Maitre Labori Shot Monday Is Now Reported to Be Out of Danger.

Anti-Jewish Crusade Expected in Europe.

By Associated Press to the Journal. PARIS, Aug. 15.—The matin today makes the announcement that Labori, the lawyer for Dreyfus who was shot, after washout yesterday declared that, as the outcome of his injury appeared doubtful, he wished to make known the fact that M. Chanoine, who has charge of the secret documents in the Dreyfus case, has discovered a new forgery in the dossier.

PARIS, Aug. 15.—The anarchist organ, Le Journal Du Peuple, says that in relation to the outrage on Labori, the anarchists will hold generals Mercier and Drumont, Rochefort and Judet as hostages and personally responsible for anything done against the anarchists.

RENNES, Aug. 15.—Labori is doing so well the doctors consider him out of danger. A correspondent for the Associated Press obtained corroboration of the statement that the pockets of Labori's coat were rifled yesterday while he was lying on the ground wounded. Not only were the pockets of his coat emptied but an attempt was made to steal a wallet in which were important papers, including his notes for the cross examination of ex-Minister of War Mercier.

PARIS, Aug. 15.—Guerin, president of the Anti-Semitic League, who with sympathizers was barricaded in the offices of the League, is now regarded as out of law and in a state of rebellion. Three inmates attempted to leave the house this morning and were promptly arrested. They were all armed to the teeth.

Leading Jews of Europe are endeavoring to form an International Association for their defense against a crusade expected against the Jews after the Dreyfus trial is ended.

CO-OPERATIVE SCHEME. Brotherhood Company Organized by Jones of Toledo.

TOLEDO, O., Aug. 15.—The Brotherhood Company, incorporated at Columbus has been organized for the purpose of placing in operation the greatest co-operative scheme ever attempted in the country.

Among those who are mentioned in the list of the incorporators are Mayor Jones, of this city, and J. A. Johnson, a millionaire of state of Washington. The Brotherhood proposes to distribute stock over the country in small amounts, the investors being fully protected by co-operative life insurance. The plan includes a great amount of educational work, but in connection with the actual operation of the co-operative plan in the way of building cities and placing co-operative farming communities. In every place where the sentiment has developed the projectors propose building one of these colonies, and it will be extended as the finances admit.

ANTI-EXPANSIONISTS.

Senator Pettigrew Says We Should Apologize.

CHICAGO, Aug. 15.—"This government should recall every soldier in the Philippines immediately, apologize to the world for the error we have made, and then turn the islands over to a native government."

United States Senator R. E. Pettigrew, of South Dakota, who was in Chicago on his way east from his home in Sioux Falls, gave the foregoing as, in his opinion, the only honorable course for this country to pursue in the Orient. Senator Pettigrew said: "This civilizing war talk is all a sham. Any people can maintain as good a government as they have a right to have, and you can't give them a better one."

FED HORSE MEAT.

Tale of an Ex-Member of the Second Oregon. ASTORIA, Or., Aug. 15.—Charles Newman, of Company E, Second Oregon Volunteers, was in this city, and appeared to be particularly pleased that he could talk without being subject to military discipline for it. His tale of his experiences is more or less a hard-luck story, and no young man who listens to him will want to fight in the Philippines.

He says that the boys were treated like dogs, and it was not until they got into actual fighting that the officers paid any attention to their comfort. He says that they lived on canned salmon and hardtack for a year, and they got so tired of it that they lost all interest in the salmon industry. Some of the canned beef that was given them was horse meat.

This, he says, is a fact, as the officers of the regiment went to the trouble to trace it back and found that the meat came from the horse factory at Linton, and, after being shipped to Chicago and had Armour's label placed on it, it was reshipped to the Philippines. He says that it will be forwarded to the proper authorities at Washington.

A. R. convention at Philadelphia has completed its report. The committee exonerates Commissioner Evans from the charges preferred against him, and will report that the pension office is being honestly and conscientiously administered. The report will say that the commotion that exists is largely traceable to a popular misconception of some of the pension laws.

LAST RESORT.

Field Cornets Distributing Rifles in the Transvaal. By Associated Press to the Journal. PRETORIA, Aug. 15.—The executive council concluded its session at 12:30 p. m., when orders were issued to the field cornets to give out Mauser rifles in exchange for Martini-Henry rifles. A great crowd gathered to receive the arms.

LONDON, Aug. 15.—Major General, Sir William Francis Butler, who it was announced yesterday would be relieved as commander of the British troops in South Africa as a result of his alleged Boer sympathies, has been recalled. Sir Frederick Walker has been appointed to replace him. Walker is regarded as one of the ablest generals in the army. His appointment is taken to indicate that the situation is more grave.

CAPETOWN, Aug. 15.—No reply has been received here up to the present from the Transvaal government, on the latest British proposals on the settlement of questions in dispute and a dispatch from Pretoria says the reply when sent will be disappointing. It is feared the result will be the breaking off of all negotiations. Great anxiety prevails at the Capital of the Transvaal.

PARIS, Aug. 15.—At the annual banquet today of the Bonapartists, a telegram from Prince Victor Napoleon was read, saying he relied on the various committees to act energetically under the present grave circumstances. The reading was greeted with shouts of "Vive l'Empereur!"

JOHANNESBURG, Aug. 15.—The Transvaal government is purchasing all the mules possible, paying as high as \$100 for each animal.

JOHANNESBURG, Aug. 15.—The Standard and Diggers' News says: "The Boers are convinced that there is nothing for it now but the arbitration of arms." All sorts of warlike rumors are in circulation. It is alleged that the field cornets have received orders to supply all unarmed burghers with rifles gratuitously, and to substitute Mausers for Martini-Henrys wherever the latter are still in use.

CAPETOWN, Aug. 15.—The reported shipment of £400,000 from London banks is believed to be due to the enormous purchases by the Transvaal government of ammunition, provisions and forage supplies exceeding those of many European nations. The field cornets are distributing arms to the burghers.

CAPETOWN, Aug. 15.—A dispatch from Pietermaritzburg, the capital of Natal, says that at a farmers' meeting, called there to consider defense of the colony, it was resolved to be the duty of every able-bodied colonist to rise and shoot in defense of the colony against invasion, and it was announced that volunteers would be sent to the frontier in event of war, and the Rifle Association would be left to defend their own districts.

PRETORIA, Aug. 15.—Despite General Joubert's denial, it is rumored that the government made large purchases of mules last Saturday. Monday a crowd besieged the office of the field cornets, demanding rifles on account of the war scare.

CAPETOWN, Aug. 15.—Dispatches from Durban, in Natal, announce that an armor-plated train, fitted with loopholes, has been sent to the Natal-Transvaal border, and that artillery of the Orange Free State is going to occupy Van Dieman's pass.

No Political Appointments Responsibility Will Be Placed On the Governors

Otis Will Have No Excuse For Prolonging War.

By Associated Press to the Journal.

NEW YORK, Aug. 15.—A special to the Herald from Washington says: Orders are expected within a few days directing the organization of five new volunteer regiments for the Philippines. Secretary of the War Elihu Root is extremely anxious to get good officers, and as he cannot examine each individual's record, he has decided to place the responsibility on the governors of the states.

Political influence will not figure in the distribution of commissions in the new regiments.

"We have before had so much trouble over the civilian appointments" said Secretary Root, "that we propose to make the new appointments without the aid of political or personal influence."

Root is determined the fall campaign shall end the insurrection and that Otis may have no excuse for failure to bring it to a close, he proposes giving him as large an army as necessary.

Major Willis Named.

[Gov. Geier was shown the above dispatch from Secretary Root this afternoon and said he heartily endorsed the sentiments expressed. He recommended Major Percy Willis of Salem as one of the two men to be honored with regimental offices from Oregon. Major Willis is of a Democratic family and his father was a colonel in the rebel army.]
