### The Portland 'Sound Money' Crowd.

### PETITIONERS SHOWN UP.

### Some of the Characters Employed for Reform.

Chas. Fulton, who speaks at Salem this evening is a man of some vigor and courage. He is not afraid when necessary to take the hide off the political deities at Portland. He unmasked the Simon-Dolph primaries and county convention at the Republican state convention. He stood side by side with General Williams, D. P. Thompson and Sol Hirsch in repudiating the sham reformers and political purifiers of that city. He has just completed a canvass of the second district where the Simon-Dolph-Scott bolters put up Northrup against Ellis, the regular Republican nominee, and are moving heaven and earth to elect Northrup on a Cleveland-Carlisle gold bond platform, against Ellis, who stands for silver and paper money on equal terms with gold. We give below a report of Fulton's speech at Pendleton that the Oregonian is squealing about.

FULTON ROASTS NORTHRUP.

The speaker concluded his address by referring to the petition which had been signed to bring Judge H. H. Northrup's independent candidacy. He denied that he had been brought out on principle, but because of the factional fight—because they thought that Ellis and his following were opposed to the Simon crowd. Taking the signatures to the petition separately, Mr. Fulton proceeded to open the eyes of his audience by showing up the character of the men whose names decorated that document. Following are only a few to which the speaker made reference:

"W. R. Acock, some years ago shot a man on the corner of First and Alder streets, in what is now known as the Gilman house, while they were engaged in a game of poker. He obtained his acquittal before the committing magistrate by reason of perjured testimony of accomplices who organized for the purpose of presenting his prosecution and contributed large sums of money. He was also seducing the daughter of a man of the name of Egan from the paths of virtue, and refused to desist from his attentions to the girl. The father of the girl, while attempting to persuade him to leave the girl alone, was shot down by him on the corner of third and Morrison streets.

"Larry M. Sullivan, notorious outlaw, conducting a sailor boarding-house, where he lives by reason of blackmail upon shipping interests of the community and blood-money obtained from captains of ships, who has been convicted numbers of times in our courts for having violated the shipping laws of the state. He was one who circulated the petition for Judge Northrup's nomination.

"Thomas Williams, the proprietor of a faro game near the corner of Third and Alder streets, recently convicted in the circuit court for Multnomah county of conducting a faro game and compelled to pay a fine of \$150. He is a notorious character and was one of the persons who contributed funds to prevent the conviction of Sandy Olds for the crime of murdering Emil Weber. His position in the community of Multnomah county is so well described in the opinion of state vs. Olds 19, page 433.

Children Cry for Pitcher's Castoria.

"Sam Goodman, a Jew, is a tin-horn gambler recently extradited from the state of California at the expense of the state of Oregon, upon a charge of concealment and forgery, who confessed his guilt to both crimes, but through the manipulation of the grand jury by Joseph Simon and his influence, he was let loose by the grand jury through 'not a true bill' in time to act as deputy sheriff at the primary election, and in other ways served his master.

"R. W. DuValle, known as William Reno, alias R. W. DuValle, served a term in San Quentin, and became disfranchised by reason of becoming a convict and not being pardoned. His number in San Quentin was 1171. His photograph is in the possession of the chief-of-police of the city of Portland, taken while an inmate of the San Quentin penitentiary. He is a professional thief and a vagrant. He has no residence in Oregon, because he cannot acquire it by being an inmate of its jails. He is not entitled to vote, is an outlaw and a professional criminal.

"George D. Barrett is a partner of Sandy Olds in the colonization scheme known as 'Friends of the Homeless' at Third and A streets, a sure-thing confidence gambler recently extradited from Seattle on the charge of embezzlement. After his extradition the grand jury was persuaded through political influence of Mr. Simon to return not a true bill and the case was settled. He escaped punishment at that time.

"Frank Hellen, proprietor of a faro game on Washington street. A professional gambler.

"Mullen, a door-tender at Frank Hellen's faro game.

"Webb, proprietor of a saloon which is known as a questionable resort where women and men without character associate, and a place where the detectives looking for burglars, thieves and confidence men are able to find them between the hours of 1 and 2 in the morning and daylight.

"S. Mish, proprietor of a cigar store on Washington street which has a poker game attachment.

"J. R. Mort and J. M. Robers, were special police officers recently removed, who have made their living by blackmail and existed upon money forced from the French prostitutes and cribs in the north end of town by an organized system of blackmail.

H. H. Hawley, a disgruntled politician recently removed from the street department.

"O. J. Laird, a former saloonkeeper, recently removed from the street department.

"O. P. Church, an ex-policeman of recent date, for merely a broker and collector of usury."

**Electric Bitters.**

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the liver is torpid and sluggish and the use of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters, 50 cents and \$1.00 per bottle at Fred A. Legg's Drug store.

**NOTICE TO CANDIDATES.**

Columns of "The Journal" Open to All Parties.

THE JOURNAL is a paper that is read in all parties.

In view of the fact that the Democratic or People's party have no organ in Salem or Marion county THE JOURNAL will be open to candidates of all parties on equal terms.

Candidates of any party before the people at the June election who desire to make statements to the public can do so in THE DAILY and WEEKLY CAPITAL JOURNAL and can do so until election day at the regular commercial rate of 10 cents per line in either edition.

THE DAILY and WEEKLY are going to nearly every taxpayer in Marion county.

**\$100 Reward \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. # Cripple Made Well

Running sores broke out on my thighs. Pieces of bone came out and an operation was contemplated. I had rheumatism in my legs, drawn up out of shape. I lost appetite and am farming, whereas four years ago I was a cripple. I gladly recommend Hood's Sarsaparilla. URBAN HAMMOND, Table Grove, Illinois.

The North Fork.

The Albany Herald has this account of the big enterprise on the North Fork of the Santiam:

A mammoth saw-mill plant is in course of construction on the Breitenbush river, one mile north of the railroad bridge near Detroit and Berry station. The foundation is already completed 204x54x12 feet basement. The capacity of the mill will be 125 M feet per day, of 10 hours with circular and band saw of modern style with all patent edges, resaws and in fact, a modern mill in every respect. They have a battery of four boilers 48 inch shell 18 feet with large steam chests with two engines and all appliances to make a first-class mill. They propose to do the logging with an engine to the pond and will ship from 10 to 20 carload lots. They propose to ship and dispose of their lumber by the cargo in San Francisco and other points, and have rates of freight which enable them to do so at a profit. They are in the heart of one of the finest timber regions in the state and have to begin with fifteen hundred acres of timber and more offered them at reasonable figures. The parties comprising the Enterprise Mill Company are Roe, Dikeman and Lee, all practical business as well as practical mill and lumber men, and we predict for them a large and paying enterprise as their name so eminently implies. They will be ready to start up the circular in the next few days.

**The Time for Building**

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the one true blood purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists, 25 cents.

**STATE NEWS.**

A Portlander has sued Baker City for \$3,300. The action is over the non-payment of warrants issued in 1891.

Mrs. Mary Elizabeth Jack, formerly of Marion county, died at Halsey recently. Mrs. Jack was an old pioneer. She came in 1846 and settled in this county.

We learn that 18 inches of snow fell at the Lucky Boy cabin, on the 16th day of May. On the summit of the mountains, above said claim, the snow is 25 or 30 feet deep.

Mr. Hackleman, of Albany, has made an exchange of seventeen head of horses for three Jacks and two Jennies. Mr. Hackleman expects to enter the male business.

Probably the largest shipment of eggs ever made from any point in Benton county was that last Monday from Liverpool landing, by the steamer Gypsy. The shipment consisted of 152 cases of 36 dozen to the case, or 5472 eggs.

Mrs. Elizabeth A. Rowell, who died recently at the Salem hospital came across the plains in 1861. She was the daughter of Captain Thomas Black.

Deceased was the mother of Mrs. A. V. R. Snyder of this city, Mr. V. P. Fiske and Messrs. Thomas B. Frank C. and William W. Rowell of Dallas, and Mrs. C. G. Coad, of Rickreall, who, with their father mourn for an irreparable loss.

## REPUBLICAN PLATFORM.

The representatives of the Republicans of the state of Oregon in convention assembled, call attention to the condition of industry throughout the country, as a proof of the necessity of returning to the policy of the Republican party under which there was general prosperity during the thirty years.

We reaffirm the principles of the Republican platform of 1892, and assert that the results that have followed the change decreed by the election of that year have justified our protest against the national policy adopted by the Democratic party.

We believe that the government should have an ample revenue, with a sufficient surplus over ordinary expenditures to provide for the navy, and for the constant reduction of the public debt. We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluations and discriminations as to localities, should be replaced by one framed on protective principles similar to that of the McKinley bill and give ample protection to American wages and American industry, and to restore the reciprocity policy of James G. Blaine.

We have always given protection to our shipbuilders. In late years we have neglected to protect our shipowners. We believe that the policy of the government should be to protect our shipowners, by discriminating duties in favor of American carrying tractors, secured 90 per cent of our carrying trade to American ships, and which, if now restored, would again revive our shipping and cause American freights to be paid to American carriers.

The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money with such restrictions and under such provisions to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interest of the producers of the country in the United States, and the workingmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

Resolved, That we earnestly endorse the proposed amendment to the constitution of the United States, providing for the election of United States senators by popular vote, recently reported from the committee on privileges and elections by Senator Mitchell and now pending consideration in the United States senate.

Resolved, That the application of the Oregon delegation in congress to the president of the United States and now pending before him, praying a modification of his proclamation creating the Cascade forest reserve, is hereby earnestly approved, and we appeal to the president to grant the prayer of our delegation in congress.

We realize the importance and magnitude of the fishing industry on the Columbia river and would recommend that some provisions be made for a state hatchery for artificial propagation, and that the laws regulating the closed season be rigidly enforced.

That we endorse the efforts of our representatives in congress to secure repayment to the settlers of Oregon of the excess of \$1.25 per acre wrongfully collected by the government on lands located in the limits of the 'inclosed Northern Pacific railroad land grant'.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to our Pacific states and we demand its completion as speedily as possible by the government of the United States.

We hereby endorse the action of our senators and representatives in congress in their endeavor to secure grants of pensions to Indian war veterans.

We pledge the Republican party to a rigid economy in the expenditure of public money; to the reduction of excessive salaries; and the abolition of the fee system whenever possible, and of all useless commissions; and believe that no appropriation should be made to any school or charitable institution not under the control of the state; and oppose the incorporation into the general appropriation bill of items for the expenditure of public money not authorized by law.

We demand the enactment of rigid restrictions on foreign immigration, both for protection of our country against illiterate and vicious classes from foreign lands and for protection of our labor and preservation to our own people of the remainder of our national domain.

We commend the policy of the Republican party in relation to internal improvements, and in particular in opening our waterways to commerce, and we denounce the illiberality of Democratic party in these important matters.

Respectfully submitted,  
T. E. FALL, Secretary. SOL. HIRSCH, Chairman.

The Indian medicine man cures by charms and incantations. He frightens away the "evil spirit" who causes the sickness. He does all sorts of things that civilized people would call idiotic and barbaric, but the civilized folks are not so very much ahead after all. They do just as foolish things as does the medicine man. They go along carelessly and allow the little sickness to grow into the big sickness. They allow constipation to grow into indigestion, heartburn, dizziness, headache, insomnia, and a hundred other distressing conditions. They do this frequently because they do not know the cause of their trouble. It is a pretty safe rule to look for the source of 9-tenths of human sickness in this one simple and appallingly prevalent trouble. Another foolish thing that smart people do is to take some alleged remedy for constipation and keep on taking it, day after day, month after month and year after year. Perhaps it is better to take the medicine than not to take it at all, but of course if they stop taking it, their trouble will come back. This last statement is true of every other medicine prepared for this purpose except Dr. Pierce's Pleasant Pellets. One "Pellet" is a gentle laxative, and two a mild cathartic. They are gentle and efficient in their action, permanent in their results. You don't become a slave to their use, as with other pills.
