CONGRATULATING McKINLEY.

The Hero of Protection to Our Industries.

RECEIVES SIX HUNDRED TELGRAMS.

And Eighty-two Thousand Majority For Governor.

Some McKinley Figures.

COLUMBUS, Nov. 9.—Chairman Dick of the Republican state central committee puts McKinley's plurality this morning at 82,000. Of six hundred congratulatory telegrams received by Major McKinley, over four hundred connect his name with the presidency.

Nearly Unanimous.

PHILADELPHIA, Nov. 9.—Pennsylvania gone Republican by possible 125,000 largest since it gave Grant 135,000 against Greeley in 1872.

A Flowery Claim.

ALBANY, N. Y., Nov. 9.—Governor Flower said this morning a careful canvass might show Democrats to have a majority in the state senate.

The Empire State.

NEW YORK, Nov. 9.—The Republican state ticket is elected by probably 30,500. The state senate is Republican by 18 or 19 to 14. The assembly stands, 70 Republicans to 52 Democrats. Brooklyn smashed the machine by electing a Republican mayor by 30,000 plurality. Tammany elects its ticket in this city by an average plurality of 65,000.

Little New Jersey.

TRENTON, Nov. 9.—As completed returns are filed the Republican victory grows in magnitude. The assembly will be Republican by a two-thirds vote. The senate will have eleven Republicans and ten Democrats. A Republican successor to U. S. Senator McPherson will be elected by the new legislature.

Nebraska Republican.

OMAHA, Nov. 9.—Chairman Beaver, of the Populist state committee, admits the defeat of Judge Holcomb and the election of Harrison, the Republican, to the Supreme bench. Returns today indicate Harrison will have a plurality of 6,000.

Kansas Cannot Remain Populist.

TOPEKA, Kan., Nov. 9.—Additional returns from Tuesday's election swell the Republican pluralities. Populists concede they are badly defeated. Republicans probably have a majority over both Populists and Democrats. Of 13 judges elected, Populist Chairman Breidenthal claims only three, with a possibility of two more. At Republican headquarters, the following summary is made: Republican counties 45; Populist counties 8; divided 25; to be heard from 27. Republican officers elected in divided counties 105; Populists in same 59.

At Washington.

WASHINGTON, Nov. 9.—No expression of opinion on the elections yesterday could be had from members of the administration. The president stayed out at Woodley, presumably to work on his message. Secretary Herbert was at the department but a short time this morning and Secretary Gresham declined to express an opinion. The prominent Democratic leaders of the capitol are particularly reluctant to assign a particular cause for the Republican landslide and Democratic defeat.

Chairman Sayers, of the appropriations committee, seemed to be cheerful and said with a laugh: "The principal reason seems to be that we did not get enough votes. There may have been some other particular and incidental reasons. The committee on appropriations did not cause it anyhow. We can prove an alibi."

Chairman Wilson of the ways and means committee said: "I am mighty glad it came now instead of later in the administration. The election in Virginia shows that the Populist uprising

had not gained headway. As soon as Democratic measures can be taken to restore the prosperity of the country, everything will be all right again."

The Old Bay State.

BOSTON, Nov. 9.—The corrected returns give Greenhalge, Republican, for Governor, 34,105 plurality, a Republican net gain over 1891 of 40,512. The House will stand 187 Republicans to 53 Democrats; Senate, 34 Republicans to 6 Democrats.

The Hawkeye State.

DES MOINES, Nov. 9.—The latest returns indicate that the Republicans gain representatives in Fremont and Audubon counties and lose one in Mills. Jackson's plurality will be nearly 30,000. Rest of ticket six to eight thousand more. Jackson carried his home county by 2571. Almost every county shows Republican gains.

IN SOUTH DAKOTA.

Returns Indicate Republican Victory All Along the Line.

PIERRE, S. D., Nov. 9.—The total vote in the state will fall below 35,000, less than half the vote of last year. The Republican candidates for supreme judge are elected by from 200 to 400. The Republican candidate for supreme judge, this circuit, is elected by 500 plurality, over Wilkes, populist, and Andrews, Republican, is probably elected over Bock, fusion, in the Brookings district. In the Black Hills, Gardner, Republican, has 150 majority over McGee, fusion. Of the eight circuit judges, the Republicans will elect seven, and possibly the eighth. Chairman Green, of the Republican state committee, says only 50 per cent of the state vote was cast, and that the Republicans secured about the same percentage as last year.

In Other Places.

DENVER, Nov. 9.—The Republican (Republican) says: "The sweeping victories achieved by the Republican party can only be construed as an overwhelming popular condemnation of the administration of President Cleveland and its policies regarding the tariff, finance and other momentous public questions. It is difficult to say what figure the silver question cut in the elections."

CHICAGO, Nov. 9.—The following telegram was received by Melville M. Stone, general manager of the Associated Press, from Ex-Governor Campbell of Ohio: "Replying to your inquiry I believe the result of the recent election shows that Ohio is only sharing in the general shaking up which the Democratic party received all along the line from Massachusetts to Iowa. The business depression is attributed by partisans and the outthinking portion of our people to the recent federal administration, and the ex-soldiers were somewhat moved by the needless fear that they will not be justly and liberally dealt with. There was a natural ebbing of the tide from the great flow of last year. There are sore and disappointed applicants for office. These are causes of the Democratic defeat. The fear of revision had nothing to do with it, whatever."

BOSTON, Nov. 9.—Massachusetts has elected Greenhalge by 30,000.

Russell, when asked his opinion of the result, shook his head and replied, "If it was the other way I could talk columns."

OMAHA, Nov. 9.—Indications last night were that Harrison, Republican for supreme judge, will carry the state by from 2000 to 5000 plurality over Holcomb, Populist. Only about half the state remains to be heard from. Returns show heavy falling off in vote, probably ten per cent. Republican, fifteen per cent. Democratic and five per cent. Populist. Five per cent. of the Republicans went to the Populist candidate for supreme judge and probably ten per cent. of the Democrats. In spite of this the Populist vote shows a decrease and it is taken as good evidence that the party in Nebraska is on the decline.

PHILADELPHIA, Nov. 9.—At midnight with full returns it looks as though the Republican majority on the state ticket would not be less than 130,000.

DES MOINES, Nov. 9.—Pluralities received up to midnight from sixty-three counties give Jackson, Republican, for governor, 43,528 and Boies, Democrat, 14,652. Six counties to hear from, five of which are Republican. These will raise Jackson's plurality to 23,000 probably.

PHILADELPHIA, Nov. 9.—This state, as far as received, gives Jackson, Republican, for state treasurer, 125,072; Osborne, dem., 20,150.

The republican had everything their own way in this city.

WATERLOO, Iowa, Nov. 9.—Gov-

ernor Boies takes his defeat philosophically. On account of his illness he was not apprised of the result until this morning. The governor manifested no surprise and said personally he had no feeling of regret. Though for his party he had hoped for a different result.

Mob Law.

NASHVILLE, Tenn., Nov. 9.—It is reported that a mob of a hundred and fifty men has gone from South Pittsburg to Jasper, to lynch the three Kennedy boys in jail there. They are the confessed assassins of Operator Lawrey, at Shell Mound.

Burglary at Pendleton.

PENDLETON, Or., Nov. 9.—The Boston store, C. E. Roosevelt, proprietor, was burglarized. Thieves effected an entrance through a glass door in the rear. Forty suits of men's clothes and 12 overcoats were taken, all of the best quality. To take away the plunder, a wagon was brought up near the rear entrance. Not the slightest noise was made, and the robbery was not discovered until the store was opened this morning. The robbery was skillfully planned and executed, and no trace has yet been secured.

The London Press.

The Daily News: "McKinley's enormous majority in Ohio seems to indicate that the protectionists have largely increased and confirmed their power. On the whole, it is probable that protection influenced the elections generally."

The Daily Chronicle: "It is a long time since such a hopeful message emanated from America. Nothing could be more gratifying than this evidence that after all there is a limit to the passive endurance of electors driven by the party machine. We imagine that to nobody will this revelation be more welcome than to Mr. Cleveland, who has long been anxious to escape from the thrall of Tammany. The president himself, however, is largely responsible for the Republican victory. The elector found that a change of name did not necessarily mean a change of political methods. Civil servants of tried efficiency were discarded for incompetents, who had been generous contributors to campaign funds. The highest posts were placed at the feet of the gang that had ruined both the Western and general labor. When the panic seized the land the people cried for release from the silver purchases, but private considerations were allowed to block the way until the Republicans came to the rescue. In this way the American voter was taught that he had changed masters, but not burdens. Now the voters have revolted against the new masters."

The Times: "The Republicans won a great triumph, and the Democrats have grounds for serious fear, but it is Tammany Hall and Senator Hill who are rebuffed, not President Cleveland. Rings and bosses will learn once more the lengths to which it is unsafe to go. Perhaps Cleveland may now think it better to break with Tammany Hall and throw over Mr. Hornblower. The result of the elections point to a reaction against Cleveland's tariff reform."

Killed by a Falling Tree.

GERVAULT, Or., Nov. 9.—Robert Zollner, of Mount Angel, was killed Monday forenoon while chopping a tree. Not returning that evening, a search was instituted, and he was found Tuesday evening, his head crushed, with ax in hand. Death was no doubt instantaneous. He was a farmer aged about 60 years.

Fires in Indiana.

LAFAYETTE, Ind., Nov. 9.—The big marshes bordering the Kankakee river, are on fire. An immense sea of flames is carrying destruction in its path. Several hundred men are out battling the fire.

The Anti Chinese Act.

WASHINGTON, Nov. 9.—The action of Judge Morrow of San Francisco, in taking under advisement the telegram of Attorney General Olney, directing in view of the amendment of the Geary act the release of the Chinese held for deportation under the original act, was somewhat of a surprise to the officials of the department of justice. The only reason they could give of the judge's action is, a desire on his part to await the receipt of a copy of the amended act before passing upon an order of the district attorney, to ascertain if it bears out the interpretation placed upon it by the attorney general concerning the release of the prisoners. Technically they say his action would be proper and regular, though they fall to see how any other construction of the act can be arrived at. No communication on the subject has been received at the department from the district attorney. A printed copy of the act should reach San Francisco in a few days.

ROCK ISLAND COLLISION.

Cars Destroyed and a Number of Lives Lost.

CHICAGO, Nov. 9.—By a rear-end collision on the Chicago, Rock Island and Pacific R. R. at 71st street last evening three people were killed and eleven injured. The limited vestibule express crashed into the rear end of the Blue Island accommodations, badly wrecking two coaches and the engine of the limited. The dead are unidentified as yet.

The injured are: N. Hitz, Walden, Ill., both legs cut off; Little Brigham, scalded; Nicholas Wosht, Chicago, leg broken and badly scalded; Minnie Schaefer, Beverly Hill, scalded; Louis Sharp, Morgan Park, Ill., both arms cut off; J. W. Templeton, Morgan Park, hand cut off and badly burned; D. N. Snow, Longwood, Ill., internally injured, which will probably prove fatal; James Grady, Englewood, Ill., left hand cut off and badly scalded; W. S. Stoll, Blue Island, Ill., internal injuries; James Kinzer, Washington Heights, Ill., badly scalded; W. E. Jameson, Englewood, Ill., severely burned.

The accommodation train left this city a few minutes ahead of the limited and stopped at 71st street. The limited bore down on it, it is said, at the rate of twenty miles an hour. A heavy fog had settled over the city and it was almost impossible to discern signal lights. The engineer of the limited ploughed his way into the rear end coach of the accommodation. The car was driven with terrific force into the end of the second coach. The explosion of a lamp ignited the woodwork and the fire spread rapidly.

QUEEN OF HAWAII.

Not to Be Enthroned Immediately as Reported.

WASHINGTON, Nov. 9.—Some sensational dispatches published to the effect that Lilioukani will be restored to the throne of Hawaii by the United States government brought a flood of inquiries to the state department. The officials of this state department ridiculed this proposition, which was considered by them as being absurd. This is the nearest to any statement that has been obtained from any one in an official capacity connected with the state department in regard to the Hawaiian matter. An interesting fact has been developed bearing on the Hawaiian annexation question in the records of the navy department. The Brooks or Midway islands which were considered a part of the Hawaiian group were on Aug. 25, 1887, formally taken possession of by Capt. Wm. Reynolds, commanding the United States steamship Lackawanna on behalf of the United States. The islands have previously been discovered on July 15, 1859, by Capt. H. C. Brooks of the Hawaiian bark Gambia, who formally took possession of them in the name of the Hawaiian government.

The United States government was actuated by the request of Secretary of Navy Gideon Welles by Allan McLaine then president of the Pacific Mail company who decided to use the island as a coaling station. Secretary Welles there upon issued orders to Rear Admiral Thacher, commanding the North Pacific squadron to take formal possession of the islands. In view that much has been said and written on the lack of precedent for the assumption by the United States of the sovereignty over the detached islands, such as the Hawaiian group, this record in the navy department bears on the question with much interest.

Eastern Oregon Shipments.

SPENCER, Or., Nov. 9.—S. Kineman shipped on the morning train to Troutdale 11 cars of cattle and one car of hogs. The 18th, Gilman & French will ship 18 carloads, making 1000 head shipped from Heppner within 60 days.

The first shipment of the largest purchase of apples ever made in Grant county has arrived in Baker City by eight six-horse freight teams and other teams are on the way. The entire consignment consists of 8000 boxes and were purchased from the Rinehart and other orchards in the John Day valley by Cato J. Johns and Dick Ambler, the well-known freighters of Grant county, who have made arrangements for the shipment of their purchase to Denver. They have the assurance of making a neat profit for their enterprise besides bringing about a good advertisement of Grant county.

Livery Barn Burned.

UNION, Or., Nov. 9.—The Elkhorn livery barn, opposite the courthouse square, was completely destroyed by fire. The fire was discovered at 3 o'clock, but before the department subdued the flames the building was ruined. The property was owned by George A. Thompson. The fire is thought to have been of incendiary origin. The loss is about \$2500, with insurance of \$1500.

An Ugly Wreck.

NORTH BAY, Ore., Nov. 9.—It is now believed that of twenty-four men who were on board the steamer Fraser when she took fire, only twenty of these can be accounted for; thirteen are known to be lost and seven saved.
