THE TARIFF AND PRICES. We should like to see the Salem Journal give satisfactory reasons to show that the low price of mutton sheep is due to the tariff. As well as attribute the low price of wheat to the same cause.

These questions would lead to a long controversy and obscure the issue. What we said was that the Democratic tariff reform agitation had depressed prices and caused hard times. One effect of the present hard times among sheepmen in Eastern Oregon is a necessary reduction in the wages paid to those in their employ.

As an illustration of the effect of the tariff reform crusade and the way it works we may mention the fact that a cargo of Australian wool was landed in Boston last month at seventeen cents per pound, and duty to be added. No body wanted it and it was shipped back.

Will some of the smart Democratic wool experts, who have been insisting that manufacturers must have Australian wool to mix with American wool to make some kinds of cloth, please tell the people why American manufacturer are not buying Australian wool for that purpose this year?

The reason is that they can't do business upon the uncertainties of Democratic tariff reform. The whole country is in that fix. The tariff reform gamblers tell the people they are going to give them free trade and then leave them in a suspense that paralyzes business until the finances can be agreed upon.

THE PHEASANT CANDIDATE.

Several newspapers are advocating the candidacy of Senator Denny of Portland for governor of Oregon because he imported the Mongolian pheasant to Oregon.

The State Press association recently committed an act of toadyism by adopting a resolution to the effect that the Mongolian pheasant be hereafter called the Denny pheasant.

THE TRAMP.

The army of tramps was never so large as this Columbian year. They have been a growing army all over the world for some time and the financial and industrial disturbances under the Cleveland administration have had a tendency to precipitate many over the border of trampdom who might otherwise still be self-sustaining citizens.

Certainly never before did the tramps take possession of the trains as now. They have come out from under the cars and now crowd the platforms. The brakemen will no longer hold them. In Texas they missed a train and ran it several miles the other day.

Here Lies! Epitaphy is a demoralizing kind of stuff. It appears on the tombstone, and eulogizes the dead almost to the very stars. The usual method of beginning is: "Here lies." Very suggestive for the lies are frequently quite astonishing—almost enough so to both amuse and amaze the dead of whom they are written.

Simmons Liver Regulator has never been known to fail to cure sick headaches. To hold up one's train well and gracefully is a desirable feminine accomplishment. As a usual thing this gift is not acquired under a father's guidance—not often through a fond mother's tuition.

The Sea Ruins the Kentish Coast. Great alarm is felt at New Romney on account of the encroachment of the sea, which has flooded the land for a distance of two miles. St. Mary's coast-guard station is in great danger, and the building is surrounded by water, the wall having been washed away.

As regards New Romney, until the appeal is settled between the New Romney commissioners and the corporation respecting the "scotting" question, nothing whatever can be done. It is thought that the damage cannot possibly be put right during the next twelve months.

STATE NEWS NOTES AND COMMENTS.

Hop farming is having quite a boom. Benton county's tax roll shows a decrease of \$300,000, while Lincoln county shows a gain of \$300,000.

4800 Salmon were caught in Yaquina bay one night last week. Bad roads is the difference between nowhere and somewhere.

The Forest Grove college has secured quite a noted music teacher in Miss Cooley, a graduate of New England conservatory of music.

The Drain Normal school has a class of forty-eight in shorthand. L. McGregor, of Roseburg, ships a carload of dressed beef to Portland each week.

E. P. Henderson, a pioneer preacher and teacher of Lane county, is dead. Major Leomin, of Eugene, will make the address at a rifle medal presentation and banquet to private Brumley, Oct. 23d.

The Yamhill County Reporter favors a limited referendum. Warfare against short weight butter has compelled McMinnville merchants to sell butter by the pound, actual weight.

A Yamhill county man is going to manufacture hoops from poles. There is said to be a good market for them. The railway employes of Pendleton have formed a union.

Prunes shipped east fresh from Hillsboro netted 5 1/2 cts. The Barlow Three Sisters says during the heavy rains of last week a little stranger arrived at a home in that town, and demanded food and raiment.

The tramps are doing in Southern Oregon what the administration is failing to do—they are enforcing the Geary law against the Chinese. H. C. Moran, of Sweet Home, sold forty head of cattle in Salem a few days ago, receiving 1 1/2 cents per pound.

White in the Capital City he contracted to deliver 150 head of yearlings and two-year-olds at Fish Lake the 18th of this month. A man boldly walked into a house at Albany at high noon and took a lady's watch and chain worth \$75. He will go to the penitentiary which is probably all he desires.

The burglary was a very bold one, and suggests that what straits men are getting, and that it is not safe to leave one's valuables around even for a few moments. Judge Fullerton on Friday ordered the O. P. railroad and other properties of the company sold later than December 15th. The Sheriff will fix the exact date. From what the judge says about the matter the road will be sold this time, or it will be compelled to stop operations.

There are 105 pupils enrolled at the Jefferson Institute. A Cravall's paper learns the good news that the carriage factory at that city will soon again be "on its feet" and in running order with a full complement of workmen. This is due to the untiring efforts of Superintendent Stecker toward the end he has almost accomplished.

Grape Vines for Sale. I have propagated several thousand good strong two-year old grape vines for setting out, assorted varieties, suitable for culture in Oregon. 25 cts each, \$2.00 per dozen. E. Hofer, Salem, Or., JOURNAL office.

Simmons Liver Regulator has never been known to fail to cure dyspepsia. Edwin Gordon Lawrence will star this season, supported by Little Lillian, the child actress. He will open his tour at Philadelphia and will produce a new play in four acts entitled "A Piece of Steel."

Fanny Davenport is to have a new play written for her by Sardon, so rumor has it. The new work is to be delivered next May, and Miss Davenport hopes to produce it at a Broadway house in New York city.

Edmund E. Price's new melodrama is called "Darkness and Day." It will require five complete acts of scenery, 16 speaking parts and 69 supernumeraries. Dartmouth prison and a battlefield furnish two of the principal scenes.

An Interesting Event. "Guson"—Another increase in your family, eh? Son or a daughter? Bilbee (gloumily)—Son-in-law.—Kate Field's Washington.

MRS. ELMIRA HATCH.

HEART DISEASE 20 YEARS. Dr. Miles Medical Co., Elkhart, Ind. Dear Sir: For 20 years I was troubled with heart disease. Would frequently have fainting spells and smothering at night. Had to sit up or get out of bed to breathe. Had pain in my left side and back most of the time, at last I became dropsical. I was very nervous and nearly went crazy. The least excitement would cause me to faint. I was so weak that I could not walk without a cane. I tried many remedies, but they did me no good. I was told to try Dr. Miles' New Heart Cure. I did not take it very long until I felt much better, and I can now sleep on either side or back without the least discomfort. I have no pain, smothering, dropsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own housework without any trouble and consider myself cured. E. Hatch, Ind. 1888. Mrs. Elmira Hatch. It is now four years since I have taken any medicine. Am in better health than I have been in 40 years. I honestly believe that Dr. Miles' New Heart Cure saved my life and made me a well woman. I am now 62 years of age, and am able to do a good day's work. My 20th, 1892. Mrs. Elmira Hatch. SOLD ON A POSITIVE GUARANTEE.
