### A Grand Juror in Trouble.

ASTORIA, March 16.—Walter J. Ingalls, a well-known resident of this county, is in trouble. He was a grand juror at the present session of the circuit court, and today Hon. C. W. Fulton, for County Commissioner Carruthers, swore out an information against him for violating his oath as a grand juror and for contempt of court in attempting to prejudice common jurors against Carruthers, who was indicted for malfeasance in office by the grand jury, of which Ingalls was a member. Some weeks ago, Ingalls was a candidate for the position of district road commissioner before the county court. It was Carruthers' vote which lost him the job.

### Favors Annexation.

WASHINGTON, March 16.—Vice President Stevenson laid before the senate the following resolution of the Massachusetts legislature: "Resolved, It is the sense of this general court that it is expedient the Hawaiian islands should be annexed to the United States, and the interests of the United States, commercially and strategically, be promoted thereby."

To think "nothing ails you," is a symptom of dyspepsia. Take Simmons' Liver Regulator.

### HAWAIIAN REVOLUTIONISTS.

Royalists Strengthened by the Delay

OF THE UNITED STATES GOVERNMENT

In Bringing About An Annexation Treaty.

HONOLULU, March 9.—(Special Correspondence Associated Press).—Annexationists were greatly disappointed when they learned from the Belgic, which put in here March 23, that the annexation treaty had not yet been adopted by the senate. Secretary Foster's letter to Minister Stevens, is taken as a rebuke to the latter, by anti-annexationists, but the United States flag has not yet been hauled down.

Stevens specifically denies that he has in any way hesitated or brought about the revolution. The minister says that the prominent men of all the islands assure him there is a sentiment in favor of annexation among the better class of natives. The delay of the United States has strengthened the royalists in their opposition to annexation. They have held numerous meetings at which a proposition appealing to England to interfere has been discussed.

### Commissioners Will Talk.

WASHINGTON, March 16.—Thurston and Castle, of the Hawaiian annexation commission, leave tomorrow night to fulfill several engagements to speak on the subject of their mission to this country. Thurston will speak at Newark, Conn., and to the students of Cornell University, at Ithaca.

### FORMING A NEW PARTY.

God in the Constitution, Equal Rights, Etc.

PITTSBURG, Penn., March 16.—Conference ministers and prohibitionists interested in the formation of a new national political organization begun in Lafayette hall, the birthplace of the Republican party, this morning. Thirty-three delegates were present, including ten women.

The platform was read, recognizing God as the author of civil government, averring equal rights for all regardless of color or sex, abolition or suppression of drink traffic, and such other moral economic and industrial reforms as are needed in this country.

### HAPPY IN DEATH.

A Despondent Couple Face the Future in Cold Blood.

MILAN, Tenn., March 16.—In a lonely cabin in Lake county the bodies of Abner Carter and his wife Jennie were found clasped in each others arms. An empty revolver lying between them told the tale. They left a note saying: "Neighbors, we are going home; never to return. We were miserable in life, but will be happy in death; farewell."

### SNOW STORM IN KANSAS.

Drifting and Developing Into a Blizzard.

KANSAS CITY, March 16.—A heavy snow storm began here at 10 this morning. At noon it is still falling. Indications are excellent for a continuance and development into a full-fledged blizzard. Dispatches from Kansas points show that the storm is general throughout the state, and accompanied by a cold wave from the east. In some places the snow is drifting badly.

### WILL NOT CAPITULATE.

The Ann Arbor Strikers Refuse to Accept the Compromise Offered.

TOLEDO, Ohio, Nov. 16.—The compromise terms submitted by the Ann Arbor road to the strikers this afternoon, were declined. The situation is considered grave, and the most serious developments are apprehended.

### Mangled by an Electric Car.

TACOMA, March 16.—An unknown boy about 10 years of age was looking over the guard rail at the bridge at the end of Twenty-fifth street watching the cars, when he became frightened by being enveloped in steam and smoke and stepped back, falling on the track in front of an electric street car. His head was nearly severed from his body and he was otherwise mangled. A large crowd gathered, but no one was able to recognize him.

### SENTIMENTAL REPUBLICANS.

Lincoln and Grant to Be Kept in the Foreign Service.

WASHINGTON, March 16.—Some hint of Cleveland's policy of building up a new party is given the public. Following the selection of Judge Gresham for the head of his cabinet, it is said he is going to appeal to sentimental Republicans by keeping Minister Robert Lincoln at London, and Minister Fred Grant at Vienna.

EUGENE CITY, March 16.—[Special.] Burglars broke into the store of L. D. Scarbrough at Cresswell last night and stole about \$100 worth of goods but got no money. There is no clue to the robbery.

### NEW SENATE OFFICERS.

Democrats Will Attempt to Re-Organize the Senate Elective Officers.

WASHINGTON, D. C., March 16.—Immediately after the senate adjourned today the Democratic caucus committee resumed its sitting and took up the matter of a re-organization of the elective officers of the senate. Its committee will be ready to report to the full caucus early next week, possibly Tuesday morning. Whether the Democrats intend to re-organize or not, is an interesting question. If the Democrats attempt to re-organize at this season it is almost certain the Republicans will show fight and prevent the consummation of their plan.

### An Elevator Accident.

SAN FRANCISCO, March 16.—An elevator accident occurred last evening in an office building known as the "Colonade," on Market street near Taylor, which resulted in the instant death of William O'Donnell, an 11-year-old boy. He was talking to an elevator boy on the first floor, when he suddenly jumped into the cage and said he was going to take a ride. The elevator boy told him not to do so, but O'Donnell paid no heed and pulled the rope which started the cage. Just above the first floor there was an open transom, and for some reason O'Donnell put his head through this and was caught in an instant. The cage did not stop until it was three feet above the transom. The boy's neck was broken, and his head and shoulders were so tightly wedged between the cage and the walls of the shaft that the woodwork had to be cut away before his dead body could be removed.

### Old Man Injured.

ROSEBURG, Or., March 16.—Thomas McNabb, a teamster about 60 years of age, who has been driving for Dr. Hamilton for some time, was seriously injured yesterday afternoon. Conclusion of the Panama Canal Trial.

DECORATED GERMAN GAMBLERS.

Triple Alliance Over Nicaraguan Affairs.

### THE PANAMA SCANDAL.

PARIS, March 16.—There was a small attendance yesterday at the trial of De Lesseps and his fellow attendants. Public interest appears to wane with the close of the testimony. Counsel resumed its address. Legasse contended the government had shrunk from proceeding against all the offenders concerned in the case, and argued vehemently the scandal would not cease until the whole truth was revealed. Roussele spoke in a similar tone. The advocate-general delivered an address in behalf of the prosecution. He maintained the government had done everything it could to bring everything to light, and denounced Charles de Lesseps as having used articles to throw dust in the eyes of the jury in a similar manner to his use of articles to obtain subscribers to the Panama lottery bonds. He contended the evidence confirmed the guilt of the defendants.

### ROYAL GAMBLERS.

LONDON, March 16.—Rumors of a scandal which will soon astonish Berlin have been in circulation some time. The details are just beginning to leak out, showing a cause celebre with most piquant details. It hangs on a story of gambling in which are mixed some persons of the highest family, both men and women.

A Silesian count went to the club around which the scandal centers, and dropped 27,000 marks before he found that cheating was practiced in a scandalous manner. He promptly notified the police, who soon discovered that this distinguished club was a mere gambling hell, where cheating was systematically practiced. Several accomplices were arrested, but the leaders managed to escape to Eng and. The guilty ones live in Berlin and Hanover. Among the victims was a well-known prince of the royal blood, while one of the cheaters had recently been ennobled by a German prince in return for a loan of 3,000,000 marks. There was also a big Hanoverian banker mixed up in the affair.

The leader of this band of thieves in kid gloves is no less a person than Baron Zedlitz Frunkirch, a relative of the well-known political leader and confidential counsellor at the ministry of public works. He had originated this operationsalon, where the victims, having fallen under the influence of a woman of extraordinary loveliness, who did the honors under the chaperonage of her mother, were fleeced. The mother went by the name of Schent and was reputed to be of good lineage, but she had a prison record.

In addition to gambling, orgies of the most scandalous kind were indulged in, married women and young girls taking part. Zedlitz fled to London, where he married an attractive woman. He will be prosecuted if his extradition can be obtained.

At Hanover Baron von Marshall, an ex-captain of cavalry, and three other ex-officers, all implicated in the affair, have been arrested. The trial will take place in Berlin. Over 100 witnesses will be called, students and wealthy persons pillaged by this aristocratic gang. Among the accused are 22 decorated persons.

### THE DEACON CASE.

LONDON, March 16.—Edward Parker Deacon, slayer of Abelle, started on the ship Trave with his daughter Gladys for New York, with the intention of rejoining his other children at New York. cently terminated by an agreement under which Deacon was given possession of all the children except the youngest.

### Triple Alliance Proposed.

PANAMA, March 16.—Advice from Monaca state that Barrios has sent agents to President Sacasa, of Nicaragua, and general Bonilla, leader of the revolutionary movement in Honduras, proposing a triple alliance against Salvador, parties to the agreement to be Guatemala and the liberals of Honduras.

From Tegucigalpa word is received of a bloody battle near Comayagua, where Yaquez, the strongly intrenched leader of the government forces, maintains his position.

A telegram from San Bernardino states ex-President Bogan's followers are displeased with the course pursued by Yaquez. They believe he is endeavoring to play into the hands of Salvador. Word has been received that a strong Costa Rican force is marching from Guanacosta toward the Nicaraguan frontier.

### Vessel Wrecked.

LONDON, March 16.—An unknown vessel was foundered on the West coast of Jutland, the mainland of Denmark, and a large quantity of wreckage, together with a number of corpses, are strewn on the shore.

### CIVIL SERVICE LIGHT HOUSES.

Carlisle Proposes a Re Organization of National Finance.

WASHINGTON, March 16.—Secretary Carlisle has made the first enunciation of the policy that will govern his action in the matter of appointments in the lighthouse and life-saving service. The announcement was made in connection with two applications for positions in the lighthouse service. The secretary writes: "It has been the uniform custom for many years to regard the lighthouse establishment as non-partisan service. It is my intention to continue the custom. No light keeper will be disturbed by me in official position merely because of his political opinions."

### FINANCE IDEAS.

The Star says: "Secretary Carlisle expects to have ready to submit, some financial propositions in time for congress and the executive, on the financial problem. The plan, it is stated, will involve a complete reorganization of our financial system. It is said that it will include a repeal of the law compelling the purchase of silver by the government, and will provide for a deficiency of currency by providing for the repeal of the state bank tax and the issue of currency by banks under a state charter, under the general supervision of the general government, security for currency provided for under the laws of the states requiring the approval of the government."
