He had been confined to the house about six weeks previous to his death, the result of an attack of the grippe. He was not considered in a dangerous condition however till a few days before his death. Larz was a son of E. J. Harding who is well known in this county. He was respected by all who knew him, as was evidenced by the large attendance of friends at his funeral, the procession being nearly a mile long. The funeral services were conducted by Rev. J. E. Day, of Woodburn, on Sunday morning from his residence. He was buried in the family burying ground on his father's place. He leaves a widow and two children to mourn his death. Mrs. Harding is a daughter of Mrs. Wm. Osburn of Eugene.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### BIG STUMP IN WHEAT.

Immense Crop Coming in from India.

### SILVER MINES SHUTTING DOWN.

No Silver Ores Purchased for Refineries.

### RATES FOR N. Y. CALL LOANS

Reach the Highest Figures in Present Crisis.

### Wheat Falls Again.

CHICAGO, Ill., June 29.—There was a slump of over two cents in price of wheat in first hours of trading this morning on account of monetary stringency. In addition to this came cable statement that five districts in India will raise 55,000,000 bushels more wheat than last year. Other cables were also weak. July sold down to 63 1/2, the lowest price known in this market.

### London Market Flat.

LONDON, June 29.—A very unsettled feeling prevailed at close of stock exchange. Silver securities are seriously depressed. American railroad securities are very flat.

### Smelters Closed.

ST. LOUIS, June 29.—The St. Louis Smelting and Refining Co., one of the largest in the country decided to shut down owing to silver trouble.

### Mines Closing.

ASPEN, Col., June 29.—Most of the mines in this camp are practically closed. Only a few pumpmen and engineers are working. The mines will probably close today.

### No Ores Purchased.

SPOKANE, June 29.—The Coueur d'Alene mining men now in the city report that the smelters all over the country have refused to purchase any more silver ores on account of the low price and the still falling market. A. B. Campbell, chief owner of the Gem mine, in which the recent strike took place, arrived from Helena. So soon as he heard of the action of the smelting companies, he telegraphed to Wallace to close down the Standard and the Union mines. Campbell says that he looks for all the silver and lead mines in the country, except a half-dozen at the most, to shut down within the next 10 days unless a radical change occurs.

### Smelters Will Not Close.

DENVER, Col., June 29.—That the Omaha and Grant, Globe and Boston and Colorado smelters here, together with a dozen big silver and lead smelters throughout the state will close down at once, has been reported in the east. These works have contracts on hand which will keep them in operation until January 1, no difference what price of silver may be.

### Still Going Down.

WASHINGTON, D. C., June 29.—Secretary Carlisle received a cablegram stating the price of silver today in London is 63 1/2 cents per ounce, at which rate silver dollars as bullion is worth 53 cents.

### Teller's Opinion.

ST. LOUIS, June 29.—Senator Henry M. Teller this morning said: "The action of the government of India ought not to have depressed silver to the extent it seems to have done and I think the fall in silver resulted largely from a misapprehension. I do not consider the action of the Indian government as alarming as alarmist people seem to think it, nor do I believe it will aid in repeal of the Sherman bill."

### New York Call Loans.

NEW YORK, June 29.—Rates for call loans today reached highest figures since present stringency set in. They rose to 3 1/2 per cent and interest, equal to about 7 1/2 per cent per annum. The pinch is particularly severe. Clearing house banks issued \$6,300,000 of certificates, largest amount for any day thus far. This relieved the market and there was a drop in the rate to 6 per cent per annum and a rally to 2 1/2 per cent. The drop of silver in London demoralized the market here. Up to 2 o'clock not a sale is reported in the mining department stock exchange, as consolidated exchange trading in mining stocks is light.

### Will Make Gold Scarcer.

HELENA, Mont., June 29.—Ex-Gov-

ernor Hauser says: "The present situation will cause reaction in favor of silver. Every silver mine that closes down reduces production of gold from 25 to 40 per cent. Result will be money will become scarcer. Gold will go to a premium and this scarcity will compel increased use of silver." Hauser thinks the next congress will repeal the Sherman law and pass a law for coinage three or four millions of silver per month on increased rates.

### Interest in Advance.

BOSTON, June 29.—The Union Pacific announces it will today anticipate payment of July interest. This includes all the companies of the Union Pacific system. Payments will amount to \$2,000,000.

### Appointments.

WASHINGTON, June 29.—The president has appointed E. M. Bowman, of Indiana, deputy fourth auditor of the treasury; Eugene Germain, of California, consul at Zurich, Switzerland.

### Murdered a Sister.

READING, Pa., June 29.—Pietro Guccieri, Italian, was hanged this morning for brutal, unprovoked murder of Sister Hildaberta, a member of the Order of Sisters of Mercy.

### Princessin Bismarck.

BERLIN, June 29.—It is reported that Bismarck's wife is dangerously ill.

### Great Train Robbery.

SAN ANTONIO, Texas, June 29.—The boldest attempt at train robbery that ever occurred in Texas took place yesterday afternoon near Breckenridge. The affair resulted in killing F. H. Martin, fireman of the locomotive, and the capture of one of the robbers, who gives his name as J. D. May, cowboy.

At Breckenridge the train stopped to take water and as the pulled out Robber May climbed up on the tender, and, with a pistol in each hand, ordered the engineer and fireman to throw up their hands. Engineer Tierney obeyed but Martin made a movement as though he was about to secure a pistol and he was shot dead. Two other robbers, who had not yet boarded the train, when they saw the dead body fall out of the cab made for the brush. Robber May jumped into the cab and ordered Engineer Tierney to run the train across Indian river bridge but instead of complying he put on air brakes and the train came to a standstill. With a parting shot at the engineer May jumped from the engine and started up the track on a hard run. Conductor Steele rushed into the engine, and, cutting loose from the train, started with the express messenger and Engineer Tierney in pursuit. Finding he could not escape over the bridge the robber took to the brush. Conductor Steele started single handed and chased him, firing as he went.

The three robbers at the bridge commenced firing and volley after volley were returned by the engineer and messenger. Conductor Steele overhauled May and disarmed him of his two pistols.

### A Murderer Finally Captured.

HILLSBORO, June 29.—Edwin Schmelzer, indicted by the grand jury in 1891 for the killing of a man by the name of Munson at Scholl's Ferry, this county, in 1889, was lodged in the county jail by Sheriff Ford. At the time of the crime the affair was involved in mystery. Munson was engaged at work in his garden, and was found dead, having been shot in the back. Not sufficient evidence was found to fix the crime upon any one until two years afterward, when the grand jury indicted Schmelzer, since which time a bench warrant has been in the hands of officers for his arrest until the first of the week, when he was captured by the authorities of Yamhill county and turned over to the authorities here to await the convening of the circuit court. Schmelzer has served a one-year's sentence from this county in the state penitentiary, for stealing a horse.

### Is Altgeld a Citizen?

CHICAGO, June 29.—A sensational sequel comes to Governor Altgeld's release of the haymarket anarchists. The Journal raises the question as to whether he is legally governor of the state of Illinois or a citizen of the United States. The Journal says Governor Altgeld bases his claim to citizenship on the simple statement that his father was naturalized while the son was a minor child. Altgeld was born in Prussia in 1848 and came to this country with his parents when a boy. If the father was made a citizen while the governor was under 21 there is no question as to his title to citizenship; but if the elder Altgeld waited until his son was over 21 before taking out his papers, then the title of the governor to citizenship is badly clouded. The fact developed that the friends

of Fielden, Schwab and Neebe knew before election that Altgeld was in sympathy with the cause of the amnesty association, from the fact that he was one of the signers of the petition presented to Governor Fifer.

### PACIFIC COAST ITEMS.

SEATTLE, June 29.—The Fleming-Ayerst company's shingle and lumber mills at Ballard were totally destroyed by fire. The loss will reach \$55,000; insurance about \$30,000.

NEW YORK, June 29.—The Commercial Advertiser says Henry Villard has announced his intention to withdraw from all companies with which he has been identified and retire from active business life.

### COLFAX, Wash., June 29.—The trial of Sam McCowan for the murder of Langford Summers will end today. The case will probably be given to the jury this afternoon. It is thought the verdict will be acquittal.

SEATTLE, June 29.—James W. Bailey, a negro coal miner, who murdered John Downie, another colored miner, at New Castle May 21st was found guilty of murder in the second degree. Bailey pleaded self-defense but was not able to show his innocence to the jury.

HAILEY, Idaho, June 29.—John Hendel who was convicted of murder in the second degree for killing Lee Halstrom in this city last winter, was sentenced to sixteen years in the penitentiary by Judge Stockelager. Hendel is a physical wreck and cannot live long.
