**The New Depot.**  
It is too soon to fully describe our tasty new depot on the O. & C. railroad because it is not yet completed. It will take perhaps some weeks to put on the finishing touches. But this may in justice be noted that its attractive architecture, conveniences and coloring will make it surely the handsomest and best along the line from Ashland to Portland. It fronts the street and faces the west. A broad portico will afford shelter from sun or rain for carriages as they draw up with ladies or others to alight. Comfortable waiting rooms with stoves, toilet conveniences, and ticket office windows are being nicely fitted up. The baggage master will not have to be hunted by hurrying passengers, nor will he have need to hunt up those who have baggage to check. There will be a room for his purposes, with a long low counter at the south end, away from the crowd and bustle of incoming or outgoing passengers and their friends, and where express wagons and hacks can drive up and unload trunks and valises. The railroad company must also be credited with having purchased the bulk of their building material in town, and the work of erection, plumbing, painting, etc., was done by Salem people. So that a good portion of the \$6,000 that the depot costs, has been expended here.

**SAD ACCIDENT.**  
A Salem Boy's Arm Badly Torn by the Premature Discharge of His Gun.

The JOURNAL is indebted to Mr. Fred Baker for the following account of a very painful accident that occurred yesterday, near Mehama. Fred, son of Mrs. Snyder, who has the book bindery on State street, was out at the farm near Mehama. Yesterday he prepared to go out gunning, and while cleaning or examining his shot gun before starting, it was accidentally discharged. The load penetrated the left arm above the elbow, ranging up through the fleshy part of the arm and shoulder. Fortunately no bones were shattered. A messenger was at once dispatched for Dr. Pratt, of Mehama. Dr. A. T. Richardson, of Salem having just arrived on his way to visit some friends accompanied him, and they did all that could be done for the sufferer. When Mr. Baker left last night Fred was resting easily. It is not thought amputation will be necessary. His mother went up yesterday to wait on her boy.

**A Women's Celebration.**  
An exchange says, at the Fourth of July celebration in Madison, Wis., everything was done by the women, even our brass band being made up of girls from eighteen to twenty-four years old.  
"It was a women's rights movement," but an immense educator along that line all the same. It was hurriedly arranged, all inside a week. I doubt if ever before there was a woman's Fourth of July celebration with a woman's brass band. This band is to be one of the attractions at Madison, Wis., at the Monona Lake assembly.

**Why his mouth waters.**  
The following paragraph will explain why a well known citizen of Salem thinks of other days while his mouth waters for peaches and pears.—Mr. Joseph Harris, residing on the J. W. Webb homestead in the Mehama canyon, brought to the Record office some very fine samples of the Early Crawford peaches and Bartlett pears. Better flavored and more sizable fruit cannot be found outside of the irrigable belt.—Lombard Record (Santa Barbara county, Cal.).

**Elder P. R. Burnett immersed a young lady at the close of last night's service in the Christian church and took the confession of her faith from another. He goes to Mount Carmel this week to visit his family and arrange for their removal there. The Ladies' Aid Society has decided to commence renovating and decorating the interior of the church building, putting in new carpeting, repainting and supplying new carpets and furniture. There will be no services next Sunday.**

**LOCAL NOTES.**

The circus is coming. Sheriff Minto went to Portland to-day. Call on Winters & Thomas for the best groceries in town. Painless dental operations at Dr. T. C. Smith's, 92 State street. Cream soda, ice cream soda, milk shakes, lemonades, at Strong & Co.'s. Prof. Rork speaks in Marion Square at 8 o'clock to-night. Well worth hearing. Mrs. Saddle McFadden has gone on a short visit to relatives at Middleton, Washington Territory. One subscriber sends off a hundred copies of this week's JOURNAL at his own expense. They will be widely distributed. Ben. Woods has been visiting at his mother-in-law's, Mrs. Vandervert, in Polk county, and went back to Portland this morning. E. P. Hodnett, one of the O. & C. R. R. locomotive engineers, with his wife, spent Thursday at the home of the latter's father, John Brooks. The Tillamook county teachers' institute comes off soon. He who thinks the State Superintendent is a sinecure misses the mark widely. In Northern Florida the farmers feed watermelons weighing twenty-five or thirty pounds to their hogs rather than take them to market and sell them for five cents each. The good things of this world are too unequally distributed. Clark Braden has been traveling through Washington Territory replying to Putnam, the Liberal speaker. The former will speak at Boise City, August 19th, and then return to lecture for a week at Silverton. Messrs. R. F. Wells and Van Duyn drove over from Independence to take the morning train to Portland. The latter has not entirely given up the idea of moving over here and going into some business. He thinks of sending his son to the Willamette University. H. Leach, of the Capital Nursery, has moved his family to 288 State street, next to E. M. Waite's, but he can be found busy at work among his trees from early morn till dewy eve. He is hard at it, with a number of helpers budding plum and prune on peach stock. E. A. Ware announces his new grocery store on State street, in our advertising columns to-day. Mr. Ware is a successful and experienced business man, well known to our citizens, and his uprightness of dealing inspires confidence. We wish success to his enterprise. F. J. Catterlin, the photographer opposite the court house in Salem, makes a specialty of taking the pictures of babies from one day to three years old, and until the middle of September will take negatives of them free. And he warrants first-class work for older persons. 8-13-d3-w-1f

To-day's Eugene express brought back a number of Yaquina and Newport excursionists. Among them were Deacon Hatch and wife, Mrs. Buck, of Oregon City, their guest, L. D. White, Mrs. White and her sister Mrs. S. A. Babcock of New York, Misses Lizzie Webb, Carrie Smith, Carrie Haas, Sallie Gesner, Mrs. Bristow, Dr. Jennings and two daughters, and Mrs. R. H. Price and her daughter, Mrs. Rennie. Shorthand and type-writing should be taught in the business departments of our colleges. The Penman's Art Journal says: The type-writer is creating a revolution in methods of correspondence, and filling the country with active, competent young ladies who are establishing a distinct profession and bringing into our business offices, lawyers' offices, editorial sanctuaries, etc., an element of decency, purity and method which is working a perceptible change.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at H. W. Cox's Drug Store.

California, the Land of Discoveries. Why will you lay awake all night, coughing, when that most effective and agreeable California remedy, Santa Able, will give you immediate relief? SANTA ABLE is the only guaranteed cure for Consumption, Asthma and all Bronchial Complaints. Sold only in large bottles, at \$1.00. Three for \$2.50. D. W. Matthews & Co., 106 State street, Salem, will be pleased to supply you, and guarantee relief when used as directed. CALIFORNIA CAT-HERB CURE never fails to relieve Catarrh or Cold in the Head. Six months treatment, \$1.00. By mail, \$1.14.

**Notifies.**  
I have sold my Photograph Gallery and entire interest in the photograph business to M. E. Sperry, of Ohio. All persons who owe me for pictures, will please call at the gallery and settle within sixty days from date. All unsettled accounts after that date, will be placed in an attorney's hands, for collection. W. P. JOHNSON. SALEM, Or., Aug. 13, '88.

**Verdict Unanimous.**  
W. D. Sull, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Dr. H. W. Cox's Drug Store.

**PERSONALS.**

T. Howard is back from Mehama. Rev. P. S. Knight went to Portland this morning. Mrs. Frank C. Baker is reported on the sick list, we regret to hear. County Recorder Benson Starr and B. F. Giltner took a trip to Portland yesterday. Prof. McElroy is in Portland, returning to-night and going to Corvallis to-morrow. Mark F. Jones, the organizer of the Roseburg Junior Band is in town and leaves for his home in Plainwell, Mich., to-morrow. Louis Barzee, yesterday returned to his home in Turner, after a month's sojourn at the Wilholt Springs, much improved in health. W. W. Hutchison of Des Moines, Iowa, has gone back to bring his family here. He has an engagement with the State Insurance company in this city. Miss Grace Gillingham is visiting in Portland, and with improved health will be ready for duty as teacher in the East Salem school, when it re-opens. Misses Dearborn and Van Wagner who tarried after the national teachers' convention in San Francisco came home to-day, via Yaquina steamer.

W. W. Brooks, foreman of the West Side, showed his smiling face in the JOURNAL sanctum on Saturday. He is one of Salem's boys that does her credit. Mr. Edward T. Hatch, Republican Senator elect of Polk county, a subscriber of the CAPITAL JOURNAL, gave this office a pleasant call on Saturday. It goes without saying that so conscientious a man and so strong a temperance worker will make a good legislator. Prof. T. F. Campbell, former president of Monmouth college, and later filling a chair in the agricultural college at Corvallis, has accepted the presidency of Christian College, Canton, Missouri. He is naturally well fitted for such a position, and long experience makes him very successful. Frank Brooks came up hurriedly from the Cooper Medical College, San Francisco, to visit his mother, who is very sick. First thing you know he will be writing his name "M. D." at the tail end thereof. Success to you, Frank; there is always room higher up in any profession.

A. F. Blackaby, of Silverton, has gone to Coos county on a vacation trip. That he might have a light heart and a clear conscience while away he came in and paid his subscription to the JOURNAL. What an admirable thing to do during vacation. A word to the wise is sufficient. Prof. M. V. Rork goes east to-morrow, to conduct a Teachers' Institute at Nebraska. From there he will go on to Lansing, Michigan, and bring his family to reside in Salem. He will speak every day for the last 60 days of the campaign, for the prohibition party, making a tour of this state.
