AN OAKVILLE MIRACLE.

THE REMARKABLE CASE OF MR. JOHN W. CONDOR.

A Helpless Cripple For Years—Treated by the Staff of the Toronto General Hospital and Discharged as Incurable—The Story of His Miraculous Recovery as Investigated by an Empire Reporter.

For more than a year past the readers of the Empire have been given the particulars of some of the most remarkable cures of the 19th century, all, or nearly all of them, in cases hitherto held by the most advanced medical scientists to be incurable.

Recently rumors have been afloat of a remarkable case in the pretty little town of Oakville, of a young man recovering after years of helplessness and agony.

The Empire determined to subject the case to the most rigid investigation, and accordingly detailed one of our best reporters to make a thorough and impartial investigation into the case.

Acting upon these instructions our reporter went to Oakville, and called upon Mr. John W. Condon (who it was had so miraculous recovery) and had not long been in conversation with him when he was convinced that the statements made were not only true, but that the half had not been told.

Mr. Condon, an Englishman by birth, and came to this country with his parents when nine years of age, and at that time was as rugged and healthy as any boy of my age.

When the latter had first taken Dr. Williams' Pink Pills he was a mere skeleton, a wreck of whatever vitality the people of the town had long given him up for as good as dead, and would hardly believe the man's recovery until they saw him themselves.

The fame of this cure is now spread throughout the section and the result is an enormous sale of Pink Pills. "I sell a dozen-and-a-half boxes of Pink Pills every day," said Mr. James, "and this is remarkable for a town the size of Oakville."

Mr. J. C. Ford, proprietor of the Oakville Basket Factory, in which Mr. Condon is employed, Mr. Ford said he knew of the pitiable condition Condon had been in for years, and he had thought he would never recover.

In order to verify the statements made by Mr. Condon in the above interview, the reporter on his return to Toronto examined the General Hospital records, and found therein the entries fully bearing out all Mr. Condon had said, thus leaving no doubt that his case is one of the most remarkable on record, and all the more remarkable because it had baffled the skill of the best physicians in Toronto.

work in the basket factory, but had to be conveyed to and from my place of labor in a buggy and carried from the rig to a table in the works on which I sat and performed my work.

In August, 1891, I was again stricken down, and remained in an utterly helpless condition until January 1892. At that time Mr. James, a local druggist, strongly urged me to try Dr. Williams' Pink Pills for Pale People.

I was prejudiced against proprietary medicines as I had spent nearly all I possessed on numerous highly recommended scientific remedies. I had taken into my system large quantities of different family medicines.

I had exhausted the list of liniments, but all in vain, and I was therefore reluctant to take Dr. James' advice. I, however, saw strong testimonials as to the value of Dr. Williams' Pink Pills as a blood builder and nerve tonic.

Acting upon these instructions our reporter went to Oakville, and called upon Mr. John W. Condon (who it was had so miraculous recovery) and had not long been in conversation with him when he was convinced that the statements made were not only true, but that the half had not been told.

These pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and Brockville, Ont., and are sold in boxes (never in loose form) by the dozen or hundred, and the public are cautioned against numerous imitations sold in the shape of at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address.

THE FIRST BOND VOTE.

No School House for the East Twelfth Street People.

At the first school bond election Thursday, under the new law was held at Reed's opera house, and the result was 306 ballots against 42 ballots for an issue of \$15,000 bonds for a school house "somewhere east of 19th street."

The contest was quite spirited, and the multitude seemed to be swayed by the statement of the board published in Wednesday's JOURNAL, and the result is a vote of confidence in the board.

Gentle as the Summer Breeze. "I'd rather take a thrashing any time than a dose of pills," groaned a patient to whom the doctor has prescribed pills. "I don't think you've taken any of the pills I prescribe, or you wouldn't dread the prescription so," laughed the doctor.

Scratch till it Bled. We had seven or eight doctors, without the least shadow of benefit. One day a neighbor who had used Hood's Sarsaparilla suggested that we try it.

No Sign of Salt Rheum. For almost four years, her skin is now as fair and clear as any child's in the town. I have used Hood's Sarsaparilla also myself.

Birds of Passage. Between this and the other side of the broad Atlantic, in the shape of tourists, commercial travelers and mariners, agents "on the road," steamboat captains, ship's surgeons and "all sorts and conditions" of travelers, emigrant and new settlers appreciate and testify to the preventative and remedial properties of Hostetter's Stomach Bitters.

Doubt Changed to Faith

Salt Rheum Completely Cured by Hood's Sarsaparilla.

The following frank statement comes from Mr. William Fox, a painter for the Williams Slate Mantel Works, Fair Haven, Vt.:

"I used to read testimonials with doubt. Three years ago when a skin disease, eczema, appeared on my face, it would itch so badly the little child would scratch till it bled."

We had seven or eight doctors, without the least shadow of benefit. One day a neighbor who had used Hood's Sarsaparilla suggested that we try it.
