BEFORE IT IS BORN.

Some Startling Statements of Gen. ...

Dr. Oliver Wendell Holmes, on being asked when the training of a child should begin, replied, "A hundred years before it is born." Are we to infer from this that this generation is responsible for the condition of the race a hundred years from now? Is this wonderful generation the natural result of the proper diet and medicines of a hundred years ago? It is conceded in other lands that most of the wonderful discoveries of the world in this century have come from this country. Our ancestors were reared in log cabins, and suffered hardships and trials. But they lived and enjoyed health to a ripe old age. The women of those days would endure hardships without apparent fatigue that would startle those of the present age. Why was it? One of the proprietors of the popular remedy known as Warner's safe cure, has been faithfully investigating the cause, and has called to his aid scientists as well as medical men, insisting upon the fact that there cannot be an effect without a cause. This investigation disclosed the fact that in the olden times simple remedies were administered, compounded of herbs and roots, which were gathered and stored in the huts of the log cabins, and when sickness came on, these remedies from nature's laboratory were used with the best effects. What were these remedies? What were they used for? After untiring and diligent search they have obtained the formulas so generally used for various disorders. Now the question is, how will the olden time preparations affect the people of this age, who have been treated, under modern medical schools and codes, with poisonous and injurious drugs. This test has been carefully pursued, until they are convinced that the preparations they now call Warner's Log Cabin remedies are what our much abused systems required. Among them is what is known as Warner's Log Cabin sarsaparilla, and they frankly announce that they do not consider the sarsaparilla of so much value in itself as it is in the combination of the various ingredients which together work marvelously upon the system. They also have preparations for other diseases, such as "Warner's Log Cabin cough and consumption remedy," "Log Cabin hogs and buchu remedy," "Warner's Log Cabin hair tonic." They have great confidence that they have a cure for the common disease of catarrh, which they give the name of "Log Cabin rose cream." Also a "Log Cabin plaster," which they are confident will supplant all others, and a liver pill, to be used separately or in connection with the other remedies. We hope that the public will not be disappointed in these remedies, but will reap a benefit from the investigations, and that the proprietors will not be embarrassed in their introduction by dealers trying to substitute remedies that have been so familiar to the shelves of our druggists. This line of remedies will be used instead of others. Insist upon your druggist getting them for you if he hasn't them yet in stock, and we feel confident that these new remedies will receive approbation at our reader's hands, as the founders have used every care in their preparation. SAN FRANCISCO, Nov. 15, 1888. Messrs. WELLER BROS., Salem, Oregon. Gentlemen:—We had the pleasure recently of making shipment to you of our new "White Cross" Extracts, and send you by mail to-day a very neat show card which we would like you to place prominently in your store, and which will call the attention of your trade to the goods. It has been our intention for some time past to place upon the market the finest line of flavoring extracts manufactured in this country, and after months of study and experimenting with the pronounced brands now before the public we have at last succeeded in placing before you a quality which beyond doubt has no superior. We can not too strongly impress upon you that you can unhesitatingly recommend them to your customers as the finest that can possibly be manufactured. The package and style generally is such as to attract attention, and we predict that when your trade have tested the quality of the goods, your sale for "White Cross" extracts will be large. By complying with our request you will confer a favor upon your trade. A. SCHILLING & CO.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887. Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure, if they would take it according to directions. Yours Truly, L. L. GORSUCH, M. D. Office, 215 Summit St. We will give \$100 for any case of catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally. F. J. CHENY & CO. Toledo, O. Sold by druggists, 75c.

Across the Continent.

From the Atlantic seaboard daily journey thousands of immigrants, hosts of enterprising tourists for pleasure, occasional European seekers for material for books on America, multitudes of hardy artisans, all eager and expectant but all unaccustomed to the new climate of the frontier, and all unit—unless protected with a medical safeguard—to encounter malaria, the chief foe to health in regions newly cleared and opened up for settlement. These western-bound travelers will find in Hosteler's stomach bitters the safety from malarial infection they might vainly seek from other sources. Tried in all parts of the world, under exigencies the best fitted to show its value, it has failed nowhere under the most exacting conditions. In so many lands is it in request that the demand for it may well be termed universal. Not only malarial, but constipation, dyspepsia, biliousness, rheumatism, debility, nervousness and inaction of the kidneys are thoroughly relieved by it.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Dr. H. W. Cox's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup and all other throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Forest Grove, Oregon, March 8. I have been troubled many years with weakness of the kidneys and have tried in many different remedies sought aid from different physicians and even changed climate, but with no relief, but have used with indifferent success. Hearing through a friend of the value of the OREGON KIDNEY TEA, I obtained a box of it and have derived most benefit from it than from anything else I have yet found. J. T. HUFF.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours.

A Sad Accident—Eaten By the Hogs—Political Talk—News.

WASHINGTON, Nov. 16.—The rather frequent visits which have been made to the White House by Senator Gorman during the past nine days have been the cause of a great deal of speculation. A prominent Baltimorean is responsible for disseminating a story that the senator was endeavoring to so arrange matters that the president may be elected president of the Baltimore & Ohio Railroad Co. The annual meeting of stockholders of the road will be held Monday, and the president of the road will be chosen by the directors on December 15. It is believed that the present temporary organization will be continued for another six months, and that possibly in June next Mr. Cleveland may be elected president.

Devoured by Hogs.

OMAHA, Nov. 16.—On Friday last two farmers, Hiram Rotter and William Ashley, living in Custer county, called on a neighbor named Holstein to see him about some furniture which had disappeared from the school house in that district. Ashley and Rotter were directors. They had failed to return on Friday night, and after waiting until Sunday their neighbors became suspicious and instituted a search for them. Yesterday afternoon they saw some hogs eating some object in a hay stack in Holstein's field, and going to the spot, found the dead bodies of the two directors. Rotter's face had been badly eaten by the hogs. Holstein cannot be found.

Brownsville Woolen Mill.

ALBANY, Nov. 16.—The change in the Brownsville Woolen Mills will be consummated about the first of the year. At a meeting of the stockholders held on the 13th inst., it was decided to sell the entire plant to the highest bidder on the 30th of December. The reasons given are that some of the members of the company cannot agree as to the management of the mills and this course is taken to settle the matter and get the mill into harmonious hands. It simply means that the property will be bid in by some of the present owners and be run as in the past according to the ideas of the new owners.

Perhaps He Is Captured.

VICTORIA, B. C., Nov. 16.—Simpson, the embezzler of the Northern Pacific Express company at Tacoma was here on Thursday night and then left for Vancouver.

An Old Pioneer Killed.

LA GRANDE, Or., Nov. 16.—John Wells, father of L. H. Wells of East Portland, an old pioneer of this city and valley, was thrown from a wagon and killed to-day. He was bringing a load of wood down the mountain to town, with a four-horse team, when the wheel horses became entangled in the harness and the wagon was overturned upon him.

Harrison Favors Reform.

NEW YORK, Nov. 16.—Dorman B. Eaton, civil service commissioner, making an address to students here this morning, said the new administration would probably not hamper civil service reform in any way. In Harrison the country had a man who was thoroughly in favor of reform.

Smallpox at Sodaville.

LEBANON, Nov. 17.—There is a case of smallpox three miles south of Sodaville. Gus Thompson last week went to Portland to attend his son Clyde, who died of smallpox on the 8th of this month. Mr. Thompson came home on Thursday and broke out with the dreadful disease.

Another Case of Insanity.

Yesterday evening a woman registered at the Chomekete as Mrs. Smith. She said she would leave on the early morning train and would want to be called at 6 o'clock. Her actions were strange and caused considerable wonderment. But this morning it transpired that she had escaped from her watchers. She was recaptured and committed before Judge Shaw to the asylum. Her name is Anna Lavery and she is from Malheur county.

By a Small Majority.

NEW YORK, Nov. 16.—A special to the Post says General Clark, clerk of the house of representatives has abandoned the claim that the democrats are certain to have a majority. He states that it will be necessary to await official returns; that all that can now be said is that the result is in doubt. One of the leading subordinate officials in Gen. Clark's office, who has the same information as to democratic hopes which Gen. Clark himself has, says the officials of the house have abandoned the expectations which they had a few days ago that the democrats would organize the house.

A Ship Goes Down.

BOMBAY, Nov. 16.—The coasting steamer Vailly which left Duttaluda for Bombay with nine hundred natives on board is a week overdue. It is supposed she was wrecked in a recent cyclone and all hands were lost.

A Good Digestion waits on appetite and a good appetite is one of the surest signs of perfect health.

A New Boomer.

Why not put the crank on the machine and run out a few yards of boom poetry for the especial benefit of real estate agents and country exchanges? A good plan—here goes. (Supposed to have been written by a man who had felt cold winter's breath and whose eyelids had been kissed down and pulled out by the eastern sun and his wife. He comes west, and writes back to a neighbor.) He says his heart with deep emotion glows because he's left a land of frost and snows—where man ne'er is but always to be blest, where cyclones rage and blizzards rout, where its'er too chill for hair to slope—and come to the genial, balmy state, where all is bright and sweet as soap—but just here the machine broke and his climax must be imagined.

RECOMMENDED.

CAPTAIN CHARLES L. DIMON, of New York City, formerly special agent of the Phoenix and Home Insurance Company at San Francisco, Cal., says: "I have been troubled with Chronic Catarrh for twenty years. A friend in Woodland, Cal., recommended your California CAT-R-CURE. I procured a jar, having but little faith in its curative properties; but I must say, after using three jars, I am cured of that disgusting disease, and I enclose finders for which send me the California CAT-R-CURE for some friends, who are sufferers."
