FREEDOM

Is in Sight for Cubans.

Will Soon Be Given Independence.

Military Government Will Be Withdrawn.

By Associated Press to the Journal.

WASHINGTON, Aug. 30.—It is expected that the president's proclamation relating to taking the census in Cuba will be made public at Havana soon.

Reported Dead.

HAMILTON, O., Aug. 30.—E. O. Maya and Z. Tang, Japanese tea merchants, of this city, have received a copy of the Chu Ziso Shinko, a newspaper printed in Nigosa, Japan, July 22, which contains a dispatch from Manila that has not yet become public in America.

In the latter part of June, near San Fernando, Aguinaldo was killed by General Pio del Pilar. Pilar visited him to inquire about the death of General Luna, and Aguinaldo answered that he did not know anything about this case, and told Pilar to mind his own business.

GOLD WATCH LOST.

It Lies at the Bottom of the Willamette Under the Bridge.

Last evening while Miss Bertha Richardson was returning from Portland on the steamer and just as the boat was coming through under the bridge at Salem she went to brush the dust from her dress skirt, when her hand became tangled in her watch chain and the watch, a fine gold watch belonging to her mother, was thrown from her pocket and flew into the Willamette river.

A R. R. Deal.

New York, Aug. 30.—The directors of the Union Pacific will recommend to shareholders an increase in the preferred and common stock to be used for the conversion of the Oregon Short Line 4 per cent "B" bonds, and Oregon Railway & Navigation, preferred and common stock.

Five per cent of the Oregon Short Line "A" bonds are to be taken up with Union Pacific first mortgage bonds. This will complete the exclusive ownership by the Union Pacific of the entire line from Omaha and Kansas City to Portland, Oregon.

DOG LICENSE.

Fee Will Be Doubled After Tomorrow—Not Many Payments.

There does not seem to be much of a rush to pay the dog license, only \$6 having been taken out at noon today. Tomorrow will be the last day on which \$1.50 will secure one of these licenses.

After midnight Thursday night it will take \$3 to liquidate this tax, according to the provisions of the ordinance, which will be strictly enforced.

There has been some inquiry as to whether the ordinance would apply to dogs belonging to parties living outside the city limits.

It may be stated on authority of Marshal Gilson that the ordinance is not aimed at non-resident dogs who may casually venture into the city, but at dogs who belong here.

However, it will be difficult for the dog-catcher to tell in every case, by the appearance of a dog whether he is a city or country dog, and strange canines are likely to be taken up, no matter where they hail from.

Once landed in the pound the marshal's fees must be paid, \$8 for taking up and \$2 a day for feeding. The only difference will be that the city dog will also have to pay a license fee of \$3, which will authorize him to roam the streets unmolested for one year, while the country dog will not be obliged to take a license, nor will he be exempt from arrest thereafter.

A Serious Conflagration.

LOS ANGELES, Aug. 30.—It is reported here that the city of Yuma, Ariz., has been nearly consumed by fire.

YOKAHAMA HOLOCAUST

Five or Six Million Dollars Worth of Property Burned.

The Greatest Fire in the History of the Oriental Capital.

YOKOHAMA, Aug. 18.—via Victoria, Aug. 30.—Yokohama saw on the night of August 12 the greatest fire in her history. A densely populated square mile burnt with a loss of 16 lives and from 5 to 6 millions property.

Some of the homeless people strongly imbued with western notions of lynch law, formed a mob and proceeded to attack the owner of the house in which the fire originated. The man has died of his wounds.

There is much speculation over the supposed new relations between Japan and China and Russia. The most probable outcome it is thought will be excess of cordiality between the first two nations, similar to that which now exists between Anglo-Saxon people.

LEGAL COUNSEL.

Governor Lord Employed by the City.

At noon today, pursuant to the orders of the mayor and the special committee of the city council on the post office site, Ex-Governor Wm. P. Lord was employed by the city as legal counsel in the matter of the title to Wilson Avenue and its transfer to the United States government. All the preliminary steps necessary in the matter of preparing an abstract, etc., have been taken and nothing will be left undone by the city officials to make and pass a legal title.

The employment of Ex-Governor Lord as legal counsel insures that all steps taken will be in strict conformity to law, and the opinion and influence of that eminent jurist will have a weight in Washington which may be of material benefit to this city in the pending transaction.

Everything so far done has been done right, and the city officials wish to avoid any danger of a mistake being made. It is now generally conceded that no complications are likely to arise to cause a hitch in the proceedings.

Aguinaldo Quite Aggressive.

Has Ordered Insurgents to Take Inus.

Americans are Entrenched—Other Foreign News Items.

By Associated Press to the Journal.

MANILA, Aug. 30.—It is reported Aguinaldo has ordered a rebel general in the province of Cavite to close in on and attempt to take town Inus and troops are concentrating around the town from the Lake country. The rebels, it is said, have about 700 men on the Dasmarinas road and an equal force in the town of Anabo. The Americans are entrenched in the town and have no fear of the result of the attack by rebels.

Recruiting.

NEW YORK, Aug. 30.—A dispatch to the Herald from Lima, Peru, says: "There is active recruiting everywhere and the government continues to send troops to the Interior. Business is at a standstill and the mines shutting down."

TRIAL AT RENNES.

The French Mills of Justice slowly Grinding.

RENNES, Aug. 30.—Paul Meyer, member of the institute and director of the school of ancient manuscript was the first witness called. He deposed in favor of Dreyfus.

After Mollinere and Giry and Picot, members of the institute had testified in favor of Dreyfus, general Deloye testified against the prisoner on artillery references in the last review. The evidence of Meyer, Mollinere and Giry, who are hand writing experts of the first rank, was a strong point for Dreyfus. They were most emphatic in declaring that the borehole was written by Esterhazy and created a better impression than Bertillon. General Mercier asked to be allowed to reply to Mollinere and then confirming the professors statement that Esterhazy had changed his writing since 1894, puzzling the audience.

Many persons think that Mercier, fearing that Saturday's exposure will discredit him, has conceived the idea of giving way on certain points, which are almost incontestable and thus to some extent restate himself by an affectation of impartiality.

Major Carriere made application to have the court sit behind closed doors tomorrow, as he desired to submit certain documents prepared by the Gun-nery bureau, containing information which it is not desirable to discuss in public. The court granted the application.

and Colonel Schneider to convince the people, Colonel Schwartzkoppen's intervention in behalf of one innocently sentenced would be futile, especially since Germany has already done more than could be expected, by Count von Buelow's solemn declarations, which were given as representing the empire and the emperor, and Colonel Schwartzkoppen's word of honor in his declarations in November, 1897, that he never had any relations with Dreyfus.

The Tageblatt says the government might name the real spy. A Parallel Case. PARIS, Aug. 30.—A case somewhat similar to that of Captain Dreyfus, not being tried by court-martial at Rennes for treason, is reported at Nancy. The police claim to have found at the residence there of a French artillery subaltern a commission in the German army and valuable French army maps. The suspected man belongs to an old Alsation family, other members of which are suspected of complicity in the affair.

A Senate.

PARIS, Aug. 30.—According to the Matin, Colonel Paty de Clam made sensational revelations. CONQUERING BOYS HOME Pandemonium Reigns in Omaha on Volunteers Return. Populist State Officials Honor the Returning Soldiers.

By Associated Press to the Journal.

OMAHA, Aug. 30.—Pandemonium broke loose in Omaha this morning when three trains bearing first Nebraska regiment arrived. The crowd assembled at the depot was immense. The reception of the regiment has been most enthusiastic ever since it crossed the state line, but the one at Omaha was the climax. The parade was formed and arriving at the city hall, the regiment was formally greeted by Mayor Moores, Governor Poynter and other city and state officials.

The Bear Hop Kanc.

E. Caselman, superintendent of Horst Bros' 125 acre hop ranch, on the Bear place, on Kaiser bottom, was in the city today. He reports not a louse on the place, and the finest crop that can be produced. He says that picking will begin next Wednesday, and that from 150 to 200 pickers will be needed. He denies the rumor that they will employ Japs and Indians to pick the hops. They will pay 40 cents per box.

Ohio Convention.

ZENEVILLE, O., Aug. 30.—Memorial Hall was packed when Hon. W. S. Thomas chairman of the Democratic state committee called the state convention to order. The opening prayer was by Rev. Kearney Catholic. He prayed for deliverance of the Filipinos from "brute force" now being inflicted upon them. The prayer was so radical that it brought forth rounds of vociferous applause. Judge Mooney, temporary chairman, received a great ovation.

After the adoption of rules the report of the committee on credentials was presented. The majority report was adopted with the exception of Highland county from which it was recommended that anti-McLean delegates be seated. The minority report related to Chuyahoga county and recommended the seating of the Wilson delegation. A motion to substitute the minority for the majority report resulted was 341, yeas 389. All of the field votes against the affirmative. The 56 contested votes of Chuyahoga county could not be cast on this ballot.

The platform adopted reaffirms the entire Chicago platform and especially emphasizing the financial plank therein; renomination of Bryan demanded and unalterable opposition to imperialism in the United States is declared.

ZANEVILLE, Aug. 30.—John B. McLean was nominated for governor by the Democratic convention on first ballot.

Mr. and Mrs. J. S. Schultz, left today for their home at Seattle, after visiting relatives in this city.
