GOOD RESOLUTIONS.

SALEM, Or., Feb. 3, '88.

Your committee on resolutions beg leave to submit the following report:

WHEREAS, It is a well known fact that the ordinary articles of food for consumption such as tea, coffee, sugar, spices, lard, butter, dried fruits, etc., are adulterated to such an extent by unscrupulous manufacturers as to render their moderate use exceedingly injurious to the health of the consumer, therefore be it

Resolved, That we are in favor of a law being enacted by the incoming legislature to require under suitable penalties all manufacturers of food products to plainly mark their goods stating the character and percentage of the adulteration if any and where coloring matter or bleaching is used to plainly mark it as such. And be it further

Resolved, That we are in favor of all pure food products being plainly marked as such.

Oregon Peach Bitters

About eighteen years ago I received a hurt in my back from a pile of lumber falling on me, and ever since had been troubled with weak kidneys, more or less, and the last year very much. Through the recommendation of Henry Keene, I bought a bottle of H. Klar's Oregon Peach Bitters and before I had taken half the bottle I found a great relief from it. I believe it to be a splendid remedy for the kidneys, and heartily recommend it for the same. J. H. PORTER. Astoria, January 12, 1888.
