EVERYTHING OVERWHELMINGLY REPUBLICAN!

IOWA REDEEMS HERSELF.

Ballot-box Stuffer Maynard Beat in New York.

THE POPULISTS LOSE EVERYWHERE

They Elect One Member of the Kentucky Legislature.

JUDGE GARY LEADS THE TICKET.

His Election a Death-blow to Chicago Anarchists.

WASHINGTON, Nov. 8.—The result of the election is a surprise to all parties here. In fact they do not accord with the predictions of either Democrats, Republicans or Populists. The only grain of comfort for the Democrats is the defeat of the Populists and the election of O'Ferrall in Virginia, where they were terrorized by Populist claims. They expected defeat in the states where the free coinage element is strong, but were not prepared to be snowed under in the sound money states like Massachusetts and New York. All prominent Democratic leaders ascribe the result to two causes, dissatisfaction of the farmers over the financial situation, and apathy of disappointed office seekers. The defeat in Iowa is regretted, as it practically removes Gov. Boies from the list of the eligible presidential timor. The Populists are much disappointed at their showing but claim that later returns will be better for them. About the only complacent men in the Democratic ranks are the silver men, who are in a position to say to the president: "I told you so." They will take this as a text, and at the opening of the regular session, will be prepared to renew the fight for silver more vigorously than ever. It is not believed the president is discouraged by the lead side, as he is known to believe that time will vindicate his policy.

Iowa Redeems Herself.

DES MOINES, Nov. 8.—Frank D. Jackson, Republican candidate for governor, is elected by about 30,000 plurality, or six thousand more than Harrison for president, in 1890. The balance of the Republican ticket is elected by large pluralities.

Chairman Fullerton, of the Democratic committee, concedes Jackson's election by 20,000. He lays the result to the calamity cry of the Republican party, claiming the hard times were attributed to the Democratic administration and laboring men, merchants, farmers, and professional men voted for a change.

Chairman Blythe of the Republican committee says: Iowa went Republican because it is for protection and because of the liberal position the party took on the liquor question. The legislature will be Republican. Republicans elected 17 out of 24 senators, and 65 out of 100 representatives. The Populist vote in the state will not be more than 14,000.

Kentucky Democratic.

LOUISVILLE, Ky., Nov. 8.—In Kentucky the Democrats more than held their own in the state legislature. The Populists lost altogether. Pettitt, the leading Populist of the state, was beaten for state senator by a large majority. Probably one populist is elected. The returns so far show of 138 legislators, 111 Democrats, 7 Republicans, 20 doubtful. Most doubtful in the Republican district. A overwhelming majority in favor of the election of Lindsay to the U. S. senate.

Gary Leads the Ticket.

CHICAGO, Nov. 8.—The returns to 10 o'clock indicate the election of the entire Republican judicial ticket, with the possible exception of Kraft who was supposed to have some anarchist leaning. Judge Gary, on whom Gov. Algeid made the fight, is elected by 6,000 or more and leads the rest of the ticket by two to four thousand, chiefly by the aid of the Democratic voters, the aid of County Commissioners will be mixed.

Clean Sweep in Grover's State.

NEW YORK, Nov. 8.—The election in this state is a clean sweep for the Republicans. Bartlett is elected to the court of appeals over Maynard by probably over 65,000 majority and the rest of the Republican state ticket wins by 20,000. The state senate which is now Democratic, will have a Republican majority of six, the assembly of seven. In the convention there will be 105 Republicans and 70 Democrats. Tammany carried New York city by sixty thousand, except as to Maynard, who ran 30,000 behind the ticket. Brooklyn overwhelmed the ring with over 27,000 plurality. Buffalo repudiated the Sheehan gang by 5,500.

BETTER AND BETTER.

Latest Bulletins Received About the Election.

JERSEY CITY, N. Y., Nov. 8.—Republicans have a majority in the legislature which stands: Senate, Republican 11, Democrats 10; Assembly, Republicans 39, Democrats 21.

Philadelphia, Nov. 8: Pennsylvania elected a Republican Supreme Court Justice by probably 30,000. Returns are only half received.

Louisville, Nov. 8: Returns received later today from this state indicate a falling off in the Democratic vote throughout the state.

Boston, Mass., Nov. 8: Massachusetts has elected Greenhalge by 30,000. All of the Republican state tickets won.

TOPEKA, Nov. 8.—Today's returns add to the overwhelming defeat of the Populist party in this state by the Republicans. The Democratic and Prohibition vote cut only a small figure. Indications are the Republicans have elected county officers in 90 out of 105 counties in the state.

Denver, Nov. 8: This state is almost entirely Republican, in the county elections. Equal suffrage carried by a good majority.

Boston, Nov. 8: Returns up to noon indicate Greenhalge's plurality is 32,858 for governor of Massachusetts.

DES MOINES, Nov. 8.—The returns continue as pleasing to Republicans as they are confusing to Populists and dependent to Democrats. The surprising thing in the election is the smallness of the Prohibition and Populist vote of the state. The prohibitionists only claim 15,000. General Weaver estimates the Populist vote at 30 to 40,000. It is believed it will be about thirty thousand.

MASSACHUSETTS.

BOSTON, Nov. 8.—The result of the election in Massachusetts can only be described as a huge political landslide. For the first time in three years the state will have a republican governor, and his plurality is 30,000 at least. The whole ticket is elected with him, and the legislature is solidly republican in both branches.

NEW JERSEY.

New Jersey elects 38 Republican and 23 Democratic assemblymen. Elections were held in eight senatorial districts, six of which returned Republicans. The latest returns indicate that the senate will stand, Republicans 10, Democrats 11. The Republicans will have a majority of 12 or 13 in the house, against a Democratic majority of 18 last year.

KANSAS.

TOPEKA, Nov. 8.—Dispatches up to 2 o'clock from all parts of Kansas show Republican gains. Twenty seven counties heard from are all Republican, including the most populous counties of the state, many of which were Populist the past two years. It looks like a clean sweep of the state for the Republicans.

PENNSYLVANIA.

PHILADELPHIA, Nov. 8.—Returns from 49 of the 67 counties, including Philadelphia and Allegheny, of the vote for state treasurer, show a net Republican gain of 46,553, indicating a majority in the state of considerably above 100,000.

SOUTH DAKOTA.

YANKTON, Nov. 8.—Information received from headquarters of both republican and Democratic central committees assure the election of all the Republican candidates for judgeship upon the Republican ticket. The vote cast will be about one half, or 50,000, of which the Republican candidates will receive 65 per cent.

COLORADO.

Nov. 8. Colorado shows Republican. The question of equal suffrage has been before the people of Colorado, and a quiet campaign was conducted, though with evidently increasing interest, especially in the farming and mining districts. Although Denver will probably give a small majority against suffrage, it is predicted that the measure will carry in the state by a good majority. Women secure the right to vote by proclamation of the governor, should the question carry at the polls.

McKINLEYISM TRIUMPHANT!

Ohio Sheepskins Flying in the Breeze.

CARRIES STATE BY 85,000 MAJORITY

The Legislature Republican in Both Branches.

The Ohio Victory.

COLUMBUS, Nov. 8.—With a plurality of 60,000 and two-thirds of both branches of the legislature McKinley has won the most decisive victory recorded in Ohio since the civil war.

It has been won on national issues. It would not have been a surprise two weeks ago, but after the action of congress there seemed to be such a reaction that an overwhelming vote is a surprise. The Democrats did not enter the contest to go by default, but made a most vigorous fight with harmonious working forces. Ex-Governor Campbell canvassed the state for Lawrence T. Neal all last week and the Democratic committee was hopeful after congress reached decisive action. The weather was pleasant all over and there was a full vote of over 800,000. The decisive results of former years have been because of small votes, those of one party or the other not turning out, but the voters were out today all over the state and McKinley has a majority over all with the Democratic, Prohibition, and Populist tickets opposed to him. This is the first majority over all that any state candidate has had since Foster's election just after Garfield's death in 1881.

Republicans are apprehensive on one part of their victory. The legislature elected does not select a United States senator and it is over two-thirds Republican, the strongest since the war. With such a large working majority they fear such legislation by city members as may lead to defeat two years hence when another legislature is to be selected that will choose Senator Price's successor.

Following was issued at 11:30 last night: To general manager Associated Press: I desire to change the figures made earlier. We have carried Ohio for McKinley by 60,000 to 75,000 plurality and both branches of the legislature by more than two-thirds majority. (Signed) Charles Dick, chairman Republican state central committee.

RESULT BY PRECINCTS.

In Ohio 100 precincts show McKinley 13,961, Neal 9,161, Populist 254, Prohibitionist 597. The same in 1892 gave Harrison 13,456, Cleveland 11,178, Populist 190, Prohibitionist 588. Of 25 precincts in Hamilton county only one showed a Democratic gain. The average gain for McKinley in each was 323. At this rate his plurality in Hamilton county will be over 10,000 gain of 6500.

Columbus: To the general manager of the Associated Press: Indications now point to a plurality for McKinley of more than 50,000 and both branches of the legislature by large majorities. (Signed) Charles Dicks, chairman Republican state central committee.

Cincinnati: 300 precincts give McKinley 48,023, Neal 33,523; Populist 806; Prohibitionist 1896. A Republican gain of 7727.

With one twenty-eighth of the state heard from McKinley's gain is 2353. At this rate his plurality will reach 7000.

Cleveland: Returns indicate that McKinley will carry Cuyahoga county by at least 4,000. Last year Cleveland carried it by 4,290.

Columbus: No more doubt is being held. At midnight the headquarters are being abandoned and meetings are being held nominating McKinley for president in speeches by Boutelle, Dooliver, Horr, Chairman Dick and others. At 2 a. m. the republican chairman of the state committee says the returns indicate a plurality of 87,000 for McKinley.

A Buckeye Ereos.

COLUMBUS, Nov. 8.—The latest unofficial returns from the state at Republican headquarters indicate McKinley carried the state by between seventy and eighty thousand plurality. Chillicothe the home of Neal, McKinley's opponent, went Republican for the first time. Telegrams of congratulations are pouring in on McKinley from all parts of the country, wishing him equal success in 1896. Republican papers are out with his name for the next president. The legislature will be Republican by about two-thirds in both houses. At the Democratic state headquarters the result is conceded to be such as will give them no occasion to look after the returns.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

McKinley's Opinion.

COLUMBUS, Nov. 8.—In reply to an inquiry from the general manager of the associated press, as to the cause of the result in Ohio, Governor McKinley said today: "The campaign of Ohio was fought out between himself and Neal, on the question of the tariff and free trade, pure and simple from beginning to end, and that the result was the verdict of the people of Ohio on these questions. Revised figures at the Republican headquarters, indicate over 80,000 plurality for McKinley and three-fourths of the state legislature."

THE RESULT IN SALEM.

Republicans Jubilant and Democrats Hard to Find.

The news of the great political landslide of Tuesday, that has well nigh buried the Democratic, Populist and Prohibition parties out of sight was received at Salem with the greatest rejoicings by Republicans.

The crowds at THE JOURNAL office bulletin boards were uproarious at every new victory scored by the dispatches, which never came so uniformly agreeable to them before.

The stars and stripes were flying at this office in honor of the cyclone in the east. If a sheepskin had been convenient it would have been flung to the breeze. A Republican ratification would be decidedly in order, but it is understood the Pennoyer cannon is at Portland.

OREGON PREMIUMS.

Mr. Max Pracht, of Ashland, is in the city, and is very happy. And he has good reason to be. He has received the award at the world's fair for the finest peaches. This is indeed a great feather in Oregon's cap, especially as the award is a big victory over California. Mr. Pracht is going to Omaha today on business connected with the manufacturing of flour bags, in which he yet retains an interest.—Oregonian, 31st.

It would be a very good plan if a list of all premiums awarded to Oregon exhibits could be got together and published. Oregon has according to the papers in Washington and California surpassed those states in nearly every line of competition. It would be a good plan if Secretary Irvine of the World's Fair Commission should prepare complete list of the Oregon victories at the Columbian Exposition. It would be a creditable list and would do a great deal to advertise Oregon.

FIRE AT EUGENE.

The Edris Mills Valued at \$25,000 Go Up in Smoke.

EUGENE, Nov. 8.—(Special.)—The Eugene flouring mills were burned last night, the fire being discovered at 11:15 p. m. in the top story. It is supposed that the fire was caused from an explosion of the fine flour dust. The property was owned by Wm. Edris & Son. The mill and machinery was valued at \$25,000; insurance, \$10,000.

About 15,000 bushels of wheat, owned by farmers, was on storage. Several thousand bushels of wheat badly scorched will be saved. Nothing was carried from the building, it being a total loss. The capacity of the mill is 800 lbs. per day.

One man barely saved his life by sliding down a board from the second story.

Assignment.

EUGENE, Nov. 8.—(Special.)—Boyd Bros., grocers at Junction City, made an assignment last night for the benefit of their creditors to M. S. Lee in that city. Assets about \$1500, consisting of stock and accounts; liabilities \$2000, owed principally to Portland firms, Muelhans & Co. being the largest \$357.

MURDEROUS ANARCHISTS.

Fling Bombs Into a Helpless Crowd at a Theatre.

BARCELONA, Nov. 8.—Last night when the Liceo Theatre was filled two dynamite bombs were hurled from the gallery by anarchists. One exploded scattering death and destruction on every side. A panic ensued. When the wreckage was cleared eighteen disfigured bodies were revealed. The number wounded is large. The bomb thrower escaped.

Another Steamer Disaster.

TORONTO, Nov. 8.—Full particulars of the burning of the steamer Fraser and loss of life near Goose Is and, last night, are not received. The number on board not positively known, but not less than twenty lives are lost, seven saved.

One Defaulter Goes.

NEW YORK, Nov. 8.—Francis H. Week, the defaulter recently brought back from Central America, was sentenced today to ten years imprisonment on his plea of guilty.

TRULY APPREHENSIVE.

The Republicans of Ohio are embarrassed as to the magnitude of their victory. They fear the result of bad records that will be made in a legislature so overwhelmingly Republican that corruption is almost inevitable. They fear the bad results of a party having so much power that its very strength becomes a source of weakness next year when they have a senator to elect.

They have real reason for apprehension. In these days of corruption and jobbery there seems to be more danger from large majorities than from the success or defeat of any party. There is no check possible upon the rampant spirit of partisanship drunken with power. It is the danger that is always threatening a Republic.
