NOT ENOUGH DEMOCRATS!

That was the Trouble Monday. Marvellous Majorities. Legislature Republican, by Forty.

The result of the general election of Monday continues to be the wonder of the hour. To the democrats, it is the eighth wonder of the world. They are laid out so flat, they don't know what hit them. The republicans early this morning adopted a badge consisting of a small wisp of wool pinned to the coat, and soon nearly every republican in town was wearing it. There was lots of enthusiasm afloat all day, and the republicans feel very good over their victory. Considering how hard a fight the democrats and political prohibitionists made against them, it is no wonder they feel good. One continual source of surprise to the prohibitionists is the way their "largely increased vote" prophesied by their leaders, failed to materialize. A heavy falling off in this vote is to be seen everywhere. In Polk county it fell off 40 per cent. since 1886, and proportionately all over the state.

That the democratic platform adopted at Pendleton did not work as they expected it would, is conceded by every democrat who looks at the situation, and they are not sure now whether they are in favor of the doctrines held out for them in such glowing colors by Irish, or not. Even the bulletining of the unanimous renomination of Grover Cleveland for president, was not sufficient to stir the democrats up to a point where they would feel good.

The returns are certainly very uncomfortable to them, as may be seen in the following brief statement.

So far 23 counties give Hermann 5753 majority, and it is likely his total majority will exceed 4000.

The following county results are received:

WASCO—The republicans elect everything but sheriff by good majorities. Hermann gets 500 majority.

WALLOWA—Hermann 100 majority. Norval, republican defeats Rinehart for joint senator—Union and Wallowa by 300. Wallowa republican on county offices.

JOSEPHINE—Gearin has 14 majority. Howard, republican, for representative, has 6 majority. Democrats get most of the county offices.

LANE—Hermann has 150 majority. Entire republican county ticket elected.

KLAMATH—Gearin has 37 majority. Republicans elect judge, clerk, one commissioner and coronor.

MORROW—Hermann about 30 majority. Republicans elect county ticket by small majorities.

GILLIAM—Entire republican ticket undoubtedly elected.

CLATSOP—Two hundred and five majority for Hermann. Republicans elect everything but clerk.

JACKSON—Gearin's majority less than 200. Republicans elect clerk, sheriff, one commissioner, and very likely one representative in place of R. A. Miller.

BAKER—Republicans elect everything but treasurer and coronor.

UNION—Republicans make heavy gains, and will carry the county for nearly everything.

LINN—Democrats elect everything but county judge, which is doubtful. Majorities away down.

CLACKAMAS—Elected the entire republican ticket by good majorities.

UMATILLA—Hermann and Gearin about a stand off. Republicans elect two representatives, judge, commissioner, sheriff, assessor and probably clerk.

DOUGLAS—Republicans elect everything by good majorities.

POLK—Hermann and Lord have 6 majority. Rest of republican ticket, except school superintendent, elected by from 40 to 150 majority.

YAMHILL—Everything republican.

BENTON—Republicans elect everything by good majorities.

COLUMBIA—Returns incomplete. Very likely republican.

MULTNOMAH—Republicans elect everything. 2894 majority for Hermann, and over 2500 on the legislative ticket.

Clackamas county is also republican.

Secretary Gregg, of the State Central committee says he believes the next legislature will be composed of

65 republicans and 25 democrats, as follows:—Senate, twenty-one republicans with a possibility of two to five more; seven and possibly nine democrats. House, forty-four republicans, with Morrow, Union, Grant, Klamath, Lake and Crook counties to hear from. Mr. Gregg concedes that the democrats have elected four democrats in Linn and two in Jackson, while the rest of the counties are doubtful. He still has hopes for the election of Cameron (R.) in Jackson county.

Fifteen senators—eight republicans and seven democrats—who were elected in 1886 hold over, leaving fifteen to elect. Mr. Gregg thinks the entire fifteen will be republicans. He has great hopes for the election of Mattoon (R) as joint senator from Union and Umatilla, and Norval (R) as joint senator from Union and Wallowa. Chances favor both. Raley, Mattoon's democratic opponent, has the reputation of being a shrewd politician, but reports received late, bear out Mr. Gregg's hopes for Mattoon.

A good deal of excitement was the result of two or three hand to hand encounters on Commercial street to-day. The sheriff, and T. B. Wait, a former mayor of this city, and a democratic leader, had a few words, which resulted in Mr. Wait assaulting Mr. Minto, and drawing a pistol. He was soon relieved of that weapon, however, and no damage done. Several other minor rows occurred, which shows that the feeling is very intense over the result.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Adopted.

It was given as the general expression of the meeting that the advertising committee commence preparing material for another pamphlet.

On motion board adjourned.

Dehorning Cattle.

From a letter written by a Salemite now on his travels in the east, we publish the following in reference to the above cruel practice.

I have just made the acquaintance of H. H. Haaf—Farmer Haaf, as he is familiarly called—the great advocate of dehorning cattle. He says thousands of cattle are having their horns removed, and they suffer less in the operation, than they do in our day from the effect of the cold upon the horns when the mercury is down to zero. (How does Farmer Haaf acquire this knowledge? En.) The cattle depreciate less in winter, and a large per centage of the abortion of calves on dairy ranches can be avoided by dehorning. He gave up his farm in Henry county, Illinois, and removed to Chicago in order to superintend the production of his book, of which he has sold over 10,000 copies, and to attend to the manufacture of his dehorning tools. He affirms it is matter of his tory that the polled Angus and other hornless breeds, were originally horned cattle, and that other kinds can be similarly bred. Any of your readers who may wish more information on the subject than these hasty notes afford can send for his paper.

Certificates Granted.

The following teachers have been granted certificates to teach in the county schools by the county board of examiners which closed its session on Saturday: W. R. Privett, Aumsville; Miss Eva Miller, Silverton; Mrs. Q. A. Grubbe, Salem; Miss Bertha Cunningham, Salem; Miss Jessie Northup, Salem; Mrs. Etta Boothby, Rock Creek, Linn county; Miss Elsie Miner, Champoeg; Miss Addie M. Hartman, Silverton; Miss Mellie M. Elgin, Salem; Miss Laura Davidson, St. Paul; Miss Libbie Vaughan, Butteville; Miss Antoinette Pilet, St. Paul; Miss Nettie Vedder, Mount Angel; Miss Ella Elgin, Salem; Miss Norah Harris, Salem; Amos W. Long, Silverton; Miss Mabel Halstead, Turner. Two were granted first grade, six second grade, and nine received third grade certificates. No applicant failed to pass at the examination.

Will Remove to Oregon.

Corporal James Tanner, the eloquent republican orator, has been troubled with insomnia at home, but says that on the sacred soil of Oregon he slept like a top. The Willamette Valley Mr. Tanner compared to the garden of Eden. He supposed, however, he would be asked when he got back to New York if there was soon to be an Indian outbreak in Oregon territory. Mr. Tanner is so charmed with the country that he intends to return here with his family as soon as he can settle his affairs, and reside here permanently. Just where Mr. Tanner will make his home he has not yet decided as there are so many agreeable locations to pick from.

Chauncey Depew and Wm. Shakspeare were born on the 23d of April. They are both widely known as rare good fellows. Mr. Depew modestly insists that he must not disrespect to the great poet by being born on the same day of the year with him. There is no political significance in this interesting date, by the way, for Mr. Shakspeare, it will be remembered, was never President of the United States.—Chicago News.

A Maine telegraph messenger took a telegram the other day to an old gentleman 70 years old, who never had seen such a thing before. The first thing he did was to read the printed regulations on the top of the blank and it took him five minutes to get to the message.—Lewiston Journal
