**Explosion at Woonburn.**  
With terrific noise the copper gas tank at the Woonburn Soda Works exploded last Friday evening. At the time Lawrence Mosherberger and Ernest Arnes were in the room and had a miraculous escape from being killed. As it was, pieces struck and badly cut Lawrence on the left leg and made a hole on the inside of the right leg. Ernest escaped with a bruised leg. Drs. McCorkle and Shorey attended the wounded men, taking several stitches in Lawrence's right leg. The latter was in bed for two days. The explosion caused the breaking of a lamp in E. F. Adams' bath room, next door, and a lot of dishes in Waterbury's, adjoining on the north. Sam Baecher, the proprietor of the soda works, estimates his loss to be \$600.—Independent.

**The Modern Mother**  
Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it, and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co.

**Salt Lake City—An Important Factor in Transcontinental Travel.**

No one crossing the continent can afford to omit Salt Lake City from his route. The attractions of the place, including the Mormon Temple, Tabernacle and Church institutions, the Great Salt Lake—dealer and denser than the Dead Sea in the Holy Land—the picturesque environment and the Warm Springs and Hot Springs, are greater to the square yard than any locality on the American continent.

The Rio Grande Western Railway, connecting on the East with the Denver & Rio Grande and Colorado Midland Railways and on the West with the Southern Pacific (Central Route) and Oregon Short Line, is the only transcontinental line passing directly through Salt Lake City.

It is the only transcontinental line passing through Salt Lake City via the Rio Grande Western Railway in the winter months. On account of the equable climate of Utah and Colorado it is just as popular in winter as in summer. Send 2c to J. D. Mansfield, 253 Washington St., Portland; or Geo. W. Heinz, Acting General Passenger Agent, Salt Lake City, for a copy of "Salt Lake City—the City of the Salts."

# SPLENDID ATTRACTIONS

Booked to Appear at the Reed Within the Next few Days

"Hottest Coon in Dixie" Tonight. Managers Patton present to their patrons this evening a high class novelty in colored amusements in the way of the greatest rag time sensation and travesty comedy "Hottest Coon in Dixie."

There will be splendid specialties, both in Dutch and Negro characters Funny Monologues, Jokes that are of the funniest kind. By the demand for seats, it looks as though all concert lovers will turn out en masse New Years night to greet the California Boys.

Managers Patton are more than elated over their success in procuring the funniest performers ever seen here "A Hot Old Time" and recommend it very highly to all their patrons.

This popular play is an organization of comedy, novelty and beauty rarely seen on the boards of the popular price theatre, as the talent employed, the costumes devised and the scenic environment required makes it an expensive aggregation. The singers, dancers and comedians, and in fact every member of the company is an artist. Wherever this attraction has been offered it has been considered to be the strongest and clearest farce-comedy extravaganza extant and has invariably received an ovation.

The musical portion of the program is under the direction of the well known conductor, Mr. Frank Hodges.

Just one week from tonight Salem will have the pleasure of witnessing another splendid attraction, as Patton Bros have made arrangements with C. M. Brane to present Mr. Frederick Warde and his capable company to a Salem audience.

The Salem managers have ignored a number of years to get Mr. Warde to play a date at the "Reed" and after a great deal of expense have finally been successful. The piece has not been fully decided upon but probably the bill will be the elaborate production of "In the Lion's Mouth."

It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHEWY & Co., Props., Toledo, O. The mill buildings on the Little Giant, May Queen and Magnolia mines, Grant county, are completed, and it is expected the machinery will be installed soon after January 1.

**The Ordinary Sleeper—A New Feature in Western Travel.**

The Pullman Company now operates two grades of sleeping cars on the Rio Grande Western Railway. The ordinary sleepers are entirely new, and the berths, both upper and lower, are fitted up complete with mattresses, blankets, sheets, pillows, curtains, etc., with stove arranged for making tea, coffee, etc., requiring nothing to be furnished by passengers. Uniformed Pullman porters are in charge of the cars, who are required to keep them in good order and attend to the wants and comforts of passengers. The cars are very handsome and commodious, and while not so elegant as the Pullman Palace and Tourist sleepers, both first and second-class passengers are permitted to occupy these cars on payment of the Pullman berth rates, which are only about half of the rates charged in the regular palace sleeping cars.

The ordinary sleepers are carried daily on trains via Rio Grande Western Railway between Denver and San Francisco and Portland. On five days in each week the sleepers are run through between Los Angeles and San Francisco, or Portland and Denver, Omaha, Chicago and Boston.

For additional details write for copy of folder to J. D. Mansfield, 253 Washington St., Portland, or Geo. W. Heinz, Acting General Passenger Agent, Salt Lake City.
