & C. BONDS. Sailor Drowned at Astoria.-A Protest against Litigation.

One Italian Stabs Another.

VIRGINIA, Nev., March 4.-G. B. Morello was stabbed three times Saturday night by John Casaleggio, in Capuro's saloon on North C street. The wounds will probably prove fatal. Both men are Italians, from Lone Pine; Esmeralda county, and the knife wielder is an employe of the Eureka stamp mill, on the Carson river. Witnesses allege that Morello was quietly leaning against the bar of the saloon when he was approached by Casaleggio, who, without any warning, plunged the blade of a huge knife in him. One wound inflicted is just over the navel, and the other two are on the right and left sides, the latter in the region of the heart. The victim of the stabbing is still alive. The men are said to have been strangers to each other. Morello's assailant fled after the stabbing, but officers are on his trail and will probably capture him before morning.

O. & C. Bonds.

New York, March 4.-The Oregon & California railroad company asks the stock exchange to strike from its list \$5,000,000 of Oregon & California 6 per cent. bonds, and substitute in their place \$14,254,000 5 per cent. forty-year bonds. These bonds are created by the recent adjustment of the bonded debts. \$2,610,000 second mortgage 7 per cent. bonds, due in 1923, have been cancelled, and the mortgage satisfied. Of the \$9,020,000 first mortgage 6 per cent., due in 1922, \$415,000 have been returned, leaving an amount outstanding of \$8,605,000, all of which, except 106, have been deposited with the Trust Company as collateral security for new bonds, but subject to cancellation. The company has substituted therefor another first mortgage, to secure the issue of 5 per cent. forty-year bonds, at the rate of \$30,000 per mile of standard gauge, and \$10,000 narrow gauge, constructed or acquired; but the total to be issued shall not exceed, for all purposes, in all \$20,000,000. The amount of bonds outstanding at this date, as represented by 475 miles of road completed, amounts to \$14,254,000. This constitutes the entire bonded debt of the company, except 106 bonds of the old issue which are still outstanding.
