Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters, 50 cents and \$1.00 per bottle at Fred A. THE GOODALE LUMBER CO.

A New Firm Organized in the Lumber Business.

In 1890 Mr. J. C. Goodale, of Coburg, established a lumber yard in this city which has been doing a good business through all the hard times, and has become one of the popular institutions of Salem.

In order to take in more capital and enlarge the stock and capacity of the yards here, to meet the requirements of a growing trade, the business has now been re-organized as the J. C. Goodale Lumber Co., of Salem. Mr. C. G. Schramm, who owns a fine piece of property in South Salem, has purchased a half interest in the stock.

Mr. Schramm will be the manager. He is a first-class business man, and speaks German as well as English. We take pleasure in recommending him to our readers, and to the public generally. Mr. J. E. Baker still remains as the agent of J. C. Goodale, to close up all accounts still owing Mr. Goodale, and all are requested to settle their accounts promptly.

The old hands will be kept in the yards. All estimates on bills and information to builders will be cheerfully furnished. The same methods that have built up the business and gained the confidence of its patrons by fair dealing with all will continue as in the past.

Mr. Goodale wishes to express his thanks to the people of Salem for their generous support. He believes in the future of this city and shows his faith by his works. The new lumber company will carry double the stock it has ever done before and is prepared to fill any orders.

ANNUAL MEETING.—Those constituting the Children's Aid society who are in charge of the Orphan's Home on Asylum avenue, held their annual meeting yesterday afternoon. There were present: Mrs. John Minto, president; Mrs. P. S. Knight, vice-president; Mrs. E. Y. Chase, secretary; Mrs. J. J. Murphy, treasurer, and Mrs. L. A. Kirk, Mrs. C. A. Gray and Mrs. H. P. Minto, members, the balance of the board, namely: Mesdames E. N. Cooke, G. W. Gray, and J. B. Stump, being unavoidably absent.

Reports of secretary and treasurer were approved, that of the latter showing the receipt of about \$2,640 and disbursements \$2,600. Mrs. Thos. Kay was elected to fill one vacancy on the board, and the other will soon be supplied. Mrs. Holton was retained as matron, and Miss Norwood as teacher. There are twenty-two children cared for at the Home. The fact that over one thousand visitors registered at the Home during 1895 shows that much interest is taken in its welfare.

A Card.
On retiring from practice of dentistry in Salem I wish to express many thanks to my friends and clientele for the very liberal patronage enjoyed. For future dental operations I am pleased to refer them to my worthy friend, Dr. C. H. Mack, who will continue practice at the same office—(Old White Corner). Dr. Mack having been associated with me, I know him to be extremely well skilled in any and every branch of dental practice and a very nice and worthy gentleman. I bespeak for him a very liberal patronage.

Fair Grounds Flooded.
Mr. Chas. Gies, who lives near the Wolf store, sends THE JOURNAL a long detailed statement to show that by the building of the street railroad and the low condition of a sunken bridge and the closing of a ditch his land and house and barn stand in one to two feet of water. Mr. Gies says raising the bridge six inches or opening the ditch would take all the water off that section of the town. Another man says his cow has to stand in water, and when she had a calf, he had to carry it up stairs to save it. Road Boss Tom Bruce and Judge Hubbard, should get their heads together and relieve that flooded district, if possible. It can be done for a few dollars. Mr. Gies says, but he is too poor to do it.

The Discovery Saved His Life
Mr. C. Cailloutte, Druggist, Beaverville, Ill., says: "Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but out of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle, and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Fred A. Legg's Drug Store.

Johnson is again in a critical condition, and has been ill several weeks. * * * Blair Forward, who has been very ill at his farm home near Silverton, is slightly improved.

THE RUNAWAY.—McCrow & Steusloff's delivery horse became frightened yesterday at the Reform school hack, and dashed away and in his course frightened Joe. Busey's express team, which ran up Court street, dragging the heavy hitching weight for some distance ere it became detached. After a round-about course they collided with a tree in the state house grounds, which brought them to a standstill, with a broken wagon tongue.

THE CLUB HOME.—The contract for remodeling the upper story of the Burke block into quarters for the Illihee club of Salem was yesterday awarded to Young & Robinson. The papers were signed and details arranged for the work to begin immediately.

SMOOTH JIM RALEY.—There is a bill before the state officials for services of Senator J. H. Raley of 2993 as attorney for the Weston State Normal school. The Weston Board has audited the bill for Mr. Raley's services in the suit the Regent began against the Secretary of State to compel him to pay over money unconditionally withdrawn and dismissed by the Weston Regents. Mr. Kincaid holds that the state cannot be held liable for those costs and has so notified the Weston attorney.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done. Dyspeptics and pale thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

Marvelous Results.
From a letter written by Rev. J. Gumbel, of Dimon's lake, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's new discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in result." Trial bottles free at Fred A. Legg's Drug Store. Regular size 50 cents, and \$1.00.
