## SOCIAL REVELATIONS.

Some Personal and News of the Doings of Oregon People.

### CHINA WEDDING.

Dr. and Mrs. D. F. Lane had made no arrangements to celebrate their twentieth wedding anniversary, which occurred yesterday, in fact they had hardly thought about it, but the event was most fittingly observed just the same. As the family was about to partake of the noon meal, they were astounded by the arrival of a jolly party of friends, who stated that they had come to take luncheon with them. They had, however, brought well-filled hamper with them, and all enjoyed a hearty and sumptuous repast. Much enjoyment prevailed, and before leaving, a beautiful china dinner set was brought forth from the hamper and presented to the doctor and his worthy spouse. Among those present were Dr. and Mrs. D. F. Lane, Mr. and Mrs. Frank McLench, Mr. and Mrs. Howard H. Ragan, Mr. and Mrs. Geo. G. Brown, Oscar Matthews, Ralph Matthews, Willie Hobbs, Otho Ragan and Edith Ragan.

### TIN WEDDING.

Monday, May 3, was the tenth anniversary of the wedding of Mr. and Mrs. F. L. West, of South Salem, and about fifty of their neighbors and friends were invited to spend the evening. Mr. and Mrs. West were kindly remembered by the invited guests who brought with them everything in the shape of tin, from a tea spoon to a wash boiler. After tripping the light fantastic until about midnight when all partook of an excellent supper after which the guests departed wishing the host and hostess many happy returns of the day.

### SALVATION ARMY NUPTIALS.

The Salvation Army people of this city are on the qui vive over a society event which is to occur in a few days in their ranks. This is the marriage of Lieutenant Melburne, of Salem, and Miss Lieutenant Griffin of Albany, the plump little lady, who wields the tambourine so gracefully and whose voice can always be heard in the singing. The event will be celebrated with military splendor within a few days.—Albany Herald.

Miss Clara Brey is in the city, the guest of Miss Sally Bush.

Miss Carrie Haas is visiting friends at Portland and Oregon City.

Mrs. R. P. Russell, of Morningside, is at Independence visiting a sick sister.

Mr. and Mrs. J. J. Reed, returned from Eola this morning, and spent the day with Salem friends.

The family of Mayor Gatch is being made happy by a few week's visit from Miss Claire Gatch, of Seattle, the mayor's sister.

Mrs. Leonard L. Sprague will start this afternoon for a summer visit with her parents and other relatives at Keokuk, Iowa, her native place. Mr. Sprague expects to go to Helena, Mont., in a few days.

SAD ACCIDENT.—The friends of Mr. and Mrs. Chas. Smith, now of Roseburg, will learn with sorrow that their little son was badly scalded last week, by upsetting hot water onto his back. The child is out of danger. Mr. and Mrs. Smith arrived in the city this morning with their boy and placed him under Dr. Jessup's care. They were not pleased with the medical treatment received at Roseburg.

LATE CARS.—The cars of the Motor company will this evening run late to accommodate people attending the Tongue speech. The last car going north leaves the Court street corner at 10:20, while the large cars will run on time.

THE WEATHER.—Signal service prophesies fair weather for this evening and Wednesday.

DIPLOMA FILED.—Dr. E. A. Pierce today filed his diploma and necessary papers for the practice of medicine in this county.

The little woolen mill at Bandon has a pay list of over \$2000 a month.

## FIRE PROTECTION WANTED.

And Other Matters Considered at School Meeting.

The board of directors of school district No. 24—Salem—met at the office of Clerk Bozorth last evening with the following gentlemen present: Messrs. Johnson, Bruce, Ohmart and Cherrington, Superintendent Peebles and Clerk Bozorth.

The following bills were presented and ordered paid:

E. M. Kightlinger.....\$ 50  
Griswold & Chase..... 10 00  
Post..... 1 20  
Jno. Hughes..... 2 15  
E. M. Waite Printing Co..... 6 50  
Patton Bros..... 25 75  
J. W. Morrill..... 50  
Wm. Warner..... 1 00  
Clerk's salary..... 15 00  
Teachers' salaries..... 1,335 00  
Janitors' salaries..... 169 50

A communication from the Salem Water company was read, setting forth the fact that the Lincoln school is entirely without protection from fire, there being no hydrant near the building, and inviting the board to consider a proposition from the company to put in the said hydrant. No action was taken in the matter, but it seemed to be the opinion of the members of the board that it would pay better to have a system, similar to that in the state capital, placed in the buildings for its protection in view of the fact that the city fire department is not permitted to go outside of the city limits to quench fires.

The matter of erecting a flag pole on the old Central school was discussed, also the repairing of the flag pole on the Lincoln school. Mr. Cherrington stated that a gentleman named West had made a proposition to him, offering to repair, and put in ropes on, the flag pole on the Lincoln school for \$5. The matter was referred to the executive committee, with power to act.

Superintendent Peebles recommended the publication of a pamphlet containing the rules and regulations of the schools, for the guidance of teachers and patrons; also a course of study and a manual for the grade work. It was also suggested by that a summary of the reports and transactions of the district in the last few years be embodied in the book; such a work would not cost to exceed \$100. The matter was taken under advisement by the board.

On motion, the chairman and clerk were instructed to make proper assignment of certificates held by the school district to certain pieces of property bought by the district at sheriff's sale, the property having been delinquent for school taxes in 1892.

### Cremery at Enger.

J. L. Barnard, an old and experienced cremery man, called a meeting at Enger, 8 miles east of Salem, Friday afternoon, for the purpose of establishing a cremery. Geo. W. Weeks acted as chairman and C. O. Rice secretary. The following committee was appointed to solicit subscriptions to stock and secure the required number of cows, viz: Warren Cranston, J. F. Anderson, W. B. McAllister, Charles Winkelman and Iver Larsen. Erank Durbin, K. L. Hibbard and Mr. Rice were selected to prepare a constitution and by-laws. They are to report at a meeting on next Friday. About thirty persons were present and much enthusiasm was manifested. The number of cows necessary to supply the milk is 250. They will be secured, without doubt.

A Challenge to Christal.  
I hear that Prof. Christal, of your city, refuses to put up money to meet me in a 10 round contest for points. I will meet him for any sized purse that may be put up. Should he be willing to accept this challenge, please do so within 48 hours through the daily papers.

### CLEVELAND KID.

Laurence Macky, Mgr.

## DIED.

FRAZIER.—At her home in Scotts Mill's Saturday, April 25, 1896, Mrs. S. N. Frazier, aged 78 years.

KOONS.—Tuesday morning, April 28, 1896, in Silverton, Fred Koons, aged 66 years.

WALKER.—At his home in Spring Valley, Polk county, Oregon, on Monday, May 1, 1896, at 10 a. m., of neuralgia of the heart, Walter M. Walker, aged 81 years, 9 months and 11 days.

The funeral services will be held at the Spring Valley church and cemetery tomorrow (Wednesday) at 11 o'clock a. m.

Mr. Walker was born in Virginia July 23, 1814, and was, therefore, in his eighty-second year. He removed with his parents to Missouri in 1829, remaining there until 1848, when he came to Oregon with his wife, whom he had married in 1843. Her maiden name was Jane Mackey. They settled in Spring Valley immediately upon their arrival and have lived there continuously since that time—a period of nearly a half a century. The picturesque and fertile valley that has been their home so long was given its name by Mr. Walker in 1852.

C. C. and W. B. Walker, his brothers, who came to Oregon in 1845, are yet living; the former in Spring Valley, the latter in Kliekikat county, Washington.

Mr. and Mrs. Walker have had five children, namely Mary Virginia, now Mrs. J. L. Purvine; Susan Missouri, who was the wife of Dr. W. D. Jeffries, of Salem; Nancy, now Mrs. D. G. Henry; Laduska Jane, now Mrs. Jas. K. Sears, and Dora who is still at home, the comfort and stay of her mother in this trying hour. After fifty-three years of the closest and most endearing relationship, Mrs. Walker finds herself bereft of him who was once her protector and loving companion, and though children and friends may gather round her with kind words of consolation, there is none to take his place.

Of all the grand old pioneers to whom Oregon is so much indebted for its greatness, none have been held in higher esteem than was Major Walker (a title by which all knew him). Never was a man so universally loved. It was a matter of pride with all to call him their friend. More than any other man he helped those in his community in need, and did so without ostentation. He was a faithful and consistent member of the Baptist church at Spring Valley.

### Minus a Hand.

Ora Hills, the 16-year-old son of Jasper Hills, who resides at Jasper, had his left hand completely blown off by a dynamite cap.

Dynamite caps are frequently used by loggers and it seems that Mr. Hills, manager of the Fall Creek improvement company, a logging concern, kept them in his house. Ora Hills and a neighbor boy had arranged upon a code of signals whereby by exploding a cartridge either one could summon the other to his home. Yesterday afternoon young Hills desired to signal to his friend. He exploded one successfully and then attempted to explode the second one, at the same time holding a third one in his left hand. In some manner the fuse came into contact with the cap in his hand, exploding it and blowing his hand to pieces.

He was brought to this city and Dr. Kuykendall removed the hand just above the wrist joint.—Eugene Guard.

The owner of the Miller ledge, on Soldier creek, has been offered \$75,000 for his claim.

The O. R. & N. Co. is building a new boat in Portland to run between Astoria and Ilwaco.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fred P. Legg's drugstore. Regular size 50c and \$1.

## RIVER NEWS.

The river was rising rapidly today, and now stands at 14.6.

The Elmore, Hoag and Altona went down from Salem today.

This is the day for the Ruth, Albany and Romona to come up from Portland.

Contrary to report, the steamer Gypsy is making regular trips, to Eugene. She is up the river now.

In three or four weeks, or when the water gets lower than at present, it is the intention of the O. R. & N. Co. to take the steamer Gypsy to Portland and place her on the drydock and give her a complete overhauling. They will place her on the river between Corvallis and Salem during low water and will try and operate her all summer, connecting at Salem with the other boats that ply between Portland and the former place. It is likely that the Gypsy will be fitted with accommodations for about twenty-five passengers. If they succeed in running on the upper river all summer it will be a fine thing for the public.—Corvallis Times.

AN OYSTER SUPPER.—Tonight after the Tongue speech you can get a fine dish of oysters at Strong's.

### Fire Protection.

From the proceedings of the school directors last evening it becomes evident that the Lincoln school building in South Salem is entirely without fire protection. There is no hydrant, eastern nor stream near enough to secure water by engine or hose service. This should not be so, for if there is any institution on earth that should be well protected against fire it is a school where helpless children attend by hundreds. Either the building should be provided with fire apparatus, or ample provision should be made outside for protection. If a holocaust should occur at this building in the absence of the necessary safeguards, the people of the school district would never forgive themselves for the neglect. There is sufficient danger under the best conditions.
