ENTRAPPING REPEALISTS.

Senators Playing Par- liamentary Tricks.

SHALL DUBOIS BE CENSURED

For Refusing to Cast His Little Ballot?

ANOTHER ADJOURNMENT FORCED.

Affairs Reaching a Critical Pass in Washington.

The Senate Struggle.

WASHINGTON, D. C., Oct. 14.—The tangle which resulted in the adjournment of the senate last night was the result of a cleverly devised scheme worked by Dubois and Teller. They discovered that while there was a quorum present for all purposes where pairs could be disregarded, there was not a quorum on points demanding observation of pairs. Teller also discovered that the rules provided that a public document which had once been read could not again be read, except by unanimous consent. Peffer was speaking at the time and soon fished up a public document.

Teller raised the point of order against reading. The chairman decided the point and an appeal was taken. This was what the silver men were looking for, and a roll call was ordered showing no quorum present. Then the repeal men stepped into another trap. Vilas tried to force Dubois to vote. After a long debate an effort was made to take a vote, that the senate not excuse Dubois from voting, resulting in another lack of a quorum, and the senate was forced to adjourn. The pending question is the effort to make Dubois vote, and it is Vilas's intention to have Dubois censured.

DUBOIS' EXPULSION SUGGESTED.
At 11:30 p. m. last night, a long wrangle was precipitated by the refusal of Dubois to vote to make a quorum, on the plea that his duty to his constituents could be best served by his remaining silent. White, of Louisiana, made a fiery speech, in which he declared the senate made itself a subject of contempt and contumacy. He denounced the action of Dubois, and even went so far as to declare such action might warrant expulsion.

ADJOURNED BEFORE MIDNIGHT.
The debate was continued in the same manner as the other night session, with frequent roll-calls until 11:50 when an adjournment was taken.

By Stewart of Nevada: "That no senator interested in a national bank shall vote upon any question affecting the coinage or issue of currency by the government, or through the instrumentality of national banks."

CLOSURE RESOLUTION.
By Gallinger of New Hampshire, "When a majority of the senate submit a request in writing through the chairman, that debate close, the request shall be referred to the committee on rules, whose duty it shall be within five days to report an order naming the day and hour when vote shall be taken and action upon such reports shall be had without amendment."

A resolution was offered by Dolph of Oregon, referring to committee on privilege and elections the question as to whether absent senators may be "compelled to attend," taken up and agreed to. The senate by a vote of 28 to 37 declined to excuse Dubois of Idaho, from voting.

His name was thereupon called. He refused to answer. This ended the affair and the repeal bill was taken up.

To Amend the Rules.

WASHINGTON, Oct. 14.—Notice is given of proposed amendments to the rules of the senate as follows: By Lodge, of Mass.: "It shall not be in order for a senator to read a speech either written or printed." Also when the senate refuses to excuse a senator from voting, he shall be counted as present for purpose of making a quorum.

The Tangle Worse.

WASHINGTON, Oct. 14.—This, it is stated, will bring out a nice constitutional question and develop a debate which the silver claim will last a month at least. Considering the late hour of adjournment last night there was a liberal attendance by opening of senate this morning. Though he made no announcement on the subject, Voorhees says he will not ask senate to sit tonight, but will ask adjournment about six this evening. Morgan occupied the morning hour with a facetious speech in reply to criticisms of some Alabama newspapers. Not much activity is manifest in matter of compromise, but it is believed something definite will be ready to offer the senate at beginning of next week.

Work Will Proceed.

MILWAUKEE, Wis., Oct. 14.—Judge Jenkins has authorized the receivers of the Northern Pacific to ratify the agreement between the Northern Pacific Terminal Company of Oregon, the Northern Pacific, the Oregon Short Line, the Utah Northern and Southern Pacific. This enables the work of the company's extension of terminals at Portland, to proceed.

Crops Damaged.

SP. KANE, Oct. 14.—The Review has special from fifteen points in Eastern Washington and Northern Idaho which show that the damage to crops will not be so great as at first feared. The weather is now clear and harvest is in full blast again. The heaviest loss is reported from Palouse. It is safe to say that a heavy yield and increased acreage will offset the losses from rain and that the inland empire will have the usual crops for export.

An Invalid Suicide.

PORTLAND, Oct. 14.—Jacob Crounse, an inmate of the Good Samaritan hospital, committed suicide this morning by shooting himself through the head. Crounse was about seventy years of age and was afflicted with cancer.

Ripley Guilty.

SAN FRANCISCO, Oct. 14.—The second trial of Wesley C. Ripley, for shooting John W. Mackay was concluded. The jury after being out for three hours returned a verdict finding the defendant guilty of assault with a deadly weapon and recommended him to the extreme mercy of the court. He will be sentenced next Saturday. His defense was temporary insanity.

Land Sold.

ALBANY, Or., Oct. 14.—It is learned that Col. T. E. Hogg has sold to an English syndicate 27,000 acres of land situated in Lincoln and Benton counties, the consideration being \$2700. This of course does not represent the real value of the land which is a part of the wagon road grant to Col. Hogg and his associates.

It is designed to test the merits of the two mounts, each rider being allowed a change if desired. The challenger places the stakes at 1,500 to 20,000 francs, at the option of bicyclist.

The Southern Pacific has placed the price of round trip tickets, good for 10 days to the Portland exposition at \$3.35, including one admission to the exposition. Tickets on sale Mondays, Wednesdays and Fridays only.

Hurricane Extends a Thousand Miles Inland.

WASHINGTON, Oct. 14.—A storm of the hurricane variety passed over the city last night. The storm abated at daylight this morning, and by 8 o'clock the sky was clear.

A JUDGE HURT.

Justice Brown, of the supreme court, while trying to close a window last night, was struck by a piece of plate glass in the right temple, cutting a severe gash and severing an artery. But for prompt medical attendance he would have bled to death.

BALTIMORE, Md., Oct. 14.—The flood extends a mile back from the river front. There are no mails since last evening. Many washouts are reported.

Associated Press Headquarters.

CHICAGO, Oct. 14.—As a result of the fearful wind and rain storms, telegraphic or telephone communication with New York, Washington, Boston, and a large part of the South is next to impossible. Almost the entire Atlantic coast is cut off and the effect of the storm is felt over a thousand miles inland.

NEW YORK, Oct. 14.—The complete prostration of the telegraph service seems the most serious result of last night's storm. So far no marine disasters are reported.

SAN PEDRO, Cal., Oct. 14.—The Panama steamer Newbern ran ashore this morning, on Point Vincent, during a heavy fog. She is probably a total loss. Passengers were landed in safety. The Newbern had seventy-five thousand dollars in bullion, which is being brought here by boat.

Banks Stronger.

NEW YORK, Oct. 14.—The weekly statement shows city banks to hold nearly thirty-four million dollars in excess of legal requirements.

Lost at Sea.

LONDON, Oct. 14.—In crossing the channel the steamer Marie Henrietta ran into and sank a Danish bark. Six of the crew were drowned.

TURF TOPICS.

Hamlin's Almont, Jr., has superseded Electioneer as the leading sire this year. The 3-year-old filly Silicon, 2:15 $\frac{1}{2}$, will not trot this year, but will blossom out as a world beater next season.

It is a remarkable fact that race meetings are better attended during the years of monetary panics than in any other.

In the city of Caracas, Venezuela, the use of the checkrein has been prohibited under a penalty of \$5 fine or three days' imprisonment.

The principal reason assigned for the Palo Alto sale is that the horses have accumulated so fast that the farms will not sustain them.

It is the intention of the czar to exchange his 18 horses exhibited at Chicago for American trotting horses and carry the trotters to Russia.

The owner of the pacing mare May Marshall spent \$3,000 entering her in trotting events only to find on the eve of the campaign that she had commenced to pace.

The average speed at Pittsburg was 4:14-100 seconds better than that at the meeting of the year before. The pneumatic tire is almost wholly responsible for this.

B. C. Pate has taken formal possession of the Penon property, near the City of Mexico, on which a race course will be laid out. Racing will be new to the Mexicans.

Fall Fashions.

The latest fashion news from Paris all agree in saying that the "Godets" styles of circular drapery, in new and endless variations, will be most extensively worn this season. Skirts, capes, jackets and collars all partake of this tendency.

The overskirt is meeting, thus far, with very little favor, and Parisian ladies being adverse to it, it is only seen on rare occasions.

The old time panier is revived for certain full dress toilettes.

The round waist of the Spring and summer is still a favorite, with the addition of circular, or "Godet's" hip cross skirts, in varied designs.

These items of news are extracted from the Fashion Journals of A. McDowell & Co., 4 West 14th street, New York.

W. C. T. U.—Rev. Rugg will speak at the W. C. T. U. hall Sunday afternoon at 4 o'clock. Good singing.

A HUNG JURY.—The jury in trial of Henry Carson upon charge of stealing a watch of one Clarence Bell near Hubbard, went out at 11 a. m., and had not returned a verdict late this afternoon. D'Arcy & Bingham were for the defense.

CRIMINAL CASES.—The grand jury has done very careful work at this term. It has found very few true bills and adjourned Saturday to Monday when it will resume its sittings.

VERY OLD LIQUOR.—As everyone knows, age helps many things, and among them cider vinegar. Van Eaton has now on tap some of the pure article, made by himself several years ago, and it is superb.

MORE BILLS.—The grand jury has returned two true bills today, one against the Chinaman who murdered another at the Holmes ranch near Salem. Not true bills were found against John Stanley charged with assault with a dangerous weapon, and Mattie Richardson for keeping a house of ill fame.

WITH CLOSED DOORS.—The divorce suit of Mary A. vs. John Kirk of Jefferson is proceeding with closed doors, Judge Burnett having excluded reporters, spectators and attorneys except those employed. Tilton Ford appears for plaintiff and Shaw & Hunt for defendant. There is a large number of witnesses.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PRICES TOO HIGH.—That fault is never found with the charges made by Clark & Eppley, the popular Court street grocers. Their goods are always fresh, and they don't get stale while being delivered.

NEW PASTOR.—Rev. Dr. S. M. Freeland, late of Pueblo, who has been in Salem for several weeks, has been engaged by the Congregational society to preach for several months the coming winter. The doctor is highly spoken of as a cultured gentleman of broad experiences and liberal views, and it is to be hoped he can be induced to remain permanently with the Salem church.

Behind the Scenes.

On the stage the tinsel, the glitter, the power and the paint, show forth the most, but step behind the scenes, and you will behold the truth. The chorus girls are not all "fancy pants" but rather what they paint themselves; just as with many of the flaming advertisements of so-called "catarrh cures." Get back of the scenes' and they are not cures. The real one and the only remedy that is a cure, is Dr. Sage's Catarrh Remedy. Lift the curtain, and you will find the naked truth, that this Remedy is the one that cures the worst cases of Catarrh in the Head, and no mistake. It is also remedial in all catarrhal conditions, such as Catarrhal Headache, Catarrh of the Throat, etc.

Not a Sell-Out—Here To Stay—New Stock.

I want the public to understand that I am not selling out old goods at cost but have brand new stock at lower figures than the people who pretend to be selling out. I am here to stay and hope by careful selections of the latest productions of millinery art, faithful work in my shop and moderate prices to merit the trade I have always been favored with. My fair prices are lower than any eternally selling out establishment in the city and the quality much finer for the money. The large number of people served the past two days is the best proof of this.

One pointer I furnish frames for velvet hats and do the work and trimming for \$1.00. Other work and goods in proportion. Mrs. D. L. Feister, Court street milliner, Salem.
