### GOVERNMENT CROP REPORT.

Official Bulletin for Oregon—Week Ending June 27.

#### WESTERN OREGON.

Heavy rain fell in Lane, Douglas, Josephine and Jackson counties on the 22d, which ranged from .25 to 1.40 inches. The frosts on the 18th and 19th were general in the southern counties and are the latest on record.

The wheat crop will be an average one, possibly more. The growth indicated 30 to 40 bushels to the acre while at the present time from 25 to 30 bushels per acre is indicated. Fall wheat is out of possible danger, its condition would be improved by warmer weather and sunshine. Spring grain is from 4 to 10 inches high and is the most seriously affected by the lack of sunshine. The cool weather retards growth. Clover is being cut for hay, it is very heavy; timothy is not so heavy. Corn is not doing well, owing to the cool nights and lack of warmth during the day. Strawberries are yet very plentiful. Cherries are ripening slowly, they will be a short crop. Potatoes are growing well and a large yield is indicated. Hops have good upward growth, but lateral growth is slow, due to the cool, cloudy weather, more than to preventative action. The hop lice are not present to an alarming extent; in some yards spraying has commenced. Prunes and plums continue to be reported as being a large crop, the same for berries, while peaches, apples and pears will not be an average crop. The increase in bearing acreage will, however, materially increase the total product. Haying will be general by the close of the week. Stock is in excellent condition. Oats, barley, rye, buckwheat, onions, and garden truck promise good yields; but would be improved by sunshine.

#### EASTERN OREGON.

Weather—in the Columbia river valley counties the weather has been clear to partly cloudy, comparatively low temperature, brisk and dry northerly winds. On the 22d rain fell in north-eastern Umatilla county, and on the night of the 25th rain fell in Umatilla and northern Morrow counties. In the interior counties, on the higher elevations, 2,000 feet and upwards, light rain on the 22d. The mean temperature ranged from 59 to 64 degrees, as against 55 to 58 degrees of the week preceding.

Crops—in Wasco, Sherman, Gilliam, Morrow and western Umatilla counties rain is badly needed. Rye is being cut for hay. The first crop of alfalfa is being cut in the interior counties. The corn is in need of warmer weather. The cherries in the river counties are ripening, but are not over 1/2 of a crop. The peach crop indicates about 1/2 a crop. The berry crop will be very large. The wild hay crop is fully up to the average and a good winter supply of feed can be secured on the ranges. Stock is in prime condition. Sheep shearing has been finished in all of the counties, and a large wool clip of excellent staples has been secured.

#### THE MARKETS.

PORTLAND, June 28.—Wheat valley, \$1.12@1.13; Walla Walla \$1.02@1.03.

SAN FRANCISCO, June 28.—Wheat week, December \$1.20, seller \$1.19, new \$1.19.

CHICAGO, June 28.—Wheat 64; September 69.

#### Prohibitionists.

CLEVELAND, Ohio, June 28.—The Prohibition state convention met this morning and adopted the usual resolutions.

### COLLECTOR LOTON REMOVED.

Grave Offences Hinted at as the Cause.

#### CLEVELAND'S CHINESE POLICY ANNOUNCED

Demands from all Quarters for a Session of Congress.

WASHINGTON, June 28.—The president this morning summarily removed from office James Loton, collector of customs, at Portland Oregon. This unusual action is taken on receipt this morning of a telegram from special agents of the treasury department, who have been engaged some time in investigating the fraudulent practices prevailing in the Puget Sound and Portland districts. The telegram stated they had information of the intended landing at Portland of a large number of Chinese coolies. Loton is summarily dismissed, his deputy is placed in charge, and will continue to act until Black, the new collector, qualifies.

#### Cleveland's Chinese Policy.

WASHINGTON, June 28.—Inquiry at the treasury department discloses the fact that the aggregate fund available for the carrying out of the Chinese exclusion act, including the Geary law, is \$65,000 on July 1st. As announced by Secretary Carlisle, the policy of the administration will be in view of the lack of funds to rid the country of all Chinese who have entered unlawfully in violation of previously existing laws, before endeavoring to send out Chinese who came in lawfully but are now under the ban of the Geary law, because they failed to comply with its requirements of registration etc.

#### Demands for Congress.

WASHINGTON, June 28.—Secretary Carlisle's mail this morning was loaded down with letters from bankers, commercial men and others calling on the president to convene congress in extra session to consider financial legislation. The pressure is great, but there is semi-official authority for the statement that congress will not be convened before September.

#### Hill Has An Organ.

ALBANY, N. Y., June 28.—The court of appeals has affirmed the decision of the lower court giving the friends of Senator Hill control of the Albany Argus. They expect to take possession today. Cleveland men will probably start a new daily in the president's interest.

#### Stocks in New York.

NEW YORK, June 28.—The announcement of further failures of banks and other corporations and individuals throughout the west and Northwest, has destroyed the good feeling which was such a prominent characteristic yesterday on the stock market. The failures led to selling stocks for western account. A further decline in silver to 71 cents has added to the bearish feeling.

#### Heavy Hoosier Failure.

BEDFORD, Ind., June 27.—The Bedford Stone Quarries company, the largest producers of Colitic limestone in the world, have made an assignment. Inability to realize in time to meet maturing obligations is given as the cause. Beyond \$600,000 is required.

#### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, & Co., Toledo, O.

### WILL ENGLAND TAKE HAWAII?

Blount Will Not Observe July 4th—Americans in Honolulu Excited.

HONOLULU, June 28.—There are no new developments in politics, but American tongues are wagging in a vigorous manner at Minister Blount's refusal to participate in the coming fourth of July celebration. Mr. Blount gives as the reason for his policy of standing aloof that he believes the political situation here so peculiar that it would not be becoming in him to take part in any public celebration. Now that hope of becoming a part of the United States is on the wane, leading men in charge of the government have apparently decided that if annexation fails they will not accept the protectorate until overtures have been made to England to secure a stable government.

#### Iron Mines Shutting Down.

CLEVELAND, Ohio, June 28.—On account of the great depression in the iron ore trade, one after another of the great iron mines in the upper Michigan peninsula are shutting down indefinitely. These mines employ thousands of men and are practically the sole support of whole towns in the peninsula.

#### Wool Market.

SAN FRANCISCO, June 28.—Wool—There is no business locally. Mendocino wools, offered last week at Ukiah and Cloverdale, were sold at range of 13 to 14c per pound. The quantity was not large, probably not over 200,000 pounds. The range of prices named is at an average of 5c per pound lower than these wools brought at the same points last year. Dealers do not look for any trade of consequence here until after congress has indicated what it is going to do, if anything.

#### OREGON NEWS BY WIRE.

CHICAGO, June 28.—The Oregon commissioner has received an exhibit which, when placed on view in the fisheries building, attracted much attention. It was a salmon weighing seven-five pounds frozen in a solid piece of ice.

EGGENSE, June 28.—A 14-year old girl named Baker, while riding home from school was thrown from her horse, and, becoming tangled in the halter rope, was dragged some distance and literally torn to pieces. She died before assistance could reach her.

PORTLAND, June 28.—H. A. Smith, sheriff of Clatsop county, was here and had a conference with H. C. Grady, the new U. S. marshal. He afterwards admitted that he had been offered the chief deputyship but had declined it owing to having another year to serve as sheriff, and when that is over he will drop out of politics altogether.

PORTLAND, June 28.—Races at the Albina track Tuesday resulted as follows:

Five Furlongs—Verdo Paul won, Des chutes second, Vauguevan third; time, 1:06 1/2.

One Mile—Arkrow won, Nipper second, Wild Oats third, time, 1:44 1/2.

Trotting, 250 class—Hamrock won, Alta A. second, Fred Sherman third, time, 2:26.

WASHINGTON, June 28.—John C. Boyd is plaintiff in a suit commenced in the circuit court against Mrs. Josephine J. Allen, World's fair commissioner from Oregon, and her husband, Ethan W. Allen. It is claimed the defendants by word of mouth and letters written were instrumental in preventing Boyd's being put in charge of the horticultural display in the Oregon building at the world's fair grounds. As a result Boyd estimates his pecuniary loss by failing to secure the position and the detriment which his good name has suffered thereby at \$20,000. The trouble, it is said, had its origin during the cotton exposition at New Orleans several years ago where Mr. Allen had charge of the Oregon exhibit.

#### RO SEDALE

The Prospect hill school gave a picnic on June 17, at the close of the term, on the summit of the hill and the grove of oaks, Superintendent Graham opened the exercises with a short address to the pupils. A program of music, declamations followed by a basket dinner and games, etc., made an enjoyable occasion for old and young.

Miss Birdie Cole has proved a teacher of rare excellence and won the love of her pupils and respect of the community. We wish her success in the higher position Aurora citizens have promoted her to.

Miss Dollie Culver is home from Salem to spend vacation.

### THE PRESIDENT APPOINTS

Governor of Alaska—Other Important Places Filled.

#### COL. JEFF MEYERS THROWN DOWN,

And Cleveland Names a Former Office Holder.

#### GOVERNOR OF ALASKA NAMED.

Other Important Appointments Made by the President.

WASHINGTON, June 28.—The president today made the following appointments: Commodore A. W. Weaver, rear admiral, vice Harmony, retired; James Sheakle, of Alaska, governor of Alaska; C. Straughan, surveyor general of Idaho; register of the land office, at La Grande, Or., Benj. F. Wilson.

#### Chicago Takes the Cake.

CHICAGO, June 28.—According to an estimate on the basis of the new Chicago Directory just out, Chicago is now the largest city in the country. The editor of that publication makes the total population 2,160,000.

#### Charged With Murder.

SAN FRANCISCO, June 28.—At an early hour this morning Martin O'Neil, foreman at the Union Iron Works, was booked in the city prison on charge of murder. O'Neil and a woman known as Kittle entered the back room of a saloon on Water front. Half an hour later the woman was found unconscious, having been maltreated and assaulted in a horrible manner. She died on the way to the hospital.

#### Heavy Wheat Shipments.

NEW YORK, June 28.—A morning paper says: The enormous export of wheat from this port during the last few weeks has created a demand for canal boats which far more than equals the supply. Engagements for freight room have already been made at Atlantic ports alone for 10,000,000 bushels which will go abroad within the next 30 to 45 days. This aggregates 24,000,000 bushels of wheat shipped since May 27, to be exported within a few weeks, is equivalent to a draft upon the banks of Europe for over \$16,500,000.

#### THE CONVICTS HAD ARMS.

A Number Killed and Wounded in Battle With Guards.

SACRAMENTO, Cal., June 28.—At 3:30 Tuesday afternoon at the Folsom prison a gang of convicts consisting of George Sontag, cousin of John Sontag, the bandit, and Russell Williams, Ben Wilson and Charlie Abbott, life timers, and a ten year convict named Dalton, suddenly seized Frank Briare, lieutenant of the guard, put a pistol to his head and started together to run up the hill. Before reaching the top of the hill it developed they had two Winchester and an additional revolver, which had been concealed among the rocks. Up to this time the guards had been unable to shoot as Briare was in the grasp of the would-be escapes, and they were all closely bunched together so that a shot might mean death to him.

Just before reaching the summit of the hill Briare jerked away and the guards opened fire from all directions. The convicts took to the rocks, concealed themselves as best they could and returned the fire as rapidly as possible. The regular guard was soon reinforced by reserves from the prison and a terrific fight took place which lasted half an hour. After about thirty minutes one of the convicts held up his hat on his rifle as a token of surrender and Warden Aull, Captain Murphy and a few guards advanced to the convicts' stronghold, where they found Williams, Wilson and Dalton stretched dead on the ground. George Sontag was badly wounded by three or four

bullets. He had one bad shot through the body and two through the thigh. Abbott was groaning with a broken leg.

At the beginning of the fight two prisoners not trying to escape were wounded but they were immediately carried into the prison by other convicts. None of the prisoners escaped, nor were any of the guards injured in the scuffle.

The killed are as follows: A. Dalton, five years, burglary, first degree, San Francisco; Hy. Wilson, twenty years, burglary, Solano county; Frank Williams, United States convict, life, San Francisco.

The wounded are George C. Contant, alias Sontag, sentenced for life for robbery, Fresno county, right leg badly broken in two places and left leg wounded in thigh, will lose his leg and probably his life; Charles Abbott, life sentence for murder, San Francisco, shot in the thigh, ankle broken, several shots about body and face. The following two men were wounded accidentally: Thos. Schell, San Francisco, fatally shot through abdomen; Joseph Duffy, San Francisco, flesh wound in leg.

#### PERSONAL GOSSIP.

In Spain the Duke of Veragua is popularly known as the best breeder of bulls for bullfights.

David McCoy of Redlands, southern California, has celebrated his one hundred and second birthday. He has been an extensive traveler.

The principal of the school in which the late Bishop Brooks once served as an usher predicted, when the latter entered the ministry, that he would be a failure as a clergyman.

One of the youngest lieutenants in the army is Will Wallace, son of the late postmaster at Indianapolis (General Harrison's first law partner) and a nephew of General Lew Wallace.

Hortensius, the Roman orator, had a memory so wonderful that, on a wager, he spent a whole day at an auction and at night repeated all the sales, the prices and the names of the buyers.

Prince Bismarck is determined to never grow bent. When taking his daily walk, he carries a stout cudgel across his back, held between his elbows. This helps him to keep himself erect.

Governor John E. Osborne of Wyoming is only 34, a doctor by profession, very good looking, of pleasing address, and went from Vermont west some 14 years ago, though a native of New York.

Bishop Frankoj of Buda-Pesth, who has spent some time in the Vatican libraries searching for documents relating to Hungarian history, has been asked by the pope to take charge of the library at that city.

Nicholas Welsh, an elevator boy in Jersey City, was elected a justice of the peace. No one wanted the office, and his name was put on the ticket as a joke. The joke was made complete by his unexpected election. He is 23 years old and technically eligible.

#### STAGE GLINTS.

W. T. Keogh will send "The Still Alarm" out again next season.

Frederick Paulding and Maida Craigen will taboo Shakespeare during their joint starring tour next season.

Edward Leslie has been engaged to play the part of Gilligan in Edgar Selden's "A Scandal in High Life."

Della Fox denies that she is to star next year. She says that her present engagement is good enough for her.

There have never been so many summer opera companies as during this season. Many of them are excellent too.

"The Prodigal Daughter," the English sympathetic melodrama, has scored an emphatic hit at the American theater, New York.

As most of the shrewd managers predicted, Chicago has proved a regular theatrical graveyard since the opening of the World's fair.

T. Henry French's new American theater in New York is considered by many competent judges the finest structure of its kind in the United States.

Louise Natali and Mme. Materna, the prima donnas of Hinrich's Grand Opera company, have precipitated a small war by a quarrel over a dressing room.
