## ALL WANT TO FIGHT.

Cretans Want No Outside Interference.

ASK TO BE LET ALONE.

Christian and Turks Alike Want to Be Let Alone.

CANEA, Aug. 18.—A correspondent has had a talk with Chossein Bey, a Mussulman deputy, representing Canea. He said:

"We most earnestly hope that the sublime Porte will not accept the propositions made by the Christian deputies. We Mussulmans would rather die than live under the conditions they seek to place upon us. I deny, and we all deny, that there is any truth in the stories floated by the Christians that our soldiers are guilty of pillaging. There are sure to be reprisals, but Mussulmans are losing just as much as Christians. If we are left to ourselves we can settle the whole matter in a few months."

In Athens the members of the Cretan committee say that all they want is to be left alone with the Turks so as to be able to wipe them out of existence. From the opposite parties, therefore, it would appear as though the powers were unwelcome and that Christians and Turks alike would prefer to be allowed to settle their differences as best they might between themselves.

The archbishop primate was asked whether he could see any solution without war. He answered:

"I fear not, unless there is a favorable reply from the Porte to the just demands of the Christian people. There is too much bitterness existing between Christians and Turks for troubles to be smoothed over."

The archbishop parried a suggestion that such an attitude was contrary to Christian teachings. Regarding the possible withdrawal of the powers, he said:

Naturally, as the powers interfered unasked, we have the right to expect that they will accomplish something for us, but the idea that, when they have prevented Greece from helping us they should desert us and leave us to the mercy of the Turks is grossly wrong, and I cannot think that they will do so."

When asked what he thought would be the possible result of war, his reply was:

"With the help of God, and being left to ourselves, we could manage all right. So long as the powers leave us alone and Greece continues to supply

cartridges and rifles, we can hold our own. As for myself, I do not propose going away, but will remain where Christian duty calls me."

When this conversation was over the archbishop, whose full title is Timotheus, metropolitan primate of Crete and ex-archbishop of Europe, paid a visit to his refugees. He still has 300 in the school of the archbishopric.

British Advancing.

TACOMA, Aug. 18.—Captain William Moore, who has the contract for carrying the Canadian mail between Fort Cudaby, Alaska, and British Columbia has arrived on the Sound and proceeded to Victoria. He states that the Canadian surveyors have shifted the boundary line between the northwest Territory, Canada, and Alaska, from three to eight miles to the westward. This means that some of the richest mining districts on the Yukon river have gone into the British possessions. Mr. Moore says 2,000 miners on Miller, Glacier and other creeks have accepted the Britishers' action and gone under their flag. They pay a mining tax of \$25 each for working in the northwest Territory and are said to be well satisfied because of the protection afforded by the Canadian police patrol stationed there.

Professor Ogilvie is the man who led the survey and determined the new British lines and compiled and sent his field notes to Ottawa, and is now waiting for the United States to send a party of engineers to check up the work on the field with the British surveyors.

The new boundary encroaches much on the Forty Mile district.

Mr. Ogilvie came out by the mouth of the Yukon, as he was unable to ascend the headwaters of the stream owing to ice flows. He was accompanied by his son, who bears important messages to the Ottawa government on the boundary question.

Through a Bridge.

OREGON CITY, Aug. 18.—Yesterday a threshing engine belonging to Poedtemeler Bros., of Stafford, went through the bridge over Kriese creek, about nine miles west of this city, and the engine, driver and team fell a distance of eighteen feet. The driver, Ernest Boekmann, suffered a severe scalp wound and a bruised hip, and was brought to this city for treatment. The engine was wrecked, and one of the horses so injured that it had to be killed. The engine carried sixty pounds of steam, at the time, and but for the fact that the driver was able to move himself, he would have been seriously scalded.

Aeronaut's Shocking Death.

QUINCY, ILL., Aug. 17.—B. Frank Jacobs, an aeronaut traveling with a circus, met with a horrible death here today in the presence of his wife and an assembled throng.

## HARD WORDS FOR BRYAN MEN.

Everything Back of McKinley is Noble and Honorable.

But All the Forces Behind William J. Bryan are Dishonest and Ignorant.

To the Republicans of Oregon:

The executive committee of the Republican league of Oregon has entered upon a campaign, to carry the state of Oregon for McKinley and Hobart in November, and in this effort it asks the hearty support of every Republican, whether a member of a league club or not.

THE SITUATION at the present time is PECULIAR, and calls for patriotic and thoughtful action. Through four years of misery and gloom, the Republicans of Oregon have waited for the time to come when they might cast their votes for William McKinley and the protection of Oregon's industries, and yet, now that the time so ardently longed for has arrived, A NEW ISSUE HAS BEEN RAISED to turn them aside from their righteous and patriotic purpose.

Behind Mr. McKinley are the thrift, the providence, the industry, the business, the intelligence and the honor of the country. BEHIND MR. BRYAN ARE DISCONTENT, THE UNTHRIFT, THE IMPROVIDENCE, THE IGNORANCE, THE PATERNALISM, THE SOCIALISM, THE ANARCHISM, AND THE DISHONESTY OF THE COUNTRY. That there are many honest and earnest, though mistaken, men who favor the independent free coinage of silver, cannot be denied, but the elements named are the controlling ones in the present silver movement. Can any Republican find a triumph at the polls of any ideas he may happen, for the time being, to hold in common with Mr. Bryan, anything whatever to compensate him for helping to ELEVATE THESE ELEMENTS INTO POWER IN THE UNITED STATES.

Respectfully,

CHAS. H. CAREY,  
L. N. McNARY,  
J. L. WILSON,  
W. H. MOORE,  
H. M. CAKE,  
M. A. MOODY.

Executive Committee Republican League of Oregon.

## JOURNAL "X" RAYS.

Directed Upon Persons and Things by the Good Natured Man.

Mr. McKinley is liable to make some highly original remarks on the tariff almost any of these days.

As a rule the man who owns the "thinnest watered" stock is the one who is the thickest in the fight with the 50-cent-dollar.

If THE JOURNAL misrepresented Mr. Ford, it will cheerfully correct. But it did not. It printed just what he said. He jumbled his statistics.

The Statesman has not yet published Mr. Ford's speech to the workmen's Republican club, which his private stenographer took down in short-hand. Why don't it do it?

An attaché of the State House, who was an ardent silver advocate until he secured a "snap" at the capital, when he suddenly became a follower of the gold standard, approached one of our prominent attorneys a few days since. He recited his little speech in which he attempted to show what a benefit the gold standard would be to the American people, when at its conclusion, the attorney turning about and facing the orator asked "who in h—l are you, anyway." The state house employé disappeared from sight like dew before an Oregon sunshine.

Distressing Accident.

Silverton Appeal, August 15: Nas, the 13 year old son of H. Oleson, who lives near Mt. Angel, met with a distressing and probably fatal accident Wednesday morning about 11 o'clock. While hauling grain, the team the boy was driving, became frightened and ran away, throwing him out of the wagon. His head struck a stump, breaking his skull and penetrating the brain. He was unconscious until the surgeon arrived and took out several pieces of bone and bark which were resting on his brain. It was a frightful accident, and is a case that demands skillful treatment, and if the lad recovers, a great deal of credit will be due Dr. Brooks, the physician, who has the case in charge.

This Week.

I will fit and sell the best Specks in existence, for \$1.50 and \$2. Eyes tested free.

## BRYAN'S NEW YORK SPEECH.

Published in Full in a "Journal" Extra Edition.

Have you read Bryan's speech at New York accepting the nomination for president?

Have your neighbors read it? THE JOURNAL prints the speech in full in an extra. Mailed to any address at \$1 per hundred. Circulate this speech. It is complete and unanswerable.

Air Motor Bicycle.

Lebanon Advance, August 14: Hansard & Hlatt have received some very encouraging letters from the east in regard to their new invention, the air motor bicycle. It is believed that it will prove a great success and become very popular. Following are some of the advantages of the air motor bicycle over the old chain and sprocket wheel: It would be an easy matter for the rider to furnish the motive power by pumping air into the machine, with his foot; the speed is not governed by the amount of revolutions of the pedals, but by the amount of pressure in the reservoir; the frame is converted into air chambers, with pneumatic air seat and air brake. This bicycle is next thing to flying machine.

The McConnell Defalcation.

Jeff Myers, W. M. Cake and C. H. McCulloch, constituting the tribute of the Knights of Pythias, have decided that George F. McConnell, the defaulting grand keeper of records and seal of the order, must pay all monies which came into his hands by virtue of his office. Proceedings will be at once brought against the bondsmen, Emil Waldman and B. S. Pague, to recover the money, which amounts to about \$2,000. Albert Tozier, editor and publisher of Pythias, has written a letter in which he says that McConnell has been a gambler for years, and "this fact was known to men high in authority."

Semi-Officially Denied.

MADRID, Aug. 18.—The Epoca semi-officially denies that Spain is preparing a bill of damages against the United States.

## THE CUBAN SITUATION.

Spain Has Not Yet Communicated With the Powers.

MADRID, Aug. 18.—In the chamber of deputies today Senor Canovas, president of the council, denied the statement that the Duke of Tetuan, minister of foreign affairs, had read to Hannis Taylor, the United States minister to Spain, a proposed circular to the powers anent the condition of affairs in Cuba and the relations of Spain with the American republics in general and the United States in particular.

Senor Canovas announced that no document, of the nature outlined, was dispatched to any government. He added that the cabinet had made detailed notes, relative to the Cuban situation, and that at an opportune moment a memorandum would be submitted to the powers, in order to enable them to judge of the true condition of affairs in Cuba.

Continuing, Senor Canovas said that the Spanish people had no cause to complain of the policy of President Cleveland, but Senators Sherman and Morgan were to be blamed for their speeches in the United States senate. He concluded by advising a policy of prudence at the present time, since an explosion of feeling would be disastrous.

Senor Mellé, of the Carlist deputies, made a brief speech, censuring the Spanish government for its failure to prevent filibustering expeditions from America landing in Cuba. To this Senor Canovas replied, adding that Spain should not rely on an alliance, but rather upon her own resources to retain Cuba.

Filthy City.

NEW YORK, Aug. 18.—Health Officer Alvin H. Doty, of this city, returned from Havana this morning. He spent only two days in Havana, because he found on arrival that it would be impossible for him to reach either Santiago or Cienfuegos, where, he says, there are alarming outbreaks of smallpox. He found that there was a great deal of smallpox and yellow fever in Havana and the surrounding country. The sanitary conditions are terrible. The whole city's sewerage, he says, is emptied into the bay, and the tide is not sufficient to carry it to sea. Consequently, the bay is, he says, a constant breeder of yellow fever, and especially around the Regna docks and military hospital.

There were 300 cases of yellow fever and 100 deaths reported from the military hospital during the two weeks previous to Mr. Doty's visit. He is confident that the condition of the city of Havana is much worse than in ordinary summers, as the presence of unacclimated soldiers has a very bad effect.

Gomez' Whereabouts.

HAVANA, Aug. 18.—Maximo Gomez is understood to be in the district of Cobre, Santiago de Cuba, and only about ten miles from the city of Santiago de Cuba. This report has not yet been confirmed.

The insurgents have attacked, plundered and burned several houses in the village of Pozo Rondondo. After three hours' work of destruction, the enemy retreated.

Hot Upon Their Trail.

WASHINGTON, Aug. 18.—The war department has received dispatches from General Wheaton, detailing the movements of the troops in pursuit of the Indian raiders from Mexico. It is believed that such disposition of the troops has been made as will intercept them if they attempt to cross into Mexico. The Indians are on foot and are pursued by mounted troops. Mexican authorities will establish a garrison at Nogales for the purpose of preventing further Indian raids.

A Jealous Husband's Crime.

CHICAGO, Aug. 18.—In a fit of jealousy Charles Nelson shot his wife at his home, No. 958 North Washburna avenue. He then shot at his 3-year-old daughter. The bullet struck her right temple, and glanced off, inflicting a slight wound. Nelson was arrested.

## POLITICS UP TO DATE

National Populist Committee in Action.

MR. EUGENE DEBS TALKS.

Opinion of the Leader of the Great Labor Strike.

WASHINGTON, Aug. 18.—Senator Butler, chairman of the national committee of the Populist party, arrived today to attend the meeting of the Populist managers. Only five members of the executive committee are here, others have sent excuses. It was decided even before the executive committee met, that the national headquarters will be in Washington. The executive committee will listen to no propositions looking to the withdrawal of Watson from the ticket.

Mr. Debs Talks.

OMAHA, Aug. 18.—Eugene V. Debs has written, under the date of August 6th, a letter to George P. Garrison, of Chadron, Neb., setting forth his views on silver, and fusion between the Democrats and Populists. Debs says: "Without the support of the Populists, the Democratic party could not win. Sewall can well afford to step aside to effect a union, of the two great forces, and insure the election of the people's candidate. There is a vast difference between Bryan and the Democratic party. If the latter's only ambition is to follow the People's party, so as to place them in power, and to get possession of office, their design will and should be thwarted. I would far rather see McKinley elected than have another Democratic administration."

Bryan's Route.

UPPER RED HOOK, N. Y., Aug. 18.—When Mr. Bryan arose this morning he found a great many letters containing invitations from various cities to speak. He said: "This is the very reason that I don't want my route made known. I shall speak in as many places as possible and as often as the campaign committee desires me, but I cannot stop at every place." Bryan went to Spring Lake this afternoon on a fishing expedition.

In South Dakota.

MITCHELL, S. D., Aug. 18.—The Democratic state central committee met last night to determine whether the state convention should be held to put up a state ticket. Senators Pettigrew and Kyle assisted in the fusion deal. It was decided and unanimously endorsed that the Populist state ticket and the nominees of the Chicago convention, Bryan and Sewall. By fusion they expect to carry the entire state.

Vermont Democrats.

BELLOWS FALLS, Vt., Aug. 18.—Forty-five delegates were present when the gold standard Democrats of the state convention met today. Delegates to the Indianapolis convention were chosen.

Fusion in Idaho.

BOISE, Idaho, Aug. 18.—The state conventions of the Democratic and Populist parties meet here tomorrow. Delegates are now mostly on the ground. It is generally conceded that they will fuse on the electoral and state tickets. The governorship will probably go to the Democrats.

Silver Democrats.

DOVER, Del., Aug. 18.—The Demo-

cratic state convention, which will nominate a candidate for governor and one congressional candidate, will meet here today. The silver men appear to be in the majority, and the Chicago platform and the candidates will probably be endorsed. Peter J. Ford, of Wilmington, is the leading candidate for governor.

Stone Will Not Be Chairman.

KANSAS CITY, Aug. 18.—A special to the Journal from Washington quotes Governor W. J. Stone of Missouri, as stating that he will not be chairman of the Democratic national campaign committee for the very good reason that the chairmanship has not been offered to him. Governor Stone states, however, that he was offered a place on the national committee, though not as chairman, but that he could not accept the charge without resigning the governorship of Missouri, and this he did not care to do.

Dagoes Strike.

ROME, N. Y., Aug. 18.—Four hundred and ninety Italians, employed by Miller & Co., on Rome's sewer system, are out on a strike. The contractors announced Saturday that payday would occur but once a month hereafter, instead of once every two weeks. A gang of Italians, 100 in number, working outside the city refused to join them. The contractors promised to pay them as heretofore, and the strike was settled. One gang struck for \$1.50 per day. This the contractors refused to pay, and gave the Italians until morning to return to work.

Seizure of Three Friends.

WASHINGTON, Aug. 18.—Up to the hour of closing the department the treasury officials had not received sufficient information in regard to the seizure of the suspected filibuster Three Friends to warrant them in ordering her release. The future action of the officials hinges entirely upon the question whether or not the Three Friends carried arms. Her captain made oath that to his knowledge and belief there were no arms on board, but the officials are not satisfied with this statement.

The Adams Express Strike.

NEW YORK, Aug. 17.—There appears to be no immediate prospect of a settlement of the strike of the Adams Express Company employes. General Agent McWilliams says he has received more than 40 applications for each place vacated by the strikers. The strikers say delegates have been sent to Philadelphia, Pittsburgh and Baltimore to urge the men employed by the company in the cities mentioned to join the strikers. Some of the new men engaged by the company have quit work.

Rich Mines Sold.

DENVER, Aug. 18.—C. E. Hudson, of the firm of Hudson & Windsor, of Salt Lake, is in the city, and reports that he has closed the sale, to Colorado and Kansas City capitalists, of the Willow and Goat group of mines, in California, with a 40-stamp mill, for \$1,500,000.

Gail Hamilton Dead.

HAMILTON, Mass., Aug. 18.—Miss Mary Abigail Dodge, writer, biographer and controversialist, died here last evening. Miss Dodge sustained a stroke of paralysis while sitting at the breakfast table yesterday morning. She fell from her chair, was picked up unconscious, and remained in that condition until her death.
