Since leaving Salem Mr. Callison, judging from the appearance of his face, has apparently lost something very dear to him but he comforts himself with the assurance that it will soon return.

HON. GEO. E. CHAMBERLIN.

Will Speak at Salem September 5 at the Bryan Ratification

Hon. Geo. E. Chamberlin, ex-attorney general of Oregon writes as follows:

I beg to acknowledge the receipt of your favor of the 17th inst., extending to me an invitation to address the citizens of your county on the occasion of the Bryan ratification to be held in Salem on the 5th proximo.

I feel an abiding conviction that W. J. Bryan is the standard bearer in a cause which is, and of right ought to be near and dear to the hearts of the tolling masses of this country. Nothing short of the combined effort of all who love liberty better than party, can loosen the grasp, which aggregated capital has on the throats of a people that ought to be free.

With this conviction, and feeling that it is the duty of the humblest citizen to raise his voice in solemn warning against the dangers which threaten the republic, I cheerfully accept the courteous invitation of your committee.

Geo. E. Chamberlain.

By order of the county court Mr. and Mrs. James C. Long, of Woodburn, were permitted to adopt the seven weeks' old infant of Chas. A. Hurd, its mother having died July 2, the day after its birth.

A Great Attraction.

There is talk of the state board of agriculture arranging for a three-days' political discussion during the coming fall meeting. The desire is to secure the presence of the most noted speakers of the three parties and have them talk on the issues of the present campaign. Several other fair associations have provided for such attractions.

If the three party managers for the state can agree upon a plan of program, it is proposed to devote three days,—Thursday, Friday and Saturday, from 10 a. m. to 12 m.—to political debate, the discussion to be carried on under the auspices of the state committees of the several parties.

A BEAR HUNT.—The farm of Mrs. Waldon, living just east of Liberty, has been the scene of an interesting bear hunt lately. Dumas, Smith, Chambers, Henderson and others, watched for Mr. Bear for nearly a week, with no results, yet all were convinced that such an animal must exist thereabouts. One night the boys had some assistance in the watch for Bruin, and it resulted in more fun than bear. One of the boys fired his gun out in the timber and hid. The rest thought, of course, the animal was captured. A grand rush was made, the dogs let loose, and all help couldn't stop the rush, but now—the boys have given up the "bar."

SOME FISH.—Arthur Lawrence sent over, from Nestucca, a 28 pound salmon, which was equally divided between Messrs. Harritt & Lawrence, of the Post Office grocery.

SALEM CITY POLITICS.—The parties who are agitating city politics at present will not accomplish much. The silver question will cut no figure in city politics. Our city is fairly well governed but if anyone assumes that a man is going to be elected to any city office because he is a Republican or a Democrat he is much mistaken. He must in addition be competent and acceptable to the people.

WHEAT YIELD.—Uncle Jimmy Elgin says he has the best wheat yield in the Red hills—24 bushels per acre. Fall wheat ranges from 12 to 24 bushels per acre. Spring wheat ranges from 6 to 10 bushels to the acre. This is the report from the D. H. Looney threshing outfit. We shall be glad to get other reports.

THAT CROWD.—The silver crowd in front of Bush's bank, was loud today as usual. The gold standard side was taken by Geo. G. Will, of Salem, and Bent Patton, of Macleay, in able style. The crowd is peaceable and intelligent. In the meantime all Salem banks are sound.

THE GRAIN MARKET.—Farmers are bringing in stocks of grain, and the people are needing lots of feed. Brewster & White are supplying them at the lowest prices. 91 Court street.

WHEAT COMING IN.—Reports to the contrary notwithstanding, the Salem Flouring Mills are buying thousands of bushels daily. Blocks of teams are constantly waiting to unload.

SHOULD REPLY.—The union bimetallic crowd should select a speaker to Hon. T. T. Geer's speech at the armory. Mr. Geer is an able man but he should be answered.

OAK GROVE.—A poll has been made in the Oak Grove, Polk county, vicinity and the ratio of Bryan men is twelve to one for McKinley. They hope to make it 16 to 1 before election.

AT THE SEASHORE.—Governor Lord is still at the seashore with his family. At this time no judge, for Lincoln county has been appointed.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
