THE NEW WOMAN.

Mrs. Emma Mitchell, 520 Louisiana street, Indianapolis, Ind., writes: "For the past five years I have rarely been without pain, but Peruna has changed all this, and in a very short time, I think I had taken only two bottles before I began to recuperate very quickly, and seven bottles made me well. I do not have headache or backache any more, and have some interest in life."

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, Ohio, and directions for one month's treatment will be promptly forwarded.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A Jury is Secured

Cynthiana, Ky., July 29.—At the second day's trial of Jett and White, charged with the murder of J. B. Marcum, court opened at 8:30 a. m. The 100 men whose names were drawn Monday, and who were summoned to attend as jurors, responded Tuesday, and the completion of the jury proceeded. Captain B. J. Ewen, chief witness for the prosecution, is here, under protection of the troops. His arrest is known to be the result of a complete understanding between the civil and military authorities. Ewen is held in camp as a prisoner, in which capacity he can be protected to the full extent of military power. Ewen feels more secure now than for months.

The motion of the defendants for a continuance to the September term was renewed, but was overruled, and the selection of the jury began. At 4:30 p. m. last night a jury was accepted by both sides. All are farmers, except one, who is a bookkeeper. The defense filed a demurrer to the indictment, but it was overruled. The defendant then waived formal arraignment and pleaded not guilty.

Cynthia, Ky., July 29.—Ewen was the first witness in the Jett-White case today. He gave the same testimony as in the former trial. The court excluded all witnesses from the room, except Hargis, who was granted special permission to remain.

Manila's Bad Custom House

The four-masted American schooner Mabel Gale, 61 days from Manila, arrived in port yesterday to load lumber. Her master, Captain Helquist, says that he went to Manila from Everett, Wash., with a cargo of lumber, and when he arrived there was treated the same as a foreign vessel entering a foreign port, and when he went to the custom house to clear for Astoria he was compelled to clear as a foreign vessel. He objected on the ground that his vessel flew the same flag as was over the custom house there, but he was compelled to do it, anyhow. While there he wanted to present a chair, which he had on board his vessel, to a friend, and he was compelled to pay \$1 duty on it after it had passed through seven departments of the custom house. In most emphatic language Captain Helquist describes the Manila custom house as "rotten," and says that it is recognized by shipping men of all nationalities as the "worst in the world"—Astoria Budget.

R., of Oregon City, and 10 of the leading members of the Post are in attendance. A number of Salem people, who know the deceased in life are here. W. T. Rigdon, of Salem, is the undertaker in charge. Iron Pyrites Cause Explosion

New York, July 29.—The tramp steamer Rastry had an explosion of sulphuric acid gas, caused by iron pyrites in her hold this morning. Her decks are badly twisted. Twenty men aboard jumped into the water and swam to the docks. The fire tugs prevented the spread of the flames to the other vessels.

Secured Keene's Stock

New York, July 29.—There is a belief that the Union Pacific interests have secured the Southern Pacific stock formerly held by Keene, which caused the rise of five-eighths. This morning the market is strong.

London Has Failures

London, July 29.—The failures of Graves & Co., old established and heavy brokers, and Andrew Kirby, a jobber, is announced on the stock exchange today.

Counterfeit Money Found. Seattle, Wash., July 29.—A treasury official of Washington has notified Secret Service Agent Bell that a large gang of counterfeiters are working in this country. Bell today searched for them and unearthed 95 pieces of counterfeit five and ones in a stump on Queen Ann hill.

New Officers For The Third

Adjutant-General C. U. Gantenbein was Saturday elected colonel of the new Third Infantry regiment, receiving 20 of the 34 votes cast. George O. Yoran, of Eugene, who will be the major commanding the new separate battalion, received two votes for colonel, and two ballots were marked for ex-Brigadier-General George T. Willett, of Portland. J. M. Poorman, of Woodburn, was unanimously elected lieutenant-colonel. Adjutant-General Gantenbein will accept the election as colonel, but he has not as yet set a definite date for assuming control. Ten days is allowed him in which to act upon the offer of the office. The election of General Gantenbein as commander of the Third Infantry will hasten the change to be made in the adjutant-general's office. It has been understood that his successor would not be named until November, but he will be compelled to resign in order to accept the post of colonel of the new regiment, and an appointment will probably be made this week.

Other Officers Elected. The election of officers proved no surprise, for members of the regiment thought there were more scattering votes than had been anticipated. Lieutenant-Colonel J. M. Poorman and Major J. O. Yoran were the only unanimous choices. The former received the 2 votes cast by the regimental officers, and Major Yoran received the 10 votes cast for major of separate battalions.

Gathering it on the Convicts

(Continued from page one.) Folsom, Cal., July 29.—The report in regard to the exchange of shots at Greenwood, published in the morning papers, between the escaped convicts and their pursuers proves to be a mistake. Communication has been established and this is found to be incorrect. Between 12:30 and 1 o'clock this (Wednesday) morning three men were seen making their way from the chapparal towards Georgetown, but they may change and go to Placerville. One of them is the negro, Senvis. This leaves but five convicts in the chapparal, as three of the gang deserted some time yesterday, and have not been located. They may have reached the railroad and escaped. A message from Lotus says that the remaining five have been located by scouts, who declare that the men are in the underbrush somewhere between Lotus, Pilot Hill and Cool.

Folsom, Cal., July 29.—The stationing of the pursuing forces is stated to be as follows: One party is at Greenwood, holding control of the road and country in that direction. One party near Cool, and one party near Pilot Hill. The members of the Placerville company of militia divided up into parties of six this morning, and started to scout through the underbrush in the neighborhood of the place where the convicts are supposed to be secreted. It is confidently believed here there will be some kind of a fight before night, as the pursuers are reported to be pressing toward the lair of the refugees.

A Notable Wedding.

Bar Harbor, Me., July 28.—A society wedding of note here today was that of Miss Gurnee daughter of Mrs. Walter S. Gurnee, Jr., of New York, and Mr. Henry Thordike, of Boston. The ceremony was performed at noon in St. Saviour's church, in the presence of prominent society people of New York, Newport, Boston and other cities.

Mr. W. P. George came up from Portland last night, bringing Mrs. George with him. She is pronounced out of danger from the difficult operation recently performed on her, but is still very weak. Her many friends will be pleased to know that the operation was entirely successful, and the terrible pain she has suffered for the past seven years is gone.

still doing watch work. If we have not spoken much about it of late, it's because the work seemed to be doing its own talking. We are doing lots of watch work, and its good work. Good Watch, Jewelry and Optical work is not a question of promptness, or neatness, or accuracy, or prices. Its a question of promptness, neatness, accuracy and prices. Its the combination of good points that wins, just as it does at a cattle show. We consider that our watch work has more good points than any others in the running, and more and more people are getting to think so every day. They are the ones who have tried it and been convinced. You try it and be convinced. CHAS. H. HINGES, Pioneer Optician, 88 State St. Next door to Bush's Ban.
