

LOCAL AND GENERAL NEWS

Itemized Account of Doings in City and Country.

LOCAL NOTES.

W. L. Kimsey, the blacksmith at Melama, is seriously sick. Dr. Pratt is attending him.

A paper in the Finnish language will soon be started in Astoria. It will be independent in politics and devoted to the interest of the Finnish people.

Military Target Range.

Col. Thos. C. Smith, commanding the second regiment, O. N. G., has just received the plans of the third regiment target range at The Dalles, from Col. C. E. Morgan, the commander of that regiment, and is now casting about for some person willing to donate suitable ground near this city, for a range here. A 250 yard level range with a bluff at the rear is the most desirable ground, and there should be some one near town with such ground who would be willing to donate it to the regiment for that purpose. Col. Smith has his eyes open, however, and will probably succeed in getting a satisfactory range soon, when the target, shooting box and markers, house will be built, and target practice begun.

The Farmers' Alliance.

At 2 o'clock to-day, delegates from all the counties in the Willamette valley gathered at the opera house, and organized a farmers' congress, which will probably become a branch of the farmers' alliance of the United States. M. Wilkins, of Lane county, was elected president, John Osborn, of Marion, vice-president, and Jos. Gaston, of Washington, secretary and treasurer. Messrs. Miller, Ferguson and Minto were appointed a committee to report by-laws to the next meeting. Several of the most prominent farmers in the valley are in attendance, and they will continue in session all this evening and possibly to-morrow.

Another "John P."

Senator John P.—by the way there is nothing suggestive in the fact that his name is John P. as some of the more partisan politicians might claim—Senator John P. Wager, the democratic editor of the Pendleton East Oregonian, is still dazed over the result, and it is said he is seriously contemplating committing matrimony. The troubles of married life will soon make John P. forget the minor troubles of politics. Our friend Wager will find himself more hopelessly in the minority after he gets married than even now. We wish him joy.

News as is News.

A Portland morning daily has a very interesting item that recalls times long since gone by to the reporter of the JOURNAL. It is an item that reminds the writer how time flies, and how our works live after us. This item was written and appeared in this paper about the 18th of May last, and recited the fact that Hon. C. C. Beekman had just presented warrants for a large sum of money, to the State Treasurer. Verily, this is "news as is news," and the older news is the better.

For the Season.

On Wednesday, June 13th, and on each Wednesday and Saturday thereafter during the season, the Oregon Pacific railroad company will sell round-trip, excursion tickets, from Albany to Yaquina, at \$3.50 each. Tickets good for going passage on regular passenger trains, Wednesdays and Saturdays only; good to return on any regular passenger train until September 30th. Buy your tickets of Messrs. Gilbert Bros., agents for the company at Salem.

The Fruit Evaporator.

Work on the fruit evaporating establishment of the Willamette Valley Fruit Evaporator company, is progressing rapidly. The capacity of the building has been greatly increased, and many improvements have been made. The new wheel at the race has been put in, the new furnace is about finished, and the other improvements will be completed in a few days.

Supreme Court Adjourned.

Supreme court has adjourned until July 2nd. It is expected that decisions in nearly all cases now pending before the court will be rendered then. All cases for the spring term have been argued and submitted.

WILLAMETTE UNIVERSITY.

Second Day of Commencement Exercises.—Class Examinations.

The university campus was the scene of a happy gathering last evening, the occasion being a lawn sociable, and concert under the auspices of the literary societies. The lawn was beautifully lighted with Chinese lanterns, and the music by the Second Regiment band was very enjoyable. After dusk, the air growing rather cool, the chapel of the university was thrown open, the band stationed on the platform, and the music continued until after ten o'clock. Refreshments were served on the lawn. The attendance was very large.

CLASS EXAMINATIONS.

At 9 o'clock this morning, the university bell sounded, and scholars and visitors repaired to Prof. Arnold's room, where he examined a class of 23 in the science of civil government. This is an interesting and very useful study, and a large number of visitors were present. The three branches of government and their various functions; the mode of electing officers and their terms of service; the basis of representation in the lower house of congress, and the general principles and practices of our federal form of government were rehearsed with readiness by the class. The name of the president was given, and when the professor asked who would be his successor, the names of Blaine and Cleveland were mentioned with great promptitude, and elected.

At 10 o'clock Miss Cunningham began a review of her class in English grammar, and Prof. Jory examined his students in analytical geometry. The grammar students showed themselves well informed in the nomenclature of their study, wrote different classes of sentences on the blackboard and then diagrammed or parsed them. Prof. Jory's room also drew a number of visitors to hear and see his class demonstrate the relations and properties of geometrical magnitudes.

The last hour of the forenoon was taken up by Prof. Starr and his class in an excursion to the celestial bodies, and a description of their magnitudes, motions, distances, periods of revolution and other natural phenomena. This closed the class examinations.

The board of trustees held their annual meeting to-day, which kept them in all day session.

This evening the graduating class of the academy will take place, which are always interesting to witness.

To-morrow at 10.30 a. m., will be the commencement exercises of the conservatory of music; at 2 p. m., a business meeting of the alumni, and at 8 o'clock a re-union and literary exercises of the same.

PERSONALS.

Supt. E. B. McElroy went to Portland this morning.

Holliness camp meeting at Wilhoit Springs, commences July 3d next.

Secretary of State McBride and Ed Giltner are home again from St. Helens.

Miss Lizzie Church is expected home from a long visit to Portland, to-night.

Miss Agnes Earhart, of Portland, is visiting Miss Edith Hughes, in this city.

J. H. Foster, an old resident of Albany, died in that city yesterday afternoon.

Hon. Jos. Gaston, a retired journalist, formerly of Salem, now of Hillsboro, is in the city.

Mrs. Glover, of Spokane Falls, and her niece Miss Addie Cox, of this city, are visiting in Portland.

Capt. J. T. Apperson, of Oregon City, and president of the State Board of Agriculture is in the city.

Arthur E. Holgate, of Dayton, W. T., returned yesterday from Corvallis and will visit friends here for some time.

Capt. John D. Biles, the veteran tax adjuster of the O. R. & N. Ry., passed through this morning enroute to his home in Portland, from Grant's Pass.

R. J. Hendricks and wife started to-day for Chicago, where they will attend the National Republican Convention. They will also visit New York and Washington.

Harry Young, the genial traveling passenger agent of the Oregon Short Line, and Union Pacific railway, accompanied by his wife, stopped over in Salem this afternoon enroute to Ashland. Mr. Young has recently spent several weeks in Canada visiting his aged parents.

Downing vs. Downing. Referred to Sam Hayden.

Wendel vs. Walker. Demurrer withdrawn and answer filed.

Hutchinson vs. Hutchinson. Divorce granted.

Disgusting Hoodlumism.

Whether it is natural for some boys to be hoodlums—whether they don't know the difference between being hoodlums and gentlemen, or whether they act hoodlumish because they think it smart, is not known. A large number of "male bipeds"—they are not gentlemen—gathered at the stile at the University last night, and under the leadership of a boy about 20 years of age, cast insulting remarks at young ladies as they would chance to pass near. They attempted to make fun of a man who was passing by on the walk, and two or three of them were given a trouncing for their smartness. The leader of the mob has figured in the police court once, under the direction of the Salvation army, and if he is ever caught insulting young women as he was doing last evening, he will figure there, or somewhere else, under the complaint of some decent people who will send him through, and the rest of the crowd with him. "A word to the wise," etc., is an old chestnut, but it will do for use yet.

Cash For Wool.

Highest cash price paid for wool in the Opera House block. F. LEVY.

Skirts, chemises, gowns, etc., at Bridges & Bonorths.

Counter-Irritants to our Attractions.

Salem is one of the most attractive cities in the world. This is the evidence of every visitor.

Salem is picturesquely laid out, on a natural slope which extends back from the river.

Salem has beautiful broad streets. Salem has splendid shade trees in profusion.

Salem has many elegant homes, surrounded by wide lawns, well cared for, within which enclosures grow all sorts of beautiful flowers, shrubs, trees and vines—indigenous and exotic.

Salem has handsome public buildings, around which are spacious grounds in a poor state of repair.

Salem has excellent business blocks, in which are kept for sale everything one would think to wish for, almost.

Salem's roadways are in a good condition for travel.

Salem has numerous and handsome churches, and the best educational institutions in the state.

Salem has many other very attractive features, among which perhaps the greatest is our climate.

But this city has one thing which, unless attended to soon, will act as a "counter irritant" and an "antidote" for any one who might otherwise be induced to tarry with us.

Skirting numerous blocks in this city and notably the blocks on State street between Winter and 12th and on 12th street between State and Mill, are some of the worst sidewalks ever walked over by any body in a city of Salem's pretensions.

This walk adjoins the property of one of the wealthiest institutions of learning in the state, and by its side is a "tumble down, gone-to-rack-and-ruin fence" that is a disgrace to the town. This last might be removed, and no damage be done. The former should be repaired.

In numerous other parts of the city, the walk is as bad. Adjoining the Congregational church property, is a bad piece of walk; on the north side of Chemeketa street, between Cottage and Church, and many other places. The JOURNAL would like to see improvements all around the city. At least the sidewalks should be made safe for pedestrians.

Let's fix up the walks!

The Great Strike.

Hello! Hello, there! Mr. Digestion! What's the matter with you down there?

Hello! Mr. Tongue, is that you? Oh, everything is wrong down here. The hands in the Gastric Works have "struck." The Food Assimilation Company have "shut down," and the Bile Supply Pipe Line can't handle their product, and it has overflowed the whole region. Yes, all stock on hand in my apartments has "heated" and "soured." I have stopped work altogether. Can't move without assistance. Say, Mr. Tongue, can't you send down to me a bottle or two of Dr. Pierce's Golden Medical Discovery? Yes. That Buffalo man's remedy. If you do, I can start up at once. When the liver, stomach or bowels are deranged or the digestive "forces" are "on a strike," it is the best "agent" to set the wheels of nature in motion. Druggists have it.

Don't hawk, hawk, and blow, blow, disgusting everybody, but use Dr. Sage's Catarrh Remedy.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and \$1 per bottle at H. W. Cox's drug store.

A Natural Product of California.

It is only found in Butte county, California, and in no other part of the world. We refer to the tree that produces the healing and penetrating gum used in that pleasant and effective cure for consumption, asthma, bronchitis, and coughs, Santa Able, the king of consumption. D. W. Matthews & Co., 106 State street, Salem, guarantees and sells it for \$1 a bottle, or three for \$2.50. By the use of California Cat-H-Cure, all symptoms of catarrh are dispelled, and the diseased nasal passage is speedily restored to a healthy condition. \$1 a package. By mail, \$1.10. Circulars free.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, teeter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Dr. H. W. Cox.

Cream soda, ice cream soda, milk shakes, lemonades, at Stroug & Co.'s.
