MORGANATIC DAUGHTER OF QUEEN VICTORIA

Dies in New York and is Buried in a Pauper's Grave.

SHE GOT REGULAR REMITTANCES FROM OLD JOHN BROWN HIMSELF

The Details of Earl Russell's Bigamy Case on Trial Before the House of Lords—Legal Points Raised by the Laws of Two Countries.

New York, July 6.—A woman, who with almost her last breath held to the story that she was the eldest daughter of Queen Victoria and Prince Consort is dead in this city, having expired in the German Hospital, a victim of the heat and of insufficient nutriment. Through the charity of a doctor who believed her story implicitly and who learned of her demise, her body will not be buried in Potter's Field, but it will be buried this afternoon in Calvary Cemetery.

The woman who was known as Sophia Adelaide, and Mrs. Kent, always asserted that as an infant she was taken from her royal mother and in her place was substituted the daughter of Prince Albert by his morganatic wife, the Countess de Reuss. Up to the time, it was said, of her coming to America, which was shortly after the death of John Brown, the Queen's Highland attendant, Sophia Adelaide received remittances in Paris or wherever she might be, through the Rev. W. Douie, of Coles Hill England. When these remittances stopped and she inquired into the cause, she found Mr. Douie was dead and henceforth her remittances were paid to her by John Brown himself, it is said.

At his death they ceased altogether. She made several ineffectual attempts to obtain a settlement and when those failed she came to this country and brought out a book, which, it is said, had been suppressed in England and Germany. It contained her contentions.

New York, July 6.—The London correspondent of the Tribune writing of the Russell case, says: The case of Earl Russell, involving the trial of a Peer by the House of Lords after the suspension of functions of this kind for 60 years may offer an object lesson in the form of a majority verdict which will tend to dignify the traditional dignities of 12 ordinary men in the box. New precedents may be created by a fresh committee empowered to examine the journals of the House of Lords.

The essential facts will be that a radical peer will be exposed to a majority verdict from a House representing the old Toryism of the privileged classes and that any member answering the roll call of the Lord High Steward will be both an unworn juror and a witness of fact and a judge regarding complex questions of divorce law in England and in America. The results of so remarkable an experiment in criminal procedure cannot be safely forecasted. An abandonment or at least a reconstruction of the antiquated procedure of trial by privileged jury would seem more likely than the substitution of a majority for an unanimous verdict in ordinary criminal practice.

He Has Saved My Life

State of Oregon } ss Helen, Ore, May 1, 1900 County of Marion }
To whom these presents shall come Greeting,
This is to certify that I have been afflicted with Chronic Typhoid for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook of Salem, Oregon, has restored me to health by his treatment, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turley, Oregon.
SAB CAROLINE MOTTOLLE,
Subscribed and sworn to before me this first day of May, 1901.
W. W. HALL,
County Clerk.

Do Not Listen to "Cappers"

Who are hired to deceive me and my methods of treatment. It could not cure people there would be no use to spit me. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful.
Send for Circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose cases have been pronounced hopeless by the "old school" physicians.
The doctor has devoted the best years of his life to the study of Hygiene, and the use and action of Nature's vegetable remedies, and he knows absolutely just what he can do. This gives him confidence.

Dr. J. F. Cook Botanical Physician
Cures all kinds of diseases.
Office, 301 Liberty St. Salem, Or.

The Nevada judge who granted the divorce decree to Earl Russell has indeed been instrumental in raising a series of questions of exceptional interest. This is the first issue of the validity of the divorce under the laws of Nevada and the decisions of the United States Supreme Court. There is the fundamental question of the power of any foreign tribunal to release an Englishman from the obligations of marriage contracted in his own country and to enable him to return to England with another wife. There is the issue of privilege, with the anomalous procedure of trial by the House of Lords when there is a charge of felony against a peer and this is the traditional inheritance of social conditions which have been transformed by the normal development of political institutions. The Nevada judge has opened a Pandora's box for the confusion of the privileged order and for the bewilderingment of hair splitting lawyers. The best consolation which the stern moralist can find is the hope that the Russell case may lead to the enactment of uniform divorce laws in the states of American union and may open the way for a closer approach between England and America in legislation for the defence of the sanctity of marriage.

AMERICAN FIGHTS A DUEL

New York, July 6.—According to a Paris dispatch to the Journal and Advertiser, Albert Hopkins, a son of the President of the Woman's College in Baltimore has come out victorious in a duel with a Frenchman, Henry D'Estournet, a man about town. The Frenchman found fault with young Hopkins for wearing an American flag, Hopkins who is an athlete and used to be pitcher at St. John's College, Baltimore, stamped the Frenchman's face, the dispatch says. This led to a meeting with swords in the Bois de Boulogne in the dawn. Hopkins was slightly scratched on the cheek while his adversary had his sword arm quite disabled.

PRINCESS HATZFELDT CONTEST

SAN FRANCISCO, July 6.—The Chronicle says: From sources thoroughly well-informed and entitled to credence comes the statement that Princess Hatzfeldt has already begun legal proceedings which, though not technically a will contest, amount in reality to an attempt to set aside in part at least, the last testament of her foster father, Col. Huntington.

In spite of the statement of Prince Hatzfeldt, made at Sacramento in the presence of the attorney for the Hatzfeldts just before their departure for the East, that there would positively be no contest of the will, it is declared to be a fact that legal steps have already been taken in New York with such a contest in view. Suit was begun in that city some months ago by Princess Hatzfeldt. It is declared, for a daughter's share of the estate, based upon an alleged contract entered into by G. P. Huntington at the time he took the Princess, then Clara Freeston, from her mother, the sister of the first Mrs. Huntington, to support and raise. Just how the Hatzfeldts have kept this proceeding from becoming public is not explained. The action brought is not under an alleged adoption, nor is it technically a contest of the will, but is a suit to enforce a contract.

Chicago cooler temperature.

There's Great Danger

In allowing your eyes to pass yearly without having them examined, it costs you nothing to call and have them examined by a man who has made the eye a special study and is a graduate from one of the best optical colleges in the United States. If glasses are needed we can supply them at a reasonable price. We have all kinds of spectacles and eyeglasses and match broken lenses. Remember we guarantee our glasses one year.

RICHARD KOEHLER RETIRES

Harriman Control of the S. P. Co. Has a New Man

For Manager of the Oregon Lines—New Eastern Men Put in Charge.

Special to the Journal
PORTLAND, Or., July 6.—Following the announcement that Richard Koehler is to be retired as manager for the Oregon lines of the Southern Pacific Company comes the well-defined rumor that A. L. Mohler, president of the O. R. & N., will be his successor; or, rather, that Mr. Mohler will become the head of all the Harriman railroad properties in Oregon, with Portland as headquarters. It is presumed that the controlling offices of the O. R. & N. and Southern Pacific Companies will be combined, and all departments joined, with single head chosen for each from the officers now in charge of the business of both Companies.

President Mohler, A. L. Craig, general passenger agent of the O. R. & N., and several other officers connected with the Harriman properties in Portland, will leave next week for Salt Lake where they will meet President Hays of the Southern Pacific Company. A railroad man who is on the inside declares that at this conference the details of the unification of the properties in Oregon will be formed. That something momentous will come of the meeting is not doubted, as it is a well known fact that important changes in the management of the system have been pending for some time. The matter was discussed when President Hays and President Mohler, with other Harriman officials made a tour of the Oregon lines about a month ago.

The Southern Pacific has been intending for several months to change managers. His connection with the company during many years has been inspired by a contract, which guaranteed him a large salary, and which has only recently expired. The opportunity to break with Koehler has come with the transfer and harmonizing of interests, and is expected to now take place.

The contract for the Portland woolen mill has been let, and construction will be begun within a month. The mill is to be erected at Sellwood, an East Side suburb. Excavation for the wren pit and tail race is about half completed, and as soon as that is finished, construction of a dam and waterway from Johnson creek will be taken up. That project includes the building of a dam near the headwaters of Johnson creek, which is to furnish motive power for the mill. The mill is to be modern and perfect in every particular. The latest machinery will be installed. The building will cover 200x180 feet of ground.

The Third regiment of the Oregon National Guard started off Friday morning bright and early, headed by its band, and with waving flags and standards, on its practice march. The regiment took steamers Altona and Latona for Oregon City, whence the march started without delay for the wilds of Clackamas county and the Sandy river. Company A, of Oregon City, fell in with the Portland boys at that place. The freight train consists of ten wagons and 40 horses. The men are fully equipped as if bent on a march to meet an enemy. Privates carry guns, tents and blankets. Commissioned officers are each allowed 40 pounds of baggage, and this is shipped on the pack train. Members of Company B, who nearly to a man saw service in the Philippines, were fairly in it, and it was evident from their action that they had felt right at home when the march started and the buglers began to play. The regiment will be absent about a week.

FARMER AND WIFE KILLED

RIVERSIDE, Calif., July 6.—Particulars of a tragedy enacted at a ranch five miles from Elsinore have just been learned. On a ranch occupied by Peter Tidman and wife, both were found dead and the ranch had been devastated by fire. The body of Mrs. Tidman was found in a ditch, 100 yards from the burned residence. The skull was crushed and the throat cut. Tidman's body was found in a little canyon back of the house. After two unsuccessful attempts to cut his throat he had laid himself down on the ground, placed his face in a water box and was drowned. The man had killed his wife and then committed suicide.

There will be no elections for county officers or district judges in Kansas this fall. Supreme court this morning sustained biennial election law passed by last legislature.
Susan Weisgerber, 16-year old daughter of C. W. Weisgerber, a wealthy brewer of Lewiston, Idaho, was drowned in Clearwater this morning.
Wilbur, Wash., destroyed by fire. Losses \$35,000.

TARIFF CONCESSIONS ON CUBAN PRODUCTS

Will Be the Most Serious Question to Come Before Congress.

WILL HAVE TO BE HANDLED BROADLY IN AMERICAN INTERESTS

Salmon Cannery Combine Has Been Completed Including Puget Sound and Alaska Plants and Several Steamship Lines.

New York, July 6.—Representative John Dalsell, of Pennsylvania, a member of the ways and means committee is quoted in a Washington dispatch to the Tribune as saying:

"Tariff concessions to Cuban products will be the next serious question with which Congress will have to deal. It will be a very important question and will have to be dealt with broadly. The difficulties in the war are readily apparent. The Cubans will ask a market for their sugar. If we can, as Secretary Wilson of the Department of Agriculture asserts, produce in this country from beets raised by our farmers, all the sugar we consume, there is a problem right away. The beet sugar industry is extensive and growing. The farmers engaged in raising the beets and the men who turn the raw material into a finished product by the investment of capital in manufacturing plants will insist upon protection.

"Then there are our own citizens who will want less restricted commercial relations with Cuba. It is not to be expected that the Cubans will admit our dairy products, our flour and meat, our machinery, agricultural implements, boots and shoes and other things into their country on less favorable tariff terms that we give them for their staple products. As I said it is a broad question and will have to be handled skillfully."

New York, July 6.—The first official announcement in connection with the organization of the Pacific Packing & Navigation Company otherwise known as the salmon cannery consolidation, has just been made at the office of the organizers. It was authoritatively stated the papers in the deal had been signed and that the new company will be incorporated under New Jersey laws, probably on Monday or Tuesday of next week. Incorporation papers are now being prepared. The new company will have an authorized capitalization of \$25,000, half preferred and half common stock with an authorized bond issue of \$7,500,000. The issued capital of the new company is to be as follows for the present: Six per cent debentures \$3,000,000; preferred stock seven per cent cumulative \$6,500,000; common stock \$6,500,000; total \$16,000,000. Among the most important companies entering the new consolidation are the following:

Pacific American Fisheries Company, Pacific Steam Whaling Company, Arctic Oil Works, Fairhaven Canning Company, Ainsworth and Dunn, Seattle-Quadra Packing Company, Alaska Ice Strait Packing Company, Alaska; Boston Packing & Fishing Company, Alaska; Chatham Strait Packing Company, Alaska; Chilkoot Packing Company, Alaska; Western Fisheries Company, Alaska; Alaska Fisheries Packing Company, Alaska.

These are the largest concerns. Others in Alaska and on Puget Sound are to be taken over, the total number of the companies being given at about 50. The total yearly pack of the companies which it is now expected to take over is placed at about 1,500,000 cases, and it is said that the capacity of these plants could be increased by about 1,000,000 cases without difficulty.

The steamship interests in the new company will be a very important item. The Pacific Steam Whaling Company has a large fleet, including four ocean going steamships. The Pacific American Fisheries Company has nine ocean going tugs with other craft.

It is understood that negotiations are also pending with the Alaska Steamship Company and it is possible that that company will be absorbed. The Alaska Steamship Company operates a service between Seattle, British Columbia and Alaska. The principal competitor to the foregoing companies is the Washington and Alaska Steamship Company, which operates four steamships. It is reported that J. P. Morgan & Company have just closed the purchase of this line of steamships.

LORD HAS NO REPORT

New York, July 6.—The Washington correspondent of the Herald points out that Minister Lord, accredited to Argentina has not called any information to the State Department showing that a serious condition of affairs has arisen there nor do his mail dispatches in-

GREATEST RACING HORSES

Chicago, July 6.—Robert Waddell will race at Washington Park this afternoon and will face the most worthy foes he has yet met. If he wins the Great Western handicap against the field, he must meet today, he will be without question king of the three year olds. He must carry 122 pounds today, yet there are many who think he can do it and win, although the bulk of the wise men think Robert Waddell is about to lose some leaves from his laurel wreath. The Great Western handicap will bring to the post the grandest field that has yet raced at Washington Park this meeting. In it are three American derby winners—Pink Coat, Sidley Lucas and Robert Waddell. Martmas, a Futurity winner, will also start. California is well represented by Vesuvius, Rolling Boer and Brutal. Advance Guard who has won races on every prominent track in America will face the flag again and besides all these are Star Chamber, Terminus, Six Shooter, Our Nellie and Bobul.

A special to the Tribune from Paris, Ill., says: Caly & Woodford's great h rae Hindoo died yesterday. He was one of the greatest sires on record. Among his get were Hanover, Gallo McClelland, Dunganren and Jim Gors.

New York, July 4.—Commando will not race again until he is found. The recent injury to his hoof—a stone bruise—was much more serious than it showed on the surface. The last of the great handicaps for horses three years old and upward, the Brighton at one mile and a quarter, will be run today at the opening of the Brighton Beach racing associated summer meeting. As has been the case for each of the other important handicaps, beginning with the Metropolitan at Morrison Park in May, the Brighton in all probability will be run on a heavy track.

An unsuccessful attempt was made this morning to rob the State bank at St. Paul, Okla. Nitro glycerine explosives almost totally destroyed the safe, but failed to get to the money in the vault.
