THE SLATES AS VOTED.

Notes and Announcements of the Candidates.

It is impossible to print all the
various tickets in the field. The pressure
for pull is immense.

J. C. Booth, of South Salem, is a
candidate for justice of the 10 Salem
precincts. H. A. Johnson Jr., the
present justice, comes of an old justice
family, and is also a candidate. He is
well-known to all. John Booth is one
of the pioneers of Marion county, has
had experience as city recorder, and
knows the duties of the office. He is
not new at it, and will prove a strong
candidate.

John A. Carson is the fighting
candidate for district attorney from
Marion county, and will probably
have a solid delegation. He is popular
in the country and enjoys an untarnished
reputation as a citizen and a lawyer.
If nominated, he will be
elected, and will make one of the most
satisfactory public prosecutors ever
elected. He is a rising member of the
profession.

THE RESULT
in this county will not be known until
Saturday, and the work of making up
a county ticket will begin immedi-
ately. THE JOURNAL and its editors
have made a square and uncompromising
fight for the people at the
primaries for the re-election of Hon.
John H. Mitchell to the United
States senate and an economical
county and state government. No
matter what slates are elected this
fight will be carried on to a finish in
the Republican county convention
held next Tuesday, March 24. THE
JOURNAL recognizes the right of
every man to be a candidate for any
office in the gift of the people. It
also recognizes the right of the people
to get the best men for all offices, and
will labor to that end.

Salem correspondent in Oregonian:
The slatemakers for the Republican
primaries tomorrow have worked hard
and accomplished little here this
week. Tonight no one can promise
the election of any slate.

Salem's political programme for the
remainder of this week and for next
is as follows: Friday, Republican
primary election; Saturday, Populist
primary election; Tuesday, of next
week, Republican county convention;
Wednesday, Populist county convention;
Thursday, Populist state convention.

MURDER AT ROSLYN.
SEATTLE, March 20.—A Roslyn,
Wash., special to the Post Intellig-
encer says the body of Dr. J. H.
Lyons, one of the Northern
Pacific Coal company's physicians,
was found this evening about 10:30
on the sidewalk within a few steps of
his residence, with his skull crushed
in. He had left a few minutes before
with Sam Isaacs who parted with
him at the Idaho avenue bridge. So
far as can be ascertained, there was
no attempt at robbery for his pockets
contained a small amount of money
and also his watch, and it is not be-
lieved the victim had any enemies
who would carry their feelings to the
extent of murder. The leg of a table
was found in the road, a short
distance from where the body was
found. This was marked with blood
and hair.

THE TIME FOR BUILDING
Up the system is at this season. The
cold weather has made unusual drains
upon the vital forces. The blood has
become impoverished and impure, and
all the functions of the body suffer in
consequence. Hood's Sarsaparilla is

IN THE SENATE
WASHINGTON, March 20.—Senator
Gorman moved in the senate today,
that when the senate adjourned it be
to meet next Monday. Senator Sher-
man in charge of the Cuban resolu-
tions objected. After some discus-
sion Gorman's motion prevailed by
vote 42 to 22.

A CUBAN RESOLUTION

Draws a Message Out of Cleveland.

U. S. LOSE \$30,000,000.

Property Destroyed by the Insur- gent Army.

CHICAGO, March 20.—A special to
the Tribune from Washington says:
President Cleveland will send a mes-
sage on Cuba to the senate early next
week, probably Monday. It will be
an answer to the resolution offered by
Senator Hoar, calling upon the president
for any further information in the
possession of the state department,
relating to the Cuban question,
particularly with reference to the ef-
fect of war upon American interests.
The message will show that the prop-
erty of American citizens in Cuba,
has been damaged and destroyed by
operations of the insurgents and
Spanish to the extent of about \$30,-
000,000.

WASHINGTON, March 20.—Cuba had
the entire attention of the senate
yesterday, speeches being made by
Gray, Chilton and Caffery. The debate
being uninvolved by many spirited
incidents. Gray's plea for Cuba
brought on a running cross-fire of
comment and inquiry from Hale.
The Delaware senator caused much
amusement by referring to Hale as
the senator from Spain. A fresh,
vigorous contribution to the debate
came from Chilton, who has seldom
addressed the senate. He urged that
there was abundant work at home to
occupy the attention of congress, in-
stead of enlisting in humanitarian
crusades abroad, with their possi-
bilities of war. Caffery also opposed
the Cuban resolutions.

Palmer, Mills, Platt and some others
are yet to be heard on the resolutions,
and no time for a vote has been fixed.

Sherman insisted, at 12:30, upon go-
ing on with the Cuban question, re-
sisting importunities of several sen-
ators to take up minor bills. Sherman
stated that Mills—who was entitled
to the floor on the Cuban debate—was
sick. Stewart was then recognized in
support of the Cuban resolutions.

He spoke of the ineffectual effort of
125,000 Spanish soldiers to put down
the uprising. Cuba was smaller in
size than Virginia, and yet Virginia
had a debt of less than \$30,000,000,
while \$300,000,000 of Spain's debt was
secured by the customs duties of
Cuba. It was an extension to the
hemisphere of Great Britain's course
in placing Egypt under the lash in
order to meet the Egyptian debt.

The greed of Spanish bondholders was
at the bottom of Cuba's slavery to
Spain. The American people thrilled
with sympathy for Cuba, and yet sen-
ators stood here quibbling over a re-
port as to the facts. He continued:

"Let us pass a joint resolution, and
throw the responsibility on the presi-
dent for thwarting the resolutions."

Gray said that, as a member of the
committee on foreign relations, he
had withheld his assent from the con-
ference report accepting the house
resolutions. He regarded the origi-
nal senate resolutions as preferable,
and it was consistent with the dig-
nity of the senate to insist upon the
form which had commanded such
overwhelming strength in the senate.

There was no reason why the senate
should now abandon its position, thus
contemptuously sweeping aside an
expression first in point of time. He
abated nothing in his support of the
original resolutions.

The authorized statement of
Premier Castellar, of Spain, to a New
York paper had specifically spoken of
this conflict as a "civil war." It was
a self-evident war, with 120,000 Span-
ish soldiers in the field, and the senate
resolutions merely recognized this
fact.

An objection arose when Gray
asserted that the present war was
precipitated by Spain's failure to carry
out her promises to Cuba, made at the
close of the former rebellion.

WASHINGTON, March 20.—Senator
Gorman moved in the senate today,
that when the senate adjourned it be
to meet next Monday. Senator Sher-
man in charge of the Cuban resolu-
tions objected. After some discus-
sion Gorman's motion prevailed by
vote 42 to 22.

WEYLER SATISFIED

MADRID, March 20.—It is officially announced that General Weyler has telegraphed the home government that he is satisfied with the course of military operations in Cuba, and has no motive to resign.

Bi-Metallic Protectionists.

WASHINGTON, March 20.—At the conference held in this city between the Republican silver senators who voted against the consideration of the house tariff bill in the senate and a number of manufacturers, principally from Pennsylvania, for the purpose of arriving at an understanding on which silver advocates and protection- ists can unite. The meeting re- sulted from a correspondence between Mr. Wilhelm and Senators Teller of Colorado, Dubois of Idaho, Carter and Mantle of Montana, Cannon of Utah, and Jones of Nevada. These senators were present at the meeting, as were Representatives Hartman of Montana, Allen of Utah and Wilson of Idaho, also some thirty representa- tives of manufacturing interests.

The conference organized by choosing
Senator Dubois as chairman and Mr.
Wilhelm secretary.

Brief speeches were made by all the
senators present. They defined their
position in such a manner as to make
it plain to the manufacturers that
there would be no protective legisla-
tion, either at this session of congress
or the next, without rehabilitation of
silver, and that bimetallicism and
protection, as regarded their stand-
point, constituted the issue of the
country. Some of the manufacturers
themselves endorsed this position as
being the logic of the country's neces-
sities and political conditions. Presi-
dent Dorman of the Manufacturers' club
of Philadelphia expressed the
opinion that the tariff duties could
not be made high enough to protect
the manufacturers of the country un-
der a gold basis. James Dobson came
out unqualifiedly for free silver.

The senators who were interviewed
with regard to the meeting expressed
the opinion that this was the first
note of warning to the Republican
party against the adoption of a single
gold standard plank in the St. Louis
platform, or the nomination of a gold
standard man on a straddle plank.

Many letters in harmony with the
purpose of the meeting were received
from manufacturers throughout the
country. Senator Cameron's name
was mentioned incidentally in connec-
tion with the presidency and met
with evident approval by many
present.

WASHINGTON, March 20.—It was

Weyler's Declarations.

NEW YORK, March 20.—A special to the World from Madrid says it is difficult to describe the profound and disagreeable impression created in Madrid and in the provinces by the recent declarations of Gen. Weyler, particularly in military, political and official circles. The majority of the Madrid press reveal regret at Weyler having selected the present critical time for making such declarations, but at the same time the stress of patriotism makes them say all Span- iards must support Weyler and must insist upon the government allowing him to carry out his policy without regard to foreign press or opinion.

Senior Ribot, chief of the Catalan Republicans, in a recent speech against the United States, makes this confession:

"It cannot be denied that the Span- ish colonial policy in Cuba has been disastrous and despotic to the extent of justifying fully the rebellions there against the Spanish government."

New Commander.

NEW YORK, March 20.—Com-
missioner Eva Booth and others of
the Salvation Army headquarters are
busy arranging for a big demonstra-
tion to be held in Carnegie music
hall, March 31, to welcome Com-
missioner and Mrs. Booth-Tucker, the
newly appointed commanders of the
army in this country. There will be
a torchlight procession, in which all
the officers and soldiers of the army
in this city and neighboring districts
will take part. Many field officers
from various cities all over the
country have been invited.

To Amend.

WASHINGTON, March 20.—In the
house Boutelle introduced a resolution
amending the constitution by making
a provision therein to meet the con-
tingency of the death of president-
elect after the electors have cast their
votes in January, and before his in-
auguration in March. It provides in
such case that the person elected as
vice-president shall be inaugurated
and hold office accordingly.

The Mint Steal.

CAIRO, Nev., March 20.—The jury
in the case of John T. Jones, charged
with stealing bullion from the United
States mint, reported, after having
been out 24 hours, that they could not
agree upon a verdict. The judge said
that owing to the length of the trial
and the importance of the case, the
jury should resume its deliberations.

Democrats voted for it, and three

mote Northwest, four men were killed
and two injured.

WASHINGTON, March 20.—The
senate committee on privileges and
elections met today for the purpose
of passing upon Senator Mitchell's report
upon the election of senators by direct
vote of the people. The report has
proven acceptable to the majority.

WASHINGTON, March 20.—A resolu-
tion authorizing the use of the unex-
pended balance of the appropriation
